SECTION 1. The Charter of the Town of Cary is revised and consolidated to read:

"THE CHARTER OF THE TOWN OF CARY

"ARTICLE I. INCORPORATION AND GENERAL POWERS

"Section 1.1. Incorporation and general powers. The Town of Cary shall continue to be a body politic and corporate under the name and style of the 'Town of Cary', and shall continue to be vested with all property and rights which now belong to the Town; shall have perpetual succession; may have a common seal and alter and renew the same at pleasure; may sue and be sued; may contract, may acquire and hold all such property, real and personal, as may be devised, bequeathed, sold, or in any manner conveyed or dedicated to it, or otherwise acquired by it, and may from time to time hold or invest, sell, or dispose of the same; and shall have and may exercise in conformity with this Charter all municipal powers, functions, rights, privileges, and immunities of every name and nature.

"Section 1.2. Enumerated powers not exclusive. "Section 1.3. Exercise of powers. All powers, functions, rights, privileges, and immunities of the Town, its officers, agencies, or employees, shall be carried into execution as provided by this Charter, or if this Charter makes no provision, as provided by ordinance or resolution of the Town Council and as provided by general law pertaining to municipal corporations.

2 shall be known as the 'Council-Manager Form of Government', as set forth in Part 2 of
3 Article 7 of Chapter 160A of the General Statutes subject to the modifications of this
4 Charter. Nothing contained in this Charter shall be construed to prevent the form of
5 government of the Town of Cary from being changed as by law provided.

6 "ARTICLE II. CORPORATE BOUNDARIES

7 "Section 2.1. Existing corporate boundaries. The corporate limits of the Town shall
8 be those existing at the time of the ratification of this Charter and as the same may be
9 altered from time to time in accordance with law. The Town Planning Director shall
10 prepare a map to be designated 'Map of the Town of Cary Corporate Limits' showing
11 the corporate limits as the same may exist as of the effective date of this Charter. The
12 Town Planning Director may also prepare a written description of the corporate limits
13 as shown on said map to be designated 'Description of Cary Corporate Limits'. Said map
14 and description shall be retained permanently in the Office of the Town Clerk as the
15 official map and a description of the corporate limits of the Town. Immediately upon
16 alteration of the corporate limits made pursuant to law from time to time, the Town
17 Planning Director shall indicate such alteration by making appropriate changes and/or
18 additions to said official map and description. Photographic or other types of copies of
19 said official map or description certified as by law provided for the certification of
20 ordinances shall be admitted in evidence in all courts and shall have the same force and
21 effect as would the official map or description.

22 "Section 2.2. Extension of corporate boundaries. All extensions of the corporate
23 boundaries shall be governed by general law.

24 "ARTICLE III. MAYOR AND TOWN COUNCIL

25 "Section 3.1. Form of government. The government of the Town and the general
26 management and control of all its affairs shall be vested in a Town Council, which shall
27 be elected and shall exercise its powers in the manner hereinafter provided, except that
28 the Town Manager shall have the authority hereinafter specified.

29 "Section 3.2. Number and qualification of council members and mayor generally.

33 respectively, as established by the Town Council pursuant to the law. Terms of council
34 members shall be overlapping four-year terms. In the 2001 election and quadrennially
35 thereafter, there shall be elected, for four-year terms, one council member from electoral

3 time prescribed by law following each election, and those elected shall take the oath of
4 office as prescribed by law to perform faithfully the duties of their respective offices.

6 Pro Tempore shall be elected by the Town Council from among its own members and
7 shall hold office as Mayor Pro Tempore during the pleasure of the Council. The

12 thereafter.

14 shall constitute a quorum. Its meetings shall be public, and the Mayor, who shall be the
15 official head of the Town, shall, if present, preside and shall have the same power as the
16 other members of the Council to vote upon all measures coming before it, but shall have
17 no power of veto. In the absence of the Mayor, the Mayor Pro Tempore of the Council
18 shall preside, and in the absence of both, a Chairman Pro Tempore shall be chosen. The
19 Town Clerk shall be ex officio Clerk of the Town Council, and shall keep records of its
20 proceedings; but in case of the Clerk's temporary absence, or in case of a vacancy in the
21 office, the Town Council may elect by ballot a temporary Clerk, who shall be sworn to

28 successor for the unexpired term.

29 "Section 3.7. Compensation. The Council may fix its own compensation and the
30 compensation of the Mayor and any other elected officers of the Town, in such sums as
31 may be just and reasonable. Adjustments in the compensation of the Mayor and any
32 other elected officers may be made effective at such time as the Council may direct, but
33 the salary of elected officers shall not be reduced during the then current term of office
34 unless he shall agree thereto. Elected officers shall be entitled to reimbursement for
35 actual expenses incurred in the course of performing their official duties at rates not in
36 excess of those allowed to other Town officers and employees.

37 "Section 3.8. Appointments by council. The Town Council shall appoint a Town
38 Manager, a Town Attorney, a Town Clerk, and a Town Treasurer, and may authorize
39 the appointment of such associates or assistants to such officers as the Council may
40 deem necessary, all who shall hold office at the pleasure of the Council and receive such
41 compensation as the Council may provide.

42 "Section 3.9. Powers of Town Manager.

43 (a) The Town Council shall appoint a Town Manager, who shall be the
44 administrative head of the Town government, and shall be responsible for the

1 administration of all departments. The manager shall be appointed with regard to
2 executive and administrative abilities only and need not be a resident of the Town when
3 appointed. The manager shall hold office at the pleasure of the Town Council and shall
4 receive such compensation as it shall fix by ordinance.

5 (b) The Town Manager shall:

16 and serve at the pleasure of the Town Council.

17 "Section 3.10. Town Attorney. The Town Attorney shall be the legal advisor to the
18 Town and perform such duties as may be specified by the Council or specified by law.
19 The attorney shall be appointed with regard to merit only and need not be a resident of

21 Council and shall receive such compensation as it shall fix by ordinance.

22 "Section 3.11. Town Clerk. The Town Clerk shall be the clerk to the Town Council,

32 funds of the Town.

33 The treasurer shall execute a bond payable to the Town, and at its expense, in such
34 sum and with such sureties as shall be prescribed and approved by the Council

37 office. Duties of the treasurer include:

3 "Section 3.16. Terms of commissions, committees, and boards. The Town Council
4 may fix the terms of members of all commissions, committees, and boards of the Town
5 regardless of the terms established by law for particular commissions, committees or
6 boards; to appoint the chairman or other presiding officer of each commission,
7 committee, or board of the Town, regardless of the provisions of any law; and to limit
8 the number of terms which any person may serve on any commission, committee, or
9 board of the Town.

10 "ARTICLE VI. STREET AND SIDEWALK IMPROVEMENTS

11 "Section 6.1. Street improvements; assessment of cost. In addition to any authority
12 which is now or may hereafter be granted by general law to the Town for making street
13 improvements, the Town Council may make street improvements and assess the cost
14 thereof against abutting property owners in accordance with the provisions of this
15 Article.

16 "Section 6.2. When petition unnecessary. The Town Council may order street
17 improvements and assess the cost thereof, exclusive of the cost incurred at street
18 intersections, against the abutting property owners at an equal rate per front foot,
19 without the necessity of a petition, upon the finding by the Council as a fact:

- 20 (1) That such street or part thereof is unsafe for vehicular traffic, and it is
21 in the public interest to make such improvement, or
- 22 (2) That it is in the public interest to connect two streets, or portions of a
23 street already improved, or
- 24 (3) That it is in the public interest to widen a street, or part thereof, which
25 is already improved; provided, that assessments for widening any
26 street or portions of street without petition shall be limited to the cost
27 of widening and otherwise improving such street in accordance with
28 the street classification and improvement standards established by the
29 Town's thoroughfare or major street plan for the particular street or
30 part thereof to be widened and improved under the authority granted
31 by this Article.

32 "Section 6.3. Street improvement defined. For the purpose of this Article the term
33 'Street Improvement' shall include grading, regrading, surfacing, resurfacing, widening,
34 paving, repaving, the acquisition of right-of-way, and the construction or reconstruction
35 of curb, gutters, and street drainage facilities.

36 "Section 6.4. Sidewalks; assessment of cost. In addition to any authority which is
37 now or may hereafter be granted by the General Statutes to the Town for making
38 sidewalk improvements, the Town Council may order to be made or to make sidewalk
39 improvements or repairs without petition according to standards and specifications of
40 the Town, and to assess the total cost thereof against abutting property owners.

41 If a sidewalk is constructed on only one side of a street, the cost thereof may be
42 assessed against a property abutting on both sides of the street, unless there already
43 exists a sidewalk, on the other side of the street, the total cost of which has been
44 assessed against the abutting property.

1 "Section 6.5. Assessment procedure. In ordering street and sidewalk improvements
2 without a petition and assessing the cost thereof under authority of this Article, the
3 Town Council shall comply with the procedure provided in the General Statutes, except
4 those provisions relating to the petition of property owners and the sufficiency thereof.

5 "Section 6.6. Effect of assessment. The effect of the act of levying assessments
6 under the authority of this Article shall for all purposes be the same as if assessed where
7 levied under authority of general law.

8 "ARTICLE VII. FINANCE AND TAXATION

9 "Section 7.1. Custody of Town money. All monies received by the Town for and in
10 connection with the business of the Town government shall be paid promptly into the
11 Town depository or depositories. Such institution shall be designated by the Town
12 Council in accordance with such regulations and subject to such requirements as to
13 surety for deposits and interest thereon as shall be established by general law. All
14 interest on monies belonging to the Town shall accrue to the benefit of the Town. All
15 monies belonging to the Town shall be disbursed only in accordance with the provisions
16 of the Local Government Budget and Fiscal Control Act.

17 "Section 7.2. Independent audit. As soon as practicable after the close of each fiscal
18 year, an independent audit shall be made of all books and accounts of the Town
19 government by a certified public accountant or a qualified public accountant registered
20 pursuant to general law, who shall have no personal interest directly or indirectly in the
21 affairs of the Town or any of its officers. The Town Council shall select the public
22 accountant and the results of such audit shall be made available for inspection by any
23 interested citizen of the Town, and may be published if so ordered by the Town
24 Council.

25 "Section 7.4. (a) The Town of Cary shall have the right, power, and authority to
26 impose and collect a regulatory or development fee defined as a road project fee on all
27 new construction within the Town limits and extraterritorial jurisdiction.

28 (b) It is the purpose and intent of this section to provide the Town with the legal
29 mechanism granting it the right, power, and authority to impose and collect fees to
30 finance additional improvements within the Town limits and extraterritorial jurisdiction.
31 These additional road improvements being caused by rapid and continued growth within
32 the Cary area. This section provides approval to the Town to actually develop and
33 implement such a fee system, but does not in any way, describe or detail the actual fee
34 structure and rate classification. An extensive study will subsequently be performed to
35 establish the basis and framework for the fee system should the system be deemed
36 necessary in order to maintain the high level of service delivery presently available to
37 Cary residents.

38 "ARTICLE VIII. WATER AND SEWER IMPROVEMENTS

39 "Section 8.1. Laterals included in cost. In ordering water or sewer line extensions,
40 or both, the assessment of the cost thereof under the authority given by the General
41 Statutes, the Town Council may include in such extensions water and sewer line
42 laterals, and include the cost of such laterals in the total cost to be assessed upon
43 abutting properties.

1 "Section 8.2. Classification and exemption. Where water or sewer lines are
2 constructed across or through lots or tracts of land or when water or sewer lines, or both,
3 are installed along both sides of corner lots and were or are financed in whole or in part
4 by assessment, the Council may by uniform rule classify such lines for assessment as in
5 its judgment will represent the benefits derived. The schedules of exemptions may be
6 classified as to land uses (residential, business, commercial, industrial, office and
7 institutional, agricultural, or other classifications) and shall be uniform for each such
8 classification used; provided, however, that no schedule of exemptions may provide for
9 exemption of more than seventy-five percent (75%) of the frontage of any side of a
10 corner lot, or 150 feet, whichever is greater.

11 "Section 8.3. Alternative method of assessing. In addition to, and as alternatives to,
12 the method provided in the General Statutes for assessing the cost of water and sewer
13 lines and laterals, the Town Council, if in its opinion it would be more equitable to do
14 so, may in its discretion levy any such assessments according to either of the following
15 methods: (i) equally against each of the lots capable of being served by such line or
16 lines, or (ii) on the basis of the footage of land upon a public street by an equal rate per
17 foot of such frontage.

18 In lieu of assessing the total cost of a particular project as herein provided, the Town
19 Council may annually, between the first days of January and July of each year,
20 determine the average cost of installing water and sewer mains or lines, and on the basis
21 of such determination may make assessments on such average cost during the following
22 fiscal year beginning July 1. The average cost of such installation shall include the cost
23 of the particular size and material of lines completed during the preceding calendar year.
24 It may also include the anticipated increase in labor and materials cost based upon the
25 average of such increases during the preceding five calendar years. The assessment of
26 the average cost of such lines shall not be made until after the particular assessment
27 project has been completed. The purpose of this section is to distribute more equitably
28 the cost of the installation of water and sewer lines throughout the Town; to permit a
29 property owner to know in advance what the cost of installation of water and sewer
30 lines benefiting his property will be; and to permit the most expeditious assessment of
31 cost against the property after completion of installation of such lines. The actual cost of
32 acquisition of rights-of-way may also be assessed as part of the cost of an individual
33 project. If the right-of-way costs have not been determined and assessed with the
34 assessment of the average installation cost at the time of the completion of the project,
35 such costs may be assessed separately when they are determined.

36 "Section 8.4. Payment of assessments. Any special assessment of the Town for any
37 purpose amounting to less than one hundred dollars (\$100.00) shall be paid in cash not
38 later than the next due date of Town taxes rather than in annual installments and shall
39 bear interest as taxes.

40 "Section 8.5. Water and sewer development fees. In addition to water and sewer
41 service charges and connection charges, the Town Council may establish and collect
42 water and sewer development fees for the privilege of connecting to the Town water and
43 sewerage systems, both within and outside the corporate limits, to aid in the financing of
44 new water and sewer mains and laterals and sewer outfalls and the replacement or

1 enlargement of existing mains, laterals, and outfalls. Such charges shall apply uniformly
2 to all properties to which water or sewer service is extended subsequent to the
3 establishment of such charges; provided, however, that the Council may establish higher
4 water and sewer development fees for property developed or to be developed for
5 business, commercial, industrial, or office and institutional uses than those established
6 for residential and other uses and may base water and sewer development fees for
7 residential property upon the number of dwelling units per acre of land.

8 "ARTICLE IX. REGULATORY POWERS

9 "Section 9.1. Zoning and subdivision regulations. Any subdivision control
10 ordinance enacted by the Town Council pursuant to general law may also provide for
11 the orderly development of subdivisions by requiring the construction of community
12 service facilities, including water lines; sewer lines; street paving, curbing, and
13 guttering; and street and storm drainage facilities in accordance with Town standards
14 and specifications, and to assure compliance with such requirements, the ordinance may
15 require the posting of bond or such other method as will offer guarantee of compliance.

16 In addition to the authority conferred upon it by general or local law, the Town of
17 Cary may create, through the legislative process, general use zoning districts, in which a
18 variety of uses are permitted; conditional use zoning districts, in which limited uses are
19 permitted only upon approval by the Town; overlay zoning districts, which are applied
20 coincidental with the general or conditional use district; and transitional zoning
21 regulations.

22 The overlay zoning districts may impose additional regulations on some property
23 within the underlying general or conditional use district and not on all properties within
24 those districts.

25 A person petitioning for rezoning of a tract of land where conditional use districts or
26 overlay districts are authorized by ordinance, may elect to request a general use district,
27 a conditional use district, or an overlay district for the tract. If the petitioner elects to
28 petition for the general use or overlay district zoning, and if the petition is approved, the
29 rezoned property may be used for any of the uses permitted in the applicable general use
30 or overlay district. If the petitioner elects to petition for conditional use district zoning,
31 the petition must specify the actual use or uses, and all other development regulations
32 authorized by State law, which are intended for the property specified in the petition.
33 The intended use or uses and development regulations must be permitted in the
34 corresponding general use district. If the petition is for conditional use district zoning,
35 the Town Council is to approve or disapprove the petition on the basis of the specific
36 use or uses and development regulations requested. If the petition is approved, the Town
37 Council shall issue a conditional use permit authorizing the requested use with such
38 reasonable conditions as the Town Council determines to be desirable in promoting
39 public health, safety, and general welfare.

40 The conditions contained in a conditional use permit issued by the Town Council
41 may include: location of the proposed use on the property; the number of dwelling units;
42 the location and extent of support facilities such as parking lots, driveways, and access
43 streets; location and extent of buffer areas and other special purpose areas; the timing of

1 development; and such other matters as the Town Council may find appropriate or the
2 petitioner may propose, including architectural review or controls.

3 It is the further intent of this section to permit the creation of districts for specific
4 uses and the imposition of reasonable conditions in order to secure the public health,
5 safety and welfare, and ensure that substantial justice be done.

6 "Section 9.2. Regulatory codes. The Town Council may make effective and enforce
7 within the territory under its extraterritorial zoning jurisdiction and lying outside the
8 corporate limits and within one mile thereof, all ordinances and codes of the Town
9 regulating the construction and repair of buildings, including building codes, plumbing
10 codes, electrical codes, heating and air conditioning codes, fire prevention codes,
11 minimum housing codes adopted pursuant to the General Statutes, and ordinances
12 relating to unsafe buildings adopted pursuant to the provisions of the General Statutes.
13 In addition, the Town Council may enforce in such area the North Carolina State
14 Building Codes, including Accessibility, Plumbing, Mechanical, Electrical, Fire
15 Prevention, Fuel Gas, Energy, Existing Buildings, and Residential, all as published by
16 the North Carolina Building Code Council. Such enforcement power shall include the
17 power to require that prior to the beginning of any construction, reconstruction, or
18 alteration of any building or structure or any part or system thereof within such area, the
19 appropriate permit or permits be obtained from the Town; provided, the Town Council
20 may by ordinance require that the contractor or other person charged with such
21 construction, reconstruction, or alteration secure such permit or permits, rather than
22 requiring the owner of the property to do so.

23 "Section 9.3. Underground utilities. In addition to the powers now or hereafter
24 granted to municipalities by law, the Town Council by ordinance may require that all
25 utility or other pipes, wiring, conduits, cables, and fixtures installed after the adoption of
26 such ordinance within the planning and zoning jurisdiction of the Town be installed
27 underground, whether or not the same are installed in public rights-of-way.

28 "Section 9.4. Electric golf carts. Notwithstanding the provisions of G.S. 20-50 and
29 G.S. 20-54, the Town may, by ordinance, regulate the operation of electric golf carts on
30 any public street or road within the Town. By ordinance, the Town may require the
31 registration of golf carts, specify the persons authorized to operate golf carts, and
32 specify required equipment, load limits, and the hours and methods of operation of the
33 golf carts.

34 "ARTICLE X. CLAIMS AGAINST THE TOWN

35 "Section 10.1. Settlement of claims by Town Manager. The Town Manager may,
36 without the approval of the Town Council, settle claims against the Town for personal
37 injuries or damages to property when the amount involved does not exceed the sum of
38 two thousand five hundred dollars (\$2,500) and does not exceed the actual loss
39 sustained, including loss of time, medical expenses, and any other expense actually
40 incurred. Settlement of a claim by the Town Manager pursuant to this section shall
41 constitute a complete release of the Town from any and all damages sustained by the
42 person involved in such settlement in any manner arising out of the accident or occasion
43 complained of."
