5 The General Assembly of North Carolina enacts:

6 Section 1. G.S. 115C-113 is amended by adding a new subsection to read:

7 "(i) The comprehensive evaluation procedures for a visually impaired student shall
8 include an evaluation to determine the appropriate reading/writing medium for the
9 student. This assessment shall be administered by a professional certified as a teacher of
10 the visually impaired and shall include consideration of braille, large print, and regular
11 print. The assessment may lead to the determination that, rather than any one of these
12 media, a combination of any or all is the most appropriate. The Individualized Education
13 Program (IEP) Committee shall consider this determination in making its decision, and
14 its decision shall be included in the development of the student's Individualized
15 Education Program. If the IEP Committee determines that braille instruction is
16 appropriate, then the local education agency shall assure that braille instruction is
17 provided by appropriately trained persons who have demonstrated braille competency at
18 a level consistent with standards adopted by the Library of Congress."
