Upon receipt of proof, satisfactory to the Board of Trustees in its capacity under this subsection, of the death of a retired member of the Retirement System on or after January 1, 2015, there shall be paid a death benefit to the person or persons designated by the member or, if the member has not designated a beneficiary, to the surviving spouse of the deceased retired member or, if not survived by a designated beneficiary or spouse, to the deceased retired member's legal representative; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of ten thousand dollars (\$10,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's designated beneficiary or beneficiaries, or surviving spouse if there is no surviving beneficiary, or legal representative if not survived by a designated beneficiary or spouse, shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees. Notwithstanding any other provision of law, this benefit shall be assignable by the beneficiary to pay the funeral expenses of the deceased member, with any balance refundable to the beneficiary by the funeral establishment to which the benefit is assigned."

SECTION 2. G.S. 135-63(a) reads as rewritten:

"(a) Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a member in service, there shall be paid in a lump sum to such person as the member shall have nominated by electronic submission prior to completing 10 years of service in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit equal to the sum of (i) the member's accumulated contributions, plus (ii) the member's final compensation; provided, however, that if the member has attained his fiftieth birthday with at least five years of membership service at his date of death, and if the designated recipient of the death benefits is the member's spouse who survives him, and if the spouse so elects, then the lump-sum death benefit provided for herein shall consist only of a payment equal to the member's final compensation and there shall be paid to the surviving spouse an annual retirement allowance, payable monthly, which shall commence on the first day of the calendar month coinciding with or next following the death of the member and shall be continued on the first day of each month thereafter until the remarriage or death of the spouse. The amount of any such retirement allowance shall be equal to one half of the amount of the retirement allowance to which the member would have been entitled had he retired under the provisions of G.S. 135-57(a) on the first day of the calendar month coinciding with or next following his date of death, reduced by two percent (2%) thereof for each full year, if any, by which the age of the member at his date of death exceeds that of his spouse. If the retirement allowance to the spouse shall terminate on the remarriage or death of the spouse before the total of the retirement allowance payments made equals the amount of the member's accumulated contributions at date of death, the excess of such accumulated contributions over the total of the retirement allowances paid to the spouse shall be paid in a lump sum to such person as the member shall have nominated by electronic submission in a form approved by the Board of Trustees or by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time such payment falls due,

SECTION 3. G.S. 135-64(k) reads as rewritten:

Upon the death of a retired member on or after January 1, 2015, there shall be paid a "(k) death benefit to the person or persons designated by the member or, if the member has not designated a beneficiary, to the surviving spouse of the deceased retired member or, if not survived by a designated beneficiary or spouse, to the deceased retired member's legal representative; provided the retired member has elected, when first eligible, to make, and has continuously made, in advance of his death required contributions as determined by the Board of Trustees on a fully contributory basis, through retirement allowance deductions or other methods adopted by the Board of Trustees, to a group death benefit trust fund administered by the Board of Trustees separate and apart from the Retirement System's Annuity Savings Fund and Pension Accumulation Fund. This death benefit shall be a lump-sum payment in the amount of ten thousand dollars (\$10,000) upon the completion of 24 months of contributions required under this subsection. Should death occur before the completion of 24 months of contributions required under this subsection, the deceased retired member's designated beneficiary or beneficiaries, or surviving spouse if there is no surviving designated beneficiary, or legal representative if not survived by a designated beneficiary or spouse, shall be paid the sum of the retired member's contributions required by this subsection plus interest to be determined by the Board of Trustees. Notwithstanding any other provision of law, this benefit shall be assignable by the beneficiary to pay the funeral expenses of the deceased member, with any balance refundable to the beneficiary by the funeral establishment to which the benefit is assigned."

SECTION 4. G.S. 120-4.27 reads as rewritten:

"§ 120-4.27. Death benefit.

The designated beneficiary of a member who dies while in service after completing one year of creditable service shall receive a lump-sum payment of an amount equal to the deceased member's highest annual salary, to a maximum of fifteen thousand dollars (\$15,000). For purposes of this death benefit "in service" means currently serving as a member of the North Carolina General Assembly. "In service" also means service in the Uniformed Services, as that term is defined in section 4303(16) of the Uniformed Services Employment and Reemployment Rights Act, Public Law 103-353, if that service begins during the member's term of office. If the participant does not return immediately after that service to employment with a covered employer in this System, then the participant shall be deemed "in service" until the date on which the participant was first eligible to be separated or released from his or her involuntary military service.

The death benefit provided by this section shall be designated a group life insurance benefit payable under an employee welfare benefit plan that is separate and apart from the Retirement System but under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. The Board of Trustees is authorized to provide the death benefit in the form of group life insurance either by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in the State of North Carolina for the purpose of insuring the lives of qualified members in service, or by establishing or affiliating with a separate trust fund qualified under Section 501(c)(9) of the Internal Revenue Code of 1954, as amended. Notwithstanding any other provision of law, this benefit shall be assignable by the beneficiary to pay the funeral expenses of the deceased member, with any balance refundable to the beneficiary by the funeral

establishment to which the benefit is assigned.
