25 Trustees and, effective July 1, 1989, for appointed Trustees, shall be graduated so that
26 only one Trustee's term shall expire each year. Any Member shall be eligible to succeed
27 himself as a Trustee."

28 Sec. 16. Section 51(4) of Chapter 926, 1947 Session Laws, as rewritten by
29 Chapter 506, 1987 Session Laws, reads as rewritten: ♦

30 "(4) Notwithstanding any provision of the Retirement System to the contrary, the
31 maximum annual benefit payable in the form of a straight life annuity from the
32 Retirement System on behalf of a Participant, when combined with any benefits from
33 another qualified benefit plan maintained by the City, shall not exceed the amount as
34 provided in this section. If the normal form of payment is other than a straight life
35 annuity or a qualified joint and survivor annuity, the amount so determined hereunder
36 shall be adjusted on an actuarially equivalent basis to reflect such other payment form.

37 If a Participant has completed 10 or more years of service, the maximum annual benefit
38 payable in accordance with this subdivision (4) shall be the lesser of a. and b. below:

- 39 a. Ninety thousand dollars (\$90,000) (or, beginning January 1, 1988),
40 such larger dollar amount as the Commissioner of Internal Revenue
41 may prescribe. Such amount shall be the maximum annual benefit
42 pursuant to this subdivision a. for that calendar year and shall apply to
43 the limitation year ending with or within that calendar year.

1 b. The average annual Compensation the Participant received from the
2 City during the ~~two~~-three consecutive calendar years which would
3 produce the highest such average.

4 If a Participant has completed less than 10 years of service, the maximum annual benefit
5 payable in accordance with this subdivision (4) shall be the lesser of subdivisions a. and
6 b. above, multiplied by the ratio that the Participant's actual number of years of service
7 bears to 10.

8 If the payment of a benefit to a Participant begins after he attains age 65, the
9 maximum benefit shall be actuarially adjusted to that amount that, if paid in the same
10 form and beginning at the same time as the benefit, would be the actuarial equivalent of
11 the maximum benefit that was payable in the normal form of retirement allowance
12 beginning on the first day of the month coincident with or next following the
13 Participant's attainment of age 65.

14 If the payment of a benefit to a Participant begins before he attains age 62, the
15 maximum benefit shall be actuarially adjusted to that amount which, if paid in the same
16 form and beginning at the same time as his benefit, would be the actuarial equivalent of
17 the maximum benefit payable in the normal form of retirement allowance beginning on
18 the first day of the month coincident with or next following his attaining the age of 62.
19 The reductions required by this paragraph shall in no event reduce the limitation in this
20 subdivision a. below seventy-five thousand dollars (\$75,000), if the benefit begins on or
21 after the Participant's attainment of age 55 or the actuarial equivalent of the seventy-five
22 thousand dollars (\$75,000) benefit limitation for age 55, if the benefit begins prior to
23 such age.

24 For purposes of this subdivision (4), if benefits begin before age 62, the maximum
25 annual benefit payable shall be adjusted by an interest rate assumption not less than the
26 greater of five percent (5%) or the rate specified in the Retirement System. For
27 purposes of this subdivision (4), in addition to the above limitations, if a Participant is a
28 Qualified Participant as defined in Title 1, Section 2 (17a) of this act, the actuarial
29 reduction to the maximum benefit payable for benefits that begin prior to the attainment
30 of age 55 shall not be reduced to an amount less than fifty thousand dollars (\$50,000). If
31 payment of a Participant's benefit begins after age 65, the maximum annual benefit
32 payable shall be adjusted by an interest rate assumption not greater than the lesser of
33 five percent (5%) or the rate specified in the Retirement System.

34 In the event a Participant is covered by one or more defined benefit plans maintained
35 by the City, all such plans shall be aggregated in determining whether the maximum
36 benefit limitations hereunder have been met. Further, the maximum retirement
37 allowance as noted above may be decreased as determined necessary by the City to
38 ensure that all plans will remain qualified under the Internal Revenue Code of 1986, as
39 amended from time to time.

40 In addition to the other limitations set forth in the Retirement System and
41 notwithstanding any other provisions of the Retirement System, the Accrued Benefit,
42 including the right to any optional benefit provided in the Retirement System (and all
43 other defined benefit plans required to be aggregated with the Retirement System under
44 the provisions of Section 415 of the Internal Revenue Code of 1986, as amended from

1 time to time), shall not increase to an amount in excess of the amount permitted under
2 Section 415 of the Internal Revenue Code of 1986, as amended from time to time."

3 Sec. 17. Section 56 of Chapter 926, 1947 Session Laws, as rewritten by
4 Chapter 506, 1987 Session Laws, is repealed.

5 Sec. 18. All laws and clauses of laws in conflict with this act are repealed.

6 Sec. 19. This act shall apply to the City of Charlotte only.

7 Sec. 20. None of the provisions of this act shall create an additional liability
8 for the Charlotte Firefighters' Retirement System unless sufficient funds are available to
9 pay fully for the liability.

10 Sec. 21. This act is effective upon ratification.
