BY THE JOINT SELECT COMMITTEE ON EMERGENCY PREPAREDNESS AND

The General Assembly of North Carolina enacts:

SECTION 1. G.S. 130A-1.1 reads as rewritten:

"§ 130A-1.1. Mission and essential services.

- (3) Detecting, investigating, and preventing the spread of disease;

- (7) Providing quality health care services when not otherwise available.

(b) As used in this section, the term "essential public health services" means those services that the State shall ensure because they are essential to promoting and contributing to the highest level of health possible for the citizens of North Carolina. Omission of these services from the list of essential public health services shall not be construed as an intent to prohibit or decrease their availability. Rather, such omission means only that the omitted services may be more appropriately assured by government agencies or private entities other than the public health system.

(d) The list of essential public health services required by this section shall not be construed to limit or restrict the powers and duties of the Commission for Public Health or the Departments of Environment and Natural Resources and Health and Human Services as otherwise conferred by State law."
