SECTION 7.6.(a) Funds for Supplemental Funding. – The General Assembly finds that it is appropriate to provide supplemental funds in low-wealth counties to allow those counties to enhance the instructional program and student achievement. Therefore, funds are appropriated to State Aid to Local School Administrative Units for the 2007-2008 fiscal year and the 2008-2009 fiscal year to be used for supplemental funds for the schools.

SECTION 7.6.(b) Use of Funds for Supplemental Funding. – All funds received pursuant to this section shall be used only: (i) to provide instructional positions, instructional support positions, teacher assistant positions, clerical positions, school computer technicians, instructional supplies and equipment, staff development, and textbooks; (ii) for salary supplements for instructional personnel and instructional support personnel; and (iii) to pay an amount not to exceed ten thousand dollars (\$10,000) of the plant operation contract cost charged by the Department of Public Instruction for services.

Local boards of education are encouraged to use at least twenty-five percent (25%) of the funds received pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7. Local boards of education shall report to the State Board of Education on an annual basis on funds used for this purpose, and the State Board shall report this information to the Joint Legislative Education Oversight Committee. These reports shall specify how these funds were targeted and used to implement specific improvement strategies of each local school administrative unit and its schools, such as teacher recruitment, closing the achievement gap, improving student accountability, addressing the needs of at-risk students, and establishing and maintaining safe schools.

SECTION 7.6.(c) Definitions. – As used in this section:

- (1) "Anticipated county property tax revenue availability" means the county-adjusted property tax base multiplied by the effective State average tax rate.
- (2) "Anticipated total county revenue availability" means the sum of the:

- (5) "Average daily membership" means average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual, adopted by the State Board of Education. If a county contains only part of a local school administrative unit, the average daily membership of that county includes all students who reside within the county and attend that local school administrative unit.
- (6) "County-adjusted property tax base" shall be computed as follows:

- a. Subtract the present-use value of agricultural land, horticultural land, and forestland in the county, as defined in G.S. 105-277.2, from the total assessed real property valuation of the county,
 - b. Adjust the resulting amount by multiplying by a weighted average of the three most recent annual sales assessment ratio studies,
 - c. Add to the resulting amount the:
 - 1. Present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2,

 - b. Compute the percentage that the anticipated total county revenue availability per student is of the anticipated State average revenue availability per student and weight the resulting percentage by a factor of four-tenths,
 - c. Compute the percentage that the county-adjusted property tax base per square mile is of the State-adjusted property tax base per square mile and weight the resulting percentage by a factor of one-tenth,
 - d. Add the three weighted percentages to derive the county wealth as a percentage of the State average wealth.
- (9) "Effective county tax rate" means the actual county tax rate multiplied by a weighted average of the three most recent annual sales assessment ratio studies.
- (10) "Effective State average tax rate" means the average of effective county tax rates for all counties.

- (15) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.6.(d) Eligibility for Funds. – Except as provided in subsection (h) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 7.6.(e) Allocation of Funds. – Except as provided in subsection (g) of this section, the amount received per average daily membership for a county shall be the difference between the State average current expense appropriations per student and the current expense appropriations per student that the county could provide given the county's wealth and an average effort to fund public schools. (To derive the current expense appropriations per student that the county could be able to provide given the county's wealth and an average effort to fund public schools, multiply the county wealth as a percentage of State average wealth by the State average current expense appropriations per student.)

The funds for the local school administrative units located in whole or in part in the county shall be allocated to each local school administrative unit located in whole or in part in the county based on the average daily membership of the county's students in the school units.

If the funds appropriated for supplemental funding are not adequate to fund the formula fully, each local school administrative unit shall receive a pro rata share of the funds appropriated for supplemental funding.

SECTION 7.6.(f) Formula for Distribution of Supplemental Funding Pursuant to This Section Only. – The formula in this section is solely a basis for distribution of supplemental funding for low-wealth counties and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for low-wealth counties.

SECTION 7.6.(g) Minimum Effort Required. – Counties that had effective tax rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall receive reduced funding under this section. This reduction in funding shall be determined by subtracting the amount that the county would have received pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws from the amount that the county would have received if qualified for full funding and multiplying the difference by ten percent (10%). This method of calculating reduced funding shall apply one time only.

This method of calculating reduced funding shall not apply in cases in which the effective tax rate fell below the statewide average effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

If the county documents that it has increased the per student appropriation to the school current expense fund in the current fiscal year, the State Board of Education

shall include this additional per pupil appropriation when calculating minimum effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

SECTION 7.6.(h) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2007-2009 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

- (1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and
- (2) The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement this section.

SECTION 7.6.(i) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2008, if it determines that counties have supplanted funds.

SECTION 7.6.(j) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

SMALL SCHOOL SYSTEM SUPPLEMENTAL FUNDING

SECTION 7.7.(a) Funds for Small School Systems. – Except as provided in subsections (b) and (g) of this section, the State Board of Education shall allocate funds appropriated for small school system supplemental funding (i) to each county school administrative unit with an average daily membership of fewer than 3,175 students and (ii) to each county school administrative unit with an average daily membership from 3,175 to 4,000 students if the county in which the local school administrative unit is located has a county-adjusted property tax base per student that is below the State-adjusted property tax base per student and if the total average daily membership of all local school administrative units located within the county is from 3,175 to 4,000 students. The allocation formula shall:

- (1) Round all fractions of positions to the next whole position.
- (2) Provide five and one-half additional regular classroom teachers in counties in which the average daily membership per square mile is greater than four and seven additional regular classroom teachers in counties in which the average daily membership per square mile is four or fewer.
- (3) Provide additional program enhancement teachers adequate to offer the standard course of study.
- (4) Change the duty-free period allocation to one teacher assistant per 400 average daily membership.
- (5) Provide a base for the consolidated funds allotment of at least seven hundred eighty-eight thousand seven hundred eighty-nine dollars

(\$788,789), excluding textbooks for the 2007-2008 fiscal year and a base of at least seven hundred eighty-eight thousand seven hundred eighty-nine dollars (\$788,789) for the 2008-2009 fiscal year.

(6) Allot vocational education funds for grade 6 as well as for grades 7-12.

If funds appropriated for each fiscal year for small school system supplemental funding are not adequate to fully fund the program, the State Board of Education shall reduce the amount allocated to each county school administrative unit on a pro rata basis. This formula is solely a basis for distribution of supplemental funding for certain county school administrative units and is not intended to reflect any measure of the adequacy of the educational program or funding for public schools. The formula is also not intended to reflect any commitment by the General Assembly to appropriate any additional supplemental funds for such county school administrative units.

SECTION 7.7.(b) Nonsupplant Requirement. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2007-2009 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year, or the year for which the most recent data are available, if:

- (1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of the local current expense appropriations per student for the three prior fiscal years; and
- (2) The county cannot show: (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement this section.

SECTION 7.7.(c) Phase-Out Provisions. – If a local school administrative unit becomes ineligible for funding under this formula because of (i) an increase in the population of the county in which the local school administrative unit is located or (ii) an increase in the county-adjusted property tax base per student of the county in which the local school administrative unit is located, funding for that unit shall be continued for seven years after the unit becomes ineligible.

SECTION 7.7.(d) Definitions. – As used in this section:

- (1) "Average daily membership" means within two percent (2%) of the average daily membership as defined in the North Carolina Public Schools Allotment Policy Manual adopted by the State Board of Education.
- (2) "County-adjusted property tax base per student" means the total assessed property valuation for each county, adjusted using a weighted average of the three most recent annual sales assessment ratio studies, divided by the total number of students in average daily membership who reside within the county.
- (2a) "Local current expense funds" means the most recent county current expense appropriations to public schools, as reported by local boards of education in the audit report filed with the Secretary of the Local Government Commission pursuant to G.S. 115C-447.
- (3) "Sales assessment ratio studies" means sales assessment ratio studies performed by the Department of Revenue under G.S. 105-289(h).
- (4) "State-adjusted property tax base per student" means the sum of all county-adjusted property tax bases divided by the total number of students in average daily membership who reside within the State.

- (4a) "Supplant" means to decrease local per student current expense appropriations from one fiscal year to the next fiscal year.
- (5) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued during the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.7.(e) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2008, if it determines that counties have supplanted funds.

SECTION 7.7.(f) Use of Funds. – Local boards of education are encouraged to use at least twenty percent (20%) of the funds they receive pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children who are performing at Level I or II on the writing tests in grades 4 and 7. Local boards of education shall report to the State Board of Education on an annual basis on funds used for this purpose, and the State Board shall report this information to the Joint Legislative Education Oversight Committee. These reports shall specify how these funds were targeted and used to implement specific improvement strategies of each local school administrative unit and its schools such as teacher recruitment, closing the achievement gap, improving student accountability, addressing the needs of at-risk students, and establishing and maintaining safe schools.

SECTION 7.7.(g) Of the expansion funds appropriated for small school system supplemental funding in this act, the sum of seven hundred eighty-four thousand seven hundred three dollars (\$784,703) shall be distributed to county school administrative units that have less than 1,300 students and have experienced a decline in average daily membership since the 2001-2002 school year. These funds shall be used to reduce the ratio of students to teachers in grades K-5 by one, in grades 6-8 by two, and in grades 9-12 by three.

DISADVANTAGED STUDENT SUPPLEMENTAL FUNDING

SECTION 7.8.(a) Funds are appropriated in this act to address the capacity needs of local school administrative units to meet the needs of disadvantaged students. Each local school administrative unit shall use funds allocated to it for disadvantaged student supplemental funding to implement a plan jointly developed by the unit and the LEA Assistance Program team. The plan shall be based upon the needs of students in the unit not achieving grade-level proficiency. The plan shall detail how these funds shall be used in conjunction with all other supplemental funding allotments such as Low-Wealth, Small County, At-Risk Student Services/Alternative Schools, and Improving Student Accountability to provide instructional and other services that meet the educational needs of these students. Prior to the allotment of disadvantaged student supplemental funds, the plan shall be approved by the State Board of Education.

Funds received for disadvantaged student supplemental funding shall be used, consistent with the policies and procedures adopted by the State Board of Education, only to:

- (1) Provide instructional positions or instructional support positions and/or professional development;
- (2) Provide intensive in-school and/or after-school remediation;
- (3) Purchase diagnostic software and progress-monitoring tools; and

- (4) Provide funds for teacher bonuses and supplements. The State Board of Education shall set a maximum percentage of the funds that may be used for this purpose.

The State Board of Education may require districts receiving funding under the Disadvantaged Student Supplemental Fund to purchase the Education Value Added Assessment System in order to provide in-depth analysis of student performance and help identify strategies for improving student achievement. This data shall be used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.

SECTION 7.8.(b) Funds are appropriated in this act to evaluate the Disadvantaged Student Supplemental Funding Initiatives and Low-Wealth Initiatives. The State Board of Education shall use these funds to:

- (1) Evaluate the strategies implemented by local school administrative units with Disadvantaged Student Supplemental Funds and Low-Wealth Funds and assess their impact on student performance; and
- (2) Evaluate the efficiency and effectiveness of the technical assistance and support provided to local school administrative units by the Department of Public Instruction.

The State Board of Education shall report the results of the evaluation to the Office of State Budget and Management, the Joint Legislative Education Oversight Committee, and the Fiscal Research Division by January 15 of each year.

SECTION 7.8.(c) Funds appropriated to a local school administrative unit for disadvantaged student supplemental funding shall be allotted based on: (i) the local school administrative unit's eligible DSSF population and (ii) the difference between a teacher-to-student ratio of 1:21 and the following teacher-to-student ratios:

- (1) For counties with wealth greater than ninety percent (90%) of the statewide average, a ratio of 1:20.0;
- (2) For counties with wealth not less than eighty percent (80%) and not greater than ninety percent (90%) of the statewide average, a ratio of 1:19.5;
- (3) For counties with wealth less than eighty percent (80%) of the statewide average, a ratio of 1:19.3; and
- (4) For LEAs receiving DSSF funds in 2005-2006, a ratio of 1:16. These LEAs shall receive no less than the DSSF amount allotted in 2006-2007.

For the purpose of this subsection, wealth shall be calculated under the low-wealth supplemental formula.

SECTION 7.8.(d) If a local school administrative unit's wealth increases to a level that adversely affects the unit's DSSF allotment ratio, the DSSF allotment for that unit shall be maintained at the prior year level for one additional fiscal year.

STUDENTS WITH LIMITED ENGLISH PROFICIENCY

SECTION 7.9.(a) The State Board of Education shall develop guidelines for identifying and providing services to students with limited proficiency in the English language.

The State Board shall allocate these funds to local school administrative units and to charter schools under a formula that takes into account the average percentage of students in the units or the charters over the past three years who have limited English proficiency. The State Board shall allocate funds to a unit or a charter school only if (i) average daily membership of the unit or the charter school includes at least 20 students with limited English proficiency or (ii) students with limited English proficiency comprise at least two and one-half percent (2.5%) of the average daily membership of the unit or charter school. For the portion of the funds that is allocated on the basis of the number of identified students, the maximum number of identified students for whom

a unit or charter school receives funds shall not exceed ten and six-tenths percent (10.6%) of its average daily membership.

Local school administrative units shall use funds allocated to them to pay for classroom teachers, teacher assistants, tutors, textbooks, classroom materials/instructional supplies/equipment, transportation costs, and staff development of teachers for students with limited English proficiency.

A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds.

SECTION 7.9.(b) The Department of Public Instruction shall prepare a current head count of the number of students classified with limited English proficiency by December 1 of each year.

Students in the head count shall be assessed at least once every three years to determine their level of English proficiency. A student who scores "superior" on the standard English language proficiency assessment instrument used in this State shall not be included in the head count of students with limited English proficiency.

CHILDREN WITH DISABILITIES

SECTION 7.10. The State Board of Education shall allocate funds for children with disabilities on the basis of three thousand one hundred ninety-nine dollars and fifty-seven cents (\$3,199.57) per child for a maximum of 171,617 children for the 2007-2008 school year. Each local school administrative unit shall receive funds for the lesser of (i) all children who are identified as children with disabilities or (ii) twelve and five-tenths percent (12.5%) of the 2007-2008 allocated average daily membership in the local school administrative unit.

The dollar amounts allocated under this section for children with disabilities shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve children with disabilities.

FUNDS FOR ACADEMICALLY GIFTED CHILDREN

SECTION 7.11. The State Board of Education shall allocate funds for academically or intellectually gifted children on the basis of one thousand forty-two dollars and fifty-three cents (\$1,042.53) per child. A local school administrative unit shall receive funds for a maximum of four percent (4%) of its 2007-2008 allocated average daily membership, regardless of the number of children identified as academically or intellectually gifted in the unit. The State Board shall allocate funds for no more than 58,470 children for the 2007-2008 school year.

The dollar amounts allocated under this section for academically or intellectually gifted children shall also adjust in accordance with legislative salary increments, retirement rate adjustments, and health benefit adjustments for personnel who serve academically or intellectually gifted children.

EXPENDITURE OF FUNDS TO IMPROVE STUDENT ACCOUNTABILITY

SECTION 7.12.(a) Funds appropriated for the 2007-2008 and 2008-2009 fiscal years for Student Accountability Standards shall be used to assist students to perform at or above grade level in reading and mathematics in grades 3-8 as measured by the State's end-of-grade tests. The State Board of Education shall allocate these funds to local school administrative units based on the number of students who score at Level I or Level II on either reading or mathematics end-of-grade tests in grades 3-8. Funds in the allocation category shall be used to improve the academic performance of (i) students who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 or (ii) students who are performing at Level I or II on the writing tests in grades 4 and 7. These funds may also be used to improve the academic performance of students who are performing at Level I or II on the high

school end-of-course tests. These funds shall not be transferred to other allocation categories or otherwise used for other purposes. Except as otherwise provided by law, local boards of education may transfer other funds available to them into this allocation category.

The principal of a school receiving these funds, in consultation with the faculty and the site-based management team, shall implement plans for expending these funds to improve the performance of students.

Local boards of education are encouraged to use federal funds such as Title I Comprehensive School Reform Development Funds and to examine the use of State funds to ensure that every student is performing at or above grade level in reading and mathematics.

These funds shall be allocated to local school administrative units for the 2007-2008 fiscal year within 30 days of the date this act becomes law.

SECTION 7.12.(b) Funds appropriated for Student Accountability Standards shall not revert at the end of each fiscal year but shall remain available for expenditure until August 31 of the subsequent fiscal year.

LITIGATION RESERVE FUNDS

SECTION 7.13. The State Board of Education may expend up to two hundred thousand dollars (\$200,000) each year for the 2007-2008 and 2008-2009 fiscal years from unexpended funds for certified employees' salaries to pay expenses related to pending litigation.

REPLACEMENT SCHOOL BUSES FUNDS

SECTION 7.14.(a) The State Board of Education may impose any of the following conditions on allotments to local boards of education for replacement school buses:

- (1) The local board of education shall use the funds only to make the first, second, or third year's payment on a financing contract entered into pursuant to G.S. 115C-528.
- (2) The term of a financing contract entered into under this section shall not exceed three years.
- (3) The local board of education shall purchase the buses only from vendors selected by the State Board of Education and on terms approved by the State Board of Education.
- (4) The Department of Administration, Division of Purchase and Contract, in cooperation with the State Board of Education, shall solicit bids for the direct purchase of school buses and activity buses and shall establish a statewide term contract for use by the State Board of Education. Local boards of education and other agencies shall be eligible to purchase from the statewide term contract. The State Board of Education shall also solicit bids for the financing of school buses.
- (5) A bus financed pursuant to this section shall meet all State and federal motor vehicle safety regulations for school buses.
- (6) Any other condition the State Board of Education considers appropriate.

SECTION 7.14.(b) Any term contract for the purchase or lease-purchase of school buses or school activity buses shall not require vendor payment of the electronic procurement transaction fee of the North Carolina E-Procurement Service.

DISCREPANCIES BETWEEN ANTICIPATED AND ACTUAL ADM

SECTION 7.15.(a) If the State Board of Education does not have sufficient resources in the ADM Contingency Reserve line item to make allotment adjustments in accordance with the Allotment Adjustments for ADM Growth provisions of the North

Carolina Public Schools Allotment Policy Manual, the State Board of Education may use funds appropriated to State Aid for Public Schools for this purpose.

SECTION 7.15.(b) If the higher of the first or second month average daily membership in a local school administrative unit is at least two percent (2%) or 100 students lower than the anticipated average daily membership used for allotments for the unit, the State Board of Education shall reduce allotments for the unit. The reduced allotments shall be based on the higher of the first or second month average daily membership plus one-half of the number of students overestimated in the anticipated average daily membership.

The allotments reduced pursuant to this subsection shall include only those allotments that may be increased pursuant to the Allotment Adjustments for ADM Growth provisions of the North Carolina Public Schools Allotment Policy Manual.

CHARTER SCHOOL EVALUATION

SECTION 7.16.(a) The State Board of Education may spend up to fifty thousand dollars (\$50,000) a year from State Aid to Local School Administrative Units for the 2007-2008 and 2008-2009 fiscal years to evaluate charter schools. In particular, the State Board of Education shall consider the extent to which charter schools have accomplished the following six objectives, which are set out in G.S. 115C-238.29A:

- (1) Improve student learning;
- (2) Increase learning opportunities for all students, with special emphasis on expanded learning experiences for students who are identified as at risk of academic failure or academically gifted;
- (3) Encourage the use of different and innovative teaching methods;
- (4) Create new professional opportunities for teachers, including the opportunities to be responsible for the learning program at the school site;
- (5) Provide parents and students with expanded choices in the types of educational opportunities that are available within the public school system; and
- (6) Hold the schools established under this Part accountable for meeting measurable student achievement results and provide the schools with a method to change from rule-based to performance-based accountability systems.

SECTION 7.16.(b) The State Board of Education shall report the results of its evaluation to the Joint Legislative Education Oversight Committee and the Fiscal Research Division.

MENTOR TEACHER FUNDS MAY BE USED FOR FULL-TIME MENTORS

SECTION 7.17.(a) The State Board of Education shall grant flexibility to a local board of education regarding the use of mentor funds to provide mentoring support, provided the local board submits a detailed plan on the use of the funds to the State Board and the State Board approves that plan. The plan shall include information on how all mentors in the local school administrative unit have been or will be adequately trained to provide mentoring support.

Local boards of education shall use funds allocated for mentor teachers to provide mentoring support to all State-paid newly certified teachers, second-year teachers who were assigned mentors during the prior school year, and entry-level instructional support personnel who have not previously been teachers.

SECTION 7.17.(b) The State Board, after consultation with the Professional Teaching Standards Commission, shall adopt standards for mentor training.

SECTION 7.17.(c) Each local board of education with a plan approved pursuant to subsection (a) of this section shall report to the State Board on the impact of its mentor program on teacher retention. The State Board shall analyze these reports to determine the characteristics of mentor programs that are most effective in retaining

teachers and shall report its findings to the Joint Legislative Education Oversight Committee by October 15 of each year of the biennium.

SECTION 7.17.(d) In addition to the report required in subsection (c) of this section, the State shall also evaluate the effectiveness of a representative sample of local mentor programs and report on its findings to the Joint Legislative Education Oversight Committee and the Fiscal Research Division by December 15 of each year of the biennium. The evaluation shall focus on quantitative evidence, quality of service delivery, and satisfaction of those involved. The report shall include the results of the evaluation and recommendations both for improving mentor programs generally and for an appropriate level of State support for mentor programs.

FUNDS TO IMPLEMENT THE ABCS OF PUBLIC EDUCATION

SECTION 7.18.(a) The State Board of Education shall use funds appropriated in this act for State Aid to Local School Administrative Units to provide incentive funding for schools that met or exceeded the projected levels of improvement in student performance during the 2006-2007 school year, in accordance with the ABCs of Public Education Program. In accordance with State Board of Education policy:

- (1) Incentive awards in schools that achieve higher than expected improvements may be:
 - a. Up to one thousand five hundred dollars (\$1,500) for each teacher and for certified personnel; and

SECTION 7.24.(f) If a county is unable to increase "More at Four" slots because of a documented lack of available resources necessary to provide the required local contribution for the additional slots allocated to the county for the 2007-2008 fiscal year, the contract agency for that county may appeal to the Office of School Readiness for an exception to the required local amount for those additional slots. The Office of School Readiness may grant an exception and allot funds to pay up to ninety percent (90%) of the full cost of the additional slots for that county if it finds that (i) there is in fact a documented lack of available resources in the county and (ii) granting the exception will not reduce access statewide to "More at Four" slots.

DROPOUT PREVENTION GRANTS

SECTION 7.32.(a) Findings. – The General Assembly finds that:

- (1) North Carolina's schools recorded 22,180 dropout events in grades 9-12 for 2005-2006, a nine and nine-tenths percent (9.9%) increase from the count reported in 2004-2005. It is the highest count of dropouts since 1999-2000.
- (2) A disproportionate share of the increase in dropout rates occurred in large local school administrative units.
- (3) Black males accounted for a disproportionate amount of the increase in dropout count, and the dropout rate for black males increased to seven and one-hundredths percent (7.01%), an eight and four-tenths percent (8.4%) increase over the 2004-2005 rate.
- (4) Students drop out of school for a variety of reasons, including academic issues, family and other personal reasons, discipline issues, drug abuse, the need to work, school size, and school climate.
- (5) Students who drop out of school without graduating are more likely to be unemployed, receive public assistance, and have a higher incarceration rate than those who graduate.

- (6) In order for our citizens and State to thrive in a global, knowledge-based economy, it is imperative that more of our students graduate from high school with the knowledge and skills needed for postsecondary education or high-skilled employment.
- (7) Differing local needs and local resources necessitate the development of locally generated programs and initiatives that target dropouts and high school retention.

SECTION 7.32.(b) Purpose. – Recognizing that having an unacceptable dropout rate is not a new development in North Carolina, or in the rest of the country, and that over the years there have been, and continue to be, many programs and initiatives that have strived to address this issue, the purpose of this section is to focus attention and resources on innovative programs and initiatives that succeed in keeping students in school when other conflicting factors are pushing them to drop out before they are prepared to further their postsecondary education or enter the workforce.

SECTION 7.32.(c) Committee. – There is established the Committee on Dropout Prevention. The Committee shall be located administratively in the Department of Public Instruction but shall exercise its powers and duties independently of the Department of Public Instruction. The Department of Public Instruction shall provide for the administrative costs of the Committee and shall provide staff to the Committee.

The Committee shall determine which local school administrative units, schools, agencies, and nonprofits shall receive dropout prevention grants under subsection (d) of this section, the amount of each grant, and eligible uses of the grant funding. The Committee shall consist of the following 15 members:

- (1) The Governor shall appoint five members, of whom one is a superintendent of schools, one is a representative of a nonprofit, and one is a school social worker;
- (2) The President Pro Tempore of the Senate shall appoint five members, of whom one is a principal, one is a representative of a school of education, and one is a school counselor; and
- (3) The Speaker of the House of Representatives shall appoint five members, of whom one is a teacher, one is a member of the business community, and one is a representative of the juvenile justice system.

The President Pro Tempore of the Senate and the Speaker of the House of Representatives shall each designate a cochair of the Committee. The members of the Committee shall assure they are in compliance with laws and rules governing conflicts of interest.

SECTION 7.32.(d) Dropout Prevention Grants. – The following criteria apply to dropout prevention grants approved by the Committee established under subsection (c) of this section.

- (1) Grants shall be issued in varying amounts up to a maximum of one hundred fifty thousand dollars (\$150,000).
- (2) These grants shall be provided to innovative programs and initiatives that target students at risk of dropping out of school and that demonstrate the potential to (i) be developed into effective, sustainable, and coordinated dropout prevention and reentry programs in middle schools and high schools and (ii) serve as effective models for other programs.
- (3) Priority shall be given to new programs and initiatives or to those that have begun within the last five school years.
- (4) Grants shall be distributed geographically throughout the State.
- (5) Grants may be made to local school administrative units, schools, local agencies, or nonprofit organizations.
- (6) Grants shall be to programs and initiatives that hold all students to high academic and personal standards.

- (7) Grant applications shall state (i) how grant funds will be used, (ii) what, if any, other resources will be used in conjunction with the grant funds, (iii) how the program or initiative will be coordinated to enhance the effectiveness of existing programs, initiatives, or services in the community, and (iv) a process for evaluating the success of the program or initiative.
- (8) Programs and initiatives that receive grants under this subsection shall be based on best practices for preventing students from dropping out of school or for increasing the high school completion rate for those students who already have dropped out of school.
- (9) Priority for grants shall be given to proposals that demonstrate input from the local community and coordination with other available programs or resources.
- (10) Grantees shall assure their compliance with applicable laws and rules regulating conflicts of interest.
- (12) Grants shall be made no later than November 1, 2007.

SECTION 7.32.(e) Report. – The Committee shall report to the Joint Legislative Commission on Dropout Prevention and High School Graduation created in subsection (f) of this section by December 1, 2007, on the grants awarded under subsection (d) of this section, after which time the Committee shall terminate.

SECTION 7.32.(f) Joint Legislative Commission on Dropout Prevention and High School Graduation. –

- (1) There is created the Joint Legislative Commission on Dropout Prevention and High School Graduation (Commission) to be composed of 16 members, eight appointed by the President Pro Tempore of the Senate and eight appointed by the Speaker of the House of Representatives. The President Pro Tempore and the Speaker shall each designate a cochair from their appointees. Vacancies shall be filled in the same manner as the original appointments were made.
- (2) The cochairs shall jointly call the first meeting of the Commission. A quorum of the Commission is a majority of its members.
- (3) The Commission shall:
 - a. Evaluate initiatives and programs designed to reduce the dropout rate and increase the number of students who graduate from high school prepared to further their postsecondary education or enter the workforce.
 - b. Review the research on factors related to students' success in school.
 - c. Evaluate the grants awarded under subsection (d) of this section and recommend whether any of the programs and initiatives that received one of these grants has potential for success and should be expanded or replicated.
 - d. Study the emergence of major middle school and high school reform efforts, including Learn and Earn Programs, the New Schools Initiative, and 21st Century Schools, and the impact they may have on the dropout rate.

QUALITY IMPROVEMENT CONSULTATION PROGRAM FOR ADULT CARE HOMES

SECTION 10.12. The Department's Division of Aging and Adult Services shall develop a Quality Improvement Consultation Program for Adult Care Homes. The purpose of the Program is to promote better care and improve quality of life in a safe environment for residents in adult care homes through consultation and assistance with adult care home providers. The county departments of social services shall be responsible for implementation of the Program with all adult care homes located in the respective county, based on a timetable for statewide implementation.

The Division of Aging and Adult Services shall consult with adult care home providers, county departments of social services, consumer advocates, and other interested stakeholders and parties in the development of the Quality Improvement Consultation Program for Adult Care Homes.

The Program will address the following topics:

- (1) Principles and philosophies that are resident-centered and promote independence, dignity, and choice for residents;
- (2) Approaches to develop continuous quality improvement with a focus on resident satisfaction and optimal outcomes;
- (3) Dissemination of best practice models that have been used successfully elsewhere;
- (4) A determination of the availability of standardized instruments, and their use to the extent possible, to assess and measure adult care home performance according to quality of life indicators;
- (5) Utilization of quality improvement plans for adult care homes that identify and resolve issues that adversely affect quality of care and services to residents. The plans include agreed upon time frames for completion of improvements and identification of needed resources;
- (6) Training required to equip county departments of social services' staff to implement the Program;

- (8) Identification of staffing and other resources needed to implement the Program.

The Division of Aging and Adult Services shall conduct a pilot of the Quality Improvement Consultation Program for Adult Care Homes. No more than four county departments of social services shall participate in the pilot. The Division of Aging and Adult Services shall consider geographic balance and size in carrying out the pilot. At the conclusion of the pilot, the Division of Aging and Adult Services shall make recommendations regarding the effectiveness of the Quality Improvement Consultation Program for Adult Care Homes. If the Division recommends expansion of the pilot to other counties or statewide implementation of the Program, its report shall include the cost and a proposed timetable for implementing these recommendations, including the identification of any necessary statutory and administrative rule changes. The recommendations shall be made to the Secretary of the Department of Health and Human Services, the North Carolina Study Commission on Aging, the Senate Appropriations Committee on Health and Human Services, and the House of Representatives Subcommittee on Health and Human Services.

STATE-COUNTY SPECIAL ASSISTANCE

SECTION 10.13.(a) The eligibility of Special Assistance recipients residing in adult care homes on August 1, 1995, shall not be affected by an income reduction in the Special Assistance eligibility criteria resulting from adoption of the Rate Setting Methodology Report and Related Services, providing these recipients are otherwise eligible. The maximum monthly rate for these residents in adult care home facilities shall be one thousand two hundred thirty-one dollars (\$1,231) per month per resident.

SECTION 10.13.(b) Effective January 1, 2007, the maximum monthly rate for residents in adult care home facilities shall be one thousand one hundred forty-eight dollars (\$1,148) per month per resident unless adjusted by the Department in accordance with subsection (e) of this section.

SECTION 10.13.(c) Effective October 1, 2007, the maximum monthly rate for residents in adult care home facilities shall be one thousand one hundred seventy-three dollars (\$1,173) per month per resident unless adjusted by the Department in accordance with subsection (e) of this section.

SECTION 10.13.(d) The maximum monthly rate for residents in Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars (\$1,515) per month per resident unless adjusted by the Department in accordance with subsection (e) of this section.

SECTION 10.13.(e) Notwithstanding any other provision of this section, the Department of Health and Human Services shall review activities and costs related to the provision of care in adult care homes and shall determine what costs may be considered to properly maximize allowable reimbursement available through Medicaid personal care services for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the Office of State Budget and Management, the Department may transfer necessary funds from the State-County Special Assistance program within the Division of Social Services to the Division of Medical Assistance and may use those funds as State match to draw down federal matching funds to pay for such activities and costs under Medicaid's personal care services for adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for State-County Special Assistance set forth in subsections (b) and (c) of this section shall be adjusted by the Department to reflect any transfer of funds from the Division of Social Services to the Division of Medical Assistance and related transfer costs and responsibilities from State-County Special Assistance to the Medicaid personal care services for adult care homes (ACH-PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS) and prior to implementing this section, the Department may disregard a limited amount of income for individuals whose countable income exceeds the adjusted State-County Special Assistance rate. The amount of the disregard shall not exceed the difference between the Special Assistance

rate prior to the adjustment and the Special Assistance rate after the adjustment and shall be used to pay a portion of the cost of the ACH-PCS and reduce the Medicaid payment for the individual's personal care services provided in an adult care home. In no event shall the reimbursement for services through the ACH-PCS exceed the average cost of the services as determined by the Department from review of cost reports as required and submitted by adult care homes. The Department shall report any transfers of funds and modifications of rates to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.13.(f) Effective July 1, 2007, the Department of Health and Human Services shall recommend rates for State-County Special Assistance and for Adult Care Home Personal Care Services. The Department may recommend rates based on appropriate cost methodology and cost reports submitted by adult care homes that receive State-County Special Assistance funds and shall ensure that cost reporting is done for State-County Special Assistance and Adult Care Home Personal Care Services to the same standards as apply to other residential service providers.

SPECIAL ASSISTANCE IN-HOME

SECTION 10.14.(a) Part 3 of Article 2 of Chapter 108A of the General Statutes is amended by adding the following new section to read:

"§ 108A-47.1. Special Assistance in-home payments.

The Department of Health and Human Services may use funds from the existing State-County Special Assistance for Adults budget to provide Special Assistance payments to eligible individuals in in-home living arrangements. These payments may be made for up to fifteen percent (15%) of the caseload for all State-County Special Assistance for Adults. The standard monthly payment to individuals enrolled in the Special Assistance in-home program shall be seventy-five percent (75%) of the monthly payment the individual would receive if the individual resided in an adult care home and qualified for Special Assistance, except if a lesser payment amount is appropriate for the individual as determined by the local case manager. The Department shall implement Special Assistance in-home eligibility policies and procedures to assure that in-home program participants are those individuals who need and, but for the in-home program, would seek placement in an adult care home facility. The Department's policies and procedures shall include the use of a functional assessment. The Department shall make this in-home option available to all counties on a voluntary basis. To the maximum extent possible, the Department shall consider geographic balance in the dispersion of payments to individuals across the State."

SECTION 10.14.(b) For State fiscal year 2007-2008, qualified individuals shall not receive payments at rates less than they would have been eligible to receive in State fiscal year 2006-2007.

CHILD CARE SUBSIDY RATES

SECTION 10.15.(a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be seventy-five percent (75%) of the State median income, adjusted for family size.

SECTION 10.15.(b) Fees for families who are required to share in the cost of care shall be established based on a percent of gross family income and adjusted for family size. Fees shall be determined as follows:

FAMILY SIZE	PERCENT OF GROSS FAMILY INCOME
1-3	10%
4-5	9%
6 or more	8%.

SECTION 10.15.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

- (1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower.
- (2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower.
- (3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.
- (4) Maximum payment rates shall also be calculated periodically by the Division of Child Development for transportation to and from child care provided by the child care provider, individual transporter, or transportation agency, and for fees charged by providers to parents. These payment rates shall be based upon information collected by market rate surveys.

SECTION 10.15.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

- (1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.
- (2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 10.15.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development shall also calculate a statewide rate and regional market rates for each rated license level for each age category.

SECTION 10.15.(f) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. No separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 10.15.(g) Payment for subsidized child care services provided with Work First Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development for the subsidized child care program.

SECTION 10.15.(h) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

- (1) The child for whom a child care subsidy is sought is receiving child protective services or foster care services.
- (2) The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.
- (3) The child for whom a child care subsidy is sought is a citizen of the United States.

CHILD CARE ALLOCATION FORMULA

SECTION 10.16.(a) The Department of Health and Human Services shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty percent (30%) Smart Start subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) Smart Start subsidy allocation:

- (1) Funds shall be allocated based upon the projected cost of serving children in a county under age 11 in families with all parents working who earn less than seventy-five percent (75%) of the State median income.
- (2) No county's allocation shall be less than ninety percent (90%) of its State fiscal year 2001-2002 initial child care subsidy allocation.

SECTION 10.16.(b) The Department of Health and Human Services may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including Smart Start funds, within a county.

SECTION 10.16.(c) Notwithstanding subsection (a) of this section, the Department of Health and Human Services shall allocate up to twelve million dollars (\$12,000,000) in federal block grant funds and State funds appropriated for fiscal years 2007-2008 and 2008-2009 for child care services. These funds shall be allocated to prevent termination of child care services. Funds appropriated for specific purposes, including market rate adjustments, may also be allocated by the Department separately from the allocation formula described in subsection (a) of this section.

CHILD CARE FUNDS MATCHING REQUIREMENT

SECTION 10.17.(a) No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds appropriated by this act unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars (\$25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a fifteen percent (15%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of a disaster as defined in G.S. 166A-4(1).

SECTION 10.17.(b) If funds are reallocated to local purchasing agencies in accordance with subsection (a) of this section, the Department of Health and Human Services shall evaluate the fifteen percent (15%) local matching requirement to determine its effect on local purchasing agencies and whether the matching requirement should be adjusted. The Department shall report its findings and recommendations to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division no later than April 1, 2008.

CHILD CARE REVOLVING LOAN

SECTION 10.18. Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the

Fund may be used to make loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

CHILD CARE MARKET RATE ADJUSTMENTS

SECTION 10.18A. Not later than October 1, 2007, the Department shall implement an adjustment to child care market rates, by region, based upon the 2007 Child Care Market Rate Study. Rate adjustments shall be implemented as follows:

- (1) For three- to five-star child care center-based rates, counties in Region 1 shall receive twenty percent (20%) of the recommended rate adjustment as defined in the 2007 Child Care Market Rate Study.
- (2) For three- to five-star child care center-based rates, counties in Regions 2-5 shall receive thirty percent (30%) of the recommended rate adjustment as defined in the 2007 Child Care Market Rate Study.
- (3) For three- to five-star child care home-based rates, all counties shall receive ten percent (10%) of the recommended rate adjustment as defined in the 2007 Child Care Market Rate Study.

The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. Failure to obtain a twenty percent (20%) match by June 30 of each fiscal year shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Commission on Governmental Operations in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

To achieve the purposes of this action by the General Assembly, the Department of Health and Human Services, Division of Public Health, shall engage in vigorous efforts to collect additional Medicaid and other third-party reimbursements from clients and their families. - (27) Pregnancy-related services. – Covered services for pregnant women shall include nutritional counseling, psychosocial counseling, and predelivery and postpartum home visits by maternity care coordinators and public health nurses.
- (28) Drugs. – Reimbursements. Reimbursements shall be available for prescription drugs as allowed by federal regulations plus a professional services fee per month, excluding refills for the same drug or generic equivalent during the same month. Payments for drugs are subject to the provisions of this subdivision or in accordance with the State Plan adopted by the Department of Health and Human Services, consistent with federal reimbursement regulations. Payment of the professional services fee shall be made in accordance with the State Plan adopted by the Department of Health and Human Services, consistent with federal reimbursement regulations. The professional services fee shall be five dollars and sixty cents (\$5.60) per prescription for generic drugs and four dollars (\$4.00) per prescription for brand-name drugs. Adjustments to the professional services fee shall be established by the General Assembly. In addition to the professional services fee, the Department may pay an enhanced fee for pharmacy services.

Limitations on quantity. – The Department of Health and Human Services may establish authorizations, limitations, and reviews for specific drugs, drug classes, brands, or quantities in order to manage effectively the Medicaid pharmacy program, except that the Department shall not impose limitations on brand-name medications for which there is a generic equivalent in cases where the prescriber has determined, at the time the drug is prescribed, that the brand-name drug is medically necessary and has written on the prescription order the phrase "medically necessary."

Dispensing of generic drugs. – Notwithstanding G.S. 90-85.27 through G.S. 90-85.31, or any other law to the contrary, under the Medical Assistance Program (Title XIX of the Social Security Act), and except as otherwise provided in this subsection for atypical antipsychotic drugs and drugs listed in the narrow therapeutic index, a prescription order for a drug designated by a trade or brand name shall be considered to be an order for the drug by its established or generic name, except when the prescriber has determined, at the time the drug is prescribed, that the brand-name drug is medically necessary and has written on the prescription order the phrase "medically necessary." An initial prescription order for an atypical antipsychotic drug or a drug listed in the narrow therapeutic drug index that does not contain the phrase "medically necessary" shall be considered an order for the drug by its established or generic name, except that a pharmacy shall not substitute a generic or established name prescription drug for subsequent brand or trade name prescription orders of the same prescription drug without explicit oral or written approval of the prescriber given at the time the order is filled. Generic drugs shall be dispensed at a lower cost to the Medical Assistance Program rather than trade or brand-name drugs. As used in this subsection, "brand name" means the proprietary name the manufacturer places upon a drug product or on its container, label, or wrapping at the time of packaging; and "established name" has the same meaning as in section 502(e)(3) of the Federal Food, Drug, and Cosmetic Act as amended, 21 U.S.C. § 352(e)(3).

Prior authorization. – The Department of Health and Human Services shall not impose prior authorization requirements or other restrictions under the State Medical Assistance Program on medications prescribed for Medicaid recipients for the treatment of (i) mental illness, including but not limited to, medications for schizophrenia, bipolar disorder, or (ii) HIV/AIDS, except that the Department of Health and Human Services shall continually review utilization of medications under the State Medical Assistance Program prescribed for Medicaid recipients for the treatment of mental illness, including but not limited to, medications for schizophrenia, bipolar disorder, or major depressive disorder. For individuals 18 years of age and under who are prescribed three or more psychotropic medications, the Department shall implement clinical edits that target inefficient, ineffective, or potentially harmful prescribing patterns. When such patterns are identified, the Medical Director for the Division of Medical Assistance and the Chief of Clinical Policy for the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services shall require a peer-to-peer consultation with the target prescribers. Alternatives discussed during the peer-to-peer consultations shall be based upon:

- a. Evidence-based criteria available regarding efficacy or safety of the covered treatments; and
- b. Policy approval by a majority vote of the North Carolina Physicians Advisory Group (NCPAG).

The target prescriber has final decision-making authority to determine which prescription drug to prescribe or refill.

The Department shall report on the implementation of this subdivision not later than January 1, 2008, and quarterly thereafter to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health

and Human Services, the Fiscal Research Division, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services.

- a. Services as defined by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and approved by the Centers for Medicare and Medicaid Services (CMS) when provided in agencies meeting the requirements of the rules established by the Commission for Mental Health, Developmental Disabilities, and Substance Abuse Services and reimbursement is made in accordance with a State Plan developed by the Department of Health and Human Services not to exceed the upper limits established in federal regulations, and

Nothing in sub-subdivision b. or c. of this subdivision shall be interpreted to require any private health insurer or

health plan to make direct third-party reimbursements or payments to any service provider, practitioner, or licensee.

Notwithstanding G.S. 150B-21.1(a), the Department of Health and Human Services may adopt temporary rules in accordance with Chapter 150B of the General Statutes further defining the qualifications of providers and referral procedures in order to implement this subdivision. Coverage policy for services defined by the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services under sub-subdivisions a. and b.2. of this subdivision shall be established by the Division of Medical Assistance.

SECTION 10.36.(e) Provider payments and visits. –

- (1) Payment is limited to Medicaid-enrolled providers that purchase a performance bond in an amount not to exceed one hundred thousand dollars (\$100,000) naming as beneficiary the Department of Health and Human Services, Division of Medical Assistance, or provide to the Department a validly executed letter of credit or other financial instrument issued by a financial institution or agency honoring a demand for payment in an equivalent amount. The Department may waive or limit the requirements of this paragraph for one or more classes of Medicaid-enrolled providers based on the provider's dollar amount of monthly billings to Medicaid or the length of time the provider has been licensed in this State to provide services. In waiving or limiting requirements of this paragraph, the Department shall take into consideration the potential fiscal impact of the waiver or limitation on the State Medicaid Program. The Department may adopt temporary rules in accordance with G.S. 150B-21.1 as necessary to implement this provision.
- (2) Reimbursement is available for up to 30 visits per recipient per fiscal year for the following professional services: hospital outpatient providers, physicians, nurse practitioners, nurse midwives, clinics, health departments, optometrists, chiropractors, and podiatrists. The Department of Health and Human Services shall adopt medical policies in accordance with G.S. 108A-54.2 to distribute the allowable number of visits for each service or each group of services consistent with federal law. In addition, the Department shall establish a threshold of some number of visits for these services. The Department shall ensure that primary care providers or the appropriate CCNC network are notified when a patient is nearing the established threshold to facilitate care coordination and intervention as needed.

Prenatal services, all EPSDT children, emergency room visits, and mental health visits subject to independent utilization review are exempt from the visit limitations contained in this subdivision. Subject to appropriate medical review, the Department may authorize exceptions when additional care is medically necessary. Routine or maintenance visits above the established visit limit will not be covered unless necessary to actively manage a life threatening disorder or as an alternative to more costly care options.

SECTION 10.36.(f) Exceptions and limitations on services; authorization of co-payments and other services. –

- (1) Exceptions to Service Limitations, Eligibility Requirements, and Payments. – Service limitations, eligibility requirements, and payment bases in this section may be waived by the Department of Health and Human Services, with the approval of the Director of the Budget, to allow the Department to carry out pilot programs for prepaid health plans, contracting for services, managed care plans, or

community-based services programs in accordance with plans approved by the United States Department of Health and Human Services or when the Department determines that such a waiver will result in a reduction in the total Medicaid costs for the recipient.

- (2) Co-Payment for Medicaid Services. – The Department of Health and Human Services may establish co-payments up to the maximum permitted by federal law and regulation.

SECTION 10.36.(g) Rules, Reports, and Other Matters. –

- (1) Rules. – The Department of Health and Human Services may adopt temporary or emergency rules according to the procedures established in G.S. 150B-21.1 and G.S. 150B-21.1A when it finds that these rules are necessary to maximize receipt of federal funds within existing State appropriations, to reduce Medicaid expenditures, and to reduce fraud and abuse. The Department of Health and Human Services shall adopt rules requiring providers to attend training as a condition of enrollment and may adopt temporary or emergency rules to implement the training requirement.

Prior to the filing of the temporary or emergency rules authorized under this subsection with the Rules Review Commission and the Office of Administrative Hearings, the Department shall consult with the Office of State Budget and Management on the possible fiscal impact of the temporary or emergency rule and its effect on State appropriations and local governments.

- (2) Changes to Medicaid program; reports. – The Department shall report on any change it anticipates making in the Medicaid program that impacts the type or level of service, reimbursement methods, or waivers, any of which require a change in the State Plan or other approval by the Centers for Medicare and Medicaid Services (CMS). The reports shall be provided at the same time they are submitted to CMS for approval. In addition to the entities listed in subsection (a)(4) of this section, the report shall be submitted to the Joint Legislative Health Care Oversight Committee.

The funds shall be used to support activities that will contain the cost of the Medicaid Program, including contracting for services, hiring additional staff, or providing grants through the Office of Rural Health and Community Care to plan, develop, and implement cost-containment programs.

Medicaid cost-containment activities may include prospective reimbursement methods, incentive-based reimbursement methods, service limits, prior authorization of services, periodic medical necessity reviews, revised medical necessity criteria, service provision in the least costly settings, plastic magnetic stripped Medicaid identification cards for issuance to Medicaid enrollees, fraud detection software or other fraud detection activities, technology that improves clinical decision making, credit balance recovery and data mining services, and other cost-containment activities. Funds may be expended under this section only after the Office of State Budget and Management has approved a proposal for the expenditure submitted by the Department. Proposals for expenditure of funds under this section shall include the cost of implementing the cost-containment activity and documentation of the amount of savings expected to be realized from the cost-containment activity. The Department shall provide a copy of proposals for expenditures under this section to the House of Representatives

Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. On or before October 1, 2007, the Department shall also report the amounts paid for cost-containment activities in fiscal years 2003-2004 through 2006-2007, and the amount of savings realized from cost-containment activities in fiscal years 2003-2004 through 2006-2007.

DISPOSITION OF DISPROPORTIONATE SHARE RECEIPTS

SECTION 10.39.(a) Disproportionate share receipts reserved at the end of the 2007-2008 and 2008-2009 fiscal years shall be deposited with the Department of State Treasurer as nontax revenue for each of those fiscal years.

SECTION 10.39.(b) For each year of the 2007-2009 fiscal biennium, as it receives funds associated with Disproportionate Share Payments from State hospitals, the Department of Health and Human Services, Division of Medical Assistance, shall deposit up to one hundred million dollars (\$100,000,000) of these Disproportionate Share Payments to the Department of State Treasurer for deposit as nontax revenue. Any Disproportionate Share Payments collected in excess of one hundred million dollars (\$100,000,000) shall be reserved by the State Treasurer for future appropriations.

- (2) Effective October 1, 2008, the remaining half of the rate rebasing shall be implemented using 2006 audited cost data. If 2006 audited cost data is not available on October 1, 2008, then the remaining half of the rate rebasing shall be implemented using 2005 audited cost data.

Funding for inflationary increases for skilled nursing facilities for the 2007-2008 and 2008-2009 fiscal years shall be used to implement the rebasing of rates for the case-mix reimbursement system for skilled nursing facilities.

SECTION 10.39A.(b) Effective January 1, 2008, the skilled nursing facility provider assessment shall be increased by one dollar (\$1.00). Effective January 1, 2009, the skilled nursing facility provider assessment shall be increased by one dollar (\$1.00) over the assessment amount in effect on January 1, 2008. These assessment increases shall be consistent with federal law and regulations for provider assessments. The revenue realized from the increased provider assessment for skilled nursing facilities shall be used to reduce State appropriations needed to rebase the rates for the case-mix reimbursement system for skilled nursing facilities. If additional funding is needed to implement the rebasing of the case-mix reimbursement system for skilled nursing facilities, the Department may use funds available in order to implement the rebasing.

SECTION 10.39A.(c) The Department of Health and Human Services, Division of Medical Assistance, shall develop an appropriate schedule for ongoing rebasing of rates for the case-mix reimbursement system for skilled nursing facilities. Not later than December 1, 2008, the Department shall report on the implementation of this section to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. The report shall include how rebasing can effectively replace the existing system for providing inflationary increases for skilled nursing facilities.

These funds shall be allocated as prescribed by G.S. 143C-9-1(b) for Medicaid programs. Notwithstanding the prescription in G.S. 143C-9-1(b) that these funds not reduce State general revenue funding, these funds shall replace the reduction in general revenue funding effected in this act. The Department may also use funds in the Medicaid Special Fund to fund the settlement of the Disproportionate Share Hospital payment audit issues between the Department of Health and Human Services and the federal government related to fiscal years 1997-2002, and funds are appropriated from the fund for the 2007-2009 fiscal biennium for this purpose.

NC KIDS' CARE

SECTION 10.48.(a) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Medical Assistance, the sum of three hundred sixty-eight thousand dollars (\$368,000) for the 2007-2008 fiscal year shall be used by the Department of Health and Human Services to produce a report that identifies the most cost-efficient and cost-effective method for developing and implementing a program of comprehensive health care benefits within available funding for children ages 0 through 18 in families with annual incomes between two hundred percent (200%) and three hundred percent (300%) of the federal poverty level. The report shall consider and address the following:

- (1) Congress' reauthorization of the State Children's Health Insurance Program (SCHIP) with respect to:

- a. The amount of federal funds authorized for each of the fiscal years covered in the reauthorization;
- b. The number of fiscal years that federal funding awarded to the states remains available to each state;
- c. The adequacy of the formula by which federal funds are distributed to the states; and
- d. The ability of states to expand SCHIP coverage to children whose family incomes exceed two hundred percent (200%) of the federal poverty level.

The Department shall determine whether the most effective use of State funds is to develop a program that expands access to health insurance for children whose family income exceeds two hundred percent (200%) of the federal poverty level through NC Health Choice or the State Medical Assistance Program.

- (2) Eligibility and benefits are not an entitlement, are for legal residents of North Carolina, and are subject to availability of State and federal funds, and State and federal requirements.
- (3) The most cost-effective use of limited State funds to offer health care services to children in families between two hundred percent (200%) and three hundred percent (300%) of the federal poverty level.
- (4) Children enrolled in the program must be ineligible for Medicaid, Medicare, or other government-sponsored health insurance. The Department shall study whether children must also be without private health insurance for a specified amount of time, e.g. six months.
- (5) The health care benefits covered in the proposed expansion program shall not exceed the benefits currently covered by the NC Health Choice.
- (6) The establishment of cost-sharing measures for the families of children with an income above two hundred percent (200%) of the federal poverty level, including:
 - a. A monthly premium per child that is at an optimal level that simultaneously is affordable, encourages participation by families, controls costs, and provides revenue to reduce the cost of the program to the State. The amount of the premium may increase as income increases above two hundred percent (200%) of the federal poverty level.
 - b. Increased co-payments and cost-sharing that are affordable and sufficient to control costs, while not discouraging families from seeking and continuing prescribed treatment for children.
 - c. A deductible that is to be applied to certain health care benefits.
 - d. A limit on out-of-pocket expenses that is no more than five percent (5%) of family income.
- (7) The establishment of a comprehensive annual benefit limit per child that is no more than the current annual benefit limit under NC Health Choice.
- (8) The most cost-effective and efficient way of administering and managing enrollment in the program and the collection of premiums. This may include having the current administrator of NC Health Choice be the entity to collect premiums, or designating some other benefit management or administrative entity to do so, including the Department.

SECTION 10.48.(b) Not later than January 1, 2008, the Department shall submit an interim report of its findings and recommendations to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Joint

Legislative Commission on Governmental Operations, and the Fiscal Research Division. The Department shall submit its final report not later than February 1, 2008. It is the intent of the General Assembly to review the Department's recommendations before the Department implements a program to expand access to health insurance to children above two hundred percent (200%) of the federal poverty level effective July 1, 2008, or upon approval of all required federal waivers, whichever occurs later.

SECTION 10.48.(c) Of the funds appropriated in this act to the Department of Health and Human Services, the sum of seven million dollars (\$7,000,000) for the 2008-2009 fiscal year shall be used to implement a program to expand access to health insurance to children above two hundred percent (200%) of the federal poverty level effective July 1, 2008.

In coordination with local management entities, the Division shall develop and direct purchasing mechanisms to improve the availability of substance abuse services offered on a local, regional, and statewide basis in coordination with one or more local management entities. Of the funds allocated in this subsection for regionally funded, locally hosted substance abuse services, the sum of five hundred thousand dollars (\$500,000) for the 2007-2008 fiscal year and the sum of seven hundred thousand dollars (\$700,000) for the 2008-2009 fiscal year shall be allocated for residential substance abuse programs with a vocational component.

SECTION 10.49.(b) G.S. 122C-147.1 is amended by adding the following new subsection to read:

"(d1) Notwithstanding subsections (b) and (d) of this section, each area program shall determine whether to earn the funds for crisis services and funds for services to substance abuse clients in a purchase-for-service basis, under a grant, or some combination of the two. Area programs shall account for funds expended on a grant basis according to procedures required by the Secretary and in a manner that is similar to funds expended in a purchase-for-service basis."

SECTION 10.49.(c) Consistent with G.S. 122C-2, the General Assembly strongly encourages LMEs to use a portion of the funds appropriated for substance abuse treatment services to support prevention and education activities.

SECTION 10.49.(d) An LME may use up to one percent (1%) of funds allocated to it for substance abuse treatment services to provide nominal incentives for consumers who achieve specified treatment benchmarks, in accordance with the federal substance abuse and mental health services administration best practice model entitled Contingency Management.

SECTION 10.49.(e1) In providing treatment and services for adult offenders and increasing the number of TASC case managers, local management entities shall consult with TASC to improve offender access to substance abuse treatment and match evidence-based interventions to individual needs at each stage of substance abuse treatment. Special emphasis should be placed on intermediate punishment offenders, community punishment offenders at risk for revocation, and DOC releasees who have completed substance abuse treatment while in custody.

In addition to the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and

Substance Abuse Services to provide substance abuse services for adult offenders and to increase the number of TASC case managers, the Department shall allocate up to three hundred thousand dollars (\$300,000) to Treatment Accountability for Safer Communities (TASC). These funds shall be allocated to TASC before funds are allocated to local management entities for mental health services, substance abuse services, and crisis services.

SECTION 10.49.(e2) In providing Drug Treatment Court services, local management entities shall consult with the local drug treatment court team and shall select a treatment provider that meets all provider qualification requirements and the drug treatment court's needs. A single treatment provider may be chosen for non-Medicaid-eligible participants only. A single provider may be chosen who can work with all of the non-Medicaid-eligible drug treatment court participants in a single group. During the 52-week Drug Treatment Court program, participants shall receive an array of treatment and after-care services that meets the participant's level of need, including step-down services that support continued recovery.

SECTION 10.49.(f) Within available State and county resources, local management entities shall work with county public health departments and county sheriffs to provide medical assessments and medication, if appropriate, for inmates housed in county jails who are suicidal, hallucinating, or delusional. LMEs shall also examine ways to provide additional treatment to persons who are determined to be psychotic, severely depressed, suicidal, or who have substance abuse disorders. To this end:

- (1) The Department shall work with LMEs, county public health departments, and county sheriffs to develop a statewide standardized evidence-based screening instrument to be used when offenders are booked. The standardized screening tool shall be implemented by January 1, 2008.
- (2) LMEs and county sheriffs shall work together to develop all of the following:
 - a. A designated LME employee who is responsible for screening the daily jail booking log for known mental health consumers.
 - b. Protocols for effective communication between the LME and the jail staff including collaborative development of medication management protocols between the jail staff and the mental health providers.
 - c. Training to help detention officers recognize signals of mental illness.

ADDITIONAL HOUSING ASSISTANCE.

SECTION 10.49.(g) The independent and supportive living apartments for persons with disabilities developed from funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, and the North Carolina Housing Finance Agency for that purpose shall be affordable to persons with incomes at the Supplemental Security Income (SSI) level. The Department shall maximize the number of subsidies that can be paid for with these funds by giving first priority to North Carolina Housing Agency-financed apartments, giving second priority to other publicly subsidized apartments, and third priority to market-rate apartments. Unless prohibited by the Fair Housing Act or other applicable federal law, in awarding funds for financing apartments, the Housing Finance Agency shall give first priority to those housing developments with an LME as the lead agency.

SECTION 10.49.(h1) The Department of Health and Human Services and the North Carolina Housing Finance Agency (NCHFA) shall work together to develop a plan for the most efficient and effective use of State resources in the financing and development of additional independent- and supportive-living apartments for

individuals with mental health, developmental or substance abuse disabilities. Not later than March 1, 2008, the Department and the NCHFA shall submit jointly an interim report to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services ("Oversight Committee"). The interim report shall include how housing finance agencies and departments of health and human services in other states have worked together to address the housing needs of these populations and how other states have addressed disability specific housing. Not later than March 1, 2009, the Department and the NCHFA shall submit jointly a final report to the Oversight Committee. The final report shall take into consideration findings in the interim report and shall include strategies for addressing gaps in the housing continuum identified by the DHHS study of the housing needs of persons with mental illness in adult care homes, if the study is completed. The Department and the NCHFA shall also jointly report on the progress of the Housing 400 Initiative to the Oversight Committee not later than March 1, 2008.

SECTION 10.49.(h2) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, may transfer funds appropriated for operating cost subsidies for independent- and supportive-living apartments for individuals with disabilities to the North Carolina Housing Finance Agency (NCHFA) to be used for these purposes. If funds appropriated in this act for operating assistance for the independent supportive living apartments for people with disabilities exceed the amount necessary to finance those apartments for which funds were appropriated, then the excess funds may be used in each fiscal year to subsidize other apartments for individuals with disabilities that are affordable for individuals with income at the SSI level.

For the purposes of ensuring that State supported assisted housing is available to all disability groups, the NCHFA and the Department of Health and Human Services shall do the following:

- (1) The NCHFA shall provide to the Division of Medical Assistance the identifying information of each resident that receives housing assistance in NCHFA properties because of the recipient's disability.
- (2) The Department of Health and Human Services shall review the Medicaid database to determine which of these residents receives Medicaid and, of those, the type of disability of each Medicaid recipient for whom information was provided under subdivision (1) of this subsection.
- (3) The Department of Health and Human Services shall report to the General Assembly the aggregate statewide total by type of disability. The types of disability for which aggregate data is reported shall be mental illness, developmental disability, physical disability, and the multiple combination of these types. The report shall ensure that individuals with multiple diagnoses are counted only one time for each aggregate report. The Department of Health and Human Services shall ensure that information reported does not include information that would identify or lead to the identity of a Medicaid recipient. The Department of Health and Human Services shall submit the report to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division not later than May 1, 2008, and again not later than May 1, 2009.
- (4) The reports required under subdivision (3) of this subsection shall include data on all housing units for people with disabilities financed with Housing Trust Fund funds appropriated for the 2006-2007 fiscal year or after.

Of the funds appropriated in this act to the Department of Health and Human Services for operating cost subsidies for independent- and supportive-living apartments for individuals with disabilities, not more than one hundred fifty thousand dollars (\$150,000) may be used for administration of the subsidies and for evaluation and reporting requirements under this subsection.

SECTION 10.49.(i) The Department of Health and Human Services shall develop a "Transitional Residential Treatment Program" service definition to provide 24-hour residential treatment and rehabilitation for adults who have a pattern of difficult behaviors related to mental illness, which exceeds the capabilities of traditional community residential settings. Before implementing the definition and rate, the Department shall report to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services. Not later than March 1, 2008, the Department shall report to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services on the implementation of this subsection.

SECTION 10.49.(j) The joint ad hoc subcommittee regarding the mentally ill in adult care homes convened by the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services and the North Carolina Commission on Aging may continue to study and identify rules and laws that are necessary to regulate facilities that provide housing for adults with mental illness in the same location with adults without mental illness.

SECTION 10.49.(k) Not later than January 1, 2008, the Department of Health and Human Services shall complete the development of a Uniform Screening Tool (UST) to determine the mental health of any individual admitted to any long-term care facility. The Department shall report on the status of UST development on or before October 1, 2007, to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services.

SECTION 10.49.(l) G.S. 122C-115.4(b)(5) reads as rewritten:

"(b) The primary functions of an LME include all of the following:

(5) Care coordination and quality management. This function ~~includes the direct monitoring of the effectiveness of person centered plans. It also includes the initiation of and participation in the development of required modifications to the plans for high risk and high cost consumers in order to achieve better client outcomes or equivalent outcomes in a more cost effective manner. Monitoring effectiveness includes reviewing client outcomes data supplied by the provider, direct contact with consumers, and review of consumer charts.~~ involves individual client care decisions at critical treatment junctures to assure clients' care is coordinated, received when needed, likely to produce good outcomes, and is neither too little nor too much service to achieve the desired results. Care coordination is sometimes referred to as "care management." Care coordination shall be provided by clinically trained professionals with the authority and skills necessary to determine appropriate diagnosis and treatment, approve treatment and service plans, when necessary to link clients to higher levels of care quickly and efficiently, to facilitate the resolution of disagreements between providers and clinicians, and to consult with providers, clinicians, case managers, and utilization reviewers. CRISIS AND ACUTE CARE SERVICES.

SECTION 10.49.(m) The thirteen million seven hundred thirty-seven thousand eight hundred fifty-six dollars (\$13,737,856) appropriated in this act for crisis services in each fiscal year to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, shall be allocated to local management entities to continue to implement the crisis plans developed under S.L. 2006-66, Section 10.26. In allocating these funds, the Department shall consider the impact of the closure of any State institution on each local management entity. The Department of Health and Human Services may use up to two hundred fifty thousand dollars (\$250,000) in each fiscal year of the funds allocated under this subsection to extend its contract with the crisis services consultant authorized under Section 10.26(b) of S.L. 2006-66.

SECTION 10.49.(n) S.L. 2006-66, Section 10.26(d), as amended by Section 11 of S.L. 2006-221, reads as rewritten:

"SECTION 10.26.(d) With the assistance of the consultant, the ~~area authorities and county programs~~ LMEs within a crisis region shall work together to identify gaps in their ability to provide a continuum of crisis services for all consumers and use the funds allocated to them to develop and implement a plan to address those needs. At a minimum, the plan must address the development over time of the following components: 24-hour crisis telephone lines, walk-in crisis services, mobile crisis outreach, crisis respite/residential services, crisis stabilization units, 23-hour beds, facility-based crisis, in-patient crisis, detox, and transportation. If all ~~area authorities and county programs~~ LMEs in a crisis region determine that a facility-based crisis center is needed and sustainable on a long-term basis, the crisis region shall first attempt to secure those services through a community hospital or other community facility. If all ~~area authorities and county programs~~ LMEs in the crisis region determine the region's crisis needs are being met, the ~~area authorities and county programs~~ LMEs may use the funds to meet local crisis service needs."

SECTION 10.49.(o) LMEs shall report monthly to the Department and to the consultant regarding the use of the funds, whether there has been a reduction in the use of State psychiatric hospitals for acute admissions, and any remaining gaps in local and regional crisis services. The consultant and the Department shall report quarterly to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Fiscal Research Division, and the Joint Legislative Oversight Committee on Mental

Health, Developmental Disabilities, and Substance Abuse Services regarding each LME's proposed and actual use of the funds appropriated under this section. The reporting requirements under this subsection shall expire July 1, 2008.

SECTION 10.49.(q) G.S. 122C-147.1 is amended by adding the following new subsection to read:

"(b1) Notwithstanding subsection (b) of this section, funds appropriated by the General Assembly for crisis services shall not be allocated in broad disability or age/disability categories. Subsection (c) of this section shall not apply to funds appropriated by the General Assembly for crisis services."

SECTION 10.49.(r) The Department of Health and Human Services shall develop a system for reporting to LMEs aggregate information regarding all visits to community hospital emergency departments due to a mental illness, a developmental disability, or a substance abuse disorder. The report shall be submitted on a quarterly basis beginning with the 2007-2008 fiscal year.

SECTION 10.49.(s1) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (Division), the sum of two million five hundred thousand dollars (\$2,500,000) for the 2007-2008 fiscal year and the sum of five million dollars (\$5,000,000) for the 2008-2009 fiscal year shall be used to develop a pilot program to reduce State psychiatric hospital use and to increase local services for persons with mental illness. Of these funds, the sum of two hundred fifty thousand dollars (\$250,000) in each fiscal year shall be retained by the Department. The remainder in each fiscal year shall be allocated to LMEs to be used in accordance with this section. The Division and each selected LME shall implement an 18-month pilot beginning in the 2007-2008 fiscal year, as provided in subsections (s2) and (s3) of this section. It is the intent of the General Assembly to provide funds to expand the pilot program in the 2008-2009 fiscal year. To this end, the Division shall develop a plan for expanded pilots as provided in subsection (s4) of this section.

SECTION 10.49.(s2) The purpose of the 18-month pilot program developed under subsection (s1) of this section and to be implemented during the 2007-2008 fiscal year is to test a mechanism to reduce psychiatric hospital use by holding an LME financially and clinically responsible for the cost of that use and by providing additional resources to build community capacity. The Department shall select up to three LMEs in the same catchment area and at least one LME in a different catchment area that submit a proposal to participate in the pilot to the Division no later than October 15, 2007. The proposal shall include a plan by the LME to reduce hospital use by a specified amount and an explanation of how the LME expects to accomplish this goal. To facilitate pilot implementation, the Division shall do all of the following:

- (1) Calculate the cost of each LME's 2006-2007 use of State psychiatric hospital services based roughly on that hospital's total budget and the percentage of patients at the hospital admitted from the LME's catchment area.
- (2) Calculate a daily rate for hospital usage based on 2006-2007 statewide usage. The daily rate shall be higher for subsequent admissions by the same patient and higher for patients admitted with a primary diagnosis of substance abuse.
- (3) Provide the results from subdivisions (1) and (2) of this subsection to all LMEs not later than September 1, 2007.
- (4) Award pilot participation not later than November 1, 2007, based upon the proposals that project the largest decrease in use and that the Division believes has the greatest likelihood of succeeding.
- (5) Commence pilot implementation not later than January 1, 2008.

SECTION 10.49.(s3) Parameters of the pilot developed under subsection (s1) of this section are as follows:

- (1) The pilot LMEs will have a virtual budget account for January 1, 2008, through June 30, 2008, based on one-half of the LME's cost of State psychiatric hospital use during the 2006-2007 fiscal year minus the LME's proposed reduction in hospital use. The virtual budget account will be for the full amount less an agreed upon reduction in the second year of the pilot.
- (2) Every bed day used by patients from that LME's catchment area will be debited against that LME's virtual account.
- (3) The cost of bed days will increase by the agreed upon amount for patients who are repeatedly admitted to the hospital.
- (4) The cost of bed days will increase by the agreed upon amount for patients who are admitted with a primary diagnosis of substance abuse.
- (5) The LME shall have one or more representatives on site at the State psychiatric hospital. The LME representatives shall be involved with patient admissions, development of treatment plans, supervision and delivery of treatment, and development and implementation of discharge plans.
- (6) The pilot LMEs shall use their allocated funds to: (i) build community capacity through start-up operations or payment for local services; (ii) pay for the on-site representative at State psychiatric hospitals; and (iii) pay for patient bed days that are in excess of RFP's projected use.
- (7) Any funds remaining from the two million two hundred fifty thousand dollar (\$2,250,000) allocation shall carry over to be used by the LMEs to pay for services to the mentally ill.

SECTION 10.49.(s4) Based on the experiences of the pilot programs authorized under subsections (s2) and (s3) of this section, the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (Division) shall work with the existing hospital use study group to develop a proposal for subsequent pilots to reduce hospital use and build community services. The Division may use up to two hundred fifty thousand dollars (\$250,000) in each fiscal year to develop the proposal. The Division shall submit an interim report on its progress to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services (Oversight Committee) by October 15, 2007, and a second interim report by February 1, 2008. The Division shall submit its final report to the Oversight Committee by February 1, 2009. The final report shall include a description of the pilot LMEs' success in working with local hospitals and the resulting reductions in the use of emergency rooms, jails, and State facilities.

SECTION 10.49.(s5) The budgets for the State psychiatric hospitals shall not be reduced during the 2007-2008 fiscal year as a result of the pilot developed under subsection (s1) of this section. However, those budgets shall be adjusted in following years to reflect the previous year's use by the LMEs participating in the pilot program.

SECTION 10.49.(t) Notwithstanding G.S. 122C-112.1(a)(30) and G.S. 122C-181, the Secretary of Health and Human Services may close Dorothea Dix Hospital, and the Secretary of Health and Human Services may close John Umstead Hospital or any unit or section of that hospital, provided that all of the following conditions have been met prior to closure of each hospital or unit thereof:

- (1) The Secretary has notified the Joint Legislative Commission on Governmental Operations, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and members of the General Assembly who represent catchment areas affected by the closure.
- (2) The Secretary has presented a plan for the closure of each hospital or unit thereof to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services (Oversight Committee) for its review, advice, and recommendations.

The Secretary shall also provide a copy of the plan to each member of the General Assembly in a timely manner to permit each member of the General Assembly to comment at the presentation of the plan to the Oversight Committee. The plan shall address specifically all of the following: (i) the capacity of any replacement facility and the catchment area to meet the needs of those consumers who require long-term secure services as well as acute care; (ii) an inventory of existing capacity in the communities within the catchment area for patients to access crisis services, appropriate housing, and other necessary supports; (iii) how the State and the LMEs in the catchment area will attract and retain qualified private providers that will provide services to State-paid non-Medicaid-eligible consumers; and (iv) the impact of the closure on remaining State facilities. In implementing the plan, the Secretary shall take into consideration the comments and recommendations of the Oversight Committee and other members of the General Assembly.

- (3) The Central Regional Hospital is operational and patient transfers from Dorothea Dix Hospital and John Umstead Hospital have been completed.
- (4) Notwithstanding any other provision of law, the Secretary shall not close a State facility if there are not adequate replacement services available prior to the date of closure.

SECTION 10.49.(u) In keeping with the United States Supreme Court decision in Olmstead v. L.C. & E.W. and State policy to provide appropriate services to clients in the least restrictive and most appropriate environment, the Department of Health and Human Services shall continue to implement a plan for the transition of patients from State psychiatric hospitals to the community or to other long-term care facilities, as appropriate. The goal is to develop mechanisms and identify resources needed to enable patients and their families to receive the necessary services and supports based on the following guiding principles:

- (1) Individuals shall be provided acute psychiatric care in non-State facilities when appropriate.
- (2) Individuals shall be provided acute psychiatric care in State facilities only when non-State facilities are unavailable.
- (3) Individuals shall receive evidence-based psychiatric services and care that are cost-efficient.
- (4) The State shall minimize cost shifting to other State and local facilities or institutions.

The Department of Health and Human Services shall conduct an analysis of the individual patient service needs and shall develop and implement an individual transition plan, as appropriate, for patients in each hospital. The State shall ensure that each individual transition plan, as appropriate, shall take into consideration the availability of appropriate alternative placements based on the needs of the patient and within resources available for the mental health, developmental disabilities, and substance abuse services system. In developing each plan, the Department shall consult with the patient and the patient's family or other legal representative.

The Department of Health and Human Services shall submit reports on the status of implementation of this section to the Joint Legislative Commission on Governmental Operations, the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division. These reports shall be submitted on December 1, 2007, and May 1, 2008.

SECTION 10.49.(aa) No later than July 1, 2008, the Department of Health and Human Services shall commence the process for three additional local management entities to apply for Medicaid waivers.

FILLING SERVICE GAPS.

SECTION 10.49.(bb) Funds appropriated in this act for mental health services and supported employment shall be allocated to local management entities such that each local management entity receives a percentage of the total allocation that is equal to that local management entity's percentage of the State's total population that is below the federal poverty level. Funds appropriated to the Department of Health and Human Services for the 2006-2007 fiscal year for mental health services, substance abuse services, and crisis services and allocated based on the poverty level shall continue to be allocated by the Department to local management entities such that each local management entity receives a percentage of the total allocation that is equal to that local management entity's percentage of the State's total population that is below the federal poverty level.

SECTION 10.49.(cc) G.S. 122C-147.1(c) shall apply to the State-funded service of developmental therapies.

SECTION 10.49.(dd) The Department of Health and Human Services shall develop and apply to the Centers for Medicare and Medicaid Services for additional home and community-based waivers for persons with developmental disabilities. In conjunction with the existing CAP MR/DD waiver, the new waivers will create a tiered system of services. Not later than March 1, 2008, the Department shall report to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services on the status of the waivers required under this section.

SECTION 10.49.(ee) For the purpose of avoiding overutilization of community support services and overexpenditure of funds for these services, the Department of Health and Human Services shall immediately conduct an in-depth evaluation of the use and cost of community support services to identify existing and potential areas of overutilization and overexpenditure. The Department shall also adopt or revise as necessary management policies and practices that will ensure that at a minimum:

- (1) There is in place a list of community support services that are appropriate to meet the critical needs of the client and are cost effective;
- (2) Community support services are appropriately utilized based on the critical needs of the client, and utilization is monitored routinely to ensure against overutilization;
- (3) That expenditures for services are controlled to the maximum extent possible without unnecessarily impairing service quality and efficiency;
- (4) Service providers are fully competent to provide each service, to provide the service in the most efficient manner, and that services and providers meet standards of protocol adopted by the Department. To this end, endorsement shall be based on compliance with: a Medicaid service-specific checklist, rules for Mental Health, Developmental Disabilities, and Substance Abuse Services, client rights rules in community Mental Health, Developmental Disabilities, and Substance Abuse Services, the Medicaid service records manual, and other Medicaid requirements as stipulated in the participation agreement with the Division of Medical Assistance. In accordance with G.S. 122C-115.4, an LME may remove a provider's endorsement;
- (5) All community support services are subject to prior approval after the initial assessment and development of a person-centered plan has been completed;

- (6) Providers are limited to four hours of community support for adults and eight hours of community support for children to develop the person-centered plan. Those hours shall be provided only by a qualified professional. Providers that determine that additional hours are needed must seek and obtain prior approval. If additional hours are authorized, the LME may participate in the development of the person-centered plan as part of its care coordination and quality management function as defined in G.S. 122C-115.4.
- (7) Based on standards of care and practice, a stringent clinical review process for authorization of services is implemented uniformly and in accordance with State guidelines;
- (8) Additional record audits of providers are conducted on a routine basis to continually ensure compliance with Medicaid requirements;
- (9) Post-payment clinical reviews are conducted at the local level to ensure that consumers receive the appropriate level and intensity of care;
- (10) Beginning October 1, 2007, and monthly thereafter, report to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services. The report shall include the following:
 - a. The number of consumers of community support services by month, segregated by adult and child;
 - b. The number of units of community support services billed and paid by month, segregated by adult and child;
 - c. The amount paid for community support by month, segregated by adult and child;
 - d. Of the numbers provided in sub-subdivision b. of this subdivision, identify those units provided by a qualified professional and those provided by a paraprofessional;
 - e. The length of stay in community support, segregated by adult and child;
 - f. The number of clinical post payment reviews conducted by LMEs and a summary of those findings;
 - g. The total number of community support providers and the number of newly enrolled, re-enrolled, or terminated providers, and if available, reasons for termination;
 - h. The number of community support providers that have been referred to DMA's Program Integrity Section, the Division's "Rapid Action response" committee; or the Attorney General's Office;
 - i. The utilization of other, newly enhanced mental health services, including the number of consumers served by month, the number of hours billed and paid by month, and the amount expended by month;
- (11) If possible, modify the Medicaid claims payment processing system so that providers will be required to identify, by claim, whether the service was provided by a qualified professional or a paraprofessional; and
- (12) The Department of Health and Human Services and the Department of Public Instruction shall amend their Memorandum of Agreement to ensure that each local education agency develops its own list of approved providers and individual service providers authorized to

provide services on campus as provided under the Federal Safe Schools Act.

The Department shall report not later than November 1, 2007, on the list of community support services determined to be appropriate. Not later than March 1, 2008, the Department shall provide a detailed report on the implementation and status of each of the activities required by this subsection to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division. The report shall also include clear standards for determining local management entity capability to perform utilization review and utilization management and clear statewide standards for utilization review and utilization management. These standards shall include (i) determination of medical necessity; (ii) an authorization process that includes the use of standardized forms; (iii) concurrent review procedures; (iv) recipient appeals process; (v) minimum staffing requirements; (vi) requirements for data collection and reporting; and (vi) performance criteria for the LMEs and outside vendor.

In order to ensure full compliance with the laws of this State on the implementation of mental health reform, the Department shall, by January 1, 2008, adopt statewide standardized authorization procedures and processes for Medicaid utilization review. Before July 1, 2008, (i) up to six LMEs that meet those standards (not including LMEs approved for 1915(b) waivers) may, under contract with the outside vendor, complete the utilization review process for enhanced benefit and CAP MR/DD services for the LMEs' respective catchment areas; (ii) the Department shall have a process outlined that would enable all other LMEs to meet the standards required for completing the utilization review process under contract with the outside vendor; (iii) the Department shall report on the implementation of utilization review, including the utilization review process, subcontract details, and funding levels, to the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. The Department shall ensure that all Medicaid utilization review contracts with outside vendors, as required under this subsection, that are executed, renewed, or extended after the effective date of this act, are in compliance with and do not impair, interfere with, or otherwise prohibit the implementation of this subsection. Prior to renewing, extending, or entering into a contract with an outside vendor for utilization review under this subsection, the Department shall consult with the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services.

LME ADMINISTRATIVE FUNDING.

SECTION 10.49.(ff) The General Assembly finds that counties have budgeted almost one hundred twenty-one million dollars (\$121,000,000) to LMEs to pay for mental health, developmental disabilities, and substance abuse services. However, the General Assembly lacks information regarding the specific services that are purchased with those county funds. The General Assembly also lacks data regarding the incomes of persons receiving mental health, developmental disabilities, and substance abuse services that are paid for by either State or county funds. This lack of data severely limits the General Assembly's ability to determine the distribution of services that are being paid for with public funds, whether persons who are eligible for Medicaid are being enrolled in that program, and whether expanding the State's Medicaid eligibility criteria would impact a significant number of mental health, developmental disabilities, and substance abuse services consumers. Therefore, LMEs shall report annually to the Division all expenditures from county funds by the LME for services, start-up expenses, and capital and operational expenditures, regardless of the

source of the funds and regardless of whether the funds were earned on a payment for service or grant basis. This reporting shall include specific information regarding the expenditure of all funds provided to the LME by the county or counties contained in the LME's catchment area and the amount of expenditures for services provided by the multicounty LME to residents of each county in the multicounty LME's catchment area. To the extent possible, the information shall be submitted through the Integrated Payment and Reimbursement System. LMEs shall also gather income data for all individuals receiving services. Notwithstanding G.S. 143C-6-4, Budget Adjustments Authorized, the Department of Health and Human Services shall fully fund the State's contribution for LME system administration.

SECTION 10.49.(gg) It is the intent of the General Assembly that the deficit in State funding for local management entity system administration will be eliminated in future years through savings from hospital downsizing. The General Assembly anticipates that full funding for this purpose will be available in the 2009-2011 fiscal biennium.

SECTION 10.49.(hh) G.S. 122C-115.4(d) reads as rewritten:

"(d) Except as provided in G.S. 122C-142.1 and G.S. 122C-125, the Secretary may ~~not~~ neither remove from an LME nor designate another entity as eligible to implement any function enumerated under subsection (b) of this section unless all of the following applies:

- (1) The LME fails during the previous three months to achieve a satisfactory outcome on any of the critical performance measures developed by the Secretary under G.S. 122C-112.1(33).
- (2) The Secretary provides focused technical assistance to the LME in the implementation of the function. The assistance shall continue for at least six months or until the LME achieves a satisfactory outcome on the performance measure, whichever occurs first.
- (3) If, after six months of receiving technical assistance from the Secretary, the LME still fails to achieve or maintain a satisfactory outcome on the critical performance measure, the Secretary shall enter into a contract with another LME or agency to implement the function on behalf of the LME from which the function has been removed."

SECTION 10.49.(ii) The Department of Health and Human Services shall use available funds not to exceed five hundred thousand dollars (\$500,000) in each fiscal year to contract with the University of North Carolina at Chapel Hill, Kenan Flagler Business School, to provide administrative training to local management entities. The Department of Health and Human Services shall advise the Kenan Flagler Business School on prioritizing those local management entities that would most benefit from the training. The Department of Health and Human Services shall use funds available for the contract.

SECTION 10.49.(jj) In allocating funds from existing resources to local management entities for administrative costs, the Department shall ensure that each local management entity receives not less in service dollars than that local management entity expended for services in the 2006-2007 fiscal year.

DEVELOPMENTAL CENTER DOWNSIZING

SECTION 10.50.(a) In accordance with the Department of Health and Human Services' plan for mental health, developmental disabilities, and substance abuse services system reform, the Department shall ensure that the downsizing of the State's Developmental Centers is based upon individual needs and the availability of community-based services with a targeted goal of four percent (4%) each year. The Department shall implement cost-containment and reduction strategies to ensure the corresponding financial and staff downsizing of each facility. The Department shall manage the client population of the Developmental Centers in order to ensure that placements for ICF-MR level of care shall be made to appropriate community-based

settings. Admissions to a State-operated ICF-MR facility is permitted only as a last resort and only upon approval of the Department. The corresponding budgets for each of the Developmental Centers shall be reduced, and positions shall be eliminated as the census of each facility decreases in accordance with the Department's budget reduction formula. At no time shall mental retardation center positions be transferred to other units within a facility or assigned nondirect care activities such as outreach.

SECTION 10.50.(b) The Department of Health and Human Services shall apply any savings in State appropriations in each year of the 2007-2009 biennium that result from reductions in beds or services as follows:

- (1) The Department shall place nonrecurring savings in the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs and use the savings to facilitate the transition of clients into appropriate community-based services and support in accordance with G.S. 143C-9-2;
- (2) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall retain recurring savings realized through implementation of this section to support the recurring costs of additional community-based placements from Division facilities in accordance with Olmstead v. L.C. & E.W. In determining the savings in this section, savings shall include all savings realized from the downsizing of the Developmental Centers, including the savings in direct State appropriations in the budgets of the Developmental Centers; and
- (3) The Department of Health and Human Services, Division of Medical Assistance, shall transfer any recurring Medicaid savings resulting from the downsizing of State-operated Developmental Centers from the ICF-MR line in Medicaid to support Medicaid services to assist in continued community service opportunities for people with developmental disabilities.

SECTION 10.50.(c) Consistent with the requirements of this section, the Secretary of Health and Human Services shall update the existing plan to ensure that there are sufficient developmental disability/mental retardation regional centers to correspond with service catchment areas. The plan shall address:

- (1) Methods of funding for community services necessitated by downsizing;
- (2) How many State-operated beds and non-State-operated beds are needed to serve the population; and
- (3) Alternative uses for facilities.

Not later than April 1, 2008, the Department shall provide an updated report on the development of the plan, and not later than April 1, 2009, shall report the final plan, including recommendations for legislative action, to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.50.(d) The Department of Health and Human Services shall provide an updated report on its progress in complying with this section to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division. The Department shall submit the progress report no later than January 15, 2008, and submit a final report no later than May 1, 2009.

DHHS POLICIES AND PROCEDURES IN DELIVERING COMMUNITY MENTAL HEALTH, DEVELOPMENTAL DISABILITIES, AND SUBSTANCE ABUSE SERVICES

SECTION 10.51.(a) The Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall in cooperation with area mental health authorities and county programs, identify and eliminate administrative and fiscal barriers created by existing State and local policies and procedures in the delivery of community-based mental health, developmental disabilities, and substance abuse services provided through the area programs and county programs, including services provided through the Comprehensive Treatment Services Program for Children and services delivered to multiply diagnosed adults. The Department shall implement changes in policies and procedures in order to facilitate all of the following:

- (1) The provision of services to adults and children as defined in the Mental Health System Reform State Plan as priority or targeted populations.
- (2) The provision of services to children not deemed eligible for the Comprehensive Treatment Services Program for Children, but who would otherwise be in need of medically necessary treatment services to prevent out-of-home placement.
- (3) The provision of services in the community to adults remaining in and being placed in State institutions addressed in Olmstead v. L.C.

SECTION 10.51.(b) The Department shall rework the revised system of allocating State and federal funds to area mental health authorities and county programs to better reflect projected needs, including the impact of system reform efforts rather than historical allocation practices and spending patterns. The reworked allocation shall include the following:

- (1) For each LME, the current allocation by source and age/disability category, and the newly proposed allocation by source and age/disability category;
- (2) A clear formula for how the new allocations are derived with a detailed methodology for how the formula was created; and
- (3) A plan for moving to the new formula.

The Department shall submit the reworked language to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division not later than October 1, 2007, for review. The Department shall implement the system only after review and approval by the 2007 General Assembly, Regular Session 2008.

SECTION 10.51.(c) Area mental health, developmental disabilities, and substance abuse services authorities and county programs shall use all funds appropriated for and necessary to provide mental health, developmental disabilities, and substance abuse services to meet the need for these services. If excess funds are available after expending appropriated funds to fully meet service needs, one-half of these excess funds shall not revert to the General Fund but shall be transferred to the Trust Fund for Mental Health, Developmental Disabilities, and Substance Abuse Services and Bridge Funding Needs, except that one-half of the funds appropriated for the Comprehensive Treatment Services Program for Children that are unexpended and unencumbered shall not revert to the General Fund but shall be carried forward and used only for services for children and adolescents.

The Department, in consultation with the area mental health authorities and county programs, shall report to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services on the progress in implementing these changes. The report shall be submitted on October 1, 2007, and February 1, 2008.

SERVICES TO MULTIPLY DIAGNOSED ADULTS

SECTION 10.52.(a) In order to ensure that multiply diagnosed adults are appropriately served by the mental health, developmental disabilities, and substance abuse services system, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, shall do the following with respect to services provided to these adults:

- (1) Implement the following guiding principles for the provision of services:
 - a. Service delivery system must be outcome-oriented and evaluation-based.
 - b. Services should be delivered as close as possible to the consumer's home.
 - c. Services selected should be those that are most efficient in terms of cost and effectiveness.
 - d. Services should not be provided solely for the convenience of the provider or the client.
 - e. Families and consumers should be involved in decision making throughout treatment planning and delivery.
- (2) Provide those treatment services that are medically necessary.
- (3) Implement utilization review of services provided.

SECTION 10.52.(b) The Department of Health and Human Services shall implement all of the following cost-reduction strategies:

- (1) Preauthorization for all services except emergency services.
- (2) Criteria for determining medical necessity.
- (3) Clinically appropriate services.

SECTION 10.52.(c) No State funds shall be used for the purchase of single-family or other residential dwellings to house multiply diagnosed adults.

SECTION 10.52.(d) The Department shall report on implementation of this section on May 1, 2008, and again on May 1, 2009, to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Fiscal Research Division.

DEPARTMENTAL FLEXIBILITY IN SCHEDULING THE TRANSFER OF POSITIONS PERTAINING TO THE CLOSURE OF DOROTHEA DIX AND JOHN UMSTEAD HOSPITALS AND THE OPENING OF CENTRAL REGIONAL HOSPITAL

SECTION 10.53.(a) The Department of Health and Human Services may schedule the transfer of positions relating to the closure of Dorothea Dix Hospital and John Umstead Hospital and the opening of Central Regional Hospital in accordance with appropriations and reductions in funding enacted in this act in a manner that is timely and with minimal disruption in services. The Department may not transfer more positions than are authorized in the House of Representatives Appropriations Committee Report on Health and Human Services, referenced in this act, for the closure of Dorothea Dix Hospital and John Umstead Hospital, the opening of Central Regional Hospital, the transfer of Whitaker School and R. J. Blackley ADATC to Central Regional Hospital, and the transfer of Dorothea Dix Hospital Forensic Unit beds to Broughton Hospital.

SECTION 10.53.(b) Of the funds appropriated in this act to the Department of Health and Human Services for Broughton Hospital, the sum of up to two hundred fifty thousand dollars (\$250,000) may be used by Broughton Hospital to purchase a CT Scanner.

INSTITUTE OF MEDICINE TASK FORCE/STUDY OF SUBSTANCE ABUSE SERVICES IN NORTH CAROLINA

SECTION 10.53A.(a) The three hundred thousand dollars (\$300,000) appropriated in this act to the Department of Health and Human Services for allocation to the North Carolina Institute of Medicine (NC IOM) shall be used by the IOM to hire new staff, to undertake additional studies annually at the request of the General Assembly, and to support a rapid-response capacity to analyze secondary data sources on health or health-related data to the General Assembly and to State and local government agencies.

SECTION 10.53A.(b) The North Carolina Institute of Medicine shall use a portion of the funds allocated to it in subsection (a) of this section to convene a task force to study substance abuse services in North Carolina. The NC IOM shall provide staff and arrange for meeting facilities for the Task Force.

The IOM shall appoint as cochairs of the Task Force one member of the North Carolina House of Representatives, one member of the North Carolina Senate, and one member who provides substance abuse services selected from the Task Force.

SECTION 10.53A.(d) The Task Force shall:

- (1) Identify the continuum of services needed for treatment of substance abuse services, including, but not limited to, prevention, outpatient services, residential treatment, and recovery supports. The Task Force shall examine what public and private organizations currently provide services, where services are offered, and gaps in the current service delivery system. The Task Force shall examine services that are available through public and private systems, but shall focus on the availability of substance abuse services through the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services and local management entities. The Task Force shall identify which services should be available locally throughout the State, and which services should be offered regionally or statewide.
- (2) Identify evidence-based models of care or promising practices in coordination with the NC Practice Improvement Collaborative for the prevention and treatment of substance abuse and develop recommendations to incorporate these models into the current substance abuse service system of care.
- (3) Examine different financing options to pay for substance abuse services at the local, regional, and State levels. The Task Force shall also consider different reimbursement methodology, including, but not limited to, fee-for-service, grant funding, case rates, and capitation.
- (4) Examine the adequacy of the current and future substance abuse workforce, including, but not limited to, credentialed substance abuse

counselors, availability of substance abuse workers throughout the State, and reimbursement levels. The Task Force shall develop a workforce education plan, if needed, to address current or future workforce shortages.

- (9) Make recommendations on the implementation of a cost-effective plan for prevention, early screening, diagnosis, and treatment of North Carolinians with substance abuse problems. In so doing, the Task Force shall identify any policy changes needed to implement the plan and develop cost estimates associated with different recommendations. The Task Force shall also examine existing public and private financing options and explore how existing funding could be used more effectively to pay for the recommended services.

SECTION 10.53A.(e) The North Carolina Institute of Medicine's Substance Abuse Services Task Force shall submit its interim report and recommendations to the 2008 General Assembly upon its convening and to the chairs of the Senate Health Committee, the House of Representatives Health Committee, the Joint Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance Abuse Services, and the Governor. GENERAL PROVISIONS

SECTION 10.55.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

- (1) A delineation of the proposed allocations by program or activity, including State and federal match requirements.
- (2) A delineation of the proposed State and local administrative expenditures.
- (3) An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.
- (4) A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.
- (5) A projection of current year expenditures by program or activity.
- (6) A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

SECTION 10.55.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall allocate the increase proportionally

across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Department shall not propose funding for new programs or activities not appropriated in this section or increase State administrative expenditures.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall reduce State administration by at least the percentage of the reduction in federal funds. After determining the State administration, the remaining reductions shall be allocated proportionately across the program and activity appropriations identified for that Block Grant in this section. In allocating a decrease in federal fund availability, the Department shall not eliminate the funding for a program or activity appropriated in this section unless it is related to the State administration.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Commission on Governmental Operations, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

SECTION 10.55.(d) All changes to the budgeted allocations to the Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and a report shall be submitted to the Joint Legislative Commission on Governmental Operations for review prior to implementing the changes. All changes to the budgeted allocations to the Block Grant shall be reported immediately to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

The study shall address all of the following:

- (1) Current prosecutorial resources. – Resources to be considered include those available to district attorneys and their legal, administrative, support, and investigative staff, and the Conference of District Attorneys. The study shall also consider supplemental assistance and resources provided to district attorneys and their staffs through the State or other funding sources.
- (2) Services provided by the State's district attorneys and Conference of District Attorneys and the recipients of those services.

- (3) Funding of prosecutorial services, adequacy of supplies, equipment, and working space, and allocation of prosecutorial resources. – Issues to be considered shall include the following:
 - a. Funding, supplies, equipment, and space required to support prosecutorial services at an appropriate level.

The maximum sentence shall be calculated using G.S. 15A-1340.17(d), (e), or (e1).
- (3) If a person is serving sentences for two or more offenses that are concurrent in any respect, then the offense with the greater classification shall be used to determine a single maximum sentence for the concurrent offenses. The fact that the person has been convicted of multiple offenses may be considered by the Commission in making its determinations under subsection (a) of this section.

SECTION 17.11.(c) The Commission shall report to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight Committee and to the Chairs of the House of Representatives and Senate Appropriations Committees, and the Chairs of the House of Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by April 1, 2008. A taxpayer that forfeits part of the alternative credit under this subsection is liable for the additional taxes avoided plus interest at the rate established under G.S. 105-241.1(i), computed from the date the additional taxes would have been due if the credit had not been allowed. The additional taxes and interest are due 30 days after the date the credit is forfeited. A taxpayer that fails to pay the additional taxes and interest by the due date is subject to penalties provided in G.S. 105-236."

The nonfederal share may be divided between the State and the counties, in a manner consistent with the provisions of the federal Social Security Act, except that the share required from the counties may not exceed the share required from the state. If a portion of the nonfederal share is required from the counties, the boards of county commissioners of the several counties shall levy, impose and collect the taxes required for the special purpose of medical assistance as provided in this Part, in an amount sufficient to cover each county's share of such assistance."~~

- (1) If the amount of a county's Medicaid payments that are assumed by the State for fiscal year 2007-2008 under Section 31.16.1.(a) of this act exceeds the allocation the county would receive under this section based on its per average daily membership, the amount of the county's allocation from the Fund is reduced by sixty percent (60%) of the amount the county would receive based on its average daily membership.
- (2) If the amount of a county's Medicaid payments that are assumed by the State for fiscal year 2007-2008 under Section 31.16.1.(a) of this act does not exceed the allocation the county would receive under this section based on its per average daily membership, the amount of the county's allocation from the Fund is reduced by an amount equal to sixty percent (60%) of the county's Medicaid payments that are assumed by the State for fiscal year 2007-2008.

SECTION 31.16.2.(b) Restriction. – In fiscal year 2007-2008, a county must use a portion of the revenue that is available to it, as a result of the assumption by the State of part of the county's Medicaid payments, for the purposes set out in G.S. 115C-546.2(b). The portion that must be used for these purposes is an amount equal to the difference between what the county would receive under G.S. 115C-546.2(a) based on its per average daily membership and the adjusted amount it receives under subsection (a) of this section.

SECTION 31.16.2.(c) County Hold Harmless. – If the amount of the county's Medicaid costs and Medicare Part D clawback payments assumed by the State for fiscal year 2007-2008, less the amount by which the county's ADM funding is reduced under subsection (a) of this section, does not equal or exceed five hundred thousand dollars (\$500,000), the State must reimburse the county for the difference, but not less than one hundred dollars (\$100.00).

The Secretary of the Department of Health and Human Services must certify to the Secretary of Revenue the amount of the county's Medicaid costs and Medicare Part D clawback payments assumed by the State under section 31.16.1.(a) of this act. To

At the end of the 2007-2008 fiscal year, the Secretary must determine the county's actual hold harmless amount for the 2007-2008 fiscal year and send the remainder of the county's hold harmless amount to the county by August 15, 2008.

SECTION 31.16.2.(d) This section is effective when it becomes law. Subsections (a) and (b) of this section apply to allocations from the Public School Building Capital Fund for fiscal year 2007-2008.

A resolution enacted by a county under Article 44 before October 1, 2008, to levy one-half percent (1/2%) local sales and use tax is considered to be a resolution authorizing the levy of one-fourth percent (1/4%) local sales and use taxes under that Article, as amended by this section.

"§ 105-520. Distribution of taxes.

(b) **Per Capita.** – ~~The Secretary must, on a monthly basis, allocate the remaining net proceeds of the tax collected under this Article among the taxing counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer. The Secretary must then adjust the amount allocated to each county as provided in G.S. 105-486(b).~~

(c) **Distribution Between Counties and Cities.** – The Secretary must divide and distribute the funds allocated under this section each month between each taxing county and the municipalities located in the county in accordance with the method by which the one percent (1%) sales and use taxes levied in that county pursuant to Article 39 of this Chapter or Chapter 1096 of the 1967 Session Laws are distributed. No municipality may receive any funds under this subsection for a month if it is not entitled to a distribution under G.S. 105-501 for the same month."

(b) Distributions. – On or before August 15, ~~2003, 2008,~~ and every August 15 through August 15, 2012, the Secretary must multiply each local government's local sales tax share by the estimated amount of replacement revenue that all local governments ~~would be~~ are expected to receive during the current fiscal year ~~under G.S. 105-520 if every county levied the tax under this Article for the year.~~ If the resulting amount is less than one hundred percent (100%) of the local government's repealed reimbursement amount, the Secretary must pay the local government the difference, but not less than one hundred dollars (\$100.00).

On or before ~~May 1, 2003,~~ and every ~~May 1~~ May 1 of each fiscal year through May 1, 2012, the Department of Revenue and the Fiscal Research Division of the General Assembly must each submit to the Secretary and to the General Assembly a final projection of the estimated amount of replacement revenue that all local governments would be expected to receive during the upcoming fiscal year ~~under G.S. 105-520 if every county levied the tax under this Article for the fiscal year.~~ If, after May 1 and before a distribution is made, a law is enacted that would affect the projection, an updated projection must be submitted as soon as practicable. If the Secretary does not use the lower of the two final projections to make the calculation required by this subsection, the Secretary must report the reasons for this decision to the Joint Legislative Commission on Governmental Operations within 60 days after receiving the projections.

(c) Source of Funds. – The Secretary must draw the funds distributed under this section from sales and use tax collections under Article 5 of this Chapter.

(d) Reports. – The Secretary must report to the Revenue Laws Study Committee by January 31, 2004, and each January 31 through January 31, 2013, the amount distributed under this section for the current fiscal year."

SECTION 31.16.3.(d) G.S. 105-472 is amended by adding a new subsection to read:

"The Secretary of Revenue must reduce the amount distributable to Mecklenburg County under this section by the amount set in G.S. 105-522. This reduction does not affect the amount allocated to municipalities under this section."

SECTION 31.16.3.(f) Article 44 of Chapter 105 of the General Statutes is amended by adding two new sections to read:

"§ 105-522. City hold harmless for repealed local taxes.

(a) Definitions. – The following definitions apply in this section:

- (2) Hold harmless amount. – Fifty percent (50%) of the amount of sales and use tax revenue distributed under Article 40 of this Chapter to the municipality for a month, other than revenue from the sale of food that is subject to local tax but is exempt from State tax under G.S. 105-164.13B.

(b) Requirement. – A county is required to hold the eligible municipalities in the county harmless from the repeal of the local sales and use taxes formerly imposed under this Article. The Secretary must add an eligible municipality's hold harmless amount to the amount distributed to the municipality under this Subchapter. To obtain the revenue for the hold harmless distribution, the Secretary must reduce each county's monthly allocation under G.S. 105-472(b) or under Chapter 1096 of the 1967 Session Laws by the hold harmless amounts for the municipalities in that county.

"§ 105-523. County hold harmless for repealed local taxes.

(a) Intent. – It is the intent of the General Assembly that each county benefit by at least five hundred thousand dollars (\$500,000) annually from the exchange of a portion of the local sales and use taxes for the State's agreement to assume the responsibility for the non-administrative costs of Medicaid.

(b) Requirement. – If a county's repealed sales tax amount for a fiscal year exceeds the county's hold harmless threshold for that fiscal year, the State is required to hold the county harmless for the difference by paying the amount of the difference to the county. The Secretary must withhold from sales and use tax collections under Article 5 of this Chapter the amount needed to make the hold harmless payments required by this section.

(c) Method. – The Secretary must estimate a county's repealed sales tax amount and hold harmless threshold for a fiscal year to determine if the county is eligible for a hold harmless payment. The Secretary must send to an eligible county with the distribution made under G.S. 105-472 for March of that year an amount equal to ninety percent (90%) of its estimated hold harmless payment. At the end of each fiscal year, the Secretary must determine the difference between a county's repealed sales tax amount and its hold harmless threshold for that year. The Secretary must send by August 15 the remainder of the county's hold harmless payment for the fiscal year that ended on June 30. The Secretary of the Department of Human Resources must give the Secretary of Revenue the data needed to determine a county's hold harmless threshold."

The portion to be distributed to all counties and cities is the total net use tax proceeds collected under this section multiplied by a fraction. The numerator of the fraction is the local use tax proceeds collected under this section. The denominator of the fraction is the total use tax proceeds collected under this section. The Secretary must distribute this portion to the counties and cities in proportion to their total distributions under Articles 39, 40, ~~42, 43, and 44~~ 42, and 43 of this Chapter and Chapter 1096 of the 1967 Session Laws for the most recent period for which data are available. SECTION 31.16.4.(a) G.S. 105-515, 105-516, 105-517, 105-518, 105-519, and 105-520 are repealed.

SECTION 31.16.4.(b) G.S. 105-501 reads as rewritten:

"§ 105-501. **Distribution of additional taxes.**

(a) Method. – The Secretary ~~shall~~, must, on a monthly basis, allocate to each taxing county the net proceeds of the additional one-half percent (1/2%) sales and use taxes ~~levied collected in that county under this Article to the taxing counties on a per capita basis according to the most recent annual population estimates certified to the Secretary by the State Budget Officer. The Secretary shall then adjust the amount allocated to each county as provided in G.S. 105-486(b). The amount allocated to each taxing county shall then be divided among~~ Article. If the Secretary collects taxes under this Article in a month and the taxes cannot be identified as being attributable to a particular taxing county, the Secretary must allocate the net proceeds of these taxes among the taxing counties in proportion to the amount of taxes collected in each county under this Article in that month.

The Secretary must divide and distribute the funds allocated to a taxing county each month under this section between the county and the municipalities located in the county in accordance with the method by which the one percent (1%) sales and use taxes levied in that county pursuant to Article 39 of this Chapter or Chapter 1096 of the 1967 Session Laws are distributed. No municipality may receive any funds under this section if it was incorporated with an effective date of on or after January 1, 2000, and is disqualified from receiving funds under G.S. 136-41.2. No municipality may receive any funds under this section, incorporated with an effective date on or after January 1, 2000, unless a majority of the mileage of its streets are open to the public. ~~The previous sentence becomes effective with respect to distribution of funds on or after July 1, 1999.~~

(b) Deductions. – In determining the net proceeds of the tax to be distributed, the Secretary ~~shall~~, must deduct from the collections to be allocated an amount equal to one-twelfth of the costs during the preceding fiscal year of:

- (1) The Department of Revenue in performing the duties imposed by G.S. 105-275.2 and by Article 15 of this Chapter.
- (1a) Seventy percent (70%) of the expenses of the Department of Revenue in performing the duties imposed by Article 2D of this Chapter.

 - b. Twenty-five percent (25%) of the amount of sales and use tax revenue distributed under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, other than revenue from the sale of food that is subject to local tax but is exempt from State tax under G.S. 105-164.13B.
 - c. The amount determined under sub-subdivision a. of this subdivision subtracted from the amount determined under sub-subdivision b. of this subdivision. This calculation determines the effect of distributing a one-quarter percent (.25%) tax on the basis of point of origin instead of on a per capita basis. If the difference is negative, the result increases the hold harmless amount."

SECTION 31.16.4.(d) G.S. 105-523(a), as enacted by Section 31.16.3(f) of this act, reads as rewritten:

"(a) Definitions. – The following definitions apply in this section:

 - b. Twenty-five percent (25%) of the amount of sales and use tax revenue distributed under Article 39 of this Chapter or under Chapter 1096 of the 1967 Session Laws, other than revenue from the sale of food that is subject to local tax but is exempt from State tax under G.S. 105-164.13B.
 - c. The amount determined under sub-subdivision a. of this subdivision subtracted from the amount determined under sub-subdivision b. of this subdivision. This calculation determines the effect of distributing a one-quarter percent (.25%) tax on the basis of point of origin instead of on a per capita basis. If the difference is negative, the result increases the hold harmless amount."

SECTION 31.16.4.(e) For fiscal year 2009-2010, the repealed sales tax amount determined under G.S. 105-522(2)(a)(2)b, as enacted by this section, and

G.S. 105-523(a)(2)b, as enacted by this section, is calculated based on twenty-five percent (25%) of the amount distributed to a municipality or county under Article 39 of Chapter 105 of the General Statutes or Chapter 1096 of the 1967 Session Laws on or after October 1, 2009, less the amount distributed to the municipality or county on the basis of point of origin under repealed G.S. 105-520(a) in October, November, and December of 2009.

SECTION 31.16.4.(f) The title of Article 44 of Chapter 105 of the General Statutes reads as rewritten:

Upon receipt of these documents, the register of deeds shall administer the tax in the county as provided in this Article.

(e) Limitation. – A tax levied under this Article may not be in effect in a county at the same time as a tax levied under Article 46 of this Chapter.

(b) Use. – The proceeds of a tax levied under this Article may be used for any lawful purpose.

"§ 105-604. Repeal or reduction.

A county may, by resolution, repeal or reduce the rate of a tax levied under this Article. Repeal or reduction of the tax must become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal or reduction resolution was adopted. Repeal of a land transfer tax, or reduction of its rate, under this Article does not affect a liability for a tax that attached before the effective date of the repeal or reduction, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal or reduction."

SECTION 31.17.(b) Subchapter VIII of Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 46.

"(23) A dividend received from a captive REIT, as defined in G.S. 105-130.12."

SECTION 31.18.(c) G.S. 105-130.12 reads as rewritten:

"§ 105-130.12. ~~Regulated investment companies and real~~ Real estate investment trusts.

~~Any organization or trust which, in the opinion of the Secretary of Revenue of North Carolina, qualifies as either a "regulated investment company" under section 851 of the Code or as a "real estate investment trust" under section 856 of the Code and which files with the North Carolina Department of Revenue its election to be treated as a "regulated investment company," or as a "real estate investment trust" shall be taxed under this Part~~

~~upon only that part of its net income which is not distributed or declared for distribution to shareholders during the income year or by the time required by law for the filing of the return for the income year including the period of any extension of time granted for filing such return.~~

(a) Definitions. – The following definitions apply in this section:

- (1) Captive REIT. – A REIT whose shares or certificates of beneficial interest are not regularly traded on an established securities market and are owned or controlled, at any time during the last half of the tax year, by a person that is subject to tax under this Part and is not a REIT or a listed Australian property trust.

Based upon this report, the Revenue Laws Study Committee must determine the revenue-neutral corporate income tax rate and include this information in its report to the 2010 Session of the 2009 General Assembly.

The General Assembly finds that an alternative method of addressing a corporation's attempt to use a real estate investment trust to shift income between entities and avoid State taxes is to require a captive REIT, as defined in G.S. 105-130.12 as amended by this section, to add to its federal taxable income the dividend paid deduction otherwise allowed under the Internal Revenue Code.

If the required level of investment is timely made but any eligible machinery and equipment is not located and used at an eligible datacenter, then the rate provided for that machinery and equipment under this subdivision is forfeited. A taxpayer that forfeits a rate under this subdivision is liable for all past sales and use taxes avoided as a result of the forfeiture, computed at the combined general rate from the date the taxes would otherwise have been due, plus interest at the rate established under G.S. 105-241.1(i). If the forfeiture is triggered due to the lack of a timely investment required by this section, then interest is computed from the date the sales or use tax would otherwise have been due. For all other forfeitures, interest is computed at the combined general rate from the time as of which the machinery or equipment was put to a disqualifying use. A credit is allowed against the sales or use tax owed as a result of the forfeiture provisions of this subsection for privilege taxes paid pursuant to this section. For purposes of applying this credit, the fact that payment of the privilege tax occurred in a period outside the statute of limitations provided under G.S. 105-266 shall not be considered. Interest shall not be computed against the amount of taxes offset by this credit. The past taxes and interest are due 30 days after the date of forfeiture. A taxpayer that fails to pay the past taxes and interest by the due date is subject to the provisions of G.S. 105-236.

(d) Sunset. – This section expires for sales occurring on or after July 1, 2013."

SECTION 31.22.(c) This section becomes effective October 1, 2007, and applies to sales made on or after that date.
