HOUSE DRH90012-LN-192A* (04/13)

Short Title: Funds to Prevent Infant Mortality. (Public)

Sponsors: Representative Weiss.

Referred to:

1 A BILL TO BE ENTITLED
2 AN ACT TO APPROPRIATE FUNDS TO PREVENT INFANT MORTALITY IN NORTH
3 CAROLINA.

4 Whereas, the 2008 infant mortality rate in North Carolina was 8.2 infant deaths per
5 1,000 live births; and

6 Whereas, there has been a 35% decline in this rate in the past two decades, North
7 Carolina still ranks 44th among the states; and

8 Whereas, much of the decline in the infant mortality rate can be attributed to an
9 array of services that were either eliminated or reduced in the 2009-2010 budget; and

10 Whereas, the NC Child Fatality Task Force recommends that no further reductions
11 be made to the critical services aimed at preventing infant mortality; Now, therefore,
12 The General Assembly of North Carolina enacts:
