36 37 **STATE-OWNED DISPOSABLE ASSETS**

38 **SECTION 6.15.(a)** Definition. – For purposes of this section, the term
39 "State-owned disposable assets" or "assets" means State-owned land, buildings, and other
40 assets that are unused, underused, or do not involve a core function of government.

41 **SECTION 6.15.(b)** By September 1, 2011, the Department of Administration, in

48 intended.
 - 49 c. The future needs of the State to perform the service intended at the
50 location.
 - 51 d. The best and most cost-effective manner in which these future needs
52 can be serviced.
 - 53 e. The practicability of moving the function of the services performed
54 at a location to another area that might reduce acquisition,
55 construction, and labor costs without diminishing the quality of
56 service.
 - 57 f. The manner in which an asset should be (i) sold or retained, (ii)
58 renovated, (iii) expanded for future use, or (iv) sold with a leaseback.

UNEMPLOYMENT INSURANCE/IMPLEMENT THREE-YEAR LOOK BACK

SECTION 6.16.(a) G.S. 96-12.01(a1)(4)c. is amended by adding a new sub-sub-subdivision to read:

"3. This section applies as provided under the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (P.L. 111-312) as it existed on December 17, 2010, and is applicable to compensation for weeks of unemployment beginning after December 17, 2010, and ending on or before December 31, 2011, provided that:

I. The average rate of (i) insured unemployment, not seasonally adjusted, equaled or exceeded one hundred twenty percent (120%) of the average of such rates for the corresponding 13-week period ending in all of the preceding three calendar years and equaled or exceeded five percent (5%) or (ii) total unemployment, seasonally adjusted, as determined by the United States Secretary of Labor, for the period consisting of the most recent three months for which data for all states are published before the close of the week equals or exceeds six and one-half percent (6.5%); and

II. The average rate of total unemployment in this State, seasonally adjusted, as determined by the United States Secretary of Labor, for the three-month period referred to in this subsection, equals or exceeds one hundred ten percent (110%) of the average for any of the corresponding three-month periods ending in the three preceding calendar years."

SECTION 6.16.(b) G.S. 96-12.01(a1)(4)e. reads as rewritten:

"(4) There is an "on indicator" for this State for a week if the Commission determines, in accordance with the regulations of the United States Secretary of Labor, that for the period consisting of such week and the immediate preceding 12 weeks, the rate of insured unemployment (not seasonally adjusted) under this Chapter:

...
e. Total extended benefit amount.

1. The total extended benefit amount payment to any eligible individual with respect to the applicable benefit year shall be the least of the following amounts:

I. Fifty percent (50%) of the total amount of regular benefits which were payable to the individual under this Chapter in the individual's applicable benefit year; or

II. Thirteen times the individual's weekly benefit amount that was payable to the individual under this Chapter for a week of total unemployment in the applicable benefit year.

2. I. Effective with respect to weeks beginning in a high unemployment period, sub-subdivision e.1. of this subdivision shall be applied by substituting:

- 1 A. "Eighty percent (80%)" for "fifty percent
- 2 (50%)" in sub-subdivision e.1.I., and
- 3 B. "Twenty" for "thirteen" in sub-subdivision
- 4 e.1.II.
- 5 II. For purposes of sub-subdivision 2.I., the term "high
- 6 unemployment period" means any period during
- 7 which an extended benefit period would be in effect if
- 8 sub-subdivision c. of this subdivision were applied by
- 9 substituting "eight percent (8%)" for six and one-half
- 10 percent (6.5%)".
- 11 3. This subdivision applies as provided under the Tax Relief,
- 12 Unemployment Insurance Reauthorization, and Job Creation
- 13 Act of 2010 (P.L. 111-312) as it existed on December 17,
- 14 2010, and is applicable to compensation for weeks of
- 15 unemployment beginning after December 17, 2010, and
- 16 ending on or before December 31, 2011, provided that:
- 17 I. The average rate of total unemployment, seasonally
- 18 adjusted, as determined by the United States Secretary
- 19 of Labor, for the period consisting of the most recent
- 20 three months for which data for all states are
- 21 published before the close of the week equals or
- 22 exceeds eight percent (8%); and
- 23 II. The average rate of total unemployment in this State,
- 24 seasonally adjusted, as determined by the United
- 25 States Secretary of Labor, for the three-month period
- 26 referred to in this subdivision equals or exceeds one
- 27 hundred ten percent (110%) of the average for any of
- 28 the corresponding three-month periods ending in the
- 29 three preceding calendar years."

30 **SECTION 6.16.(c)** The intent of this section is to allow extended benefits to be
 31 paid as provided under the federal Tax Relief, Unemployment Insurance Reauthorization, and
 32 Job Creation Act of 2010 so long as the payment of the benefits does not hinder the State's
 33 ability to reduce the debt it owes the federal government to pay unemployment benefits. It is
 34 not the intent of this section to pay for the extended benefits with contributions paid by
 35 employers under Chapter 96 of the General Statutes or with contributions paid by employers
 36 under the federal payroll tax that would otherwise be used to pay down the amount borrowed
 37 from the federal government by the State to pay unemployment benefits. Nothing in this
 38 section obligates the State to pay extended benefits provided by this section with contributions
 39 payable under Chapter 96 of the General Statutes or with any other State funds. This section is
 40 null and void if the payment of the benefits would divert federal payroll tax revenue payable by
 41 North Carolina employers that would otherwise be used to pay down the amount borrowed
 42 from the federal government by the State to pay unemployment benefits.

43 **SECTION 6.16.(d)** This section becomes effective April 16, 2011, and expires
 44 January 1, 2012.

44 to the Information Technology Fund shall be spent only as specified in this section. Changes
45 shall not result in any degradation to the operation or project for which the funds were
46 originally appropriated.

47 Any changes to the specified uses shall be approved in writing by the State Chief
48 Information Officer and shall immediately be reported to the Chairs of the House of
49 Representatives Committee on Appropriations and the House of Representatives Subcommittee
50 on General Government, the Chairs of the Senate Committee on Appropriations and the Senate
51 Appropriations Committee on General Government and Information Technology, the Joint
52 Legislative Oversight Committee on Information Technology, the Fiscal Research Division,

54 the changes in use and shall explain why each change does not have any potential impact on the
55 operation or project for which the funding was originally appropriated.

56 **SECTION 6A.1.(d)** The Office of the State Controller shall coordinate with the
57 Office of the State Chief Information Officer to identify four positions in the Office of the State

14 Information Technology Services and approved by the Office of State Budget and
15 Management.

16 Any uses of the Internal Service Fund not specifically related to the operation of the
17 Office of Information Technology Services shall immediately be reported to the Office of State
18 Budget and Management and the Fiscal Research Division with an explanation as to why it was
19 necessary to use the Fund.

20 **SECTION 6A.2.(b)** Enterprise Projects. – The State Chief Information Officer
21 shall consult the respective State agency chief information officer and obtain approval from the
22 Office of State Budget and Management prior to the initiation of any enterprise project or
23 contract. State agency requirements shall be incorporated into any enterprise agreement signed
24 by the State Chief Information Officer or his or her representative. Enterprise projects shall not
25 exceed the participating State agencies' ability to financially support the contracts.

26 **SECTION 6A.2.(c)** The State Chief Information Officer shall not enter into any
27 information technology contracts without obtaining written agreements from participating State
28 agencies regarding the apportionment of the contract cost. State agencies agreeing to

31 enterprise agreements throughout the life of the contract or project.

45 price at the beginning of the contract agreement. All of the following conditions shall be met
46 before payment for these agreements may be disbursed:

- 47 (1) Any advance payment can be accomplished within the Information
48 Technology Internal Service Fund budget.
- 49 (2) The State Controller receives conclusive evidence that the proposed
50 agreement would be more cost-effective than a multiyear agreement that
51 complies with G.S. 147-86.11.
- 52 (3) The procurement complies in all other aspects with applicable statutes and
53 rules.
- 54 (4) The proposed agreement contains contract terms that protect the financial
55 interest of the State against contractor nonperformance or insolvency
56 through the creation of escrow accounts for funds, source codes, or both, or
57 by any other reasonable means that have legally binding effect.

58 The Office of State Budget and Management shall ensure the savings from any
59 authorized agreement shall be included in the Information Technology Internal Service Fund

1 rate calculations before the Office of State Budget and Management annually approves
2 proposed rates. Any savings resulting from the agreements shall be returned to agencies
3 included in the contract in the form of reduced rates. The Office of Information Technology
4 Services shall submit a quarterly written report to the Office of State Budget and Management
5 on any State agency budget impacts resulting from multiyear contracts. Under no
6 circumstances shall multiyear contracts result in rate increases for participating agencies. The
7 Office of Information Technology Services shall submit a quarterly written report of any
8 authorizations granted under this section to the Joint Legislative Oversight Committee on
9 Information Technology and the Fiscal Research Division of the North Carolina General
10 Assembly.

11 **SECTION 6A.2.(f)** Information Technology Hosting. – State agencies developing
12 and implementing information technology projects/applications shall use the State
13 infrastructure to host their projects. An exception to this requirement may be granted only if
14 approved by both the State Chief Information Officer on the basis of technology requirements
15 and by the Office of State Budget and Management based on cost savings, subject to
16 consultation with the Joint Legislative Commission on Governmental Operations and a report
17 to the Joint Legislative Oversight Committee on Information Technology.

18 Projects/applications currently hosted outside the State infrastructure shall be
19 returned to State infrastructure not later than the end of any current contract.

20 By October 1, 2011, the State Chief Information Officer shall report to the Joint
21 Legislative Oversight Committee on Information Technology regarding projects currently
22 hosted outside State infrastructure and a schedule to return those projects to State infrastructure.

23 **SECTION 6A.2.(g)** Service Level Agreements. – Service level agreements
24 developed with supported State agencies shall include metrics for the Office of Information
25 Technology Services as well as the supported agencies. When the Office of Information
26 Technology Services or an agency fails to meet metrics established by the service level

45 **SECTION 6A.3.** The State Chief Information Officer, through the Enterprise
46 Project Management Office, shall develop a plan and adopt measures to avoid the duplication
47 of information technology capabilities and resources across State agencies. When multiple
48 agencies require the same or substantially similar information technology capability, the State
49 Chief Information Officer shall designate one State agency as the lead to coordinate support
50 and to manage that capability for all State agencies requiring the capability, with the State
51 Chief Information Officer maintaining oversight of the effort. Further, the Enterprise Project
52 Management Office shall:

- 53 (1) Review all ongoing and future technology projects to determine whether the
54 capabilities required for each project, or the specific requirements
55 comprising a component within a project, already exist in a planned,
56 ongoing, or completed information technology project developed by another
57 State agency. Information Technology Procurement shall work to develop
58 contracts for information technology projects to allow the addition of other
59 agencies' requirements within the terms of the existing contract.

- 1 (2) Identify existing projects that can best support a particular requirement for

14 **CONTINUING PILOT PROGRAM TO ALLOW PUBLIC-PRIVATE PARTNERSHIPS**
15 **TO MEET DEPARTMENT OF REVENUE TECHNOLOGY NEEDS**

16 **SECTION 6A.5.(a)** To speed the implementation of the Tax Information
17 Management System (TIMS) and the additional components of the Planning and Design
18 Project (PDP) through June 30, 2015, the Secretary of the Department of Revenue may enter
19 into public-private arrangements where (i) the funding of the project under the arrangement
20 comes from revenue generated by the project and (ii) the project is related to the
21 implementation of TIMS and additional components of the PDP. As used in this section, the
22 "additional components of the PDP" are Enterprise Data Warehouse, Management Reporting
23 and Decision Analytics, Customer Relationship Management, Enterprise Case Management,
24 and E-Services. All such arrangements shall terminate June 30, 2015.

25 Work under a public-private arrangement may be contracted by requests for
26 proposals, modifications to existing contracts, and purchases using existing contract vehicles.

27 The Secretary of Revenue shall establish a measurement process to determine the
28 increased revenue attributable to the public-private arrangements. To accomplish this, the
29 Secretary shall consult subject matter experts outside the Department of Revenue, both within
30 State government and from private industry. The measurement process shall include:

- 31 (1) Calculation of a revenue baseline against which the increased revenue
32 attributable to the project is measured;
33 (2) Periodic evaluation to determine if the baseline needs to be modified based
34 on significant measurable changes in the economic environment; and
35 (3) Monthly calculation of increased revenue attributable to contracts executed
36 under this program.

37 Of funds generated from collections above the baseline established by subdivision
38 (1) of this subsection, in both the General Fund, Highway Funds, and the State portion of the
39 Unauthorized Substance Tax collections of the Special Revenue Fund, up to forty-five million
40 five hundred thousand dollars (\$45,500,000) may be authorized by the Office of State Budget
41 and Management for the purchases related to the implementation of TIMS and the additional
42 components of the PDP, including payment for services from non-State entities. The
43 Department of Revenue may retain an additional six million six hundred forty-six thousand five
44 hundred fifty-seven dollars (\$6,646,557) from benefits generated for the General Fund since the
45 beginning of the public-private partnership. These funds shall be used as payment of internal
46 costs for the fiscal biennium, and such funds are hereby appropriated for this purpose.

47 If the Department of Revenue finds that it cannot generate additional benefits
48 totaling forty-five million five hundred thousand dollars (\$45,500,000) through June 30, 2015,
49 or that total costs exceed the total available appropriations and earned benefits, then the
50 Department shall do all of the following: (i) immediately notify the Chairs of the House of
51 Representatives and Senate Appropriations Committees and the Fiscal Research Division, (ii)
52 identify any obligations to vendors, (iii) identify options for meeting obligations to vendors,
53 and (iv) provide costs associated with each option. The Department shall ensure that this
54 notification is made in sufficient time to allow the General Assembly to properly evaluate the
55 options presented.

56 **SECTION 6A.5.(b)** Notwithstanding G.S. 114-2.3, the Department of Revenue
57 shall engage the services of private counsel with the pertinent information technology and
58 computer law expertise to review requests for proposals, and to negotiate and review contracts
59 associated with TIMS and the additional components of the Planning and Design Project (PDP)

1 (Enterprise Data Warehouse, Management Reporting and Decision Analytics, Customer
2 Relationship Management, Enterprise Case Management, and E-Services).

3 **SECTION 6A.5.(c)** There is established within the Department of Revenue the
4 Oversight Committee for reviewing and approving the benefits measurement methodology and

7 executed under this section. This shall include (i) details of each public-private contract, (ii) the
8 benefits from each contract, and (iii) a comprehensive forecast of the benefits of using
9 public-private agreements to implement TIMS and the additional PDP components, including
10 the measurement process established for the Secretary of Revenue. The Oversight Committee
11 shall approve all of the fund transfers for this project. Within five days of entering into a
12 contract, the Department shall provide copies of each contract and all associated information to
13 the Joint Legislative Oversight Committee on Information Technology, the Chairs of the House
14 of Representatives and Senate Committees on Appropriations, and the Fiscal Research
15 Division.

16 The members of the Committee shall include the following:

31 Committee shall receive reimbursements for subsistence and travel expenses as provided by
32 Chapter 138 of the General Statutes. The Committee shall terminate on June 30, 2015.

33 The Department shall provide copies of the minutes of each meeting and all
34 associated information to the Joint Legislative Oversight Committee on Information
35 Technology, the Chairs of the House of Representatives and Senate Committees on
36 Appropriations, and the Fiscal Research Division.

37 **SECTION 6A.5.(d)** Beginning August 1, 2011, and quarterly thereafter, the
38 Department of Revenue shall submit detailed written reports to the Chairs of the House of
39 Representatives and Senate Committees on Appropriations, to the Joint Legislative Oversight
40 Committee on Information Technology, and to the Fiscal Research Division of the Legislative
41 Services Office. The report shall include (i) details of each public-private contract, (ii) the
42 benefits from each contract, (iii) a comprehensive forecast of the benefits of using
43 public-private agreements to implement TIMS and the additional PDP components, including
44 cost savings and the acceleration of the project time line, (iv) and any issues associated with the
45 operation of the public-private partnership.

53 Oversight Committee on Information Technology, the Chairs of the House of Representatives
54 and Senate Committees on Appropriations, and the Fiscal Research Division.

55 **SECTION 6A.5.(f)** Section 6.20 of S.L. 2009-451, as rewritten by Section 2.3 of
56 S.L. 2010-123, is repealed.

57

46 approve funding for the position.

47 **SECTION 6A.6.(b)** Whenever a State agency, department, or institution
48 determines that only a contractor can fill a position and the position is required to perform an

59 the State CIO to identify redundant personnel positions.

1 When setting consolidation targets, the State CIO shall give high priority to
2 infrastructure issues that pose significant risk to agency operations or data, that provide
3 opportunities for immediate cost savings, and where a statewide approach would minimize
4 disruption of services. In carrying out the consolidation, the Office of Information Technology
5 Services shall utilize the authority set out in G.S. 147-33.83.

6 **SECTION 6A.7.(b)** Beginning July 1, 2011, the State CIO shall plan and
7 implement an enterprise level grants management system. Similar systems currently under

9 development of the enterprise level grants management system.

10 In coordination with the State CIO, the Department of Health and Human Services
11 shall develop a plan to implement a single case management system throughout that
12 Department, beginning in the 2012-2013 fiscal year, and shall report to the Joint Legislative
13 Oversight Committee on Information Technology by February 1, 2012, on its initiatives to

25 Office of State Budget and Management (OSBM) to support the IT Internal Service Fund shall
26 be based on this required fund limit. Established rates shall be adjusted within 30 days in the
27 event the fund exceeds the prescribed limit. In the event that an increase in receipts for the IT
28 Internal Service Fund is required, the Office of Information Technology Services may
29 implement the increase after consultation with the Joint Legislative Commission on
30 Governmental Operations.

31 **SECTION 6A.8.(b)** Rates shall be set to support a specific service for which an
32 agency is being charged. Overhead charges to agencies must be consistently applied and must
33 not exceed industry standards. Rate increases shall require approval of the OSBM. Rate
34 reductions shall be immediately implemented following notification of the OSBM.

35 **SECTION 6A.8.(c)** Beginning October 1, 2011, the State Chief Information
36 Officer shall submit a quarterly report to the Joint Legislative Commission on Governmental

- (2) Have a detailed plan in place, to include associated costs and sources of funding, to return the function to State control in the event privatization fails to provide anticipated cost-savings or required service levels.
- (3) Privatize only those individual functions where verifiable market data shows that privatization will result in cost-savings to the State and there is no data identifying alternatives that generate greater savings, ensuring that agencies receive at a minimum the same level of service and functionality as the level prior to privatization.
- (4) Document and certify any anticipated savings resulting from privatization by individual function.
- (5) Ensure full disclosure of any privatization decisions that combine multiple services or towers into a single contract, including the costs associated with each specific service or tower included in the contract.
- (6) Ensure that any changes are made across the entire executive branch.
- (7) Consult the Joint Legislative Commission on Governmental Operations and report to the Joint Legislative Oversight Committee on Information Technology regarding the plan for funding any requirements formerly covered by the receipts from the privatized function.

SECTION 6A.9.(c) After privatizing any major information technology function, the State Chief Information Officer shall do all of the following:

- (1) Report quarterly on the results of the privatization, including a detailed comparison of projected savings to actual cost, data on whether or not the vendor is meeting service level agreements, and an explanation of the reasons for any deficiency or difference.
- (2) Immediately notify the Joint Legislative Commission on Governmental Operations of any outsourcing effort that does not meet projected savings or required service levels for two quarters in a row or during any two quarters of a fiscal year, and develop a corrective action plan.
- (3) Terminate any contract where privatization fails to achieve projected savings or meet service levels over a period of 12 months.

 55 2012.

56
 57 **CLASS SIZE REDUCTION FOR GRADES 1-3**

58 **SECTION 7.1B.** The General Assembly finds that educational research has shown
 59 that small classes of 15 or fewer students result in marked improvement in learning in grades

1 1-3, as measured by standardized tests in reading and mathematics, that the advantages gained
2 from being in small classes have been shown to have a lasting benefit into the later years of
3 students' lives, and that these studies have shown that small classes have a particularly
4 beneficial effect on the academic achievement of children from disadvantaged backgrounds.
5 The General Assembly further finds that larger class sizes allow less time to develop
6 relationships with students, colleagues, and parents, and prevent the implementation of new and
7 more dynamic and individualized teaching strategies and techniques. Therefore, it is the intent
8 of the General Assembly to reduce class size in grades 1 through 3 to a class size allotment not
9 exceeding 1:15 as funds become available.

11 FUNDS FOR CHILDREN WITH DISABILITIES

12 **SECTION 7.2.** The State Board of Education shall allocate additional funds for
13 children with disabilities on the basis of three thousand five hundred eighty-five dollars and
14 eighty-eight cents (\$3,585.88) per child. Each local school administrative unit shall receive
15 funds for the lesser of (i) all children who are identified as children with disabilities or (ii)
16 twelve and five-tenths percent (12.5%) of its 2011-2012 allocated average daily membership in
17 the local school administrative unit. The dollar amounts allocated under this section for
18 children with disabilities shall also adjust in accordance with legislative salary increments,
19 retirement rate adjustments, and health benefit adjustments for personnel who serve children
20 with disabilities.

22 FUNDS FOR ACADEMICALLY GIFTED CHILDREN

23 **SECTION 7.3.** The State Board of Education shall allocate additional funds for
24 academically or intellectually gifted children on the basis of one thousand one hundred
25 ninety-two dollars and ninety cents (\$1,192.90) per child for fiscal year 2011-2012 and one
26 thousand one hundred ninety-two dollars and ninety cents (\$1,192.90) per child for fiscal year
27 2012-2013. A local school administrative unit shall receive funds for a maximum of four
28 percent (4%) of its 2011-2012 allocated average daily membership, regardless of the number of
29 children identified as academically or intellectually gifted in the unit. The dollar amounts
30 allocated under this section for academically or intellectually gifted children shall also adjust in
31 accordance with legislative salary increments, retirement rate adjustments, and health benefit
32 adjustments for personnel who serve academically or intellectually gifted children.

34 USE OF SUPPLEMENTAL FUNDING IN LOW-WEALTH COUNTIES

35 **SECTION 7.4.(a)** Use of Funds for Supplemental Funding. – All funds received
36 pursuant to this section shall be used only (i) to provide instructional positions, instructional
37 support positions, teacher assistant positions, clerical positions, school computer technicians,
38 instructional supplies and equipment, staff development, and textbooks and (ii) for salary
39 supplements for instructional personnel and instructional support personnel. Local boards of
40 education are encouraged to use at least twenty-five percent (25%) of the funds received
41 pursuant to this section to improve the academic performance of children who are performing
42 at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8 and children
43 who are performing at Level I or II in grades 4 and 7.

44 **SECTION 7.4.(b)** Definitions. – As used in this section, the following definitions
45 apply:

11 students who reside within the county and attend that local school
12 administrative unit.
- 13 (6) "County-adjusted property tax base" shall be computed as follows:
14 a. Subtract the present-use value of agricultural land, horticultural land,
15 and forestland in the county, as defined in G.S. 105-277.2, from the
16 total assessed real property valuation of the county.
17 b. Adjust the resulting amount by multiplying by a weighted average of
18 the three most recent annual sales assessment ratio studies.
19 c. Add to the resulting amount the following:
20 1. Present-use value of agricultural land, horticultural land, and
21 forestland, as defined in G.S. 105-277.2.

- 29 (8) "County wealth as a percentage of State average wealth" shall be computed
30 as follows:
31 a. Compute the percentage that the county per capita income is of the
32 State per capita income and weight the resulting percentage by a
33 factor of five-tenths.
34 b. Compute the percentage that the anticipated total county revenue
35 availability per student is of the anticipated State average revenue
36 availability per student and weight the resulting percentage by a
37 factor of four-tenths.
38 c. Compute the percentage that the county-adjusted property tax base
39 per square mile is of the State-adjusted property tax base per square
40 mile and weight the resulting percentage by a factor of one-tenth.
41 d. Add the three weighted percentages to derive the county wealth as a
42 percentage of the State average wealth.
- 43 (9) "Effective county tax rate" means the actual county tax rate multiplied by a
44 weighted average of the three most recent annual sales assessment ratio
45 studies.

53 which data are available of the per capita income according to the most
54 recent report of the United States Department of Commerce, Bureau of
55 Economic Analysis, including any reported modifications for prior years as

58 performed by the Department of Revenue under G.S. 105-289(h).

- 1 (14) "State average current expense appropriations per student" means the most
2 recent State total of county current expense appropriations to public schools,
3 as reported by local boards of education in the audit report filed with the
4 Secretary of the Local Government Commission pursuant to G.S. 115C-447.
- 5 (15) "State average adjusted property tax base per square mile" means the sum of
6 the county-adjusted property tax bases for all counties divided by the
7 number of square miles of land area in the State.
- 8 (16) "Supplant" means to decrease local per student current expense
9 appropriations from one fiscal year to the next fiscal year.
- 10 (17) "Weighted average of the three most recent annual sales assessment ratio
11 studies" means the weighted average of the three most recent annual sales
12 assessment ratio studies in the most recent years for which county current
13 expense appropriations and adjusted property tax valuations are available. If
14 real property in a county has been revalued one year prior to the most recent
15 sales assessment ratio study, a weighted average of the two most recent sales
16 assessment ratios shall be used. If property has been revalued the year of the
17 most recent sales assessment ratio study, the sales assessment ratio for the
18 year of revaluation shall be used.

19 **SECTION 7.4.(c)** Eligibility for Funds. – Except as provided in subsection (g) of
20 this section, the State Board of Education shall allocate these funds to local school
21 administrative units located in whole or in part in counties in which the county wealth as a
22 percentage of the State average wealth is less than one hundred percent (100%).

23 **SECTION 7.4.(d)** Allocation of Funds. – Except as provided in subsection (f) of
24 this section, the amount received per average daily membership for a county shall be the
25 difference between the State average current expense appropriations per student and the current
26 expense appropriations per student that the county could provide given the county's wealth and
27 an average effort to fund public schools. (To derive the current expense appropriations per
28 student that the county could be able to provide given the county's wealth and an average effort
29 to fund public schools, multiply the county's wealth as a percentage of State average wealth by
30 the State average current expense appropriations per student.) The funds for the local school
31 administrative units located in whole or in part in the county shall be allocated to each local
32 school administrative unit located in whole or in part in the county based on the average daily
33 membership of the county's students in the school units. If the funds appropriated for
34 supplemental funding are not adequate to fund the formula fully, each local school
35 administrative unit shall receive a pro rata share of the funds appropriated for supplemental
36 funding.

37 **SECTION 7.4.(e)** Formula for Distribution of Supplemental Funding Pursuant to
38 This Section Only. – The formula in this section is solely a basis for distribution of
39 supplemental funding for low-wealth counties and is not intended to reflect any measure of the
40 adequacy of the educational program or funding for public schools. The formula is also not
41 intended to reflect any commitment by the General Assembly to appropriate any additional
42 supplemental funds for low-wealth counties.

43 **SECTION 7.4.(f)** Minimum Effort Required. – Counties that had effective tax
44 rates in the 1996-1997 fiscal year that were above the State average effective tax rate but that
45 had effective rates below the State average in the 1997-1998 fiscal year or thereafter shall
46 receive reduced funding under this section. This reduction in funding shall be determined by
47 subtracting the amount that the county would have received pursuant to Section 17.1(g) of
48 Chapter 507 of the 1995 Session Laws from the amount that the county would have received if
49 qualified for full funding and multiplying the difference by ten percent (10%). This method of
50 calculating reduced funding shall apply one time only. This method of calculating reduced
51 funding shall not apply in cases in which the effective tax rate fell below the statewide average
52 effective tax rate as a result of a reduction in the actual property tax rate. In these cases, the
53 minimum effort required shall be calculated in accordance with Section 17.1(g) of Chapter 507
54 of the 1995 Session Laws. If the county documents that it has increased the per student
55 appropriation to the school current expense fund in the current fiscal year, the State Board of
56 Education shall include this additional per pupil appropriation when calculating minimum
57 effort pursuant to Section 17.1(g) of Chapter 507 of the 1995 Session Laws.

58 **SECTION 7.4.(g)** Nonsupplant Requirement. – A county in which a local school
59 administrative unit receives funds under this section shall use the funds to supplement local

1 current expense funds and shall not supplant local current expense funds. For the 2011-2013
2 fiscal biennium, the State Board of Education shall not allocate funds under this section to a
3 county found to have used these funds to supplant local per student current expense funds. The
4 State Board of Education shall make a finding that a county has used these funds to supplant
5 local current expense funds in the prior year, or the year for which the most recent data are
6 available, if the following apply:

- 7 (1) The current expense appropriation per student of the county for the current
8 year is less than ninety-five percent (95%) of the average of the local current
9 expense appropriations per student for the three prior fiscal years; and
- 10 (2) The county cannot show (i) that it has remedied the deficiency in funding or
11 (ii) that extraordinary circumstances caused the county to supplant local
12 current expense funds with funds allocated under this section. The State
13 Board of Education shall adopt rules to implement this section.

14 **SECTION 7.4.(h) Reports.** – The State Board of Education shall report to the Joint
15 Legislative Education Oversight Committee prior to May 1, 2012, if it determines that counties
16 have supplanted funds.

17 **SECTION 7.4.(i) Department of Revenue Reports.** – The Department of Revenue
18 shall provide to the Department of Public Instruction a preliminary report for the current fiscal
19 year of the assessed value of the property tax base for each county prior to March 1 of each
20 year and a final report prior to May 1 of each year. The reports shall include for each county the
21 annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of
22 total real property represented by the present-use value of agricultural land, horticultural land,
23 and forestland, as defined in G.S. 105-277.2, (iii) property of public service companies
24 determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv)
25 personal property.

26 **LITIGATION RESERVE FUNDS**

27 **SECTION 7.5.** The State Board of Education may expend up to five hundred
28 thousand dollars (\$500,000) each year for the 2011-2012 and 2012-2013 fiscal years from
29 unexpended funds for certified employees' salaries to pay expenses related to litigation.
30

31 **UNIFORM EDUCATION REPORTING SYSTEM (UERS) FUNDS**

32 **SECTION 7.6.(a)** Funds appropriated for the Uniform Education Reporting
33 System shall not revert at the end of the 2010-2011 fiscal year.

34 **SECTION 7.6.(b)** This section becomes effective June 30, 2011.
35

36 **FOCUSED EDUCATION REFORM PROGRAM FUNDS DO NOT REVERT**

37 **SECTION 7.7.(a)** Funds appropriated for the Focused Education Reform Pilot
38 Program that are unexpended and unencumbered at the end of the 2010-2011 fiscal year shall
39 not revert but shall remain available for expenditure for that purpose through the 2011-2012
40 fiscal year.

41 **SECTION 7.7.(b)** This section becomes effective June 30, 2011.
42

43 **DISADVANTAGED STUDENT SUPPLEMENTAL FUNDING (DSSF)**

44 **SECTION 7.8.(a)** Funds appropriated for disadvantaged student supplemental

43 SMALL SCHOOL SYSTEM SUPPLEMENTAL FUNDING

44 **SECTION 7.12.(a)** Funds for Small School Systems. – Except as provided in
45 subsection (b) of this section, the State Board of Education shall allocate funds appropriated for
46 small school system supplemental funding (i) to each county school administrative unit with an
47 average daily membership of fewer than 3,175 students and (ii) to each county school
48 administrative unit with an average daily membership from 3,175 to 4,000 students if the
49 county in which the local school administrative unit is located has a county-adjusted property
50 tax base per student that is below the State-adjusted property tax base per student and if the

11 Education shall reduce the amount allocated to each county school
12 administrative unit on a pro rata basis. This formula is solely a basis for
13 distribution of supplemental funding for certain county school administrative
14 units and is not intended to reflect any measure of the adequacy of the
15 educational program or funding for public schools. The formula also is not
16 intended to reflect any commitment by the General Assembly to appropriate
17 any additional supplemental funds for such county administrative units.

18 **SECTION 7.12.(b) Nonsupplant Requirement.** – A county in which a local school
19 administrative unit receives funds under this section shall use the funds to supplement local

25 available, if the following apply:

- 26 (1) The current expense appropriation per student of the county for the current
27 year is less than ninety-five percent (95%) of the average of the local current
28 expense appropriations per student for the three prior fiscal years; and
29 (2) The county cannot show (i) that it has remedied the deficiency in funding or
30 (ii) that extraordinary circumstances caused the county to supplant local
31 current expense funds with funds allocated under this section. The State
32 Board of Education shall adopt rules to implement this section.

33 **SECTION 7.12.(c) Phase-Out Provisions.** – If a local school administrative unit
34 becomes ineligible for funding under this formula because of (i) an increase in the population
35 of the county in which the local school administrative unit is located or (ii) an increase in the
36 county-adjusted property tax base per student of the county in which the local school
37 administrative unit is located, funding for that unit shall be continued for seven years after the
38 unit becomes ineligible.

39 **SECTION 7.12.(d) Definitions.** – As used in this section, the following definitions
40 apply:

- 41 (1) "Average daily membership" means within two percent (2%) of the average

45 property valuation for each county, adjusted using a weighted average of the
46 three most recent annual sales assessment ratio studies, divided by the total
47 number of students in average daily membership who reside within the
48 county.
49 (3) "Local current expense funds" means the most recent county current expense
50 appropriations to public schools, as reported by local boards of education in

54 performed by the Department of Revenue under G.S. 105-289(h).
55 (5) "State-adjusted property tax base per student" means the sum of all
56 county-adjusted property tax bases divided by the total number of students in
57 average daily membership who reside within the State.
58 (6) "Supplant" means to decrease local per student current expense
59 appropriations from one fiscal year to the next fiscal year.

- (7) "Weighted average of the three most recent annual sales assessment ratio studies" means the weighted average of the three most recent annual sales assessment ratio studies in the most recent years for which county current expense appropriations and adjusted property tax valuations are available. If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued during the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.12.(e) Reports. – The State Board of Education shall report to the Joint Legislative Education Oversight Committee prior to May 1, 2012, if it determines that counties have supplanted funds.

SECTION 7.12.(f) Use of Funds. – Local boards of education are encouraged to use at least twenty percent (20%) of the funds they receive pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades 3-8.

52 implement an allotment formula for NCVPS beginning with the 2011-2012 school year:

- 53 (1) Project NCVPS student enrollment by semester and year-long course types
54 for each local school administrative unit and charter school.

- 1 (2) Establish a per course teacher payment structure for the instructional costs of
2 NCVPS. In establishing this payment structure, the Board shall consider the
3 following:
4 a. The payment structure is based on a total compensation analysis to
5 ensure NCVPS teacher pay has parity with similar programs. The
6 total compensation analysis shall take into account salaries, benefits,
7 and work effort to ensure valid comparisons between occupations.
8 b. The effects any change in NCVPS teacher payments may have on the
9 attraction and retention of NCVPS teachers.
- 10 (3) Develop a per student fee structure for in-State students that is based on the
11 per course teacher pay structure. The fee structure for in-State students shall
12 ensure that the projected cost for local school administrative units and
13 charter schools equals the projected instructional cost for NCVPS courses.
- 14 (4) Multiply the per course fees for in-State students by the projected enrollment
15 by course type to determine the total instructional cost for each local school
16 administrative unit and charter school.
- 17 (5) Transfer a dollar amount equal to seventy-five percent (75%) of the local
18 school administrative unit's or charter school's projected instructional cost

21 for each local school administrative unit and charter school based upon
22 actual NCVPS enrollment as of that date.
- 23 (7) Subtract the amount transferred pursuant to subdivision (5) of this subsection
24 from the actual instructional cost for each unit or charter school and transfer
25 the remaining dollar amount owed, up to a maximum of one hundred percent
26 (100%) of the projected cost.
- 27 (8) Develop and implement a policy regarding returning funds to local school
28 administrative units and charter schools in cases where the amount
29 transferred pursuant to subdivision (5) of this subsection exceeds the actual
30 instructional costs.

31 NCVPS shall use funds transferred to it to provide the NCVPS program at no cost to all
32 students in North Carolina who are enrolled in North Carolina's public schools, Department of
33 Defense schools, and schools operated by the Bureau of Indian Affairs.

34 **SECTION 7.22.(e)** In establishing the fee structure and payment structure for

40 by the State Board.

41 **SECTION 7.22.(g)** The Board shall direct NCVPS to develop a plan to generate
42 revenue from the sale of courses to out-of-state educational entities. Revenue generated by

44 charter schools. NCVPS shall submit its plan to the Board by September 15, 2011.

45 **SECTION 7.22.(h)** Beginning in 2011, the Director of NCVPS shall submit an
46 annual report on NCVPS to the State Board of Education no later than December 1 of each
47 year. The report shall use data from the previous fiscal year and shall include statistics on
48 actual versus projected costs to local school administrative units and charter schools, student
49 enrollment, virtual teacher salaries, and measures of academic achievement.

50 The Director of NCVPS shall continue to ensure the following:

- 51 (1) Course quality standards are established and met.
52 (2) All e-learning opportunities other than virtual charter schools offered by
53 State-funded entities to public school students are consolidated under the
54 NCVPS program, eliminating course duplication.
55 (3) All courses offered through NCVPS are aligned to the North Carolina
56 Standard Course of Study.

57 **SECTION 7.22.(i)** The State Board of Education shall reduce each local school
58 administrative unit's or charter school's classroom teacher allotment, or other allotment, as
59 determined by the State Board of Education, on the basis of ADM in grades 6-12 to provide the

1 sum of two million eight hundred sixty-six thousand nine hundred twenty-three dollars
 2 (\$2,866,923) for the State-level operations and administration of NCVPS for the 2011-2012
 3 fiscal year. The allotment reduction for State-level operations and administration shall
 4 continue in future fiscal years and be adjusted annually based upon the percentage growth in
 5 NCVPS enrollment, ensuring the expansion of services due to increased virtual student
 6 enrollment.

7 **SECTION 7.22.(j)** For fiscal year 2011-2012, the State Board of Education shall
 8 reduce each local school administrative unit's or charter school's classroom teacher allotment,
 9 or other allotment, as determined by the State Board of Education, on the basis of ADM in
 10 grades 6-12 to provide the sum of two million dollars (\$2,000,000) in order to create an
 11 NCVPS enrollment reserve. The NCVPS enrollment reserve shall be used to cover the NCVPS
 12 instructional costs of local school administrative units or charter schools with enrollments
 13 exceeding projected NCVPS enrollment.

14 Beginning in fiscal year 2012-2013, and annually thereafter, the State Board of
 15 Education shall reduce each local school administrative unit's or charter school's classroom
 16 teacher allotment, or other allotment, as determined by the State Board of Education, on the
 17 basis of ADM in grades 6-12 an amount that is the difference between two million dollars
 18 (\$2,000,000) and the balance of the NCVPS enrollment reserve.

19 Amounts available in the NCVPS enrollment reserve shall not revert.

20 **SECTION 7.22.(k)** The State Board shall use only funds provided through the
 21 North Carolina Virtual Public Schools Allotment Formula and the NCVPS enrollment reserve
 22 as set forth in this section to fund instructional costs of NCVPS.

23 **SECTION 7.22.(l)** G.S. 66-58(c) is amended by adding a new subdivision to read:

24 "(c) The provisions of subsection (a) shall not prohibit:

25 ...

26 (20) The sale by the State Board of Education of NCVPS courses to home
 27 schools, private schools, and out-of-state educational entities."

29 PERFORMANCE-BASED REDUCTIONS IN FORCE

30 **SECTION 7.23.(a)** Local school administrative units shall adopt a Reduction in
 31 Force policy that includes the following criteria:

- 32 (1) In determining which positions shall be subject to a reduction in force, a
 33 local school administrative unit shall consider the following:
 34 a. Structural considerations, such as identifying positions, departments,
 35 courses, programs, operations, and other areas where there are (i) less
 36 essential, duplicative, or excess personnel; (ii) job responsibility
 37 and/or position inefficiencies; (iii) opportunities for combined work
 38 functions; and/or (iv) decreased student or other demands for
 39 curriculum, programs, operations, or other services.
 40 b. Organizational considerations, such as anticipated organizational
 41 needs of the school system and program/school enrollment.
- 42 (2) In determining which employees in similar positions shall be subject to a
 43 reduction in force, a local school administrative unit shall consider work
 44 performance.

45 Each local school administrative unit shall have this policy in place on or before July 15, 2011.

46 **SECTION 7.23.(b)** G.S. 115C-325(e)(2) reads as rewritten:

47 "(2) Reduction in Force. – Before recommending to a board the dismissal or
 48 demotion of the career employee pursuant to G.S. 115C-325(e)(1)l., the
 49 superintendent shall give written notice to the career employee by certified
 50 mail or personal delivery of his intention to make such recommendation and
 51 shall set forth as part of his recommendation the grounds upon which he
 52 believes such dismissal or demotion is justified. The notice shall include a
 53 statement to the effect that if the career employee within 15 days after
 54 receipt of the notice requests a review, he shall be entitled to have the
 55 proposed recommendations of the superintendent reviewed by the board.
 56 Within the 15-day period after receipt of the notice, the career employee
 57 may file with the superintendent a written request for a hearing before the
 58 board within 10 days. If the career employee requests a hearing before the
 59 board, the hearing procedures provided in G.S. 115C-325(j3) shall be

1 followed. If no request is made within the 15-day period, the superintendent
 2 may file his recommendation with the board. If, after considering the
 3 recommendation of the superintendent and the evidence adduced at the
 4 hearing if there is one, the board concludes that the grounds for the
 5 recommendation are true and substantiated by a preponderance of the
 6 evidence, the board, if it sees fit, may by resolution order such dismissal.
 7 Provisions of this section which permit a hearing by a case manager shall not
 8 apply to a dismissal or demotion recommended pursuant to
 9 G.S. 115C-325(e)(1)l.

10 When a career employee is dismissed pursuant to G.S. 115C-325(e)(1)l.
 11 above, his name shall be placed on a list of available career employees to be
 12 maintained by the board. ~~Career employees whose names are placed on such~~
 13 ~~a list shall have a priority on all positions in which they acquired career~~
 14 ~~status and for which they are qualified which become available in that~~
 15 ~~system for the three consecutive years succeeding their dismissal. However,~~
 16 ~~if the local school administrative unit offers the dismissed career employee a~~
 17 ~~position for which he is certified and he refuses it, his name shall be~~
 18 ~~removed from the priority list."~~
 19

20 TEACHING FELLOWS ADMINISTRATIVE REDUCTION

21 SECTION 7.24. G.S. 115C-363.23A(f) reads as rewritten:

22 "§ 115C-363.23A. Teaching Fellows Program established; administration.

23 ...
 24 (f) All funds appropriated to or otherwise received by the Teaching Fellows Program
 25 for scholarships, all funds received as repayment of scholarship loans, and all interest earned on
 26 these funds, shall be placed in a revolving fund. This revolving fund shall be used for
 27 scholarship loans granted under the Teaching Fellows Program. With the prior approval of the
 28 General Assembly in the Current Operations Appropriations Act, the revolving fund may also
 29 be used for campus and summer program support, and costs related to disbursement of awards
 30 and collection of loan repayments.

31 The Public School Forum, as administrator for the Teaching Fellows Program, may use up
 32 to ~~eight hundred ten thousand dollars (\$810,000)~~six hundred thousand dollars (\$600,000)
 33 annually from the fund balance for costs associated with administration of the Teaching
 34 Fellows Program."
 35

36 RESIDENTIAL SCHOOLS

37 SECTION 7.25.(a) The General Assembly finds that the operation of the Eastern
 38 North Carolina School for the Deaf, the Governor Morehead School for the Blind, and the
 39 North Carolina School for the Deaf (collectively, the "residential schools") no longer meets the
 40 needs of the populations they serve in an efficient and effective manner, and that current levels
 41 of utilization of the residential schools can be accommodated with two schools. No later than
 42 January 15, 2012, the Department shall report to the Joint Legislative Education Oversight
 43 Committee of the General Assembly the residential school it has decided to close and the
 44 Department's plan for consolidating the programs with those at the two remaining schools. The
 45 Department shall base its choice of the residential school to be closed on the following
 46 considerations:

- 47 (1) Minimization of impact on services to deaf and blind students currently
 48 served by the residential schools.
- 49 (2) Minimization of costs of modifications at the two remaining residential
 50 schools to accommodate students from the closed school.
- 51 (3) Maximization of funds generated or net savings to the State from costs
 52 avoided due to the closure of one school and the sale or transfer to other
 53 State agencies of the school campus and other physical assets.
- 54 (4) Minimization of required travel for students of the school that is closed.
- 55 (5) Historical and cultural significance of the school.

56 Effective July 1, 2012, the Department of Public Instruction shall carry out the
 57 closure and consolidation described in its report.

58 SECTION 7.25.(b) The Department of Public Instruction shall ensure that the
 59 residential and instructional schedules for the residential schools that were in effect before

February 8, 2010, shall remain in effect unless the General Assembly approves a material change to the instructional week. Residential students shall have the opportunity to arrive at their respective schools on the evening of the day before commencement of academic instruction for the week. The Department shall also maintain summer school programming at the residential schools in substantially the same manner as in prior years and shall make no material changes to summer school programming without the approval of the General Assembly.

SECTION 7.25.(c) The Department of Public Instruction may create a principal position at each residential school not currently assigned a principal position from funds appropriated in this act for the residential schools.

SECTION 7.25.(d) The position of superintendent for the residential schools within the Department of Public Instruction is eliminated. The Department shall designate one of the directors of the residential schools to serve as the superintendent for the residential schools. Of funds previously appropriated to the Department for the position of superintendent for the residential schools, the sum of twenty thousand dollars (\$20,000) shall be used to supplement the salary of the director who also serves as superintendent of residential schools. The remaining funds shall be used to offset other reductions to the residential schools made in this act.

SECTION 7.25.(e) G.S. 115C-325(p) reads as rewritten:

"(p) Section Applicable to Certain Institutions. – Notwithstanding any law or regulation to the contrary, this section shall apply to all persons employed in teaching and related educational classes in the schools and institutions of the Departments of Health and Human Services, Public Instruction, Correction, or Juvenile Justice and Delinquency Prevention regardless of the age of the students."

DEPARTMENT OF PUBLIC INSTRUCTION RECEIPTS

SECTION 7.27. Notwithstanding G.S. 143C-6-4(b)(3), the Department of Public Instruction may realign receipts among the following General Fund purpose codes on a recurring basis through the budget certification process for the sole purpose of correctly aligning the certified budget with the appropriate purpose or programs as defined in G.S. 143C-1-1(d)(23): 1000, 1100, 1300, 1330, 1430, 1500, 1600, 1640, and 1660.

INCREASE NUMBER OF INSTRUCTIONAL DAYS

SECTION 7.29.(a) G.S. 115C-84.2 reads as rewritten:

"§ 115C-84.2. School calendar.

(a) School Calendar. – Each local board of education shall adopt a school calendar consisting of 215 days all of which shall fall within the fiscal year. A school calendar shall include the following:

(1) **(See notes)** A minimum of ~~180~~185 days and ~~1,000~~1,025 hours of instruction covering at least nine calendar months. The local board shall designate when the ~~180~~185 instructional days shall occur. The number of instructional hours in an instructional day may vary according to local board policy and does not have to be uniform among the schools in the administrative unit. Local boards may approve school improvement plans that include days with varying amounts of instructional time. If school is closed early due to inclement weather, the day and the scheduled amount of instructional hours may count towards the required minimum to the extent allowed by State Board policy. The school calendar shall include a plan for making up days and instructional hours missed when schools are not opened due to inclement weather.

(1a) Repealed by Session Laws 2004-180, s. 1, effective August 9, 2004.

(2) A minimum of 10 annual vacation leave days.

(3) The same or an equivalent number of legal holidays occurring within the school calendar as those designated by the State Personnel Commission for State employees.

(4) ~~Five days, as designated by the local board, for use as teacher workdays. These days shall be protected to allow teachers to complete instructional and classroom administrative duties. The local school administrative unit shall not impose any additional tasks on these days. The local board shall~~

1 ~~schedule one of these days at the beginning of the school year and one at the~~
2 ~~end of each academic quarter.~~

- 3 (5) The remaining days scheduled by the local board in consultation with each
4 school's principal for use as teacher workdays, additional instructional days,
5 or other lawful purposes. Before consulting with the local board, each
6 principal shall work with the school improvement team to determine the
7 days to be scheduled and the purposes for which they should be scheduled.
8 Days may be scheduled and planned for different purposes for different
9 personnel and there is no requirement to schedule the same dates for all
10 personnel. In order to make up days for school closing because of inclement
11 weather, the local board may designate any of the days in this subdivision as
12 additional make-up days to be scheduled after the last day of student
13 attendance.

14 If the State Board of Education finds that it will enhance student performance to do so, the
15 State Board may grant a local board of education a waiver to use up to five of the instructional
16 days required by subdivision (1) of this subsection as teacher workdays. For each instructional
17 day waived, the State Board shall waive an equivalent number of instructional hours.

18 Local boards and individual schools are encouraged to use the calendar flexibility in order
19 to meet the annual performance standards set by the State Board. Local boards of education
20 shall consult with parents and the employed public school personnel in the development of the
21 school calendar.

22 Local boards shall designate at least ~~seven~~ two days scheduled under ~~subdivisions (4) and~~
23 ~~subdivision (5)~~ of this subsection as days on which teachers may take accumulated vacation
24 leave. Local boards may designate the remaining days scheduled in ~~subdivisions (4) and~~
25 ~~subdivision (5)~~ of this subsection as days on which teachers may take accumulated vacation
26 leave, but local boards shall give teachers at least 14 calendar days' notice before requiring a
27 teacher to work instead of taking vacation leave on any of these days. A teacher may elect to
28 waive this notice requirement for one or more of these days.

29 (b) Limitations. – The following limitations apply when developing the school
30 calendar:

- 31 (1) The total number of teacher workdays for teachers employed for a 10 month
32 term shall not exceed 195 days.
33 (2) The calendar shall include at least 42 consecutive days when teacher
34 attendance is not required unless: (i) the school is a year-round school; or (ii)
35 the teacher is employed for a term in excess of 10 months. At the request of
36 the local board of education or of the principal of a school, a teacher may
37 elect to work on one of the 42 days when teacher attendance is not required
38 in lieu of another scheduled workday.
39 (3) School shall not be held on Sundays.
40 (4) Veterans Day shall be a holiday for all public school personnel and for all
41 students enrolled in the public schools.

42 (c) Emergency Conditions. – During any period of emergency in any section of the
43 State where emergency conditions make it necessary, the State Board of Education may order
44 general, and if necessary, extended recesses or adjournment of the public schools.

45 (d) Opening and Closing Dates. – Local boards of education shall determine the dates
46 of opening and closing the public schools under subdivision (a)(1) of this section. Except for
47 year-round schools, the opening date for students shall not be before August 25, and the closing
48 date for students shall not be after June 10. On a showing of good cause, the State Board of
49 Education may waive this requirement to the extent that school calendars are able to provide
50 sufficient days to accommodate anticipated makeup days due to school closings. A local board
51 may revise the scheduled closing date if necessary in order to comply with the minimum
52 requirements for instructional days or instructional time. For purposes of this subsection, the
53 term "good cause" means either that:

- 54 (1) Schools in any local school administrative unit in a county have been closed
55 eight days per year during any four of the last 10 years because of severe
56 weather conditions, energy shortages, power failures, or other emergency
57 situations; or
58 (2) Schools in any local school administrative unit in a county have been closed
59 for all or part of eight days per year during any four of the last 10 years

1 because of severe weather conditions. For purposes of this subdivision, a
2 school shall be deemed to be closed for part of a day if it is closed for two or
3 more hours.

4 The State Board also may waive this requirement for an educational purpose. The term
5 "educational purpose" means a local school administrative unit establishes a need to adopt a
6 different calendar for (i) a specific school to accommodate a special program offered generally
7 to the student body of that school, (ii) a school that primarily serves a special population of
8 students, or (iii) a defined program within a school. The State Board may grant the waiver for
9 an educational purpose for that specific school or defined program to the extent that the State
10 Board finds that the educational purpose is reasonable, the accommodation is necessary to
11 accomplish the educational purpose, and the request is not an attempt to circumvent the
12 opening and closing dates set forth in this subsection. The waiver requests for educational
13 purposes shall not be used to accommodate system-wide class scheduling preferences.

14 The required opening and closing dates under this subsection shall not apply to any school
15 that a local board designated as having a modified calendar for the 2003-2004 school year or to
16 any school that was part of a planned program in the 2003-2004 school year for a system of
17 modified calendar schools, so long as the school operates under a modified calendar.

18 (e) Nothing in this section prohibits a local board of education from offering
19 supplemental or additional educational programs or activities outside the calendar adopted
20 under this section."

21 **SECTION 7.29.(b)** G.S. 115C-238.29F(d)(1) reads as rewritten:

22 "(1) The school shall provide instruction each year for at least ~~180~~185 days. If the
23 State Board of Education finds that it will enhance student performance to
24 do so, the State Board may grant a charter school a waiver to use up to five
25 of these instructional days as teacher workdays."

41 skills, and mathematics for grades three through eight, and toward
42 competencies for grades nine through 12. Students who do not pass the tests
43 adopted for eighth grade shall be provided remedial instruction in the ninth
44 grade.

45 (2) If the State Board of Education finds that additional testing in grades three
46 through 12 is desirable to allow comparisons with national indicators of
47 student achievement, that testing shall be conducted with the smallest size
48 sample of students necessary to assure valid comparisons with other states.

49 (3) The State Board of Education shall continue to participate in the
50 development of the Common Core State Standards in conjunction with the
51 consortium of other states, review all national assessments developed by
52 both multistate consortia, and implement the assessments that the State
53 Board deems most appropriate to assess student achievement on the
54 Common Core State Standards.

55 (4) To the extent funds are made available, the State Board shall plan for and
56 require the administration of the ACT test for all students in the eleventh
57 grade unless the student has already taken a comparable test and scored at or
58 above a level set by the State Board.

(d) Except as provided in ~~subdivision (2) of subsection (c)~~ of this section, the State Board of Education shall not require the public schools to administer any standardized tests except for those required by federal law or as a condition of a federal grant.

"Part 4. Student Diagnostic Tests.

"§ 115C-174.20. Tools for student learning.

To the extent funds are made available for this purpose, the State Board shall plan for and require the administration of diagnostic tests in the eighth and tenth grades that align to the ACT test in order to help diagnose student learning and provide for students an indication of whether they are on track to be remediation-free at a community college or university.

"Part 5. Career Readiness.

"§ 115C-174.25. WorkKeys.

To the extent funds are made available for this purpose, the State Board shall plan for and require local school administrative units to make available the appropriate WorkKeys tests for all students who complete the second level of vocational/career courses."

 38 **AVAILABLE OPERATING FUNDS**

39 **SECTION 9.6C.** G.S. 116-13.1 reads as rewritten:

40 **"§ 116-13.1. Capital facilities; ~~reports; reports;~~ chancellors may authorize certain repair,**

 44 deteriorate due to decades of neglect and have unfortunately fallen into a state of disrepair
 45 because of inadequate attention to maintenance. It is the intent of the General Assembly to
 46 reverse this trend and to provide a mechanism to assure that the University's capital assets are

 48 assets to protect their value over the years, as follows:

- 49 (1) The Board of Governors of The University of North Carolina shall require

 53 (2) The Board of Governors shall report annually to the Joint Legislative
 54 Commission on Governmental Operations and the Joint Legislative

 58 (3) It is the intent of the General Assembly to assure that adequate oversight,

1 facilities of the University are properly maintained to preserve the level of
2 excellence the citizens of this State deserve. To this end, the Joint
3 Legislative Education Oversight Committee shall report to the General
4 Assembly annually its recommendations for legislative changes to
5 implement this policy.

6 (b) Equity in University Improvements. – The Board of Governors of The University of

23 **AUTHORIZE BOARD OF GOVERNORS TO PERMIT NORTH CAROLINA STATE**
24 **UNIVERSITY TO SELF-PERFORM ENERGY CONSERVATION MEASURES**
25 **AND TO AUTHORIZE ENERGY SAVINGS REALIZED BY NORTH CAROLINA**
26 **STATE UNIVERSITY TO BE USED AS A SOURCE OF REPAYMENT FOR**
27 **CERTAIN DEBTS**

28 **SECTION 9.6D.(a)** Article 3B of Chapter 143 of the General Statutes is amended
29 by adding a new section to read:

30 **"§ 143-64.17L. Board of Governors may authorize energy conservation measures at**
31 **constituent institutions.**

32 (a) Authority. – Notwithstanding the provisions of this Part to the contrary, the Board
33 of Governors of The University of North Carolina may authorize any constituent institution
34 listed in subsection (e) of this section to implement an energy conservation measure without
35 entering into a guaranteed energy savings contract if both of the following conditions are met:

36 (1) The Board of Governors finds that the energy savings resulting from the
37 implementation of the energy conservation measure shall, according to the
38 energy savings analysis received pursuant to G.S. 143-64.17M(a), equal or
39 exceed the total cost of implementing the measure. If the proposed
40 implementation will be financed with debt, then the energy savings analysis
41 must project sufficient energy savings to pay the debt service on any bonds
42 to be issued. As used in this subdivision, the term 'total cost' shall have the
43 same meaning as it does in G.S. 143-64.17B(d).

44 (2) The energy conservation measure is for an existing building or utility
45 system.

46 (b) Scope of Authority. – In implementing an energy conservation measure pursuant to
47 subsection (a) of this section, the Board of Governors may undertake or authorize any
48 constituent institution listed in subsection (e) of this section to undertake any action that (i)
49 could be required of a qualified provider under a guaranteed energy savings contract or (ii) is
50 otherwise permissible under this Part.

51 (c) Projects Consisting of Multiple Energy Conservation Measures. – The Board of
52 Governors may authorize the implementation of multiple energy conservation measures
53 simultaneously as part of a single project. When doing so, the findings required by subsection
54 (a) of this section may be made with respect to the project as a whole and need not be made
55 with respect to individual energy conservation measures. Similarly, the analyses required by
56 G.S. 143-64.17M may be conducted for the project as a whole instead of for individual energy
57 conservation measures.

1 (d) Continuing Applicability of Part to Contracts. – If the Board of Governors or a
2 constituent institution implements an energy conservation measure through a guaranteed energy
3 savings contract, that contract shall accord in all respects with the requirements of this Part.

4 (e) The Board of Governors may authorize North Carolina State University to
5 implement an energy conservation measure without entering into a guaranteed energy savings
6 contract pursuant to this section."

7 **SECTION 9.6D.(b)** Article 3B of Chapter 143 of the General Statutes is amended
8 by adding a new section to read:

9 **"§ 143-64.17M. Energy savings analysis required prior to implementation;**
10 **post-implementation analyses required.**

11 (a) Energy Savings Analysis Required Prior to Implementation. – Prior to
12 implementing an energy conservation measure pursuant to G.S. 143-64.17L, an energy savings
13 analysis shall be performed to validate the economic assumptions that purportedly support the
14 implementation of the measure. This analysis shall be performed by a third party selected by
15 the constituent institution and shall include an energy consumption analysis to develop a
16 baseline of previous costs of all utilities' energy consumption for the institution on the
17 assumption that the energy conservation measure was not undertaken. The completed analysis
18 shall be submitted to The University of North Carolina General Administration and to the State
19 Energy Office.

20 (b) Post-Implementation Analyses Required. – A constituent institution that implements
21 an energy conservation measure pursuant to G.S. 143-64.17L shall retain a third party to
22 perform an annual measurement and verification of energy savings resulting from the energy
23 conservation measure as compared to the baseline of previous costs set forth in the energy
24 savings analysis required by subsection (a) of this section. The third party shall annually
25 provide a reconciliation statement based upon the results of a preagreed upon measurement,
26 monitoring, and verification protocol which shall disclose any shortfall or surplus between the
27 estimated energy usage and operational savings set forth in the energy savings analysis required
28 by subsection (a) of this section and actual, not stipulated, energy usage and operational savings
29 incurred during a given year.

30 If a reconciliation statement reveals a shortfall in energy savings for a particular year, the
31 constituent institution shall be responsible for and shall pay the shortfall. However, the
32 institution shall not be held responsible for losses due to natural disasters or other emergencies.
33 Any surplus shall be retained by the institution and may be used in the same manner as any
34 other energy savings."

35 **SECTION 9.6D.(c)** G.S. 116-30.3B(b) reads as rewritten:

36 "(b) It is the intent of the General Assembly that appropriations to the Board of
37 Governors on behalf of a constituent institution not be reduced as a result of the institution's
38 realization of energy savings. Instead, the General Assembly intends that the amount of
39 appropriations be determined as if no energy savings had been realized. The Director of the
40 Budget shall not decrease the recommended continuation budget requirements for utilities for
41 constituent institutions by the amount of energy savings realized from implementing energy
42 conservation measures, including savings achieved through a guaranteed energy savings
43 contract."

44 **SECTION 9.6D.(d)** G.S. 143-64.17F(b) reads as rewritten:

45 "(b) The Department of Administration, in consultation with the Department of
46 Commerce through the State Energy Office, shall adopt rules for: (i) agency evaluation of
47 guaranteed energy savings contracts; (ii) establishing time periods for consideration of
48 guaranteed energy savings contracts by the Office of State Budget and Management, the Office
49 of the State Treasurer, and the Council of State, and (iii) setting measurements and verification
50 criteria, including review, audit, and precertification. Prior to adopting any rules pursuant to
51 this section, the Department shall consult with and obtain approval of those rules from the State
52 Treasurer. The rules adopted pursuant to this subsection shall not apply to energy conservation
53 measures implemented pursuant to G.S. 143-64.17L."

54 **SECTION 9.6D.(e)** G.S. 143-64.17H reads as rewritten:

55 **"§ 143-64.17H. Report on guaranteed energy savings contracts entered into by State**
56 **governmental units.**

57 A State governmental unit that enters into a guaranteed energy savings contract or
58 implements an energy conservation measure pursuant to G.S. 143-64.17L must report either (i)
59 the contract and the terms of the ~~contract~~ contract or (ii) the implementation of the measure to

1 the State Energy Office of the Department of Commerce within 30 days of the date the contract
 2 is entered ~~into~~ into or the measure is implemented. In addition, within 60 days after each
 3 annual anniversary date of a guaranteed energy savings contract, the State governmental unit
 4 must report the status of the contract to the State Energy Office, including any details required
 5 by the State Energy Office. The State Energy Office shall compile the information for each
 6 fiscal year and report it to the Joint Legislative Commission on Governmental Operations and
 7 to the Local Government Commission annually by December 1. In compiling the information,
 8 the State Energy Office shall include information on the energy savings expected to be realized
 9 from a contract or implementation and shall evaluate whether expected savings have in fact
 10 been realized."

11 **SECTION 9.6D.(f)** G.S. 142-63 reads as rewritten:

12 **"§ 142-63. Authorization of financing contract.**

13 Subject to the terms and conditions set forth in this Article, (i) a State governmental unit
 14 that is implementing an energy conservation measure pursuant to G.S. 143-64.17L and
 15 financing it pursuant to this Article, (ii) a State governmental unit that has solicited a
 16 guaranteed energy conservation measure pursuant to G.S. 143-64.17A or ~~G.S. 143-64.17B~~ or
 17 G.S. 143-64.17B, or (iii) the State Treasurer, as designated by the Council of State, is
 18 authorized to execute and deliver, for and on behalf of the State of North Carolina, a financing
 19 contract to finance the costs of the energy conservation measure. The aggregate outstanding
 20 amount payable by the State under financing contracts entered pursuant to this Article shall not
 21 exceed five hundred million dollars (\$500,000,000) at any one time."

22 **SECTION 9.6D.(g)** G.S. 142-64(a) reads as rewritten:

23 **"§ 142-64. Procedure for incurrence or issuance of financing contract.**

24 (a) When a State governmental unit (i) is implementing an energy conservation
 25 measure pursuant to G.S. 143-64.17L and financing it pursuant to this Article or (ii) has
 26 solicited a guaranteed energy conservation measure, the State governmental unit shall request
 27 that the State Treasurer approve the State governmental unit's entering into a financing contract
 28 to finance the cost of the energy conservation measure. In connection with the request, the State
 29 governmental unit shall provide to the State Treasurer any information the State Treasurer
 30 requests in order to evaluate the request. In the event that the State Treasurer determines that
 31 financing efficiencies will be realized through the combining of financing contracts, then the
 32 State Treasurer is authorized to execute and deliver, for and on behalf of the State of North
 33 Carolina, subject to the terms and conditions set forth in this Article, a financing contract for
 34 the purpose of financing the cost of the multiple energy conservation measures."

 42 the institution from any activities conducted at the institution.
- 43 b. Earnings on the investment of the endowment fund of the institution

18 unused child care subsidy voucher funds in order to meet the child care needs of low-income
19 families. Any reallocation of funds shall be based upon the expenditures of all child care
20 subsidy voucher funding, including Smart Start funds, within a county.

21 SECTION 10.2.(c) Notwithstanding subsection (a) of this section, the Department
22 of Health and Human Services shall allocate up to twenty million dollars (\$20,000,000) in
23 federal block grant funds and State funds appropriated for fiscal years 2011-2012 and
24 2012-2013 for child care services. These funds shall be allocated to prevent termination of
25 child care services. Funds appropriated for specific purposes, including targeted market rate
26 adjustments given in the past, may also be allocated by the Department separately from the
27 allocation formula described in subsection (a) of this section.
28

29 CHILD CARE FUNDS MATCHING REQUIREMENT

30 SECTION 10.3. No local matching funds may be required by the Department of
31 Health and Human Services as a condition of any locality's receiving its initial allocation of
32 child care funds appropriated by this act unless federal law requires a match. If the Department
33 reallocates additional funds above twenty-five thousand dollars (\$25,000) to local purchasing
34 agencies beyond their initial allocation, local purchasing agencies must provide a twenty
35 percent (20%) local match to receive the reallocated funds. Matching requirements shall not
36 apply when funds are allocated because of a disaster as defined in G.S. 166A-4(1).
37

38 CHILD CARE REVOLVING LOAN

39 SECTION 10.4. Notwithstanding any law to the contrary, funds budgeted for the
40 Child Care Revolving Loan Fund may be transferred to and invested by the financial institution
41 contracted to operate the Fund. The principal and any income to the Fund may be used to make
42 loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's
43 cost of operating the Fund, or pay the Department's cost of administering the program.
44

45 EXPIRATION OF EARLY EDUCATION CERTIFICATION REQUIREMENT

46 SECTION 10.4A. Section 2 of S.L. 2010-178 reads as rewritten:

47 "SECTION 2. This act is effective when it becomes ~~law-law~~ and expires July 1, 2011."
48

49 EARLY CHILDHOOD EDUCATION AND DEVELOPMENT INITIATIVES 50 ENHANCEMENTS

51 SECTION 10.5.(a) Administrative costs shall be equivalent to, on an average
52 statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide
53 allocation to all local partnerships. For purposes of this subsection, administrative costs shall
54 include costs associated with partnership oversight, business and financial management,
55 general accounting, human resources, budgeting, purchasing, contracting, and information
56 systems management. The North Carolina Partnership for Children, Inc., shall develop a single
57 statewide contract management system that incorporates features of the required standard fiscal
58 accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships shall be
59 required to participate in the contract management system and shall be directed by the North

1 Carolina Partnership for Children, Inc., to collaborate, to the fullest extent possible, with other
2 local partnerships to increase efficiency and effectiveness.

3 **SECTION 10.5.(b)** G.S. 143B-168.12(a)(5) is repealed.

4 **SECTION 10.5.(c)** The North Carolina Partnership for Children, Inc., shall not use
5 more than eighty thousand dollars (\$80,000) in funds from the General Fund for the salary of
6 any individual employee. A local partnership shall not use more than sixty thousand dollars
7 (\$60,000) in funds from the General Fund for the salary of any individual employee. Nothing in
8 this subsection shall be construed to prohibit the North Carolina Partnership for Children, Inc.,
9 or a local partnership from using non-State funds to supplement the salary of an employee
10 employed by the North Carolina Partnership for Children, Inc., or the local partnership.

11 **SECTION 10.5.(d)** The North Carolina Partnership for Children, Inc., and all local
12 partnerships shall use competitive bidding practices in contracting for goods and services on
13 contract amounts as follows:

- 14 (1) For amounts of five thousand dollars (\$5,000) or less, the procedures
15 specified by a written policy to be developed by the Board of Directors of
16 the North Carolina Partnership for Children, Inc.
- 17 (2) For amounts greater than five thousand dollars (\$5,000), but less than fifteen
18 thousand dollars (\$15,000), three written quotes.
- 19 (3) For amounts of fifteen thousand dollars (\$15,000) or more, but less than
20 forty thousand dollars (\$40,000), a request for proposal process.
- 21 (4) For amounts of forty thousand dollars (\$40,000) or more, a request for
22 proposal process and advertising in a major newspaper.

23 **SECTION 10.5.(e)** The North Carolina Partnership for Children, Inc., and all local
24 partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the
25 total amount budgeted for the program in each fiscal year of the biennium. Of the funds the
26 North Carolina Partnership for Children, Inc., and the local partnerships are required to match,
27 contributions of cash shall equal to at least ten percent (10%) and in-kind donated resources
28 equal to no more than three percent (3%) for a total match requirement of thirteen percent
29 (13%) for each fiscal year. The North Carolina Partnership for Children, Inc., may carry
30 forward any amount in excess of the required match for a fiscal year in order to meet the match
31 requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall
32 be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind
33 contribution for the purpose of the match requirement of this subsection. Volunteer services
34 that qualify as professional services shall be valued at the fair market value of those services.
35 All other volunteer service hours shall be valued at the statewide average wage rate as
36 calculated from data compiled by the Employment Security Commission in the Employment
37 and Wages in North Carolina Annual Report for the most recent period for which data are
38 available. Expenses, including both those paid by cash and in-kind contributions, incurred by
39 other participating non-State entities contracting with the North Carolina Partnership for
40 Children, Inc., or the local partnerships, also may be considered resources available to meet the
41 required private match. In order to qualify to meet the required private match, the expenses
42 shall:

- 43 (1) Be verifiable from the contractor's records.
- 44 (2) If in-kind, other than volunteer services, be quantifiable in accordance with
45 generally accepted accounting principles for nonprofit organizations.
- 46 (3) Not include expenses funded by State funds.
- 47 (4) Be supplemental to and not supplant preexisting resources for related
48 program activities.
- 49 (5) Be incurred as a direct result of the Early Childhood Initiatives Program and
50 be necessary and reasonable for the proper and efficient accomplishment of
51 the Program's objectives.
- 52 (6) Be otherwise allowable under federal or State law.
- 53 (7) Be required and described in the contractual agreements approved by the
54 North Carolina Partnership for Children, Inc., or the local partnership.
- 55 (8) Be reported to the North Carolina Partnership for Children, Inc., or the local
56 partnership by the contractor in the same manner as reimbursable expenses.

57 Failure to obtain a thirteen percent (13%) match by June 30 of each fiscal year shall
58 result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent
59 fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for

1 compiling information on the private cash and in-kind contributions into a report that is
2 submitted to the Joint Legislative Commission on Governmental Operations in a format that
3 allows verification by the Department of Revenue. The same match requirements shall apply to
4 any expansion funds appropriated by the General Assembly.

5 **SECTION 10.5.(f)** The Department of Health and Human Services shall continue
6 to implement the performance-based evaluation system.

7 **SECTION 10.5.(g)** The Department of Health and Human Services and the North
8 Carolina Partnership for Children, Inc., shall ensure that the allocation of funds for Early
9 Childhood Education and Development Initiatives for State fiscal years 2011-2012 and
10 2012-2013 shall be administered and distributed in the following manner:

- 11 (1) Capital expenditures are prohibited for fiscal years 2011-2012 and
12 2012-2013. For the purposes of this section, "capital expenditures" means
13 expenditures for capital improvements as defined in G.S. 143C-1-1(d)(5).
- 14 (2) Expenditures of State funds for advertising and promotional activities are
15 prohibited for fiscal years 2011-2012 and 2012-2013.

16 **SECTION 10.5.(h)** A county may use the county's allocation of State and federal
17 child care funds to subsidize child care according to the county's Early Childhood Education
18 and Development Initiatives Plan as approved by the North Carolina Partnership for Children,
19 Inc. The use of federal funds shall be consistent with the appropriate federal regulations. Child
20 care providers shall, at a minimum, comply with the applicable requirements for State licensure
21 pursuant to Article 7 of Chapter 110 of the General Statutes.

22 **SECTION 10.5.(i)** For fiscal years 2011-2012 and 2012-2013, the local
23 partnerships shall spend an amount for child care subsidies that provides at least fifty-two
24 million dollars (\$52,000,000) for the TANF maintenance of effort requirement and the Child
25 Care Development Fund and Block Grant match requirement.

26 **SECTION 10.5.(j)** For fiscal years 2011-2012 and 2012-2013, local partnerships
27 shall not spend any State funds on marketing campaigns, advertising, or any associated
28 materials. Local partnerships may spend any private funds the local partnerships receive on
29 those activities.

30 **SECTION 10.5.(k)** The North Carolina Partnership for Children, Inc., and its
31 Board shall establish policies that focus the North Carolina Partnership for Children, Inc.'s
32 mission on improving child care quality in North Carolina for children from birth to five years
33 of age. North Carolina Partnership for Children, Inc.-funded activities shall include assisting
34 child care facilities with (i) improving quality, including helping one- and two-star rated
35 facilities increase their star ratings, and (ii) implementing prekindergarten programs. State
36 funding for local partnerships shall also be used for evidence-based or evidence-informed
37 programs for children from birth to five years of age that do the following:

- 38 (1) Increase children's literacy.
- 39 (2) Increase the parents' ability to raise healthy, successful children.
- 40 (3) Improve children's health.
- 41 (4) Assist four- and five-star rated facilities in improving and maintaining
42 quality.

43 **SECTION 10.5.(l)** It is the intent of the General Assembly that the North Carolina
44 Partnership for Children, Inc., implement an evidence-based pilot literacy program that
45 improves literacy of children from birth through five years of age and increases children's
46 chances of success in school. An annual evaluation of the pilot literacy program shall assess the
47 goals and intended outcomes of the evidence-based pilot literacy program.

48 **SECTION 10.5.(m)** The Legislative Research Commission is authorized to study
49 the cost, quality, consumer education, and outcomes of the North Carolina Partnership for
50 Children, Inc.'s activities funded to (i) increase early literacy, (ii) measurably improve families'
51 abilities to raise healthy, productive, and successful children, and (iii) increase access to
52 preventative health care for children from birth to five years of age. The Legislative Services
53 Commission shall evaluate and report on the following:

- 54 (1) The types of activities, goals, and intended outcomes of evidence-based
55 early literacy activities that promote phonemic awareness, letter recognition,
56 segmenting words into sounds, and decoding print text.
- 57 (2) The types of family support and health activities supported with the North
58 Carolina Partnership for Children, Inc., funds.
- 59 (3) The goal and intended outcome of the family support and health activities.

- (4) The numbers served and results of the family support and health activities.
- (5) Study the match requirements and what constitutes the match requirements.
- (6) Any other matter the Commission deems relevant to its charge.

SECTION 10.5.(n) On or before October 1, 2012, the Legislative Research Commission shall make a report of its findings and recommendations, including any proposed legislation, to the 2012 Regular Session of the 2011 General Assembly, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division.

ADMINISTRATIVE ALLOWANCE FOR COUNTY DEPARTMENTS OF SOCIAL SERVICES

SECTION 10.6. The Division of Child Development of the Department of Health and Human Services shall fund the allowance that county departments of social services may use for administrative costs at four percent (4%) of the county's total child care subsidy funds allocated in the Child Care Development Fund Block Grant plan.

CONSOLIDATE MORE AT FOUR PROGRAM INTO DIVISION OF CHILD DEVELOPMENT

SECTION 10.7.(a) The Department of Public Instruction, Office of Early Learning, and the Department of Health and Human Services are directed to consolidate the More At Four program into the Division of Child Development. The Division of Child Development is renamed the Division of Child Development and Early Education (DCDEE). The DCDEE is directed to maintain the More At Four program's high programmatic standards. The Department of Health and Human Services shall assume the functions of the regulation and monitoring system and payment and reimbursement system for the More At Four program.

All regulation and monitoring functions shall begin July 1, 2011. The More At Four program shall be designated as "prekindergarten" on the five-star rating scale. All references to "prekindergarten" in this section shall refer to the program previously titled the "More At Four" program. All references to "non-prekindergarten" shall refer to all four- and five-star rated facilities.

The Office of State Budget and Management shall transfer positions to the Department of Health and Human Services to assume the regulation, monitoring, and accounting functions within the Division of Child Development's Regulatory Services Section. This transfer shall have all the elements of a Type I transfer as defined in G.S. 143A-6. All funds transferred pursuant to this section shall be used for the funding of prekindergarten slots for four-year-olds and for the management of the program. The Department of Health and Human Services shall incorporate eight consultant positions into the regulation and accounting sections of DCDEE, eliminate the remaining positions, and use position elimination savings for the purpose of funding prekindergarten students. DCDEE may use funds from the transfer of the More At Four program for continuing the teacher mentoring program and contracting for the environmental rating scale assessments.

SECTION 10.7.(b) The Childcare Commission shall adopt rules for programmatic standards for regulation of prekindergarten classrooms. The Commission shall review and approve comprehensive, evidenced-based early childhood curricula with a reading component. These curricula shall be added to the currently approved "More At Four" curricula.

SECTION 10.7.(c) G.S. 143B-168.4(a) reads as rewritten:

"(a) The Child Care Commission of the Department of Health and Human Services shall consist of ~~15~~17 members. Seven of the members shall be appointed by the Governor and ~~eight~~10 by the General Assembly, ~~four~~five upon the recommendation of the President Pro Tempore of the Senate, and ~~four~~five upon the recommendation of the Speaker of the House of Representatives. Four of the members appointed by the Governor, two by the General Assembly on the recommendation of the President Pro Tempore of the Senate, and two by the General Assembly on the recommendation of the Speaker of the House of Representatives, shall be members of the public who are not employed in, or providing, child care and who have no financial interest in a child care facility. Two of the foregoing public members appointed by the Governor, one of the foregoing public members recommended by the President Pro Tempore of the Senate, and one of the foregoing public members recommended by the Speaker of the House of Representatives shall be parents of children receiving child care services. Of the remaining two public members appointed by the Governor, one shall be a pediatrician

1 currently licensed to practice in North Carolina. Three of the members appointed by the
 2 Governor shall be child care providers, one of whom shall be affiliated with a for profit child
 3 care center, one of whom shall be affiliated with a for profit family child care home, and one of
 4 whom shall be affiliated with a nonprofit facility. Two of the members appointed by the
 5 General Assembly on the recommendation of the President Pro Tempore of the Senate, and two
 6 by the General Assembly on recommendation of the Speaker of the House of Representatives,
 7 shall be child care providers, one affiliated with a for profit child care facility, and one
 8 affiliated with a nonprofit child care facility. The General Assembly, upon the recommendation
 9 of the President Pro Tempore of the Senate, and the General Assembly, upon the
 10 recommendation of the Speaker of the House of Representatives, shall appoint two early
 11 childhood education specialists. None may be employees of the State."

12 **SECTION 10.7.(d)** The additional curricula approved and taught in
 13 prekindergarten classrooms shall also be taught in four- and five-star rated facilities in the
 14 non-prekindergarten four-year-old classrooms. The Child Care Commission shall increase
 15 standards in the four- and five-star-rated facilities for the purpose of placing an emphasis on
 16 early reading. The Commission shall require the four- and five-star-rated facilities to teach
 17 from the Commission's approved curricula. The Division of Child Development may use funds
 18 from the Child Care Development Fund Block Grant to assist with the purchase of curricula or
 19 adjust rates of reimbursements to cover increased costs.

20 **SECTION 10.7.(e)** The Division of Child Development and Early Education shall
 21 adopt a policy to encourage all prekindergarten classrooms to blend private pay families with
 22 prekindergarten subsidized children in the same manner that regular subsidy children are
 23 blended with private pay children. The Division may implement a waiver or transition period
 24 for the public classrooms.

25 **SECTION 10.7.(f)** The prekindergarten program may continue to serve at-risk
 26 children identified through the existing "child find" methods in which at-risk children are
 27 currently served within the Division of Child Development. The Division of Child
 28 Development shall serve at-risk children regardless of income. However, the total number of
 29 at-risk children served shall constitute no more than twenty percent (20%) of the four-year-olds
 30 served within the prekindergarten program. Any age-eligible child who is a child of either of
 31 the following shall be eligible for the program: (i) an active duty member of the Armed Forces
 32 of the United States, including the North Carolina National Guard, State military forces, or a
 33 reserve component of the Armed Forces, who was ordered to active duty by the proper
 34 authority within the last 18 months or is expected to be ordered within the next 18 months or
 35 (ii) a member of the Armed Forces of the United States, including the North Carolina National
 36 Guard, State military forces, or a reserve component of the Armed Forces, who was injured or
 37 killed while serving on active duty. Eligibility determinations for prekindergarten participants
 38 may continue through local education agencies and local North Carolina Partnership for
 39 Children, Inc., partnerships.

40 **SECTION 10.7.(g)** The Division of Child Development and Early Education
 41 (DCDEE) shall adopt policies that improve the quality of childcare for subsidized children.
 42 The DCDEE shall phase in a new policy in which child care subsidies will be paid, to the
 43 extent possible, for child care in the higher quality centers and homes only. The DCDEE shall
 44 define higher quality, and subsidy funds shall not be paid for one- or two-star-rated facilities.
 45 For those counties with an inadequate number of three-, four-, and five-star-rated facilities, the
 46 DCDEE shall establish a transition period that allows the facilities to continue to receive
 47 subsidy funds while the facilities work on the increased star ratings. The DCDEE may allow
 48 exemptions in counties where there is an inadequate number of three-, four-, and five-star-rated
 49 facilities for nonstar-rated programs, such as religious programs.

50 **SECTION 10.7.(h)** The Division of Child Development and Early Education shall
 51 implement a parent co-payment requirement for prekindergarten classrooms the same as what
 52 is required of parents subject to regular child care subsidy payments. All at-risk children and
 53 age-eligible children of military personnel as described in subsection (g) of this section are
 54 exempt from the co-payment requirements of this subsection.

55 Fees for families who are required to share in the cost of care shall be established
 56 based on a percent of gross family income and adjusted for family size. Fees shall be
 57 determined as follows:

FAMILY SIZE	PERCENT OF GROSS FAMILY INCOME
1-3	10%

1 4-5 9%
2 6 or more 8%.

3 **SECTION 10.7.(i)** All prekindergarten classrooms regulated pursuant to this
4 section shall be required to participate in the Subsidized Early Education for Kids (SEEK)
5 accounting system to streamline the payment function for these classrooms with a goal of
6 eliminating duplicative systems and streamlining the accounting and payment processes among
7 the subsidy reimbursement systems. Prekindergarten funds transferred may be used to add
8 these programs to SEEK.

9 **SECTION 10.7.(j)** Based on market analysis and within funds available, the
10 Division of Child Development and Early Education shall establish reimbursement rates based
11 on newly increased requirements of four- and five-star-rated facilities and the higher teacher
12 standards within the prekindergarten class rooms, specifically More At Four teacher standards,
13 when establishing the rates of reimbursements. Additionally, the prekindergarten curriculum
14 day shall cover six and one-half to 10 hours daily and no less than 10 months per year. The
15 public classrooms will have a one-year transition period to become licensed through the
16 Division of Child Development and may continue to operate prekindergarten, formerly "More
17 At Four," classrooms during the 2011-2012 fiscal year.
18

19 MENTAL HEALTH CHANGES

20 **SECTION 10.8.(a)** For the purpose of mitigating cash flow problems that many
21 nonsingle-stream local management entities (LMEs) experience at the beginning of each fiscal
22 year, the Department of Health and Human Services, Division of Mental Health,
23 Developmental Disabilities, and Substance Abuse Services, shall adjust the timing and method
24 by which allocations of service dollars are distributed to each nonsingle-stream LME. To this
25 end, the allocations shall be adjusted such that at the beginning of the fiscal year the
26 Department shall distribute not less than one-twelfth of the LME's continuation allocation and
27 subtract the amount of the adjusted distribution from the LME's total reimbursements for the
28 fiscal year.

29 **SECTION 10.8.(b)** Of the funds appropriated in this act to the Department of
30 Health and Human Services, Division of Mental Health, Developmental Disabilities, and
31 Substance Abuse Services, the sum of twenty-nine million one hundred twenty-one thousand
32 six hundred forty-four dollars (\$29,121,644) for the 2011-2012 fiscal year and the sum of
33 twenty-nine million one hundred twenty-one thousand six hundred forty-four dollars
34 (\$29,121,644) for the 2012-2013 fiscal year shall be allocated for the purchase of local
35 inpatient psychiatric beds or bed days. In addition, at the discretion of the Secretary of Health
36 and Human Services, existing funds allocated to LMEs for community-based mental health,
37 developmental disabilities, and substance abuse services may be used to purchase additional
38 local inpatient psychiatric beds or bed days. These beds or bed days shall be distributed across
39 the State in LME catchment areas and according to need as determined by the Department. The
40 Department shall enter into contracts with the LMEs and community hospitals for the
41 management of these beds or bed days. The Department shall work to ensure that these
42 contracts are awarded equitably around all regions of the State. Local inpatient psychiatric beds
43 or bed days shall be managed and controlled by the LME, including the determination of which
44 local or State hospital the individual should be admitted to pursuant to an involuntary
45 commitment order. Funds shall not be allocated to LMEs but shall be held in a statewide
46 reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse
47 Services to pay for services authorized by the LMEs and billed by the hospitals through the
48 LMEs. LMEs shall remit claims for payment to the Division within 15 working days of receipt
49 of a clean claim from the hospital and shall pay the hospital within 30 working days of receipt
50 of payment from the Division. If the Department determines (i) that an LME is not effectively
51 managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days
52 in the local hospital not being utilized while demand for services at the State psychiatric
53 hospitals has not reduced, or (ii) the LME has failed to comply with the prompt payment
54 provisions of this subsection, the Department may contract with another LME to manage the
55 beds or bed days, or, notwithstanding any other provision of law to the contrary, may pay the
56 hospital directly. The Department shall develop reporting requirements for LMEs regarding the
57 utilization of the beds or bed days. Funds appropriated in this section for the purchase of local
58 inpatient psychiatric beds or bed days shall be used to purchase additional beds or bed days not
59 currently funded by or through LMEs and shall not be used to supplant other funds available or

1 otherwise appropriated for the purchase of psychiatric inpatient services under contract with
2 community hospitals, including beds or bed days being purchased through Hospital Utilization
3 Pilot funds appropriated in S.L. 2007-323. Not later than March 1, 2012, the Department shall
4 report to the House of Representatives Appropriations Subcommittee on Health and Human
5 Services, the Senate Appropriations Committee on Health and Human Services, the Joint
6 Legislative Oversight Committee on Mental Health, Developmental Disabilities, and Substance
7 Abuse Services, and the Fiscal Research Division on a uniform system for beds or bed days
8 purchased (i) with local funds, (ii) from existing State appropriations, (iii) under the Hospital
9 Utilization Pilot, and (iv) purchased using funds appropriated under this subsection.

10 **SECTION 10.8.(c)** Of the funds appropriated in this act to the Department of
11 Health and Human Services, Division of Mental Health, Developmental Disabilities, and
12 Substance Abuse Services, for mobile crisis teams, the sum of five million seven hundred
13 thousand dollars (\$5,700,000) shall be distributed to LMEs to support 30 mobile crisis teams.
14 The new mobile crisis units shall be distributed over the State according to need as determined
15 by the Department.

16 **SECTION 10.8.(d)** The Department of Health and Human Services may create a
17 midyear process by which it can reallocate State service dollars away from LMEs that do not
18 appear to be on track to spend the LMEs' full appropriation and toward LMEs that appear able
19 to spend the additional funds.

20 **JOHNSTON COUNTY LME ADMINISTRATIVE FUNDING**

21 **SECTION 10.8A.** Notwithstanding G.S. 122C-115(a1), the Department of Health
22 and Human Services, Division of Mental Health, Developmental Disabilities, and Substance
23 Abuse Services, shall not further reduce the allocation of administrative funding to the Johnston
24 County Area Mental Health, Developmental Disabilities, and Substance Abuse Authority for
25 the 2011-2012 fiscal year as a consequence of the total population of the catchment area served.
26

27 **MH/DD/SAS HEALTH CARE INFORMATION SYSTEM PROJECT**

28 **SECTION 10.9.** Of the funds appropriated to the Department of Health and
29 Human Services for the 2011-2013 fiscal biennium, the Department may use a portion of these
30 funds to continue to develop and implement a health care information system for State
31 institutions operated by the Division of Mental Health, Developmental Disabilities, and
32 Substance Abuse Services. G.S. 143C-6-5 does not apply to this section.
33

34 **LME FUNDS FOR SUBSTANCE ABUSE SERVICES**

35 **SECTION 10.10.(a)** Consistent with G.S. 122C-2, the General Assembly strongly
36 encourages Local Management Entities (LMEs) to use a portion of the funds appropriated for
37 substance abuse treatment services to support prevention and education activities.

38 **SECTION 10.10.(b)** An LME may use up to one percent (1%) of funds allocated
39 to it for substance abuse treatment services to provide nominal incentives for consumers who
40 achieve specified treatment benchmarks, in accordance with the federal substance abuse and
41 mental health services administration best practice model entitled Contingency Management.

42 **SECTION 10.10.(c)** In providing treatment and services for adult offenders and
43 increasing the number of Treatment Accountability for Safer Communities (TASC) case
44 managers, local management entities shall consult with TASC to improve offender access to
45 substance abuse treatment and match evidence-based interventions to individual needs at each
46 stage of substance abuse treatment. Special emphasis should be placed on intermediate
47 punishment offenders, community punishment offenders at risk for revocation, and Department
48 of Correction releasees who have completed substance abuse treatment while in custody.

49 In addition to the funds appropriated in this act to the Department of Health and
50 Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse
51 Services, to provide substance abuse services for adult offenders and to increase the number of
52 TASC case managers, the Department shall allocate up to three hundred thousand dollars
53 (\$300,000) to TASC. These funds shall be allocated to TASC before funds are allocated to
54 LMEs for mental health services, substance abuse services, and crisis services.

55 **SECTION 10.10.(d)** In providing drug treatment court services, LMEs shall
56 consult with the local drug treatment court team and shall select a treatment provider that meets
57 all provider qualification requirements and the drug treatment court's needs. A single treatment
58 provider may be chosen for non-Medicaid-eligible participants only. A single provider may be
59

1 chosen who can work with all of the non-Medicaid-eligible drug treatment court participants in
2 a single group. During the 52-week drug treatment court program, participants shall receive an
3 array of treatment and aftercare services that meets the participant's level of need, including
4 step-down services that support continued recovery.
5

6 **MH/DD/SAS COMMUNITY SERVICE FUNDS**

7 **SECTION 10.11.(a)** The Division of Mental Health, Developmental Disabilities,
8 and Substance Abuse Services (as used in this section "the Division") is directed to reduce the
9 Community Service Fund by twenty million dollars (\$20,000,000).

10 **SECTION 10.11.(b)** The Division is directed, through consultation with LME
11 representatives and stakeholders, to develop a set of standardized covered benefits for
12 recipients of LME Service Funds that shall become the only services paid for by community
13 service funds through LMEs. These services shall be best practices for developmental
14 disabilities, mental illness, and substance abuse.

15 **SECTION 10.11.(c)** Effective January 1, 2012, the Division shall implement a
16 co-payment for all mental health, developmental disabilities, and substance abuse services
17 based upon the Medicaid co-payment rates.

18 **SECTION 10.11.(d)** The Division is directed to reduce the Community Service
19 Fund by twenty-five million dollars (\$25,000,000) for the 2011-2012 fiscal year based on
20 available fund balance reported by the LMEs' 2010 fiscal audit and estimated unspent reserves
21 held by counties of single county LMEs. The Division shall review the designation of reserved
22 or designated fund balance accounts to determine whether accounts may be moved to
23 unreserved, undesignated, in essence increasing the unreserved, undesignated fund balance
24 available for purchase of services. The Division is directed to allocate the reduction among
25 LMEs based on unreserved, undesignated fund balance totals, as of June 30, 2010. This
26 includes an estimate of unspent reserves held by counties of single county LMEs or as
27 necessary to fairly achieve budget reductions in this act for this purpose giving consideration of
28 the LME's unrestricted fund balance and the LME's ability to supplement funding of services
29 without impairing its fiscal stability. LMEs are directed to spend their unreserved, undesignated
30 fund balance on services, commensurate with the reduction directed by the Division pursuant to
31 this subsection.

32 **SECTION 10.11.(e)** Quarterly reports shall be submitted to the Division by LMEs
33 to ensure expenditures from fund balance occur at the level required by this law. Additionally,
34 the Division shall review the designation of reserved or designated fund balance accounts to
35 determine whether accounts may be moved to unreserved, undesignated, in essence increasing
36 the unreserved, undesignated fund balance available for purchase of services. If categories of
37 funds are moved into the unreserved/undesignated categories, the affected LMEs are
38 encouraged to spend these funds to minimize their share of the twenty million dollars
39 (\$20,000,000) in reductions to services as required in subsection (a) of this section.

40 **SECTION 10.11.(f)** The Department of Health and Human Services shall report to
41 the House and Senate Appropriations Subcommittees by December 12, 2011, on the status of
42 implementing this section.
43

48 hospital care. The operation shall initially be located at the Dorothea Dix complex. The
49 Secretary of Health and Human Services is authorized to proceed with contracting with a
50 private entity if the Secretary can justify savings through the contract. The Secretary shall
51 compare the Department's total cost to provide forensic care to proposals received and
52 determine whether it is cost-effective to contract for this service. The Secretary may only
53 proceed if the Secretary determines the Department will save money and ensure appropriate
54 safety and quality of care for patients.

55 The Secretary shall report to the Joint Appropriations Subcommittee for Health and
56 Human Services by October 30, 2011, with cost detail and savings identified from the
57 proposals.

- 12 3. Dispensing of generic drugs. – Notwithstanding
13 G.S. 90-85.27 through G.S. 90-85.31, or any other law to the
14 contrary, under the Medical Assistance Program (Title XIX
15 of the Social Security Act), and except as otherwise provided
16 in this subsection for drugs listed in the narrow therapeutic
17 index, a prescription order for a drug designated by a trade or
18 brand name shall be considered to be an order for the drug by
19 its established or generic name, except when the prescriber
20 has determined, at the time the drug is prescribed, that the
21 brand-name drug is medically necessary and has written on
22 the prescription order the phrase "medically necessary." An
23 initial prescription order for a drug listed in the narrow
24 therapeutic drug index that does not contain the phrase
25 "medically necessary" shall be considered an order for the
26 drug by its established or generic name, except that a
27 pharmacy shall not substitute a generic or established name
28 prescription drug for subsequent brand or trade name
29 prescription orders of the same prescription drug without
30 explicit oral or written approval of the prescriber given at the
31 time the order is filled. Generic drugs shall be dispensed at a
32 lower cost to the Medical Assistance Program rather than
33 trade or brand-name drugs. Notwithstanding this subdivision
34 to the contrary, the Secretary of Health and Human Services
35 may prevent substitution of a generic equivalent drug,
36 including a generic equivalent that is on the State maximum
37 allowable cost list, when the net cost to the State of the
38 brand-name drug, after consideration of all rebates, is less
39 than the cost of the generic equivalent. As used in this
40 subsection, "brand name" means the proprietary name the
41 manufacturer places upon a drug product or on its container,
42 label, or wrapping at the time of packaging; and "established
43 name" has the same meaning as in section 502(e)(3) of the
44 Federal Food, Drug, and Cosmetic Act, as amended, 21
45 U.S.C. § 352(e)(3).
- 46 4. Specialty drug provider network. – The Department of Health
47 and Human Services shall work with specialty drug
48 providers, manufacturers of specialty drugs, Medicaid

52 practices and the prevention of overutilization are maintained
53 in the delivery and utilization of specialty drugs.
- 54 5. Lock controlled substances prescriptions into single
55 pharmacy/provider. – The Department of Health and Human
56 Services, Division of Medical Assistance, shall lock Medicaid
57 enrollees into a single pharmacy and provider when the
58 Medicaid enrollee's utilization of selected controlled

1 substance medications meets the lock-in criteria approved by
2 the North Carolina Physicians Advisory Group, as follows:

3 I. Enrollees may be prescribed selected controlled
4 substance medications by only one prescribing
5 physician and may not change the prescribing
6 physician at any time without prior approval or
7 authorization by the Division.

8 II. Enrollees may have prescriptions for selected
9 controlled substance medications filled at only one
10 pharmacy and may not change to another pharmacy at
11 any time without prior approval or authorization by
12 the Division.

13 5A. Prior authorization. – The Department of Health and Human
14 Services shall not impose prior authorization requirements or
15 other restrictions under the State Medical Assistance Program
16 on medications prescribed for Medicaid recipients for the
17 treatment of (i) mental illness, including, but not limited to,
18 medications for schizophrenia, bipolar disorder, major
19 depressive disorder or (ii) HIV/AIDS. Medications prescribed
20 for the treatment of mental illness shall be included on the
21 Preferred Drug List (PDL). The Department of Health and
22 Human Services, Division of Medical Assistance, may
23 initiate prior authorization for the prescribing of drugs
24 specified for the treatment of mental illness by providers who
25 fail to prescribe those drugs in accordance with indications
26 and dosage levels approved by the federal Food and Drug
27 Administration. The Department may require retrospective
28 clinical justification for the use of multiple psychotropic
29 drugs for a Medicaid patient. For individuals 18 years of age
30 and under who are prescribed three or more psychotropic
31 medications, the Department shall implement clinical edits
32 that target inefficient, ineffective, or potentially harmful
33 prescribing patterns. When such patterns are identified, the
34 Medical Director for the Division of Medical Assistance and
35 the Chief of Clinical Policy for the Division of Mental
36 Health, Developmental Disabilities, and Substance Abuse
37 Services shall require a peer-to-peer consultation with the
38 target prescribers. Alternatives discussed during the
39 peer-to-peer consultations shall be based upon:

40 a. Evidence-based criteria available regarding efficacy
41 or safety of the covered treatments; and

42 b. Policy approval by a majority vote of the North
43 Carolina Physicians Advisory Group (NCPAG).

44 The target prescriber has final decision-making authority to
45 determine which prescription drug to prescribe or refill.

46 6. Preferred Drug List. – The Department of Health and Human
47 Services shall establish and implement a preferred drug list
48 program under the Division of Medical Assistance.
49 Medications prescribed for the treatment of mental illness
50 shall be included on the Preferred Drug List (PDL).

51 The pharmaceutical and therapeutics committee of the
52 Physician's Advisory Group (PAG) shall provide ongoing
53 review of the preferred drug list, including the
54 implementation of prior authorization on identified drugs.
55 Members of the committee shall submit conflict of interest
56 disclosure statements to the Department and shall have an
57 ongoing duty to disclose conflicts of interest not included in
58 the original disclosure.

1 The Department, in consultation with the PAG, shall
2 adopt and publish policies and procedures relating to the
3 preferred drug list, including the following:

- 4 I. Guidelines for the presentation and review of drugs
5 for inclusion on the preferred drug list.
6 II. The manner and frequency of audits of the preferred
7 drug list for appropriateness of patient care and
8 cost-effectiveness.
9 III. An appeals process for the resolution of disputes.
10 IV. Such other policies and procedures as the Department
11 deems necessary and appropriate.

12 The Department and the pharmaceutical and therapeutics
13 committee shall consider all therapeutic classes of
14 prescription drugs for inclusion on the preferred drug list,
15 except medications for treatment of human
16 immunodeficiency virus or acquired immune deficiency
17 syndrome shall not be subject to consideration for inclusion
18 on the preferred drug list.

19 The Department shall maintain an updated preferred drug
20 list in electronic format and shall make the list available to
21 the public on the Department's Internet Web site.

22 The Department shall (i) enter into a multistate
23 purchasing pool; (ii) negotiate directly with manufacturers or
24 labelers; (iii) contract with a pharmacy benefit manager for
25 negotiated discounts or rebates for all prescription drugs
26 under the medical assistance program; or (iv) effectuate any
27 combination of these options in order to achieve the lowest
28 available price for such drugs under such program.

29 The Department may negotiate supplemental rebates from
30 manufacturers that are in addition to those required by Title
31 XIX of the Social Security Act. The committee shall consider
32 a product for inclusion on the preferred drug list if the
33 manufacturer provides a supplemental rebate. The
34 Department may procure a sole source contract with an
35 outside entity or contractor to conduct negotiations for
36 supplemental rebates.

37 The Secretary of the Department of Health and Human
38 Services shall establish a Preferred Drug List (PDL) Policy
39 Review Panel within 60 days after the effective date of this
40 section. The purpose of the PDL Policy Review Panel is to
41 review the Medicaid PDL recommendations from the
42 Department of Health and Human Services, Division of
43 Medical Assistance, and the Physician Advisory Group
44 Pharmacy and Therapeutics (PAG P&T) Committee.

45 The Secretary shall appoint the following individuals to
46 the review panel: (i) the Director of Pharmacy for the

58 pharmaceutical company, (xi) a representative from a
59 hospital-based pharmacy.

1 Individuals appointed to the Review Panel, except for the
2 Division's Director of Pharmacy, shall serve only a two-year
3 term.

4 After the Department, in consultation with the PAG P&T
5 Committee, publishes a proposed policy or procedure related
6 to the Medicaid PDL, the Review Panel shall hold an open
7 meeting to review the recommended policy or procedure
8 along with any written public comments received as a result
9 of the posting. The Review Panel shall provide an opportunity
10 for public comment at the meeting. After the conclusion of
11 the meeting, the Review Panel shall submit policy
12 recommendations about the proposed Medicaid PDL policy
13 or procedure to the Secretary.

14 The Department may establish a Preferred Drug List for
15 the North Carolina Health Choice for Children program and
16 pursue negotiated discounts or rebates for all prescription
17 drugs under the program in order to achieve the lowest
18 available price for such drugs under such program. The
19 Department may procure a sole source contract with an
20 outside entity or contractor to conduct negotiations for these
21 discounts or rebates. The PAG P&T Committee and Preferred
22 Drug List Policy Review Panel will provide
23 recommendations on policies and procedures for the NC
24 Health Choice Preferred Drug List.

52 provider, practitioner, or licensee, nor to modify or attenuate
53 any collaboration or supervision requirement related to the
54 professional activities of any service provider, practitioner, or
55 licensee. Nothing in sub-sub-subdivisions 1. or 2. of this
56 sub-subdivision shall be interpreted to require any private
57 health insurer or health plan to make direct third-party
58 reimbursements or payments to any service provider,

11 Services shall adopt medical policies in accordance with G.S. 108A-54.2 to
12 distribute the allowable number of visits for each service or each group of
13 services consistent with federal law. In addition, the Department shall
14 establish a threshold of some number of visits for these services. The
15 Department shall ensure that primary care providers or the appropriate
16 CCNC network are notified when a patient is nearing the established
17 threshold to facilitate care coordination and intervention as needed.

18 Prenatal services, all EPSDT children, emergency room visits, and
19 mental health visits subject to independent utilization review are exempt
20 from the visit limitations contained in this subdivision. Subject to
21 appropriate medical review, the Department may authorize exceptions when
22 additional care is medically necessary. Routine or maintenance visits above
23 the established visit limit will not be covered unless necessary to actively
24 manage a life-threatening disorder or as an alternative to more costly care
25 options.

26 **SECTION 10.31.(f)** Exceptions and Limitations on Services; Authorization of
27 Co-Payments and Other Services. –

- 28 (1) Exceptions to service limitations, eligibility requirements, and payments. –
29 Service limitations, eligibility requirements, and payment bases in this
30 section may be waived by the Department of Health and Human Services,
31 with the approval of the Director of the Budget, to allow the Department to
32 carry out pilot programs for prepaid health plans, contracting for services,
33 managed care plans, or community-based services programs in accordance
34 with plans approved by the United States Department of Health and Human
35 Services or when the Department determines that such a waiver or
36 innovation projects will result in a reduction in the total Medicaid costs.
37 (2) Co-payment for Medicaid services. – The Department of Health and Human
38 Services may establish co-payments up to the maximum permitted by federal
39 law and regulation.
40 (3) Provider enrollment fee. – Effective September 1, 2009, the Department of
41 Health and Human Services, Division of Medical Assistance, shall charge an
42 enrollment fee of one hundred dollars (\$100.00), or the amount federally
43 required, to each provider enrolling in the Medicaid program for the first
44 time. The fee shall be charged to all providers at recertifying every three
45 years.

46 **SECTION 10.31.(g)** Rules, Reports, and Other Matters. –

47 Rules. – The Department of Health and Human Services may adopt temporary or
48 emergency rules according to the procedures established in G.S. 150B-21.1 and
49 G.S. 150B-21.1A when it finds that these rules are necessary to maximize receipt of federal
50 funds within existing State appropriations, to reduce Medicaid expenditures, and to reduce
51 fraud and abuse. The Department of Health and Human Services shall adopt rules requiring
52 providers to attend training as a condition of enrollment and may adopt temporary or
53 emergency rules to implement the training requirement.

54 Prior to the filing of the temporary or emergency rules authorized under this
55 subsection with the Rules Review Commission and the Office of Administrative Hearings, the
56 Department shall consult with the Office of State Budget and Management on the possible
57 fiscal impact of the temporary or emergency rule and its effect on State appropriations and
58 local governments.
59

MEDICAID PROVIDER ASSESSMENTS

SECTION 10.31A. The Secretary of Health and Human Services may implement a Medicaid assessment program for any willing provider category allowed under federal regulations, except for hospital providers subject to the assessments authorized in Session Law 2011-11, up to the maximum percentage allowed by federal regulation. The Department may retain up to sixty-five percent (65%) of the amount from an assessment program implemented after December 31, 2010, that can be used by the Department to support Medicaid expenditures. Any assessment funds not retained by the Department shall be used to draw federal Medicaid matching funds for implementing increased rates or new reimbursement plans for each provider category being assessed.

Receipts from the assessment program are hereby appropriated for the 2011-2012 fiscal year and the 2012-2013 fiscal year for the purposes set out in this section.

DMA CONTRACT SHORTFALL

SECTION 10.32.(a) Budget approval is required by the Office of State Budget and Management prior to the Department of Health and Human Services, Division of Medical Assistance, entering into any new contract or the renewal or amendment of existing contracts that exceed the current contract amounts.

SECTION 10.32.(b) The Division of Medical Assistance shall make every effort to effect savings within its operational budget and use those savings to offset its contract shortfall. Notwithstanding G.S. 143C-6-4(b)(3), the Department may use funds appropriated in this act to cover the contract shortfall in the Division of Medical Assistance if insufficient funds exist within the Division.

MEDICAID COST CONTAINMENT ACTIVITIES

SECTION 10.33.(a) The Department of Health and Human Services may use up to five million dollars (\$5,000,000) in the 2011-2012 fiscal year and up to five million dollars (\$5,000,000) in the 2012-2013 fiscal year in Medicaid funds budgeted for program services to support the cost of administrative activities when cost-effectiveness and savings are demonstrated. The funds shall be used to support activities that will contain the cost of the Medicaid Program, including contracting for services, hiring additional staff, funding pilot programs, Health Information Exchange and Health Information Technology (HIE/HIT) administrative activities, or providing grants through the Office of Rural Health and Community Care to plan, develop, and implement cost containment programs.

Medicaid cost containment activities may include prospective reimbursement methods, incentive-based reimbursement methods, service limits, prior authorization of services, periodic medical necessity reviews, revised medical necessity criteria, service provision in the least costly settings, plastic magnetic-stripped Medicaid identification cards for issuance to Medicaid enrollees, fraud detection software or other fraud detection activities, technology that improves clinical decision making, credit balance recovery and data mining services, and other cost containment activities. Funds may be expended under this section only after the Office of State Budget and Management has approved a proposal for the expenditure submitted by the Department. Proposals for expenditure of funds under this section shall include the cost of implementing the cost containment activity and documentation of the amount of savings expected to be realized from the cost containment activity.

SECTION 10.33.(b) The Department shall report annually on the expenditures under this section to the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health and Human Services, and the Fiscal Research Division. The report shall include the methods used to achieve savings and the amount saved by these methods. The report is due to the House and Senate Appropriations Subcommittees on Health and Human Services and the Fiscal Research Division not later than December 1 of each year for the activities of the previous State fiscal year.

MEDICAID SPECIAL FUND TRANSFER

SECTION 10.34. Of the funds transferred to the Department of Health and Human Services for Medicaid programs pursuant to G.S. 143C-9-1, there is appropriated from the Medicaid Special Fund to the Department of Health and Human Services the sum of forty-three million dollars (\$43,000,000) for the 2011-2012 fiscal year and the sum of forty-three million dollars (\$43,000,000) for the 2012-2013 fiscal year. These funds shall be allocated as

1 prescribed by G.S. 143C-9-1(b) for Medicaid programs. Notwithstanding the prescription in
2 G.S. 143C-9-1(b) that these funds not reduce State general revenue funding, these funds shall
3 replace the reduction in general revenue funding effected in this act. The Department may also
4 use funds in the Medicaid Special Fund to fund the settlement of the Disproportionate Share
5 Hospital payment audit issues between the Department of Health and Human Services and the
6 federal government related to fiscal years 1997-2002, and funds are appropriated from the Fund
7 for the 2011-2012 fiscal year for this purpose.
8

9 **ACCOUNTING FOR MEDICAID RECEIVABLES AS NONTAX REVENUE**

10 **SECTION 10.35.(a)** Receivables reserved at the end of the 2011-2012 and
11 2012-2013 fiscal years shall, when received, be accounted for as nontax revenue for each of
12 those fiscal years.

13 **SECTION 10.35.(b)** For the 2011-2012 fiscal year, the Department of Health and
14 Human Services shall deposit from its revenues one hundred fifteen million dollars
15 (\$115,000,000) with the Department of State Treasurer to be accounted for as nontax revenue.
16 For the 2012-2013 fiscal year, the Department of Health and Human Services shall deposit
17 from its revenues one hundred fifteen million dollars (\$115,000,000) with the Department of
18 State Treasurer to be accounted for as nontax revenue. These deposits shall represent the return
19 of General Fund appropriations, nonfederal revenue, fund balances or other resources from
20 State owned and operated hospitals which are used to provide indigent and non-indigent care
21 services. The return from State owned and operated hospitals to DHHS will be made from
22 nonfederal resources in an amount equal to the amount of the payments from the Division of
23 Medical Assistance for uncompensated care. The treatment of any revenue derived from federal
24 programs shall be in accordance with the requirements specified in the Code of Federal
25 Regulations, Title 2, Part 225.
26

30 **SECTION 10.36.(a)** Subject to approval from the Centers for Medicare and
31 Medicaid Services (CMS), the Department of Health and Human Services, Division of Medical
32 Assistance, shall, in consultation with the Division of Mental Health, Developmental
33 Disabilities, and Substance Abuse Services and Community Alternatives Program (CAP)
34 stakeholders, develop a schedule of cost-sharing requirements for families of children with
35 incomes above the Medicaid allowable limit to share in the costs of their child's Medicaid
36 expenses under the CAP-MR/DD (Community Alternatives Program for Mental Retardation
37 and Developmentally Disabled) and the CAP-C (Community Alternatives Program for
38 Children). The cost-sharing amounts shall be based on a sliding scale of family income and
39 shall take into account the impact on families with more than one child in the CAP programs.
40 In developing the schedule, the Department shall also take into consideration how other states
41 have implemented cost-sharing in their CAP programs. The Division of Medical Assistance
42 may establish monthly deductibles as a means of implementing this cost-sharing. The
43 Department shall provide for at least one public hearing and other opportunities for individuals
44 to comment on the imposition of cost-sharing under the CAP program schedule.

45 **SECTION 10.36.(b)** The Division of Medical Assistance shall also, in
46 collaboration with the Controller's Office of the Department of Health and Human Services, the
47 Division of Information Resource Management (DIRM), and the new vendor of the
48 replacement Medicaid Management Information System, develop business rules, program
49 policies, and procedures and define relevant technical requirements.

50 **SECTION 10.36.(c)** Implementation of this provision shall be delayed until the
51 implementation of the new Medicaid Management Information System.
52

53 **AUTHORIZE THE DIVISION OF MEDICAL ASSISTANCE TO TAKE CERTAIN** 54 **STEPS TO EFFECTUATE COMPLIANCE WITH BUDGET REDUCTIONS IN** 55 **THE MEDICAID PROGRAM**

56 **SECTION 10.37.(a)** The Department of Health and Human Services, Division of
57 Medical Assistance, may take the following actions, notwithstanding any other provision of this
58 act or other State law or rule to the contrary:

- 1 (1) In-Home Care provision. – In order to enhance in-home aide services to
2 Medicaid recipients, the Department of Health and Human Services,
3 Division of Medical Assistance, shall:
- 4 a. No longer provide services under PCS and PCS-Plus the later of
5 January 1, 2012, or whenever CMS approves the elimination of the
6 PCS and PCS-Plus programs and the implementation of the
7 following two new services:
- 8 1. In-Home Care for Children (IHCC). – Services to assist
9 families to meet the in-home care needs of children, including
10 those individuals under the age of 21 receiving
11 comprehensive and preventive child health services through
12 the Early and Periodic Screening, Diagnosis, and Treatment
13 (EPSDT) program.
- 14 2. In-Home Care for Adults (IHCA). – Services to meet the
15 eating, dressing, bathing, toileting, and mobility needs of
16 individuals 21 years of age or older who, because of a
17 medical condition, disability, or cognitive impairment,
18 demonstrate unmet needs for, at a minimum, (i) three of the
19 five qualifying activities of daily living (ADLs) with limited
20 hands-on assistance; (ii) two ADLs, one of which requires
21 extensive assistance; or (iii) two ADLs, one of which requires
22 assistance at the full dependence level. The five qualifying
23 ADLs are eating, dressing, bathing, toileting, and mobility.
24 IHCA shall serve individuals at the highest level of need for
25 in-home care who are able to remain safely in the home.
- 26 b. Establish, in accordance with G.S. 108A-54.2, a Medical Coverage
27 Policy for each of these programs, to include:
- 28 1. For IHCC, up to 60 hours per month in accordance with an
29 assessment conducted by DMA or its designee and a plan of
30 care developed by the service provider and approved by
31 DMA or its designee. Additional hours may be authorized
32 when the services are required to correct or ameliorate defects
33 and physical and mental illnesses and conditions in this age
34 group, as defined in 42 U.S.C. § 1396d(r)(5), in accordance
35 with a plan of care approved by DMA or its designee.
- 36 2. For IHCA, up to 80 hours per month in accordance with an
37 assessment conducted by DMA or its designee and a plan of
38 care developed by the service provider and approved by
39 DMA or its designee.
- 40 c. Implement the following program limitations and restrictions to
41 apply to both IHCC and IHCA:
- 42 1. Additional services to children required under federal EPSDT
43 requirements shall be provided to qualified recipients in the

46 rather than supplants, family roles and responsibilities.
- 47 3. Services shall be authorized in amounts based on assessed

49 provided by the family, other public and private agencies, and
50 other informal caregivers who may be available to assist the
51 family. All available resources shall be utilized fully, and
52 services provided by such agencies and individuals shall be
53 disclosed to the DMA assessor.
- 54 4. Services shall be directly related to the hands-on assistance

57 care, as applicable.
- 58 5. Services provided under IHCC and IHCA shall not include
59 household chores not directly related to the qualifying ADLs,

- 1 nonmedical transportation, financial management, and
2 non-hands-on assistance such as cueing, prompting, guiding,
3 coaching, or babysitting.
- 4 6. Essential errands that are critical to maintaining the health
5 and welfare of the recipient may be approved on a
6 case-by-case basis by the DMA assessor when there is no
7 family member, other individual, program, or service
8 available to meet this need. Approval, including the amount
9 of time required to perform this task, shall be documented on
10 the recipient's assessment form and plan of care.
- 11 d. Utilize the following process for admission to the IHCC and IHCA
12 programs:
- 13 1. The recipient shall be seen by his or her primary or attending
14 physician, who shall provide written authorization for referral
15 for the service and written attestation to the medical necessity
16 for the service.
- 17 2. All assessments for admission to IHCC and IHCA,
18 continuation of these services, and change of status reviews
19 for these services shall be performed by DMA or its designee.
20 The DMA designee may not be an owner of a provider
21 business or provider of in-home or personal care services of
22 any type.
- 23 3. DMA or its designee shall determine and authorize the
24 amount of service to be provided on a "needs basis," as
25 determined by its review and findings of each recipient's
26 degree of functional disability and level of unmet needs for
27 hands-on personal assistance in the five qualifying ADLs.
- 28 e. Take all appropriate actions to manage the cost, quality, program
29 compliance, and utilization of services provided under the IHCC and
30 IHCA programs, including, but not limited to:
- 31 1. Priority independent reassessment of recipients before the
32 anniversary date of their initial admission or reassessment for
33 those recipients likely to qualify for the restructured IHCC
34 and IHCA programs.
- 35 2. Priority independent reassessment of recipients requesting a
36 change of service provider.
- 37 3. Targeted reassessments of recipients prior to their anniversary
38 dates when the current provider assessment indicates they
39 may not qualify for the program or for the amount of services
40 they are currently receiving.
- 41 4. Targeted reassessment of recipients receiving services from
42 providers with a history of program noncompliance.
- 43 5. Provider desk and on-site reviews and recoupment of all

47 forms, plans of care, and reporting forms.
- 48 8. The use of mandated electronic transmission of uniform
49 reporting forms for recipient complaints and critical incidents.
- 50 9. The use of automated systems to monitor, evaluate, and
51 profile provider performance against established performance
52 indicators.
- 53 10. Establishment of rules that implement the requirements of 42
54 C.F.R. § 441.16.
- 55 f. Time line for implementation of new IHCC and IHCA programs.
- 56 1. Subject to approvals from CMS, DMA shall make every
57 effort to implement the new IHCC and IHCA programs by
58 January 1, 2013.

2. DMA shall ensure that individuals who qualify for the IHCC and IHCA programs shall not experience a lapse in service and, if necessary, shall be admitted on the basis of their current provider assessment when an independent reassessment has not yet been performed and the current assessment documents that the medical necessity requirements for the IHCC or IHCA program, as applicable, have been met.
 3. Prior to the implementation date of the new IHCC and IHCA programs, all recipients in the PCS and PCS-Plus programs shall be notified pursuant to 42 C.F.R. § 431.220(b) and discharged, and the Department shall no longer provide services under the PCS and PCS-Plus programs, which shall terminate. Recipients who qualify for the new IHCC and IHCA programs shall be admitted and shall be eligible to receive services immediately.
- (2) Clinical coverage. – The Department of Health and Human Services, Division of Medical Assistance, shall amend applicable clinical policies and submit applicable State Plan amendments to Centers for Medicare and Medicaid Services (CMS) to implement the budget reductions authorized in the following clinical coverage areas in this act:
- a. Eliminate or limit adult physical therapy, occupational therapy, and speech therapy visits to three visits per calendar year.
- (3) MH/DD/SAS personal care and personal assistance services provision. – A denial, reduction, or termination of Medicaid-funded personal care services or in-home care services shall result in a similar denial, reduction, or termination of State-funded MH/DD/SAS personal care and personal assistance services.
- (4) Community Support Team. – Authorization for a Community Support Team shall be based upon medical necessity as defined by the Department and shall not exceed 18 hours per week.
- (5) MH residential. – The Department of Health and Human Services shall restructure the Medicaid child mental health, developmental disabilities, and substance abuse residential services to ensure that total expenditures are within budgeted levels. All restructuring activities shall be in compliance with federal and State law or rule. The Divisions of Medical Assistance and Mental Health, Developmental Disabilities, and Substance Abuse Services shall establish a team inclusive of providers, LMEs, and other stakeholders to assure effective transition of recipients to appropriate treatment options. The restructuring shall address all of the following:
- a. Submission of the therapeutic family service definition to CMS.
 - b. The Department shall reexamine the entrance and continued stay criteria for all residential services. The revised criteria shall promote least restrictive services in the home prior to residential placement. During treatment, there must be inclusion in community activities and parent or legal guardian participation in treatment.
 - c. Require all existing residential providers or agencies to be nationally accredited within one year of enactment of this act. Any providers enrolled after the enactment of this act shall be subject to existing endorsement and nationally accrediting requirements. In the interim, providers who are nationally accredited will be preferred providers for placement considerations.
 - d. Before a child can be admitted to Level III or Level IV placement, an assessment shall be completed to ensure the appropriateness of placement, and one or more of the following shall apply:
 1. Placement shall be a step down from a higher level placement such as a psychiatric residential treatment facility or inpatient facility.

2. Multisystemic therapy or intensive in-home therapy services have been unsuccessful.
 3. The Child and Family Team has reviewed all other alternatives and recommendations and recommends Level III or Level IV placement due to maintaining health and safety.
 4. Transition or discharge plan shall be submitted as part of the initial or concurrent request.
- e. Length of stay is limited to no more than 180 days. Any exceptions granted will require (i) for non-CABHAs, an independent psychological or psychiatric assessment, (ii) for CABHAs, a psychological or psychiatric assessment that may be completed by the CABHA, and (iii) for both, a Child and Family Team review of goals and treatment progress, that family or discharge placement setting are actively engaged in treatment goals and objectives, and active participation of the prior authorization of vendor.
 - f. Submission of discharge plan is required in order for the request for authorization for Level III or Level IV services to be considered complete, but the authorization approval is not conditional upon the receipt of the signature of the system of care coordinator. The LME will designate appropriate individuals who can sign the discharge plan within 24 hours of receipt of the discharge plan. Failure to submit a complete discharge plan will result in the request being returned as unable to process.
 - g. Any residential provider that ceases to function as a provider shall provide written notification to DMA, the Local Management Entity, recipients, and the prior authorization vendor 30 days prior to closing of the business.
 - h. Record maintenance is the responsibility of the provider and must be in compliance with record retention requirements. Records shall also be available to State, federal, and local agencies.
 - i. Failure to comply with notification, recipient transition planning, or record maintenance shall be grounds for withholding payment until such activity is concluded. In addition, failure to comply shall be conditions that prevent enrollment for any Medicaid or State-funded service. A provider (including its officers, directors, agents, or managing employees or individuals or entities having a direct or indirect ownership interest or control interest of five percent (5%) or more as set forth in Title XI of the Social Security Act) that fails to comply with the required record retention may be subject to sanctions, including exclusion from further participation in the Medicaid program, as set forth in Title XI.
- (6) Reduce Medicaid rates. – Subject to the prior approval of the Office of State Budget and Management, the Secretary shall reduce Medicaid provider rates to accomplish the reduction in funds for this purpose enacted in this act. The reductions authorized by this subdivision are subject to the following additional limitations:
- a. The Secretary of Health and Human Services shall reduce Medicaid provider rates for all Medicaid providers by an annualized two percent (2%) except as follows:
 1. Physician services. – The provider rate for physicians shall not be reduced.
 2. Hospital inpatient services. – The provider rate for inpatient hospital services shall be reduced in the aggregate by an annualized amount not to exceed seven and thirty-two hundredths percent (7.32%). The provider rates for non-State-owned freestanding psychiatric and rehabilitation hospitals are not included in this exception.
 3. The Secretary shall consider the impact on access to care through primary care providers and critical access hospitals

- 1 and may adjust the rates accordingly. Medicaid rates
2 predicated on Medicare fee schedules shall follow Medicare
3 reductions but not Medicare increases unless federally
4 required.
- 5 4. Exceptions for certain providers. – The rate reduction applies
6 to all Medicaid private and public providers with the
7 following exceptions:
8 I. Federally qualified health centers.
9 II. Rural health centers.
10 III. State institutions.
11 IV. Hospital outpatient.
12 V. Pharmacies.
13 VI. The State Public Health Laboratory.
14 VII. The noninflationary components of the case-mix
15 reimbursement system for nursing facilities.
16 VIII. Adult care homes.
17 IX. Local health departments.
18 X. Critical Access Behavioral Health Agencies.
- 19 5. Notwithstanding any other provision of law, no inflationary
20 increases shall be made to Medicaid provider rates during the
21 2011-2013 fiscal biennium, except that inflationary increases
22 for health care providers paying provider fees or assessments
23 may occur if the State share of the increases can be funded
24 with provider fees or assessments.
- 25 b. The rate reductions required by this section shall take effect in
26 accordance with the following schedule:
27 1. On or Before October 1, 2011. – The provider rate reductions
28 required by sub-subdivision a. of this subdivision shall take
29 effect on or before October 1, 2011. However, the reductions
30 shall be adjusted by a percentage sufficient to yield savings as
31 if the reductions had taken effect on July 1, 2011.
32 2. July 1, 2012. – On July 1, 2012, the provider rate reductions
33 required by sub-sub-subdivision a.2. of this subdivision and
34 any other rate reductions implemented pursuant to
35 sub-subdivision a. of this subdivision, but not implemented
36 by July 1, 2011, shall be adjusted to the level at which they
37 would have been without the adjustment required by
38 sub-sub-subdivision 1. of this sub-subdivision.
- 39 c. No other adjustments to the provider rates or payment methodologies
40 shall be made for physician services, critical access hospital services,
41 hospital inpatient services or hospital outpatient services,
42 non-State-owned freestanding psychiatric and rehabilitation
43 hospitals, nursing homes, and adult care homes except as provided in
44 sub-subdivision a. of this subdivision and except as authorized by
45 Section 10.47(d) of this act.

51 savings, and the Medicaid recipients affected by the consolidation.
52 Consolidation under this subdivision does not apply to HIV case
53 management. By December 1, 2012, the Department shall report on the plan
54 to the House of Representatives Appropriations Subcommittee on Health
55 and Human Services, the Senate Appropriations Committee on Health and
56 Human Services, and the Fiscal Research Division.
- 57 (9) For the purpose of promoting cost-effective utilization of outpatient mental
58 health services for children, DMA shall require prior authorization for
59 services following the 16th visit.

- 1 (10) Provision of Medicaid Private Duty Nursing (PDN). – DMA shall change
2 the Medicaid Private Duty Nursing program provided under the State
3 Medicaid Plan, as follows:
4 a. Restructure the current PDN program to provide services that are:
5 1. Provided only to qualified recipients under the age of 21.
6 2. Authorized by the recipient's primary care or attending
7 physician.
8 3. Limited to 16 hours of service per day, unless additional

2 Assistance Authority.

3 **SECTION 10.54.(b)** Of the funds appropriated from the General Fund to the
4 Department of Health and Human Services, the sum of fifty thousand dollars (\$50,000) for the
5 2011-2012 fiscal year and the sum of fifty thousand dollars (\$50,000) for the 2012-2013 fiscal
6 year shall be allocated to the North Carolina State Education Assistance Authority (SEAA).
7 The SEAA shall use these funds only to perform administrative functions necessary to manage
8 and distribute scholarship funds under the child welfare postsecondary support program.

9 **SECTION 10.54.(c)** Of the funds appropriated from the General Fund to the
10 Department of Health and Human Services, the sum of three hundred thirty-nine thousand four

15 include the performance of case management services.

16 **SECTION 10.54.(d)** Funds appropriated to the Department of Health and Human
17 Services for the child welfare postsecondary support program shall be used only for students
18 attending public institutions of higher education in this State.

20 **TANF BENEFIT IMPLEMENTATION**

21 **SECTION 10.55.(a)** The General Assembly approves the plan titled "North
22 Carolina Temporary Assistance for Needy Families State Plan FY 2010-2012," prepared by the
23 Department of Health and Human Services and presented to the General Assembly. The North
24 Carolina Temporary Assistance for Needy Families State Plan covers the period October 1,
25 2010, through September 30, 2012. The Department shall submit the State Plan, as revised in
26 accordance with subsection (b) of this section, to the United States Department of Health and
27 Human Services, as amended by this act or any other act of the 2011 General Assembly.

28 **SECTION 10.55.(b)** The counties approved as Electing Counties in the North
29 Carolina Temporary Assistance for Needy Families State Plan FY 2010-2012, as approved by
30 this section are Beaufort, Caldwell, Catawba, Lenoir, Lincoln, Macon, and Wilson.

31 **SECTION 10.55.(c)** Counties that submitted the letter of intent to remain as an
32 Electing County or to be redesignated as an Electing County and the accompanying county plan
33 for fiscal year 2011 through 2012, pursuant to G.S. 108A-27(e), shall operate under the
34 Electing County budget requirements effective July 1, 2009. For programmatic purposes, all
35 counties referred to in this subsection shall remain under their current county designation
36 through September 30, 2012.

37 **SECTION 10.55.(d)** For the 2011-2012 fiscal year, Electing Counties shall be held
38 harmless to their Work First Family Assistance allocations for the 2010-2011 fiscal year,
39 provided that remaining funds allocated for Work First Family Assistance and Work First
40 Diversion Assistance are sufficient for payments made by the Department on behalf of
41 Standard Counties pursuant to G.S. 108A-27.11(b).

42 **SECTION 10.55.(e)** In the event that departmental projections of Work First
43 Family Assistance and Work First Diversion Assistance for the 2011-2012 fiscal year indicate
44 that remaining funds are insufficient for Work First Family Assistance and Work First
45 Diversion Assistance payments to be made on behalf of Standard Counties, the Department is
46 authorized to deallocate funds, of those allocated to Electing Counties for Work First Family
47 Assistance in excess of the sums set forth in G.S. 108A-27.11, up to the requisite amount for
48 payments in Standard Counties. Prior to deallocation, the Department shall obtain approval by
49 the Office of State Budget and Management. If the Department adjusts the allocation set forth
50 in subsection (d) of this section, then a report shall be made to the Joint Legislative
51 Commission on Governmental Operations, the House of Representatives Appropriations
52 Subcommittee on Health and Human Services, the Senate Appropriations Committee on Health
53 and Human Services, and the Fiscal Research Division.

55 **PAYMENTS FOR LIEAP/CIP**

56 **SECTION 10.56.(a)** Part 1 of Article 2 of Chapter 108A of the General Statutes is
57 amended by adding the following new section to read:

58 **"§ 108A-25.4. Use of payments under the Low-Income Energy Assistance Program and**
59 **Crisis Intervention Program.**

1 (a) The Low-Income Energy Assistance Program Plan developed by the Department of
2 Health and Human Services (Department) and submitted to the U.S. Department of Health and
3 Human Services shall focus the annual energy assistance payments on the elderly population
4 age 60 and above with income up to one hundred thirty percent (130%) of the federal poverty
5 level and disabled persons receiving services through the Division of Aging and Adult
6 Services. The energy assistance payment shall be paid directly to the service provider by the
7 county department of social services. The Plan for Crisis Intervention Program (CIP) shall
8 provide assistance for vulnerable populations who meet income eligibility criteria established
9 by the Department. The CIP payment shall be paid directly to the service provider by the
10 county department of social services and shall not exceed six hundred dollars (\$600.00) per
11 household in a fiscal year.

12 (b) The Department shall submit the Plan for each program to the U.S. Department of
13 Health and Human Services no later than September 1 of each year and implement the Plan no
14 later than October 1 of each year."

15 **SECTION 10.56.(b)** Beginning September 1, 2011, on or before September 1 of
16 each year and for a period of three years thereafter, the Department of Health and Human
17 Services shall submit a copy of the Plan to the House Appropriations Subcommittee on Health
18 and Human Services and Senate Appropriations Committee on Health and Human Services.
19

20 **NON-MEDICAID REIMBURSEMENT CHANGES**

21 **SECTION 10.58.(a)** Providers of medical services under the various State
22 programs, other than Medicaid, offering medical care to citizens of the State shall be
23 reimbursed at rates no higher than those under the North Carolina Medical Assistance Program.

24 The Department of Health and Human Services may reimburse hospitals at the full
25 prospective per diem rates without regard to the Medical Assistance Program's annual limits on
26 hospital days. When the Medical Assistance Program's per diem rates for inpatient services and
27 its interim rates for outpatient services are used to reimburse providers in non-Medicaid
28 medical service programs, retroactive adjustments to claims already paid shall not be required.

29 Notwithstanding the provisions of this section, the Department of Health and
30 Human Services may negotiate with providers of medical services under the various
31 Department of Health and Human Services programs, other than Medicaid, for rates as close as
32 possible to Medicaid rates for the following purposes: contracts or agreements for medical
33 services and purchases of medical equipment and other medical supplies. These negotiated
34 rates are allowable only to meet the medical needs of its non-Medicaid eligible patients,
35 residents, and clients who require such services that cannot be provided when limited to the
36 Medicaid rate.

37 Maximum net family annual income eligibility standards for services in these
38 programs shall be as follows:

39 DSB Medical Eye Care	125% FPL
40 DSB Independent Living <55	125% FPL
41 DSB Independent Living 55>	200% FPL
42 DSB Vocational Rehabilitation	125% FPL
43 DVR Independent Living	125% FPL
44 DVR Vocational Rehabilitation	125% FPL

45 The Department of Health and Human Services shall contract at, or as close as
46 possible to, Medicaid rates for medical services provided to residents of State facilities of the
47 Department.

48 **SECTION 10.58.(b)** Subject to the prior approval of the Office of State Budget
49 and Management, the Secretary shall reduce provider rates for services rendered for the
50 Medical Eye Care, Independent Living, and Vocational Rehabilitation programs within the
51 Division of Services for the Blind, and Independent Living and Vocational Rehabilitation
52 programs within the Division of Vocational Rehabilitation to accomplish the reduction in funds
53 for this purpose enacted in this act.
54

55 **STATE-COUNTY SPECIAL ASSISTANCE**

56 **SECTION 10.59.(a)** The maximum monthly rate for residents in adult care home
57 facilities shall be one thousand one hundred eighty-two dollars (\$1,182) per month per resident
58 unless adjusted by the Department in accordance with subsection (d) of this section. The
59 eligibility of Special Assistance recipients residing in adult care homes on September 30, 2009,

1 shall not be affected by an income reduction in the Special Assistance eligibility criteria
 2 resulting from the adoption of this maximum monthly rate, provided these recipients are
 3 otherwise eligible.

4 **SECTION 10.59.(b)** The maximum monthly rate for residents in
 5 Alzheimer/Dementia special care units shall be one thousand five hundred fifteen dollars
 6 (\$1,515) per month per resident unless adjusted by the Department in accordance with
 7 subsection (d) of this section.

8 **SECTION 10.59.(c)** Notwithstanding any other provision of this section, the
 9 Department of Health and Human Services shall review activities and costs related to the
 10 provision of care in adult care homes and shall determine what costs may be considered to
 11 properly maximize allowable reimbursement available through Medicaid personal care services
 12 for adult care homes (ACH-PCS) under federal law. As determined, and with any necessary
 13 approval from the Centers for Medicare and Medicaid Services (CMS), and the approval of the
 14 Office of State Budget and Management, the Department may transfer necessary funds from
 15 the State-County Special Assistance program within the Division of Social Services to the
 16 Division of Medical Assistance and may use those funds as State match to draw down federal
 17 matching funds to pay for such activities and costs under Medicaid's personal care services for
 18 adult care homes (ACH-PCS), thus maximizing available federal funds. The established rate for
 19 State-County Special Assistance set forth in subsections (b) and (c) of this section shall be
 20 adjusted by the Department to reflect any transfer of funds from the Division of Social Services
 21 to the Division of Medical Assistance and related transfer costs and responsibilities from
 22 State-County Special Assistance to the Medicaid personal care services for adult care homes
 23 (ACH-PCS). Subject to approval by the Centers for Medicare and Medicaid Services (CMS)
 24 and prior to implementing this section, the Department may disregard a limited amount of
 25 income for individuals whose countable income exceeds the adjusted State-County Special
 26 Assistance rate. The amount of the disregard shall not exceed the difference between the
 27 Special Assistance rate prior to the adjustment and the Special Assistance rate after the
 28 adjustment and shall be used to pay a portion of the cost of the ACH-PCS and reduce the
 29 Medicaid payment for the individual's personal care services provided in an adult care home. In
 30 no event shall the reimbursement for services through the ACH-PCS exceed the average cost of
 31 the services as determined by the Department from review of cost reports as required and
 32 submitted by adult care homes. The Department shall report any transfers of funds and
 33 modifications of rates to the House of Representatives Appropriations Subcommittee on Health
 34 and Human Services, the Senate Appropriations Committee on Health and Human Services,
 35 and the Fiscal Research Division.

36 **SECTION 10.59.(d)** The Department of Health and Human Services shall
 37 recommend rates for State-County Special Assistance and for Adult Care Home Personal Care
 38 Services. The Department may recommend rates based on appropriate cost methodology and
 39 cost reports submitted by adult care homes that receive State-County Special Assistance funds
 40 and shall ensure that cost reporting is done for State-County Special Assistance and Adult Care
 41 Home Personal Care Services to the same standards as apply to other residential service
 42 providers.

7 Chapter, any 25 occupiers of land lying within the boundaries of such districts may file a
8 petition with the Soil and Water Conservation Commission praying that the operations of the
9 district be terminated and the existence of the district discontinued. The Commission may
10 conduct such public meetings and public hearings upon such petition as may be necessary to
11 assist it in the consideration thereof. Within 60 days after such a petition has been received by

13 such referendum, and issue appropriate regulations governing the conduct thereof, the question
14 to be submitted by ballots upon which the words "For terminating the existence of the _____
15 (name of the soil and water conservation district to be here inserted)" and "Against terminating
16 the existence of the _____ (name of the soil and water conservation district to be here
17 inserted)" shall appear with a square before each proposition and a direction to insert an X mark
18 in the square before one or the other of said propositions as the voter may favor or oppose
19 discontinuance of such district. All occupiers of lands lying within the boundaries of the district
20 shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote.
21 No informalities in the conduct of such referendum or in any matters relating thereto shall
22 invalidate said referendum or the result thereof if notice thereof shall have been given
23 substantially as herein provided and said referendum shall have been fairly conducted.

24 The Department of ~~Environment and Natural Resources~~ Agriculture and Consumer Services
25 shall publish the result of such referendum and shall thereafter consider and determine whether
26 the continued operation of the district within the defined boundaries is administratively
27 practicable and feasible. If the Commission shall determine that the continued operation of such

29 the petition. If the Commission shall determine that the continued operation of such district is
30 not administratively practicable and feasible, it shall record such determination and shall certify

32 Commission shall give due regard and weight to the attitudes of the occupiers of lands lying
33 within the district, the number of land occupiers eligible to vote in such referendum who shall
34 have voted, the proportion of the votes cast in such referendum in favor of the discontinuance
35 of the district to the total number of votes cast, the approximate wealth and income of the land
36 occupiers of the district, the probable expense of carrying on erosion control operations within
37 such district, and such other economic and social factors as may be relevant to such
38 determination, having due regard to the legislative findings set forth in G.S. 139-2: Provided,

40 operation of the district is administratively practicable and feasible unless at least a majority of
41 the votes cast in the referendum shall have been cast in favor of the continuance of such
42 district.

43 Upon receipt from the Soil and Water Conservation Commission of a certification that the
44 Commission has determined that the continued operation of the district is not administratively
45 practicable and feasible, pursuant to the provisions of this section, the supervisors shall
46 forthwith proceed to terminate the affairs of the district. The supervisors shall dispose of all
47 property belonging to the district at public auction and shall pay over the proceeds of such sale
48 to be covered into the State treasury. The supervisors shall thereupon file an application, duly
49 verified, with the Secretary of State for the discontinuance of such district, and shall transmit
50 with such application the certificates of the Soil and Water Conservation Commission setting

52 administratively practicable and feasible. The application shall recite that the property of the
53 district has been disposed of and the proceeds paid over as in this section provided, and shall
54 set forth a full accounting of such properties and proceeds of the sale. The Secretary of State
55 shall issue to the supervisors a certificate of dissolution and shall record such certificate in an
56 appropriate book of record in his office.

57 Upon issuance of a certificate of dissolution under the provisions of this section, all
58 ordinances and regulations theretofore adopted and in force within such districts shall be of no
59 further force and effect. All contracts theretofore entered into, to which the district or

2 contracts. The Soil and Water Conservation Commission shall be substituted for the district or
3 supervisors as party to such contracts. The Commission shall be entitled to all benefits and
4 subject to all liabilities under such contracts and shall have the same right and liability to
5 perform, to require performance, to sue and be sued thereon, and to modify or terminate such
6 contracts by mutual consent or otherwise as the supervisors of the district would have had.

8 G.S. 139-11, nor the pendency of any action instituted under the provisions of such section, and
9 the Commission shall succeed to all the rights and obligations of the district or supervisors as to
10 such liens and actions.

11 The Soil and Water Conservation Commission shall not entertain petitions for the

41 application of phosphorus in order to comply with the nutrient management
42 standard, then phosphorus shall be a rate-determining element. Zinc and
43 copper levels in the soils shall be monitored, and alternative crop sites shall
44 be used when these metals approach excess levels."

44 **SECTION 13.25.(o)** Chapter 106 of the General Statutes is amended by adding a
45 new Article to read:

46 "Article 71.

47 "Acquisition and Control of State Forests and State Recreational Forests.

48 **"§ 106-840. Policy and plan to be inaugurated by Department of Agriculture and**
49 **Consumer Services.**

50 (a) In this Article, unless the context requires otherwise, "Department" means the
51 Department of Agriculture and Consumer Services and "Commissioner" means Commissioner
52 of Agriculture.

53 (b) For purposes of this Chapter, "State recreational forest " means a forest managed
54 primarily for natural resource preservation, scenic enjoyment, and recreational purposes.

55 (c) The Department shall inaugurate the following policy and plan looking to the
56 cooperation with private and public forest owners in this State insofar as funds may be
57 available through legislative appropriation, gifts of money or land, or such cooperation with
58 landowners and public agencies as may be available:

- 1 (1) The extension of the forest fire prevention organization to all counties in the
2 State needing such protection.
- 3 (2) To cooperate with federal and other public agencies in the restoration of
4 forest growth on land unwisely cleared and subsequently neglected.
- 5 (3) To furnish trained and experienced experts in forest management, to inspect
6 private forestlands and to advise with forest landowners with a view to the
7 general observance of recognized and practical rules of growing, cutting, and
8 marketing timber. The services of such trained experts of the Department
9 must naturally be restricted to those landowners who agree to carry out so
10 far as possible the recommendations of said Department.
- 11 (4) To prepare and distribute printed and other material for the use of teachers
12 and club leaders and to provide instruction to schools and clubs and other
13 groups of citizens in order to train the younger generation in the principles of
14 wise use of our forest resources.
- 15 (5) To acquire small areas of suitable land in the different regions of the State on
16 which to establish small, model forests which shall be developed and used
17 by the said Department as State demonstration forests for experiment and
18 demonstration in forest management.

19 **"§ 106-841. Growing of timber on unused State lands authorized.**

20 The Department of Administration may allocate to the Department, for management as a
21 State forest, any vacant and unappropriated lands, any marshlands or swamplands, and any
22 other lands title to which is vested in the State or in any State agency or institution, where such
23 lands are not being otherwise used and are not suitable for cultivation. Lands under the
24 supervision of the Wildlife Resources Commission and designated and in use as wildlife
25 management areas, refuges, or fishing access areas and lands used as research stations shall not
26 be subject to the provisions of this section. The Department shall plant timber-producing trees
27 on all lands allocated to it for that purpose by the Department of Administration. The
28 Commissioner may contract with the appropriate prison authorities for the furnishing, upon
29 such conditions as may be agreed upon from time to time between such prison authorities and
30 the Commissioner, of prison labor for use in the planting, cutting, and removal of timber from
31 State forests which are under the management of the Department.

32 **"§ 106-842. Use of lands acquired by counties through tax foreclosures as demonstration**
33 **forests.**

34 The boards of county commissioners of the various counties of North Carolina are herewith
35 authorized to turn over to the said Department title to such tax-delinquent lands as may have
36 been acquired by said counties under tax sale and as in the judgment of the Commissioner may
37 be suitable for the purposes named in subdivision (5) of subsection (b) of G.S. 106-840.

38 **"§ 106-843. Procedure for acquisition of delinquent tax lands from counties.**

39 In the carrying out of the provisions of G.S. 106-842, the several boards of county
40 commissioners shall furnish forthwith on written request of the Department a complete list of
41 all properties acquired by the county under tax sale and which have remained unredeemed for a
42 period of two years or more. On receipt of this list, the Commissioner shall have the lands
43 examined and, if any one or more of these properties is in the Commissioner's judgment
44 suitable for the purposes set forth in G.S. 106-842, request shall be made to the county
45 commissioners for the acquisition of such land by the Department at a price not to exceed the
46 actual amount of taxes due without penalties. On receipt of this request, the county
47 commissioners shall make permanent transfer of such tract or tracts of land to the Department
48 through fee-simple deed or other legal transfer, said deed to be approved by the Attorney
49 General of North Carolina, and shall then receive payment from the Department as above
50 outlined.

51 **"§ 106-844. Purchase of lands for use as demonstration forests.**

52 Where no suitable tax-delinquent lands are available and, in the judgment of the
53 Department, the establishment of a demonstration forest is advisable, the Department may
54 purchase sufficient land for the establishment of such a demonstration forest at a fair and
55 agreed-upon price, the deed for such land to be subject to approval of the Attorney General, but
56 nothing in G.S. 106-840 to G.S. 106-845 shall allow the Department to acquire land under the
57 right of eminent domain.

58 **"§ 106-845. Forest management appropriation.**

1 Necessary funds for carrying out the provisions of G.S. 106-840 and G.S. 106-842 to
2 G.S. 106-845 shall be set up in the regular budget as an item entitled "forest management."

3 **"§ 106-846. Power to acquire lands as State forests; donations or leases by United States;**
4 **leases for recreational purposes.**

5 (a) The Governor may, upon recommendation of the Department, accept gifts of land to
6 the State to be held, protected, and administered by the Department as State forests, and to be
7 used so as to demonstrate the practical utility of timber culture and water conservation, and as
8 refuges for game. The gifts of land must be absolute except in cases where the mineral interest
9 on the land has previously been sold. The Department may purchase lands in the name of the
10 State, suitable chiefly for the production of timber, as State forests, for experimental,
11 demonstration, educational, and protection purposes, using for these purposes any special
12 appropriations or funds available. The Department may acquire by condemnation under the
13 provisions of Chapter 40A of the General Statutes areas of land in different sections of the State
14 that may in the opinion of the Department be necessary for the purpose of establishing or
15 developing State forests and other areas and developments essential to the effective operation
16 of the State forestry activities under its charge. Condemnation proceedings shall be instituted
17 and prosecuted in the name of the State, and any property so acquired shall be administered,
18 developed, and used for experiment and demonstration in forest management, for public
19 recreation, and for other purposes authorized or required by law. Before any action or
20 proceeding under this section can be exercised, the approval of the Governor and Council of
21 State shall be obtained and filed with the clerk of the superior court in the county or counties
22 where the property is located. The Attorney General shall ensure that all deeds to the State for
23 land acquired under this section are properly executed before the gift is accepted or payment of
24 the purchase money is made.

25 (b) The Department may accept as gifts to the State any forest and submarginal
26 farmland acquired by the federal government that is suitable for the purpose of creating and
27 maintaining State forests or enter into longtime leases with the federal government for the areas
28 and administer them with funds secured from their administration in the best interest of
29 longtime public use, supplemented by any appropriations made by the General Assembly. The
30 Department may segregate revenue derived from State hunting and fishing licenses, use
31 permits, and concessions, and other proper revenue secured through the administration of State
32 forests, to be deposited in the State treasury to the credit of the Department to be used for the
33 administration of these areas.

34 (c) The authority granted to the Department under this section is in addition to any
35 authority granted to the Department under any other provision of law.

36 **"§ 106-847. State timber may be sold by Department; forest nurseries; operation of**
37 **public service facilities; concessions to private concerns; authority to charge**
38 **fees and adopt rules.**

39 (a) Timber and other products of State forests may be sold, cut, and removed under
40 rules of the Department. The Department may establish and operate forest tree nurseries and
41 forest tree seed orchards. Forest tree seedlings and seed from these nurseries and seed orchards
42 may be sold to landowners of the State for purposes of forestation under rules adopted by the
43 Department. When the Commissioner determines that a surplus of seedlings or seed exists, this
44 surplus may be sold, and the sale shall be in conformity with the following priority of sale:
45 first, to agencies of the federal government for planting in the State of North Carolina; second,
46 to commercial nurseries and nurserymen within this State; and third, without distinction, to
47 federal agencies, to other states, and to recognized research organizations for planting either
48 within or outside of this State. The Department shall make reasonable rules governing the use
49 by the public of State forests under its charge. These rules shall be posted in conspicuous places
50 on and adjacent to the properties of the State and at the courthouse of the county or counties in
51 which the properties are located. A violation of these rules is punishable as a Class 3
52 misdemeanor.

53 (b) The Department may construct, operate, and maintain within the State forests and
54 other areas under its charge suitable public service facilities and conveniences, and may charge
55 and collect reasonable fees for the use of these facilities and conveniences. The Department
56 may also charge and collect reasonable fees for hunting privileges on State forests and fishing
57 privileges in State forests, provided that these privileges shall be extended only to holders of
58 State hunting and fishing licenses who comply with all State game and fish laws.

1 (c) The Department may grant to private individuals or companies concessions for
2 operation of public service facilities for such periods and upon such conditions as the
3 Department deems to be in the public interest. The Department may adopt reasonable rules for
4 the regulation of the use by the public of the lands and waters under its charge and of the public
5 service facilities and conveniences authorized under this section. A violation of these rules is
6 punishable as a Class 3 misdemeanor.

17 special, continuing, and nonreverting Tree Cone and Seed Purchase Fund under the control and
18 direction of the Commissioner. The percentage of the sales placed in the Fund shall not exceed
19 ten percent (10%). At the beginning of each fiscal year, the Commissioner shall select the
20 percentage for the upcoming fiscal year depending upon the anticipated costs of tree cones and
21 seeds which the Department must purchase. Money in this Fund shall not be allowed to

25 Fund is created within the Department of Environment and Natural Resources, Division of
26 Forest Resources, as a special revenue fund. Except as provided in subsection (b) of this
27 section, this Fund shall consist of receipts from the sale of seed and seedlings as authorized in
28 G.S. 106-847 and any gifts, bequests, or grants for the benefit of this Fund. No General Fund
29 appropriations shall be credited to this Fund. Any balance remaining in this Fund at the end of
30 any fiscal year shall not revert. The Department may use this Fund only to develop, improve,

33 within the Department of Environment and Natural Resources, Division of Forest Resources, as

43 appropriation for said purpose by the General Assembly.

44 **"§ 106-850. Distribution of funds from sale of forestlands.**

50 County said funds shall be entirely for the use and benefit of the school administrative unit in
51 which said national forestlands shall be located.

52 All funds which may hereafter come into the hands of the State Treasurer from like sources

46 The ~~Secretary-Commissioner~~ may appoint one county forest ranger and one or more deputy
47 forest rangers in each county of the State in which, after careful investigation, the amount of
48 forestland and the risks from forest fires shall, in his judgment, warrant the establishment of a
49 forest fire organization.

50 **"§ 106-862. Forest laws defined.**

51 The forest laws consist of:

52 (1) G.S. 14-136 to G.S. 14-140;

No county may be held liable for any part of the expenses thus incurred unless specifically authorized by the board of county commissioners under prior written agreement with the ~~Secretary-Commissioner~~; appropriations for meeting the county's share of such expenses so authorized by the board of county commissioners shall be provided annually in the county budget. For each county in which financial participation by the county is authorized, the ~~Secretary-Commissioner~~ shall keep or cause to be kept an itemized account of all expenses thus incurred and shall send such accounts periodically to the board of county commissioners of said county; upon approval by the board of the correctness of such accounts, the county commissioners shall issue or cause to be issued a warrant on the county treasury for the payment of the county's share of such expenditures, said payment to be made within one month after receipt of such statement from the ~~Secretary-Commissioner~~. Appropriations made by a county for the purposes set out in Articles ~~4, 4A, 4C and 6A~~72, 73, 75, and 79 of this Chapter in the cooperative forest protection, development and improvement work are not to replace State and federal funds which may be available to the ~~Secretary-Commissioner~~ for the work in said county, but are to serve as a supplement thereto. Funds appropriated to the Department for a fiscal year for the purposes set out in Articles ~~4, 4A, 4C and 6A~~72, 73, 75, and 79 of this Chapter shall not be expended in a county unless that county shall contribute at least twenty-five percent (25%) of the total cost of the forestry program.

(a) Forest rangers shall prevent and extinguish forest fires and shall have control and direction of all persons and equipment while engaged in the extinguishing of forest fires. During a season of drought, the ~~Secretary-Commissioner~~ or his designate may establish a fire patrol in any district, and in case of fire in or threatening any forest or woodland, the forest ranger shall attend forthwith and use all necessary means to confine and extinguish such fire. The forest ranger or deputy forest ranger may summon any resident between the ages of 18 and 45 years, inclusive, to assist in extinguishing fires and may require the use of crawler tractors and other property needed for such purposes; any person so summoned and who is physically able who refuses or neglects to assist or to allow the use of equipment and such other property required shall be guilty of a Class 3 misdemeanor and upon conviction shall only be subject to a fine of not less than fifty dollars (\$50.00) nor more than one hundred dollars (\$100.00). No action for trespass shall lie against any forest ranger, deputy forest ranger, or person summoned by him for crossing lands, backfiring, burning out or performing his duties as a forest ranger or deputy forest ranger.

(b) Forest rangers are authorized to issue and serve citations under the terms of G.S. 15A-302 and warning tickets under the terms of ~~G.S. 113-55.2~~G.S. 106-866 for offenses under the forest laws. This subsection may not be interpreted to confer the power of arrest on forest rangers, and does not make them criminal justice officers within the meaning of G.S. 17C-2.

"§ 106-865. Powers of forest law-enforcement officers.

The ~~Secretary-Commissioner~~ is authorized to appoint as many forest law-enforcement officers as he deems necessary to carry out the forest law-enforcement responsibilities of the Department. 7 Issuance of the warning tickets shall be in accordance with criteria administratively
8 promulgated by the ~~Secretary-Commissioner~~ within the requirements of this section. These
9 criteria are exempt from Article 2A of Chapter 150B of the General Statutes.

17 or woodlands or constitute a hazard to the public.

18 (c) A warning ticket may not be issued if the offender has previously been charged
19 with, or issued a warning ticket for, the same or a similar offense within the preceding three
20 years. A list of persons who have been issued warning tickets under this section within the
21 preceding three years shall be maintained and periodically updated by the
22 ~~Secretary-Commissioner~~.

23 (d) This section does not entitle any person who has committed an offense to the right
24 to be issued a warning ticket, and the issuance of a warning ticket does not prohibit the later
25 initiation of criminal prosecution for the same offense for which the warning ticket was issued.

26 **"§ 106-867. Compensation of forest rangers.**

27 Forest rangers shall receive compensation from the Department at a reasonable rate to be
28 fixed by said Department for the time actually engaged in the performance of their duties; and
29 reasonable expenses for equipment, transportation, or food supplies incurred in the
30 performance of their duties, according to an itemized statement to be rendered the ~~Secretary~~
31 ~~Commissioner~~ every month, and approved by him. Forest rangers shall render to the ~~Secretary~~
32 ~~Commissioner~~ a statement of the services rendered by the men employed by them or their
33 deputy rangers, as provided in this Article, within one month of the date of service, which bill
34 shall show in detail the amount and character of the service performed, the exact duration
35 thereof, the name of each person employed, and any other information required by the
36 ~~Secretary-Commissioner~~. If said bill be duly approved by the ~~Secretary-Commissioner~~, it shall
37 be paid by direction of the Department out of any funds provided for that purpose.

38 **"§ 106-868. Overtime compensation for forest fire fighting.**

48 provisions of this Article, or any other act which may be passed for the purpose of protecting
49 and developing the forests in this State, shall be guilty of a Class 3 misdemeanor.

50 **"§ 106-871. Cooperation between counties and State in forest protection and
51 development.**

52 The board of county commissioners of any county is hereby authorized and empowered to

54 management of their own forests within their respective counties, and to appropriate and pay
55 out of the funds under their control such amount as is provided in ~~G.S. 113-54~~ G.S. 106-863.

8 agencies herein named for that purpose and keep the same constantly before their pupils; and
9 said teachers and rangers shall prepare lectures or talks to be made to the pupils of the various
10 schools on the subject of forest fires, their origin and their destructive effect on the plant life
11 and tree life of the forests of the State, the development and scientific management of the
12 forests of the State, and shall be prepared to give practical instruction to their pupils from time

16 During periods of protracted drought or when other hazardous fire conditions threaten
17 forest and water resources and appear to require extraordinary precautions, the Governor of the
18 State, upon the joint recommendation of the ~~Secretary-Commissioner~~ and the Executive

52 pursuant to Article 21B of Chapter 143 of the General Statutes, the ~~secretary~~Commissioner is
53 authorized to prohibit all open burning regardless of whether a permit is required under
54 ~~G.S. 113-60.23 or 113-60.24~~G.S. 106-902 or G.S. 106-903. The ~~secretary~~Commissioner shall
55 issue a press release containing relevant details of the prohibition to news media serving the
56 area affected.

57 **"§ 106-905. Permit conditions.**

58 Permits issued under this Article shall be issued in the name of the person undertaking the
59 burning and shall specify the specific area in which the burning is to occur, the type and

1 amount of material to be burned, the duration of the permit, and such other factors as are
2 necessary to identify the burning which is allowed under the permit.

3 **"§ 106-906. Permit suspension and cancellation.**

4 Upon a determination that hazardous forest fire conditions exist the ~~secretary~~
5 Commissioner is authorized to cancel any permit issued under this Article and suspend the
6 issuance of any new permits. Upon a determination by the Environmental Management
7 Commission or its agent that open burning permitted under this Article is causing significant
8 contravention of ambient air quality standards or that an air pollution episode exists pursuant to
9 Article 21B of Chapter 143 of the General Statutes, the ~~secretary~~Commissioner shall cancel
10 any permits issued under authority of this Article and shall suspend the issuance of any new
11 permits.

12 **"§ 106-907. Control of existing fires.**

13 (a) If a fire is set without a permit required by ~~G.S. 113-60.23, 113-60.24 or~~
14 ~~113-60.25~~G.S. 106-902, 106-903, or 106-904, and is set in an area in which permits are
15 prohibited or cancelled at the time the fire is set, the person responsible for setting the fire or
16 causing the fire to be set shall immediately extinguish the fire or take such other action as
17 directed by any forest ranger authorized to issue permits under
18 ~~G.S. 113-60.23(e)~~G.S. 106-902(c). In the event that the person responsible does not
19 immediately undertake efforts to extinguish the fire or take such other action as directed by the
20 forest ranger, the Department may enter the property and take reasonable steps to extinguish or
21 control the fire and the person responsible for setting the fire shall reimburse the Department
22 for the expenses incurred by the Department. A showing that a fire is associated with
23 land-clearing activities is prima facie evidence that the person undertaking the land clearing is
24 responsible for setting the fire or causing the fire to be set.

25 (b) If a fire requiring a permit under ~~G.S. 113-60.23(e)~~G.S. 106-902(c) is set without a
26 permit and a forest ranger authorized to issue such permits determines that a permit would not
27 have been issued for the fire at the time it was set, the person responsible for setting the fire or
28 causing the fire to be set shall immediately take such action as the forest ranger directs to
29 extinguish or control the fire. In the event the person responsible does not immediately
30 undertake efforts to extinguish the fire or take such other action as directed by the forest ranger,
31 the Department may enter the property and take reasonable steps to extinguish or control the
32 fire and the person responsible for setting the fire shall reimburse the Department for the
33 expenses incurred by the Department. A showing that a fire is associated with land-clearing
34 activities is prima facie evidence that the person undertaking the land clearing is responsible
35 for setting the fire or causing the fire to be set.

36 (c) If a fire is set in accordance with a permit but the burning is taking place contrary to
37 the conditions of the permit, any forest ranger with authority to issue permits in the area in
38 question may order the permittee in writing to undertake the steps necessary to comply with the
39 conditions of his permit. If the permittee is not making a reasonable effort to comply with the
40 order, the forest ranger may enter the property and take reasonable steps to extinguish or
41 control the fire and the permittee shall reimburse the Department for the expenses incurred by
42 the Department.

43 **"§ 106-908. Penalties.**

44 Any person violating the provisions of this Article or of any permit issued under the
45 authority of this Article shall be guilty of a Class 3 misdemeanor. The penalties imposed by this
46 section shall be separate and apart and not in lieu of any civil or criminal penalties which may
47 be imposed by G.S. 143-215.114A or G.S. 143-215.114B. The penalties imposed are also in
48 addition to any liability the violator incurs as a result of actions taken by the Department under
49 ~~G.S. 113-60.28~~G.S. 106-907.

50 **"§ 106-909. Effect on other laws.**

51 This Article shall not be construed as affecting or abridging the lawful authority of local
52 governments to pass ordinances relating to open burning within their boundaries. Nothing in
53 this Article shall relieve any person from compliance with the provisions of Article 21B of
54 Chapter 143 of the General Statutes and regulations adopted thereunder. In the event that
55 permits are required for open burning associated with land clearing under the authority of
56 Article 21B of Chapter 143 of the General Statutes, the authority to issue such permits shall be
57 delegated to forest rangers who are authorized to issue permits under
58 ~~G.S. 113-60.23(e)~~G.S. 106-902(c).

59 **"§ 106-910. Exempt fires; no permit fees.**

1 (a) This Article shall not apply to any fires started, or caused to be started, within 100
2 feet of an occupied dwelling house if such fire shall be confined (i) within an enclosure from
3 which burning material may not escape or (ii) within a protected area upon which a watch is
4 being maintained and which is provided with adequate fire protection equipment.

5 (b) No charge shall be made for the granting of any permit required by this Article."

41 **SECTION 13.25.(bb)** Article 77 of Chapter 106 of the General Statutes, as
42 recodified by subsection (aa) of this section, reads as rewritten:

43 "Article 77.

44 "North Carolina Prescribed Burning Act.

45 **"§ 106-920. Legislative findings.**

46 The General Assembly finds that prescribed burning of forestlands is a management tool
47 that is beneficial to North Carolina's public safety, forest and wildlife resources, environment,
48 and economy. The General Assembly finds that the following are benefits that result from
49 prescribed burning of forestlands:

- 50 (1) Prescribed burning reduces the naturally occurring buildup of vegetative
51 fuels on forestlands, thereby reducing the risk and severity of wildfires and
52 lessening the loss of life and property.
53 (2) The State's ever-increasing population is resulting in urban development
54 directly adjacent to fire-prone forestlands, referred to as a woodland-urban
55 interface area. The use of prescribed burning in these woodland-urban
56 interface areas substantially reduces the risk of wildfires that cause damage.
57 (3) Many of North Carolina's natural ecosystems require periodic fire for their
58 survival. Prescribed burning is essential to the perpetuation, restoration, and
59 management of many plant and animal communities. Prescribed burning

1 benefits game, nongame, and endangered wildlife species by increasing the
2 growth and yield of plants that provide forage and an area for escape and
3 brooding and that satisfy other habitat needs.

4 (4) Forestlands are economic, biological, and aesthetic resources of statewide
5 significance. In addition to reducing the frequency and severity of
6 wildfires, prescribed burning of forestlands helps to prepare sites for
7 replanting and natural seeding, to control insects and diseases, and to
8 increase productivity.

9 (5) Prescribed burning enhances the resources on public use lands, such as State
10 and national forests, wildlife refuges, nature preserves, and game lands.
11 Prescribed burning enhances private lands that are managed for wildlife
12 refuges, nature preserves, and game lands. Prescribed burning enhances
13 private lands that are managed for wildlife, recreation, and other purposes.

14 As North Carolina's population grows, pressures resulting from liability issues and smoke
15 complaints discourage or limit prescribed burning so that these numerous benefits to
16 forestlands often are not attainable. By recognizing the benefits of prescribed burning and by
17 adopting requirements governing prescribed burning, the General Assembly helps to educate
18 the public, avoid misunderstandings, and reduce complaints about this valuable management
19 tool.

20 "§ 106-921. Definitions.

27 naturally occurring vegetative fuels under safe weather and safe
28 environmental and other conditions, while following appropriate
29 precautionary measures that will confine the fire to a predetermined area and
30 accomplish the intended management objectives.

49 "Article 80.

50 "Forest Development Act.

51 **"§ 106-955. Title.**

52 This Article shall be known as the "Forest Development Act."

53 **"§ 106-956. Statement of purpose.**

54 (a) The General Assembly finds that:

55 (1) It is in the public interest of the State to encourage the development of the
56 State's forest resources and the protection and improvement of the forest
57 environment.

58 (2) Unfavorable environmental impacts, particularly the rapid loss of forest land
59 to urban development, are occurring as a result of population growth. It is in

- 1 the State's interest that corrective action be developed now to offset forest
2 land losses in the future.
- 3 (3) Regeneration of potentially productive forest land is a high-priority problem
4 requiring prompt attention and action. Private forest land will become more
5 important to meet the needs of the State's population.
- 6 (4) Growing demands on forests and related land resources cannot be met by
7 intensive management of public and industrial forest lands alone.
- 8 (b) The purpose of this Article is to direct the ~~Secretary-Commissioner of Agriculture to~~
9 implement a forest development program to:
- 10 (1) Provide financial assistance to eligible landowners to increase the
11 productivity of the privately owned forests of the State through the
12 application of forest renewal practices and other practices that improve tree
13 growth and overall forest health.
- 14 (2) Insure that forest operations in the State are conducted in a manner designed
15 to protect the soil, air, and water resources, including but not limited to
16 streams, lakes and estuaries through actions of landowners on lands for
17 which assistance is sought under provisions in this Article.
- 18 (3) Implement a program of voluntary landowner participation through the use
19 of a forest development fund to meet the above goals.
- 20 (c) It is the intent of the General Assembly that in implementing the program under this
21 Article, the ~~Secretary-Commissioner~~ will cause it to be coordinated with other related programs
22 in such a manner as to encourage the utilization of private agencies, firms and individuals
23 furnishing services and materials needed in the application of practices included in the forest
24 development program.

25 **"§ 106-957. Definitions.**

26 As used in this Article:

- 27 (1) "Approved forest management plan" means the forest management plan
28 submitted by the eligible landowner and approved by the
29 ~~Secretary-Commissioner~~. Such plan shall include forest management
30 practices to insure both maximum forest productivity and environmental
31 protection of the lands to be treated under the management plan.
- 32 (2) "Approved practices" mean those silvicultural practices approved by the
33 Secretary for the purpose of commercially growing timber through the
34 establishment of forest stands, of insuring the proper regeneration of forest
35 stands to commercial production levels following the harvest of mature
36 timber, or of insuring maximum growth potential of forest stands to
37 commercial production levels. Such practices shall include those required to
38 accomplish site preparation, natural and artificial forestation, noncommercial
39 removal of residual stands for silvicultural purposes, cultivation of
40 established young growth of desirable trees for silvicultural purposes, and
41 improvement of immature forest stands for silvicultural purposes. In each
42 case, approved practices will be determined by the needs of the individual
43 forest stand. These practices shall include existing practices and such
44 practices as are developed in the future to insure both maximum forest
45 productivity and environmental protection.
- 46 (2a) "Commissioner" means the Commissioner of Agriculture.
- 47 (3) "Department" means the Department of ~~Environment and Natural~~
48 ~~Resources, Agriculture and Consumer Services.~~
- 49 (3a) "Eligible land" means land owned by an eligible landowner.
- 50 (4) "Eligible landowner" means a private individual, group, association or
51 corporation owning land suitable for forestry purposes. Where forest land is
52 owned jointly by more than one individual, group, association or
53 corporation, as tenants in common, tenants by the entirety, or otherwise, the
54 joint owners shall be considered, for the purpose of this Article, as one
55 eligible landowner and entitled to receive cost-sharing payments as provided
56 herein only once during each fiscal year.
- 57 (5) Recodified as § 113A-178(3a).

- 1 (6) "Forest development assessment" means an assessment on primary forest
2 products from timber severed in North Carolina for the funding of the
3 provisions of this Article, as authorized by the General Assembly.

22 Development Fund for services rendered in direct support of the program.
23 (d) The ~~Secretary-Commissioner~~ is authorized to purchase equipment for the
24 implementation of this program from the Forest Development Fund subject to the limitations of
25 ~~G.S. 113A-183(e)-G.S. 106-963(e)~~. All equipment purchased with these funds will be assigned
26 to and used only for the forest development program, except for emergency use in forest fire
27 suppression and other activities relating to the protection of life or property. The Forest
28 Development Fund will be reimbursed from other program funds for equipment costs incurred
29 during such emergency use.

30 **"§ 106-959. Administration of cost sharing.**

39 allowable ranges for cost sharing purposes for approved practices under
40 varying conditions throughout the State.
41 (4) Determine, prior to approving forest development cost sharing payments to
42 any landowner, that all proposed practices are appropriate and are
43 comparable in cost to the prevailing cost of those practices in the general
44 area in which the land is located. Should the ~~Secretary-Commissioner~~
45 determine that the submitted cost of any practice is excessive, he shall
46 approve forest development cost sharing payments based upon an allowable
47 cost established under ~~G.S. 113A-180(3)-G.S. 106-959(3)~~.
48 (5) Determine, prior to approving forest development cost sharing payments,
49 that an approved forest management plan as defined in
50 ~~G.S. 113A-178(1)-G.S. 106-957(1)~~ for the eligible land has been filed with
51 the ~~Secretary-Commissioner~~ and that the landowner has indicated in writing
52 his intent to comply with the terms of such management plan.
53 (6) Determine, prior to approving forest development cost sharing payments,
54 that the approved practices for which payment is requested have been
55 completed in a satisfactory manner, conform to the approved forest

19 approved practices on the land.

20 If a written statement is obtained from the new owner or transferee, the original landowner will
21 no longer be responsible for maintaining the approved practices or repaying the cost-sharing
22 funds. The responsibility for maintaining those practices for the remainder of the 10 years shall
23 devolve to the new owner or transferee.

28 lesser of (i) a sum equal to sixty percent (60%) of the landowner's actual per acre cost incurred
29 in implementing the approved practice or (ii) a sum equal to sixty percent (60%) of the
30 prevailing per acre cost as determined by the ~~Secretary-Commissioner~~ under
31 ~~G.S. 113A-180(3)~~G.S. 106-959(3) for implementing that approved practice.

32 (b) The maximum amount of forest development cost sharing funds allowed to any
33 landowner in one fiscal year will be the amount required to complete all approved practices on

35 ~~G.S. 113A-181(a)~~G.S. 106-961(a).

36 (c) Eligible landowners may not use State cost sharing funds if funds from any federal

31 a program presently supported by a local grant.

32 **FEDERAL GRANT MATCHING FUNDS**

33 **SECTION 18.2.** Notwithstanding the provisions of G.S. 143C-6-9, the Department
34 of Correction may use up to the sum of one million two hundred thousand dollars (\$1,200,000)

44 Audit Committee, the Department of Correction shall consult with the county or municipality
45 in which the unit is located, with the elected State and local officials, and with State and federal
46 agencies about the possibility of converting that unit to other use. The Department may also
47 consult with any private for-profit or nonprofit firm about the possibility of converting the unit
48 to other use. In developing a proposal for future use of each unit, the Department shall give
49 priority to converting the unit to other criminal justice use. Consistent with existing law and the
50 future needs of the Department of Correction, the State may provide for the transfer or the lease
51 of any of these units to counties, municipalities, State agencies, federal agencies, or private
52 firms wishing to convert them to other use. The Department of Correction may also consider
53 converting some of the units recommended for closing from one security custody level to

38 Department of Correction.
39

40 **PAROLE ELIGIBILITY REPORT/MUTUAL AGREEMENT PAROLE 41 PROGRAM/MEDICAL RELEASE PROGRAM**

42 **SECTION 18.7.(a)** The Post-Release Supervision and Parole Commission shall,
43 with the assistance of the North Carolina Sentencing and Policy Advisory Commission and the
44 Department of Correction, analyze the amount of time each inmate who is eligible for parole on
45 or before July 1, 2012, has served compared to the time served by offenders under Structured
46 Sentencing for comparable crimes. The Commission shall determine if the person has served
47 more time in custody than the person would have served if sentenced to the maximum sentence
48 under the provisions of Article 81B of Chapter 15A of the General Statutes. The "maximum
49 sentence," for the purposes of this section, shall be calculated as set forth in subsection (b) of
50 this section.

51 **SECTION 18.7.(b)** For the purposes of this section, the following rules apply for
52 the calculation of the maximum sentence:

- 53 (1) The offense upon which the person was convicted shall be classified as the
54 same felony class as the offense would have been classified if committed
55 after the effective date of Article 81B of Chapter 15A of the General
56 Statutes.
- 57 (2) The minimum sentence shall be the maximum number of months in the
58 presumptive range of minimum durations in Prior Record Level VI of
59 G.S. 15A-1340.17(c) for the felony class determined under subdivision (1)

1 of this subsection. The maximum sentence shall be calculated using
2 G.S. 15A-1340.17(d), (e), or (e1).

- 3 (3) If a person is serving sentences for two or more offenses that are concurrent
4 in any respect, then the offense with the greater classification shall be used
5 to determine a single maximum sentence for the concurrent offenses. The
6 fact that the person has been convicted of multiple offenses may be
7 considered by the Commission in making its determinations under
8 subsection (a) of this section.

9 **SECTION 18.7.(c)** The Post-Release Supervision and Parole Commission shall
10 report to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight
11 Committee and to the Chairs of the House of Representatives and Senate Appropriations
12 Committees, and the Chairs of the House of Representatives and Senate Appropriations
13 Subcommittees on Justice and Public Safety by April 1, 2012. The report shall include the
14 following: the class of the offense for which each parole-eligible inmate was convicted and
15 whether an inmate had multiple criminal convictions. The Commission shall reinstate the
16 parole review process for each offender who has served more time than that person would have
17 under Structured Sentencing as provided by subsections (a) and (b) of this section.

18 The Commission shall also report on the number of parole-eligible inmates
19 reconsidered in compliance with this section and the number who were actually paroled.

20 **SECTION 18.7.(d)** The Department of Correction and the Post-Release
21 Supervision and Parole Commission shall report by March 1 of each year to the Chairs of the
22 House of Representatives and Senate Appropriations Subcommittees on Justice and Public
23 Safety and to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight

28 Supervision and Parole Commission shall report by March 1 of each year to the Chairs of the
29 House of Representatives and Senate Appropriations Subcommittees on Justice and Public
30 Safety and to the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight
31 Committee on the number of inmates proposed for release, considered for release, and granted
32 release under Chapter 84B of Chapter 15A of the General Statutes, providing for the medical
33 release of inmates who are either permanently and totally disabled, terminally ill, or geriatric.

34 **CRIMINAL JUSTICE PARTNERSHIP**

35 **SECTION 18.8.(a)** Notwithstanding any other provision of law, a county may use
36 funds appropriated pursuant to the Criminal Justice Partnership Act, Article 6A of Chapter
37 143B of the General Statutes, to provide more than one community-based corrections program.

38 **SECTION 18.8.(b)** Effective July 1, 2011, the Department of Correction shall
39 recalculate the county allocation funding formula mandated under G.S. 143B-273.15 using
40 updated data.

41 **SECTION 18.8.(c)** Notwithstanding the provisions of G.S. 143B-273.15
42 specifying that grants to participating counties are for the full fiscal year and that unobligated
43 funds are returned to the State-County Criminal Justice Partnership Account at the end of the
44 grant period, the Department of Correction may reallocate unspent or unclaimed funds
45 distributed to counties participating in the State-County Criminal Justice Partnership Program
46 in an effort to maintain the level of services realized in previous fiscal years.

47 **SECTION 18.8.(d)** The Department of Correction may not deny funds to a county
48 to support both a residential program and a day reporting center if the Department of
49 Correction determines that the county has a demonstrated need and a fully developed plan for
50 each type of sanction.

51 **SECTION 18.8.(e)** The Department of Correction shall report by March 1 of each
52 year to the Chairs of the House of Representatives and Senate Appropriations Committees, the
53 House of Representatives and Senate Appropriations Subcommittees on Justice and Public
54 Safety, and the Joint Legislative Corrections, Crime Control, and Juvenile Justice Oversight
55 Committee on the status of the State-County Criminal Justice Partnership Program. The report
56 shall include the following information:

- 57 (1) The amount of funds carried over from the prior fiscal year;
58

- (2) The dollar amount and purpose of grants awarded to counties as discretionary grants for the current fiscal year;
- (3) Any counties the Department anticipates will submit requests for new implementation grants;

- (7) A review of whether each sentenced offender program is meeting established program goals developed by the Division of Community Corrections in consultation with the Division of Research and Planning and the State Criminal Justice Partnership Advisory Board;
- (8) The number of community offenders and intermediate offenders served by each county program;
- (9) The amount of Criminal Justice Partnership funds spent on community offenders and intermediate offenders; and
- (10) A short description of the services and programs provided by each partnership, including who the service providers are and the amount of funds each service provider receives.

SWANNANOA CORRECTIONAL CENTER FOR WOMEN

SECTION 18.9. The Department of Correction shall relocate the fence at Swannanoa Correctional Center for Women so that the school building is located on the side of the campus housing the Department of Correction facilities, and the Department shall retain the sight and sound barrier between the adults and juveniles at the center.

INMATE MEDICAL COST CONTAINMENT

SECTION 18.10.(a) The Department of Correction shall reimburse those providers and facilities providing approved inmate medical services outside the correctional facility the lesser amount of either a rate of seventy percent (70%) of the provider's then-current prevailing charge or two times the then-current Medicaid rate for any given service. The Department shall have the right to audit any given provider to determine the actual prevailing charge to ensure compliance with this provision.

This section does apply to vendors providing services that are not billed on a fee-for-service basis, such as temporary staffing. Nothing in this section shall preclude the Department from contracting with a provider for services at rates that provide greater documentable cost avoidance for the State than do the rates contained in this section or at rates that are less favorable to the State but that will ensure the continued access to care.

SECTION 18.10.(b) The Department of Correction shall make every effort to contain inmate medical costs by making use of its own hospital and health care facilities to provide health care services to inmates. To the extent that the Department of Correction must utilize other facilities and services to provide health care services to inmates, the Department shall make reasonable efforts to make use of hospitals or other providers with which it has a contract or, if none is reasonably available, hospitals with available capacity or other health care facilities in a region to accomplish that goal. The Department shall make reasonable efforts to equitably distribute inmates among all hospitals or other appropriate health care facilities. With respect to any single hospital, the Department of Correction shall continue to make its best effort to seek admission of the number of inmates representing no more than nine percent (9%) of all inmates requiring hospitalization or hospital services on an annual basis beginning in the 2011-2012 fiscal year, unless the failure to do so would jeopardize the health of an inmate or unless a higher level is agreed to by contract. The Department shall also give

1 preference to those hospitals or other health care facilities in the same county or an adjoining
2 county to the correctional facility where an inmate requiring hospitalization is incarcerated. The
3 Department will continue these efforts until it has reached a number which represents no more
4 than five percent (5%) of all inmates requiring hospitalization or hospital services on an annual
5 basis at any single hospital by July 1, 2013, unless the failure to do so would jeopardize the
6 health of an inmate or unless a higher level is agreed to by contract.

7 **SECTION 18.10.(c)** G.S. 131E-77 is amended by adding a new subsection to read:

8 "(a1) As a condition of licensure, hospitals licensed under this Article shall treat inmates
9 in the custody of the Department of Correction, unless a hospital lacks the capacity or
10 capability to provide such treatment."

11 **SECTION 18.10.(d)** The Department of Correction shall report to the Joint
12 Legislative Commission on Governmental Operations no later than November 1, 2011, and
13 quarterly thereafter on:

- 14 (1) The volume of services provided by community medical providers that can
15 be scheduled in advance and, of that volume, the percentage of those
16 services that are provided by contracted providers; and
- 17 (2) The volume of services provided by community medical providers that
18 cannot be scheduled in advance and, of that volume, the percentage of those
19 services that are provided by contracted providers.

20 DEPARTMENT OF CORRECTION RULES FOR INMATE LABOR

21 **SECTION 18.12.** G.S. 148-26 is amended by adding a new subsection to read:

30 Justice Oversight Committee on caseload averages for probation and parole officers. The report
31 shall include:

- 32 (1) Data on current caseload averages and district averages for probation/parole
33 officer positions;
- 34 (2) Data on current span of control for chief probation officers;
- 35 (3) An analysis of the optimal caseloads for these officer classifications;
- 36 (4) An assessment of the role of surveillance officers;
- 37 (5) The number and role of paraprofessionals in supervising low-risk caseloads;
- 38 (6) An update on the Department's implementation of the recommendations
39 contained in the National Institute of Correction study conducted on the
40 Division of Community Corrections in 2004 and 2008;
- 41 (7) The process of assigning offenders to an appropriate supervision level based
42 on a risk assessment and an examination of other existing resources for
43 assessment and case planning, including the Sentencing Services Program in
44 the Office of Indigent Defense Services and the range of screening and
45 assessment services provided by the Division of Mental Health,
46 Developmental Disability, and Substance Abuse Services in the Department
47 of Health and Human Services; and
- 48 (8) Data on cases supervised solely for the collection of court-ordered payments.

49 **SECTION 18.13.(b)** The Department of Correction shall conduct a study of
50 probation/parole officer workload. The study shall include analysis of the type of offenders
51 supervised, the distribution of the probation/parole officers' time by type of activity, the
52 caseload carried by the officers, and comparisons to practices in other states. The study shall be
53 used to determine whether the caseload goals established by the Structured Sentencing Act are
54 still appropriate, based on the nature of the offenders supervised and the time required to
55 supervise those offenders.

56 **SECTION 18.13.(c)** The Department of Correction shall report the results of the
57 study and recommendations for any adjustments to caseload goals to the House of
58 Representatives and Senate Appropriations Subcommittees on Justice and Public Safety by
59 January 1, 2013.

1 **SECTION 18.13.(d)** The Department of Correction shall report by March 1 of

56 be deemed an approval of the project, and the Department may accept the
57 funds without an act of the General Assembly.

1 For purposes of this subsection, the terms "State matching funds" and "annual maintenance and

47 hearing if the Division charges the license holder with the violation.~~

48 (b) ~~Notice of Charges. – When the Division decides to charge an inspection station, a
49 self-inspector, or a mechanic, or a person who is engaged in the business of replacing

51 person's license, an auditor of the Division must deliver a written statement of the charges to
52 the affected license holder. The statement of charges must inform the license holder of this
53 right, the right to request a hearing, instruct the person on how to obtain a hearing, and inform
54 the license holder of the effect of not requesting a hearing. The license holder has the right to a

15 license, the person can obtain a hearing by making a request for a hearing. The person must
16 make the request to the Division within 10 days after receiving the statement of the charges. A
17 person who does not request a hearing within this time limit waives the right to a hearing.

18 The Division must hold a hearing requested under this subsection within ~~10 business~~³⁰
19 days after receiving the request. The hearing must be held at the location designated by the
20 Division. Suspension or revocation of the license is stayed until a decision is made following

28 **SECTION 28.24.(a)** The Department of Transportation, Division of Motor

- 36 (1) Whether North Carolina would be in jeopardy of the United States
37 Environmental Protection Agency (USEPA) finding that the State failed to
38 implement its State Implementation Plan; if so, what specific alternative
39 programs would result in emissions reductions that would be equivalent to
40 any increased emissions resulting from exempting these motor vehicles from
41 emissions testing; and what approvals, demonstrations, documentation, or
42 other requirements is the State subject to in order to comply with federal law
43 and to assure that the State does not lose eligibility to secure federal
44 transportation funds.
- 45 (2) Whether air quality standards would be violated based on (i) existing air
46 quality standards adopted under Article 21B of Chapter 143 of the General
47 Statutes and (ii) revised air quality standards, including a revised standard
48 for ozone, that are currently being considered for adoption by the United
49 States Environmental Protection Agency.
- 50 (3) Whether the State would be in jeopardy of being found to be out of
51 conformity such that its State and local transportation plans would interfere
52 with the State's ability to attain federal air standards, resulting in loss of
53 future federal transportation funds.
- 54 (4) What new or amended rules would be necessary regarding any
55 recommendation of this study and the time frame for adopting such new or
56 amended rules.
- 57 (5) What fiscal impacts would result for motor vehicle owners, licensed
58 inspection stations, the Department of Transportation, and the Department of

9 rely exclusively on any particular document and (ii) shall look at capital
10 needs throughout the State and not only in Wake County.

11 (b) The Committee shall have oversight over implementation of the six-year capital
12 improvements plan developed pursuant to G.S. 143C-8-5.

13 (c) The Committee, while in discharge of official duties, shall have access to any paper

33 of individual State agencies and departments accord with the long-term
34 capital planning needs of the State as a whole.

35 (3) An examination of whether the long-term capital planning needs of the State
36 might be better served by changing the way in which capital projects are
37 planned. This analysis shall include an examination of the methods by which
38 other States engage in long-term capital planning.

39 (4) An analysis of whether, historically, the percentage of funds that have been
40 allocated from the Reserve for Repairs and Renovations to the Board of
41 Governors of The University of North Carolina for university facilities
42 compared to the percentage of funds that have been allocated from that
43 Reserve to the Office of State Budget and Management for other State
44 facilities is an appropriate ratio.

45 (5) An analysis of whether requiring the Board of Governors of The University
46 of North Carolina to set forth capital project requests that prioritize projects
47 on a systemwide basis would better serve the long-term capital planning
48 needs of the State than the current practice of having each campus prioritize
