A BILL TO BE ENTITLED
AN ACT TO ESTABLISH PILOT PROGRAMS ON SEXUAL ASSAULT FOR
INMATES AND EMPLOYEES OF THE DEPARTMENT OF CORRECTION.

The General Assembly of North Carolina enacts:

Section 1. The Department of Correction shall establish pilot programs on sexual assault for inmates at three units of the State prison system. The Department shall select units with greater than average levels of inmate violence for participation in these pilot programs.

Section 2. Each pilot program shall operate as follows:

- (1) The Department shall provide, as part of every inmate's orientation, a program on sexual assault, with a goal to complete that program within seven days of commitment to the Department of Correction. The program shall provide inmates with at least the following information:
 - a. An accurate presentation pertaining to sexual assault violence;
 - b. Information on preventing and reducing the risk of sexual assault;

- 1 c. Information on available counseling for victims of sexual assault;
2 and
3 d. The procedure for victims of sexual assault to request counseling.
- 4 (2) The Department shall provide sexual assault counseling on-site at the
5 prison unit to any prisoner requesting it. Counselors shall be granted
6 reasonable access to Department of Correction institutions and prisoners
7 for the purpose of providing confidential sexual assault counseling.
- 8 (3) Unless the Director of the Division of Prisons finds a particular item to
9 be unsuitable, the Department shall allow the distribution of materials
10 on sexual assault and rape trauma syndrome developed or sponsored by
11 community rape crisis centers or nonprofit organizations with expertise
12 in sexual assault. Any such material provided to a correctional
13 institution shall be made available to inmates in places where they may
14 make use of them privately and without attracting undue attention, such
15 as in the library, law library, medical clinic, recreation hall, mental
16 health offices, and educational lobby areas.
- 17 (4) The Department shall post notices of the availability of any community-
18 based rape crisis counselors who are willing to provide confidential
19 counseling. Communications between prisoners and rape crisis
20 counselors are confidential. The Department shall cooperate with
21 community rape crisis centers seeking to identify and provide
22 counseling to former inmates who were the victims of sexual assault.
- 23 (5) The Department shall collect statistical data of all known, reported, or
24 suspected incidents of sexual aggression or sexually motivated violence
25 occurring at units participating in the pilot programs. The Department
26 shall compile this data on a quarterly and annual basis.
- 27 (6) The Department shall develop and implement employee training on the
28 identification and prevention of sexual assault among inmates, in
29 coordination with the Department's employee basic training program.
30 The training shall be provided to new employees at orientation and shall
31 also be part of annual employee training.
- 32 (7) The Department shall evaluate and classify each prisoner with respect to
33 the probable risk of sexual assault. When feasible, incoming inmates
34 shall be handled separately until this classification is made. The
35 classification shall be prominently displayed in the inmate's confidential
36 file, and the Department shall consider the prisoner's classification when
37 making housing assignments.
- 38 (8) The Department shall also rate prisoners as potential sexual assault
39 offenders based upon (i) criminal history; (ii) incidents occurring during
40 confinement; and (iii) reports of incidents that the Department
41 determines to be credible. The Department shall take the prisoners'
42 potential for sexual assault into consideration when making housing
43 assignments.

1 (9) The Department shall ensure that prisoners rated vulnerable or highly
2 vulnerable to sexual assault and prisoners rated as potential assaulters
3 are not housed in the same cell or room holding four or fewer inmates or
4 placed in the showers at the same time to the extent that it is practicable.
5 Any exceptions to this policy shall be reported to the Secretary within
6 three days.

7 Section 3. The Department may use funds available to the Department for the
8 1997-98 fiscal year to implement the pilot programs established in this act.

9 Section 4. The Department of Correction shall report by May 1, 1998, to the
10 Joint Legislative Corrections Oversight Committee, the Chairs of the Senate and House
11 Appropriations Committees and the Senate and House Appropriations Subcommittees on
12 Justice and Public Safety on the effectiveness of the pilot programs established in this act
13 and on the advisability of establishing additional programs at other prison units. The
14 report shall include information on:

15 (1) The percentage of inmate orientation programs on sexual assault
16 completed within seven days of commitment; and

17 (2) The Department's success in segregating prisoners rated vulnerable to
18 sexual assault from prisoners rated as potential assaulters.

19 Section 5. This act becomes effective July 1, 1997.
