6 ~~financing for that project.~~

7 (d) Within one year following the establishment of a roadway corridor official

 43 subdivision unless the board or agency granting final subdivision plat
 44 approval or the special use permit, conditional use permit, special

1 exception, or permission shall find, prior to the grant, that the
2 dedication does not result in the deprivation of a reasonable use of the
3 original tract and that the dedication is either reasonably related to the
4 traffic generated by the proposed subdivision or use of the remaining
5 land or the impact of the dedication is mitigated by measures provided
6 in the local ordinance.

- 7 (2) If a city or county does not require the dedication of right-of-way
8 within the corridor pursuant to subdivision (1) of this subsection or
9 other applicable legal authority, but an applicant for subdivision plat
10 approval or a zoning or building permit, or any other permission
11 pursuant to a land use control ordinance authorized by local act elects

13 to transfer density credits attributable to the dedicated right-of-way to
14 contiguous land that is part of a common development plan or to
