

§108A-91. Appropriations not to revert.

County appropriations for public assistance expenses or related administrative costs shall not lapse or revert, and the unexpended balances may be considered in making further public assistance or administrative appropriations. At any time during the fiscal year, any county may transfer county funds from one public assistance program to another and between programs of public assistance and administration if such action appears to be both necessary and feasible, provided the county secures the approval of the Secretary or his representative.
