40 1987, and, when and where appropriate, require modification of ~~such-those~~ rates.

29 organizations loss or expense statistics or other statistical
30 information and data and acts in an advisory rather than a

32 acting in the usual course of that person's profession shall be
33 deemed to be a statistical organization.

34 c. Makes rates, rating plans or rating systems, or develops loss
35 costs. Two or more insurers that act in concert for the
36 purpose of making rates, rating plans or rating systems, or
37 developing loss costs and that do not operate within the
38 specific authorizations contained in this Article shall be
39 deemed to be a statistical organization.

42 purpose of fulfilling the statistical reporting obligations of
43 those insurers.

1 (2) "Statistical plan" means the document used by a statistical
2 organization to set forth which data elements are to be reported to the
3 statistical organization and to describe the format in which the data
4 must be reported.

5 (b) No statistical organization shall conduct its operations in this State, and no
6 insurer shall utilize the service of that organization for any purpose enumerated in this
7 Article unless the organization has obtained a license from the Commissioner. No
8 statistical organization shall refuse to supply any services for which it is licensed in this
9 State to any insurer admitted to do business in this State and offering to pay the fair and
10 usual compensation for the services. A statistical organization applying for a license
11 shall include with its application:

12 (1) A copy of its constitution, charter, articles of organization, agreement,
13 association, or incorporation, and a copy of its bylaws, plan of
14 operation, and any other rules or regulations governing the conduct of
15 its business, all duly certified by the custodian of the originals thereof;

16 (2) A list of its members and subscribers;

21 capacity for which it seeks a license; and

22 (5) Any other relevant information and documents that the Commissioner
23 may require.

24 If the Commissioner determines that the applicant and the natural persons through
25 whom it acts are qualified to provide the services proposed, and that all requirements of
26 law are met, the Commissioner shall issue a license specifying the authorized activity of
27 the applicant. The Commissioner shall not issue a license if the proposed activity would
28 tend to create a monopoly or to lessen or to destroy price competition. Licenses issued
29 pursuant to this section shall remain in effect until the licensee withdraws from the State
30 or until the license is suspended or revoked. Any change in or amendment to any
31 document required to be filed under this section shall be promptly filed with the
32 Commissioner. Every statistical organization shall file a statistical plan with the
33 Commissioner for approval for each line of insurance for which the organization

35 modify the plan to collect additional types of data. No statistical organization shall
36 engage in any unfair or unreasonable practice with respect to its activities.

37 (c) Statistical organizations licensed pursuant to subsection (b) of this section and
38 admitted insurers are authorized to exchange information and experience data between
39 and among themselves in this State and with statistical organizations and insurers in
40 other states and may consult with them with respect to rate making and the application
41 of rating systems.

42 (d) The Commissioner shall adopt or approve reasonable rules, including rules
43 providing statistical plans, for use thereafter by all insurers in the recording and
44 reporting of loss and expense experience, in order that the experience of those insurers

1 may be made available to the Commissioner. The Commissioner may designate one or
2 more statistical organizations to assist him or her in gathering and making compilations
3 of the experience. All insurers, for lines of insurance that require data to be reported,
4 shall report their data to one of the designated statistical organizations.

5 (e) The Commissioner shall, at least once every three years, make or cause to be
6 made an examination of each statistical organization licensed pursuant to subsection (b)
7 of this section. This examination shall relate only to the activities conducted pursuant to
8 this Article and to the organizations licensed under this Article. The officers, manager,
9 agents, and employees of any statistical organization may be examined at any time
10 under oath and shall exhibit all books, records, accounts, documents, or agreements
11 governing its method of operation. In lieu of any examination, the Commissioner may
12 accept the report of an examination made by the insurance advisory official of another
13 state, pursuant to the laws of that state.

14 (f) Subject to the requirements of this Article and of G.S. 58-2-70, the
15 Commissioner may suspend or revoke the license of any statistical organization or
16 impose a monetary penalty against any statistical organization where (i) the
17 Commissioner has reason to believe that any statistical organization has violated any
18 provision of this Chapter, or (ii) the statistical organization fails to comply with an order
19 of the Commissioner within the time limited by the order, or within any extension
20 thereof that the Commissioner may grant. The Commissioner shall not suspend the
21 license of any statistical organization for failure to comply with an order until the time
22 prescribed for an appeal from the order has expired or, if an appeal has been taken, until
23 the order has been affirmed. The Commissioner may determine when a suspension of a
24 license shall become effective, and the suspension shall remain in effect for the period
25 fixed by the Commissioner unless the Commissioner modifies or rescinds the
26 suspension, or until the order upon which the suspension is based is modified,
27 rescinded, or reversed. No license shall be suspended or revoked, and no monetary
28 penalty shall be imposed except upon a written order of the Commissioner stating the
29 Commissioner's findings, made after a hearing held upon not less than 10 days' written
30 notice to the person or organization, and specifying the alleged violation."

36 subclassification within the Facility for "clean risks". For the purpose of this Article, a
37 "clean risk" is any owner of a nonfleet private passenger motor vehicle as defined in
38 G.S. 58-40-10, if the owner, principal operator, and each licensed operator in the
39 owner's household have two years' driving experience as licensed drivers and if none of
40 the persons has been assigned any Safe Driver Incentive Plan points under Article 36 of
41 this Chapter during the three-year period immediately preceding either (i) the date of
42 application for a motor vehicle insurance policy or (ii) the date of preparation of a
43 renewal of a motor vehicle insurance policy. The filings may incorporate by reference
44 any other material on file with the Commissioner. Rates shall be neither excessive,

1 inadequate nor unfairly discriminatory. If the Commissioner finds, after a hearing, that a
2 rate is either excessive, inadequate or unfairly discriminatory, the Commissioner shall
3 issue an order specifying in what respect it is deficient and stating when, within a
4 reasonable period thereafter, the rate is no longer effective. The order is subject to
5 judicial review as set out in Article 2 of this Chapter. Pending judicial review of said
6 order, the filed classification plan and the filed rates may be used, charged and collected
7 in the same manner as set out in G.S. 58-40-45 of this Chapter. The order shall not
8 affect any contract or policy made or issued before the expiration of the period set forth
9 in the order. All rates shall be on an actuarially sound basis and shall be calculated,
10 insofar as is possible, to produce neither a profit nor a loss. However, the rates made by
11 or on behalf of the Facility with respect to "clean risks" shall not exceed the rates
12 charged "clean risks" who are not reinsured in the Facility. The difference between the
13 actual rate charged and the actuarially sound and self-supporting rates for "clean risks"
14 reinsured in the Facility may be recouped in similar manner as assessments under
15 G.S. 58-37-40(f). Rates shall not include any factor for underwriting profit on Facility
16 business, but shall provide an allowance for contingencies. There shall be a strong
17 presumption that the rates and premiums for the business of the Facility are neither
18 unreasonable nor excessive."

19 **SECTION 20.** G.S. 58-41-50(b) reads as rewritten:

33 insurance."
