40 ~~or may hereafter be granted by the General Statutes to the Town for making sidewalk~~  
41 ~~improvements, the Town Council is hereby authorized to order to be made or to make~~  
42 ~~sidewalk improvements or repairs without petition according to standards and~~

4 assessed against the abutting property.

5 "Section 6.5. Assessment procedure. In ordering street and sidewalk improvements  
6 without a petition and assessing the cost thereof under authority of this Article, the  
7 Town Council shall comply with the procedure provided in the General Statutes, except  
8 those provisions relating to the petition of property owners and the sufficiency thereof.

9 "Section 6.6. Effect of assessment. The effect of the act of levying assessments

21 "Section 7.2. Independent audit. As soon as practicable after the close of each fiscal  
22 year, an independent audit shall be made of all books and accounts of the Town  
23 government by a certified public accountant or a qualified public accountant registered  
24 pursuant to the General Statutes of North Carolina, who shall have no personal interest  
25 directly or indirectly in the affairs of the Town or any of its officers. The Town Council  
26 shall select the public accountant and the results of such audit shall be made available

31 exceed the sum of five thousand dollars (\$5,000) annually to be used for advertising and  
32 publicizing the advantages and facilities of the Town in such manner as in the judgment  
33 and discretion of the Town Council will promote and enhance the industrial and  
34 economic welfare of the citizens and taxpayers of the Town. Such appropriations are  
35 hereby declared to be for a public purpose. The money so appropriated may be  
36 expended either directly by the Town Council or through the facilities of such agency as  
37 the Council may elect, and shall be used in such manner as will, in the opinion of the  
38 Council, best serve the purposes herein set forth.~~

40 impose and collect a regulatory or development fee defined as a road project fee on all  
41 new construction within the Town limits and extraterritorial jurisdiction.

42 (b) It is the purpose and intent of this section to provide the Town with the legal  
43 mechanism granting it the right, power and authority to impose and collect fees to  
44 finance additional improvements within the Town limits and extraterritorial jurisdiction.

1 These additional road improvements being caused by rapid and continued growth within  
2 the Cary area. This section provides approval to the Town to actually develop and  
3 implement such a fee system, but does not in any way, describe or detail the actual fee  
4 structure and rate classification. An extensive study will subsequently be performed to  
5 establish the basis and framework for the fee system should the system be deemed  
6 necessary in order to maintain the high level of service delivery presently available to  
7 Cary residents.

8 "ARTICLE VIII. WATER AND SEWER IMPROVEMENTS

9 "Section 8.1. Laterals included in cost. In ordering water or sewer line extensions, or

11 Statutes, the Town Council is hereby authorized to include in such extensions water and  
12 sewer line laterals, and to include the cost of such laterals in the total cost to be assessed  
13 upon abutting properties.

14 "Section 8.2. Classification and exemption. Where water or sewer lines are  
15 constructed across or through lots or tracts of land or when water or sewer lines, or both,  
16 are installed along both sides of corner lots were or are financed in whole or in part by  
17 assessment, the Council may by uniform rule classify such lines for assessment as in its  
18 judgment will represent the benefits derived. The schedules of exemptions may be  
19 classified as to land uses (residential, business, commercial, industrial, office and  
20 institutional, agricultural, or other classifications) and shall be uniform for each such  
21 classification used; provided, however, that no schedule of exemptions may provide for  
22 exemption of more than seventy-five percent (75%) of the frontage of any side of a  
23 corner lot, or 150 feet, whichever is greater.

24 "Section 8.3. Alternative method of assessing. In addition to, and as alternatives, to  
25 the method provided in the General Statutes for assessing the cost of water and sewer  
26 lines and laterals, the Town Council, if in its opinion it would be more equitable to do  
27 so, is hereby authorized in its discretion to levy any such assessments according to  
28 either of the following methods: (1) equally against each of the lots capable of being  
29 served by such line or lines, or (2) on the basis of the footage of land upon a public  
30 street by an equal rate per foot of such frontage.

31 In lieu of assessing the total cost of a particular project as herein provided, the Town  
32 Council may annually, between the first days of January and July of each year,  
33 determine the average cost of installing water and sewer mains or lines, and on the basis  
34 of such determination may make assessments on such average cost during the following  
35 fiscal year beginning July 1. The average cost of such installation shall include the cost  
36 of the particular size and material of lines completed during the preceding calendar year.  
37 It may also include the anticipated increase in labor and materials cost based upon the  
38 average of such increases during the preceding five calendar years. The assessment of  
39 the average cost of such lines shall not be made until after the particular assessment  
40 project has been completed. The purpose of this Section is to distribute more equitably  
41 the cost of the installation of water and sewer lines throughout the Town; to permit a  
42 property owner to know in advance what the cost of installation of water and sewer  
43 lines benefiting his property will be; and to permit the most expeditious assessment of  
44 cost against the property after completion of installation of such lines. The actual cost of

1 acquisition of rights-of-way may also be assessed as part of the cost of an individual  
2 project. If the right-of-way costs have not been determined and assessed with the  
3 assessment of the average installation cost at the time of the completion of the project,  
4 such costs may be assessed separately when they are determined.

5 "Section 8.4. Payment of assessments. Any special assessment of the Town for any  
6 purpose amounting to less than one hundred dollars (\$100.00) shall be paid in cash not  
7 later than the next due date of Town taxes rather than in annual installments, and shall  
8 bear interest as taxes.

10 water and sewer service charges and connection charges, the Town Council may

12 of connecting to the Town water and sewerage systems, both within and outside the  
13 corporate limits, to aid in the financing of new water and sewer mains and laterals and  
14 sewer outfalls and the replacement or enlargement of existing mains, laterals and  
15 outfalls. Such charges shall apply uniformly to all properties to which water or sewer  
16 service is extended subsequent to the establishment of such charges; provided, however,  
17 that the Council may establish higher ~~acreage charges~~ water and sewer development  
18 fees for property developed or to be developed for business, commercial, industrial, or  
19 office and institutional uses than those established for residential and other uses, and  
20 may base ~~acreage charges~~ water and sewer development fees for residential property  
21 upon the number of dwelling units per acre of land.

#### 22 "ARTICLE IX. REGULATORY POWERS

23 "Section 9.1. Zoning and subdivision regulations. Any subdivision control ordinance  
24 enacted by the Town Council pursuant to general law may also provide for the orderly  
25 development of subdivisions by requiring the construction of community service  
26 facilities, including water lines; sewer lines; street paving, curbing and guttering; and  
27 street and storm drainage facilities in accordance with Town standards and  
28 specifications, and to assure compliance with such requirements, the ordinance may  
29 require the posting of bond or such other method as will offer guarantee of compliance.

30 In addition to the authority conferred upon it by general or local law, the Town of  
31 Cary is hereby empowered to create, through the legislative process, general use zoning  
32 districts, in which a variety of uses are permitted; conditional use zoning districts, in  
33 which limited uses are permitted only upon approval by the Town; overlay zoning  
34 districts, which are applied coincidental with the general or conditional use district; and  
35 transitional zoning regulations.

36 The overlay zoning districts may impose additional regulations on some property  
37 within the underlying general or conditional use district and not on all properties within  
38 those districts.

39 A person petitioning for rezoning of a tract of land where conditional use districts or  
40 overlay districts are authorized by ordinance, may elect to request a general use district,  
41 a conditional use district, or an overlay district for the tract. If the petitioner elects to  
42 petition for the general use or overlay district zoning, and if the petition is approved, the  
43 rezoned property may be used for any of the uses permitted in the applicable general use  
44 or overlay district. If the petitioner elects to petition for conditional use district zoning,

1 the petition must specify the actual use or uses, and all other development regulations  
2 authorized by State law, which are intended for the property specified in the petition.  
3 The intended use or uses and development regulations must be permitted in the  
4 corresponding general use district. If the petition is for conditional use district zoning,  
5 the Town Council is to approve or disapprove the petition on the basis of the specific  
6 use or uses and development regulations requested. If the petition is approved, the Town  
7 Council shall issue a conditional use permit authorizing the requested use with such  
8 reasonable conditions as the Town Council determines to be desirable in promoting  
9 public health, safety and general welfare.

10 The conditions contained in a conditional use permit issued by the Town Council  
11 may include: location of the proposed use on the property; the number of dwelling units;  
12 the location and extent of support facilities such as parking lots, driveways, and access  
13 streets; location and extent of buffer areas and other special purpose areas; the timing of  
14 development; and such other matters as the Town Council may find appropriate or the  
15 petitioner may propose, including architectural review or controls.

16 It is the further intent of this section to permit the creation of districts for specific  
17 uses and the imposition of reasonable conditions in order to secure the public health,  
18 safety and welfare, and ensure that substantial justice be done.

19 "Section 9.2. Regulatory codes. The Town Council is hereby authorized to make  
20 effective and to enforce within the territory under its extraterritorial zoning jurisdiction  
21 and lying outside the corporate limits and within one mile thereof, all ordinances and  
22 codes of the Town regulating the construction and repair of buildings, including  
23 building codes, plumbing codes, electrical codes, heating and air conditioning codes,  
24 fire prevention codes, minimum housing codes adopted pursuant to the General  
25 Statutes, and ordinances relating to unsafe buildings adopted pursuant to the provisions  
26 of the General Statutes. In addition, the Town Council is hereby authorized to enforce in  
27 such area the North Carolina State Building Code, ~~the North Carolina State Plumbing~~  
28 ~~Code, and the North Carolina Uniform Residential Building Code, Codes, including~~  
29 Accessibility, Plumbing, Mechanical, Electrical, Fire Prevention, Fuel Gas, Energy,  
30 Existing Buildings, and Residential, all as published by the North Carolina Building  
31 Code Council. Such enforcement power shall include the power to require that prior to  
32 the beginning of any construction, reconstruction, or alteration of any building or  
33 structure or any part or system thereof within such area, the appropriate permit or  
34 permits be obtained from the Town; provided, the Town Council may by ordinance  
35 require that the contractor or other person charged with such construction,  
36 reconstruction, or alteration secure such permit or permits, rather than requiring the  
37 owner of the property to do so.

38 "Sec. 9.3. Underground utilities. In addition to the powers now or hereafter granted  
39 to municipalities by law, the town council by ordinance may require that all utility or  
40 other pipes, wiring, conduits, cables, and fixtures installed after the adoption of such  
41 ordinance within the planning and zoning jurisdiction of the town be installed  
42 underground, whether or not the same are installed in public rights-of-way.

43 "ARTICLE X. CLAIMS AGAINST THE TOWN

2 ~~with~~ without the approval of the Town Council, settle claims against the Town for ~~(1)~~  
3 personal injuries or damages to property when the amount involved does not exceed the  
4 sum of ~~one hundred dollars (\$100.00)~~ two thousand five hundred dollars (\$2,500) and  
5 does not exceed the actual loss sustained, including loss of time, medical expenses, and  
6 any other expense actually ~~incurred~~ and ~~(2) the taking of small portions of private~~  
7 ~~property which are needed for the rounding of corners at intersections of streets, when~~

9 ~~(\$500.00) and does not exceed the actual loss sustained.~~ incurred. Settlement of a claim  
10 by the Town Manager pursuant to this Section shall constitute a complete release of the  
11 Town from any and all damages sustained by the person involved in such settlement in  
12 any manner arising out of the ~~accident, occasion, or taking~~ accident or occasion  
13 ~~complained of. All such settlements, and all such releases, shall be approved in advance~~  
14 ~~by the Town Attorney."~~

15 **SECTION 2.** This act is effective when it becomes law.
