The Board of Trustees as fiduciaries shall:

- (1) Discharge its duties solely in the interest of the Participants and the Beneficiaries;

- (8) May utilize the services of Investment Fiduciaries to manage the assets of the System. These Investment Fiduciaries shall be subject to the terms, conditions, and limitations provided in this section and any limitations as set forth by the Board of Trustees.

TITLE IX. RESTRICTIONS.

Sec. 51. **Restrictions.** Notwithstanding any provision of this act to the contrary:

- (1) No part of the funds contributed to the Retirement System pursuant to this act, or the income thereon, may be used for, or diverted to, purposes other than for the exclusive benefit of Participants of the Retirement System.
- (2) Upon termination of the Retirement System or upon complete discontinuance of contributions to the Retirement System, the rights of all Participants of the Retirement System to benefits accrued to the date of the termination or discontinuance, to the extent then funded, are nonforfeitable.
- (3) Forfeitures under the Retirement System may not be applied to increase the benefits that any Participant would otherwise receive under the Retirement System.
- (4) Notwithstanding any provision of the Retirement System to the contrary, the maximum annual benefit payable in the form of a straight life annuity from the Retirement System on behalf of a Participant, when combined with any benefits from another qualified benefit plan maintained by the City, shall not exceed the amount as provided in this section. If the normal form of payment is other than a straight life annuity or a qualified joint and survivor annuity, the amount so determined hereunder shall be adjusted on an actuarially equivalent basis to reflect such other payment form.

If a Participant has completed 10 or more years of service, the maximum annual benefit payable in accordance with this subdivision (4) shall be the lesser of a. and b. below:

- a. Ninety thousand dollars (\$90,000) (or, beginning January 1, 1988), such larger dollar amount as the Commissioner of Internal Revenue may prescribe. Such amount shall be the maximum annual benefit pursuant to this subdivision a. for that calendar year and shall apply to the limitation year ending with or within that calendar year.
- b. The average annual Compensation the Participant received from the City during the three consecutive calendar years which would produce the highest such average.

If a Participant has completed less than 10 years of service, the maximum annual benefit payable in accordance with this subdivision (4) shall be the lesser of subdivisions a. and b. above, multiplied by the ratio that the Participant's actual number of years of service bears to 10.

If the payment of a benefit to a Participant begins after he attains age 65, the maximum benefit shall be actuarially adjusted to that amount that, if paid in the same form and beginning at the same time as the benefit, would be the actuarial equivalent of the maximum benefit that was payable in the normal form of retirement allowance beginning on the first day of the month coincident with or next following the Participant's attainment of age 65.

If the payment of a benefit to a Participant begins before he attains age 62, the maximum benefit shall be actuarially adjusted to that amount which, if paid in the same form and beginning at the same time as his benefit, would be the actuarial equivalent of the maximum benefit payable in the normal form of retirement allowance beginning on the first day of the month coincident with or next following his attaining the age of 62. The reductions required by this paragraph shall in no event reduce the limitation in this subdivision a. below seventy-five thousand dollars (\$75,000), if the benefit begins on or after the Participant's attainment of age 55 or the actuarial equivalent of the seventy-five thousand dollars (\$75,000) benefit limitation for age 55, if the benefit begins prior to such age.

For purposes of this subdivision (4), if benefits begin before age 62, the maximum annual benefit payable shall be adjusted by an interest rate assumption not less than the greater of five percent (5%) or the rate specified in the Retirement System. For purposes of this subdivision (4), in addition to the above limitations, if a Participant is a Qualified Participant as defined in Title 1, Section 2 (17a) of this act, the actuarial reduction to the maximum benefit payable for benefits that begin prior to the attainment of age 55 shall not be reduced to an amount less than fifty thousand dollars (\$50,000). If payment of a Participant's benefit begins after age 65, the maximum annual benefit payable shall be adjusted by an interest rate assumption not greater than the lesser of five percent (5%) or the rate specified in the Retirement System.

In the event a Participant is covered by one or more defined benefit plans maintained by the City, all such plans shall be aggregated in determining whether the maximum benefit limitations hereunder have been met. Further, the maximum retirement allowance as noted above may be decreased as determined necessary by the City to ensure that all plans will remain qualified under the Internal Revenue Code of 1986, as amended from time to time.

In addition to the other limitations set forth in the Retirement System and notwithstanding any other provisions of the Retirement System, the Accrued Benefit, including the right to any optional benefit provided in the Retirement System (and all other defined benefit plans required to be aggregated with the Retirement System under the provisions of Section 415 of the Internal Revenue Code of 1986, as amended from time to time), shall not increase to an amount in excess of the amount permitted under Section 415 of the Internal Revenue Code of 1986, as amended from time to time.

- (5) Any benefit payable to a Participant pursuant to Section 4 of this act shall commence not later than the April 1 immediately following the calendar year in which the Participant attains age 70 1/2 or, if later, the April 1 immediately following the calendar year in which the Participant terminates service. Additionally, the distribution of any such benefit must satisfy the minimum distribution requirements set forth in this paragraph and must be consistent with Treasury Regulations, as of the required beginning date. The minimum distribution for a calendar year equals the Participant's nonforfeitable Accrued Benefit at the beginning of the year divided by the Participant's life expectancy or, if applicable, the joint and last survivor expectancy of the participant and his Designated Beneficiary. The minimum distribution shall be computed by using the life expectancy multiples under Treasury Regulation 1.72-9. The minimum distribution for a calendar year subsequent to the first calendar year for which a minimum distribution is required may be computed by redetermining the applicable life expectancy. However, there shall be no redetermination of the joint life and last survivor expectancy of the Participant and a nonspouse Designated Beneficiary in a manner which takes into account any adjustment to a life expectancy other than the Participant's life expectancy. A distribution to the Participant in the form of a life annuity, joint and survivor annuity, or an annuity over a fixed period will satisfy the minimum distribution requirements of this paragraph if the method of distribution provides non-increasing payments or otherwise satisfies Treasury Regulations. If the Participant dies after the payment of his benefit has commenced, the death benefit provided by this act shall be paid over a period which does not exceed the payment period which had commenced. If a Participant dies prior to the time the payment of his benefit commences, the death benefit provided by this act shall be paid over a period not exceeding: (i) five years after the date of the Participant's death; or (ii) if the Beneficiary is a Designated Beneficiary, over the Designated Beneficiary's life or life expectancy. No payment of benefit over a period described in (ii) shall be permitted, unless the payment of such benefit to the Designated Beneficiary will commence no later than one year after the date of the Participant's death, or, if later, and the Designated Beneficiary is the Participant's surviving spouse, the date the Participant would have attained age 70 1/2. The life expectancy multiples under Treasury Regulation 1.72-9 shall be used for purposes of applying this paragraph. The life expectancy of a Participant's surviving spouse may be recalculated not more frequently than annually, but the life expectancy of a nonspouse Designated Beneficiary may not be recalculated after the commencement of payment of benefits to the Designated Beneficiary. Any amount paid

to a Participant's child, which becomes payable to the Participant's surviving spouse upon the child's attaining the age of majority, shall be treated as paid to the Participant's surviving spouse for purposes of applying this paragraph.

TITLE X. MISCELLANEOUS.

Sec. 52. **Liabilities of Trustees.** No member of the Board of Trustees shall be personally liable by reason of his service as a Trustee for any acts performed by him as a Trustee, except for malfeasance in office. If a Member is covered under a group insurance or prepayment plan participated in by the City, and should he be permitted to, and elect to, continue such coverage as a Retiree, he may authorize the Board of Trustees to have deducted from his monthly retirement benefits the payments required of him to continue coverage under such group insurance or prepayment plan.

Sec. 54. **Errors.** Should any change in the records result in any person receiving from the Retirement System more or less than he would have been entitled to receive had the records been correct, the Board of Trustees shall correct such error, and as far as practicable shall adjust the payment in such manner that the Actuarial Equivalent of the benefit to which the said person was correctly entitled shall be paid.

Sec. 55. **Protection Against Fraud.** Whoever with intent to deceive shall make any statements and/or reports required under this act which are untrue, or shall falsify or permit to be falsified any records of the Retirement System, or who shall otherwise violate, with intent to deceive, any of the provisions of this act, shall be prosecuted to the fullest extent of the law.

The Charlotte Firefighters' Retirement System shall have the right of setoff for any claim arising from embezzlement or by fraud of a Participant.

Sec. 56. Repealed by Section 17 of Chapter 248 of the 1989 Session Laws.

Sec. 57. **Laws Inconsistent Repealed.** All laws and clauses of law pertaining to the Charlotte Firefighters' Retirement System that are in conflict with the provisions of this act are hereby revoked.

Sec. 58. **Savings Provisions.** If any section or part of this act is for any reason held to be invalid or unconstitutional, such holding shall not be construed as affecting the validity of the remaining sections of this act or the act in its entirety; it

being the legislative intent that this act shall stand notwithstanding the invalidity of any section or part of a section.

Sec. 59. This act shall apply to the City of Charlotte only."

Sec. 2. None of the provisions of this act shall create an additional liability for the Charlotte Firefighters' Retirement System unless sufficient assets are available to pay for the liability.
