1 A BILL TO BE ENTITLED  
2 AN ACT TO CREATE THE NORTH CAROLINA LIFE SCIENCE LOAN FUND.  
3 The General Assembly of North Carolina enacts:

4 **SECTION 1.** Chapter 53A of the General Statutes is amended by creating a new  
5 Article to read:

6 "Article 4.  
7 "Life Science Loan Fund.

8 **"§ 53A-100. Title.**

9 This Article is known as the 'North Carolina Life Sciences Loan Fund Act.'

10 **"§ 53A-101. Findings; purpose.**

11 (a) The General Assembly finds and declares the following:

- 12 (1) North Carolina is home to numerous life science companies with capital  
13 needs, including companies engaged in the discovery and development of  
14 new pharmaceuticals, biologic products, medical devices, and diagnostic  
15 products.
- 16 (2) Many of these companies have the potential to create substantial new  
17 employment opportunities if funds are available for the construction of  
18 manufacturing and service facilities.
- 19 (3) There exists in the State of North Carolina a serious shortage of credit for  
20 life science companies to finance new and expanded facilities and acquire  
21 equipment for the production and delivery of life science products and  
22 services.
- 23 (4) Private enterprise and federal and State governmental programs have not  
24 adequately met the credit needs of life science companies for capital  
25 improvements.
- 26 (5) Access to affordable debt financing is likely to be further limited in the wake  
27 of the current economic downturn and credit crisis.
- 28 (6) It is necessary and appropriate to create the North Carolina Life Science  
29 Loan Fund for the purpose of providing financing to businesses in need of  
30 facilities or equipment for the production or delivery of products and  
31 services, primarily in the life sciences, but also to other high-technology  
32 businesses which will build permanent production facilities in North  
33 Carolina generating much needed employment opportunities and expanding  
34 local tax bases.
- 35 (7) The goal is to create a self-sustaining fund for this purpose, but the General  
36 Assembly believes tax credits and funding for initial operations are  
37 necessary and appropriate to jump start this initiative.

4 **SECTION 2.** Chapter 105 of the General Statutes is amended by creating a new  
5 Article to read:

6 "Article 3L.
