10           **SECTION 2.** G.S. 143B-146.12 reads as rewritten:

11 **"§ 143B-146.12. Development and approval of school improvement plans.**

12       (a) In order to improve student performance, each ~~participating~~ school shall  
13 develop a school improvement plan that takes into consideration the annual  
14 performance goal for that school that is set by the State Board under G.S. 143B-146.3.  
15 ~~The superintendent, principal of each school,~~ instructional personnel, and residential life  
16 personnel assigned to that school, and a minimum of five parents of children enrolled in  
17 the school shall constitute a school improvement team to develop a school improvement  
18 plan to improve student performance.

19       (a1) Representatives of the instructional and residential life personnel shall be  
20 elected by their respective groups by secret ballot.

21       (b) Parents shall be elected by parents of children enrolled in the school in an  
22 election conducted by the parent and teacher organization of the school or, if none  
23 exists, by the largest organization of parents formed for this purpose. To the extent  
24 possible, parents serving on school improvement teams shall reflect the composition of  
25 the students enrolled in that school. No more than two parents may be employees of the  
26 school. Parental involvement is a critical component of school success and positive  
27 student achievement; therefore, it is the intent of the General Assembly that parents,  
28 along with ~~teachers,~~ instructional and residential life personnel, have a substantial role in  
29 developing school improvement plans. To this end, school improvement team meetings  
30 shall be held at a convenient time to assure substantial parent participation. Parents who  
31 are elected to serve on school improvement teams and who are not employees of the  
32 school shall receive travel and subsistence expenses in accordance with G.S. 138-5 and,  
33 if appropriate, may receive a stipend.

34       (c) The strategies for improving student performance shall include the following:

- 35       (1) A plan for the use of staff development funds that may be made  
36 available to the school ~~by the Secretary to meet the goals for that~~  
37 ~~school under the ABC's Program and~~ to implement the school  
38 improvement plan. The plan may provide that a portion of these funds  
39 is used for mentor training and for release time and substitute teachers  
40 while teachers are meeting with mentors;

- 41       (1a) A plan for preparing students to read at grade level by the time they  
42 enter second grade. The plan shall require kindergarten and first grade  
43 teachers to notify parents or guardians when a child is not reading at  
44 grade level and is at risk of not reading at grade level by the time the

1 child enters second grade. The plan may include the use of  
2 assessments to monitor students' progress in learning to read, strategies  
3 for teachers and parents to implement that will help students improve  
4 and expand their reading ability, and provide for the recognition of  
5 teachers and strategies that appear to be effective at preparing students  
6 to read at grade level.

7 (2) A comprehensive plan to encourage parent involvement.

8 (3) A safe school plan designed to provide that the school is safe, secure,  
9 and orderly, that there is a climate of respect in the school, and that  
10 appropriate personal conduct is a priority for all students and all  
11 residential school personnel. This plan shall include components  
12 similar to those listed in G.S. 115C-105.47(b).

13 (4) A plan that specifies the effective instructional practices and methods  
14 to be used to improve the academic performance of students identified  
15 as at risk of academic failure or at risk of dropping out of school.

16 (d) Support among affected staff members is essential to successful  
17 implementation of a school improvement plan to address improved student performance  
18 at that school. The ~~superintendent-principal~~ of the school shall present the proposed  
19 school improvement plan to all of the instructional personnel assigned to the school for  
20 their review and vote. The vote shall be by secret ballot. The ~~superintendent-principal~~  
21 shall submit the school improvement plan to the Superintendent of the Office of  
22 Education Services for presentation to the Secretary only if the proposed school  
23 improvement plan has the approval of a majority of the instructional personnel who  
24 voted on the plan.

25 (e) The Secretary shall accept or reject the school improvement plan. The  
26 Secretary shall not make any substantive changes in any school improvement plan that  
27 the Secretary accepts. If the Secretary rejects a school improvement plan, the Secretary  
28 shall state with specificity the reasons for rejecting the ~~plan;~~plan to the Superintendent  
29 of the Office of Education Services to share with the principal; the school improvement  
30 team may then prepare another plan, present it to the instructional personnel assigned to  
31 the school for a vote, and submit it to the Superintendent of the Office of Education  
32 Services for presentation to the Secretary to accept or reject. Within 60 days after the  
33 initial submission of the school improvement plan to the Secretary, the Secretary shall  
34 accept the plan or shall ~~designate a person to~~direct that the Superintendent of the Office  
35 of Education Services work with the school improvement team to resolve the  
36 disagreements. If there is no resolution within 30 days, then the Secretary may develop  
37 a school improvement plan for the school; however, the General Assembly urges the  
38 Secretary to utilize the school's proposed school improvement plan to the maximum  
39 extent possible when developing this plan.

40 (f) A school improvement plan shall remain in effect for no more than three  
41 years; however, the school improvement team may amend the plan as often as is  
42 necessary or appropriate. If, at any time, any part of a school improvement plan  
43 becomes unlawful or the Secretary finds that a school improvement plan is impeding  
44 student performance at a school, the Secretary may vacate the relevant portion of the

1 plan and may direct the school to revise that portion. The procedures set out in this  
2 section shall apply to amendments and revisions to school improvement plans.

3 (g) Any funds the Secretary makes available to a school to meet the goals for that  
4 school under the ABC's Program and to implement the school improvement plan at that  
5 school shall be used in accordance with those goals and the school improvement plan.

6 ~~(h) The Secretary, in consultation with the State Board, shall develop a list of~~  
7 ~~recommended strategies that it determines to be effective which building level~~  
8 ~~committees may use to establish parent involvement programs designed to meet the~~  
9 ~~specific needs of their schools.~~

10 (i) Once developed, the ~~Secretary~~principal shall ensure the plan is available and  
11 accessible to parents and the school community."

12 **SECTION 3.** This act becomes effective July 1, 2005.
