GENERAL ASSEMBLY OF NORTH CAROLINA SESSION 2015

SENATE DRS25150-MM-40 (02/19)

Short Title:	North Carolina Health Care Modernization.	(Public)
Sponsors:	Senator Tarte (Primary Sponsor).	
Referred to:		

1		A BILL TO BE ENTITLED
2	AN ACT TO M	ODERNIZE AND TRANSFORM HEALTH CARE PURCHASING IN
3	NORTH CAR	ROLINA AND TO CONSOLIDATE THE LME/MCO REGIONS.
4	The General Asse	embly of North Carolina enacts:
5	SECT	TON 1. Intent and Goals. – It is the intent of the General Assembly to
6		te's health care purchasing methods from a traditional fee-for-service system
7	into a value-base	d system that provides budget predictability for the taxpayers of this State
8	while ensuring qu	ality care to those in need. The new purchasing program shall be designed to
9	achieve the follow	ving goals:
10	(1)	Provide budget predictability and stability.
11	(2)	Achieve cost savings through improved population health.
12	(3)	Appropriately value primary care as the foundational level of health care
13		required by all North Carolinians.
14	(4)	Jointly incentivize patients and providers in pursuit of better health.
15	(5)	Improve access and choice for beneficiaries in a market-driven environment.
16		reform is fully implemented, the State's budget variability shall be limited to
17		enrollment numbers and patient mix for the capitated populations.
18		TON 2. Building Blocks. – The principal building blocks of purchasing
19		y this act shall be as follows:
20	(1)	Patient Population The Patient Population will be patients participating in
21		North Carolina Medicaid, NC Health Choice and the North Carolina State
22		Health Plan.
23	(2)	Primary Care Medical Homes (PCMHs). – PCMHs will serve the primary
24		care needs of the Patient Population in exchange for a periodic payment for a
25		defined menu of services.
26	(3)	At-Risk Provider-Led Organizations (ARPLOs). ARPLOs are capitated
27		health plans administered by North Carolina's provider-led Accountable
28		Care Organizations that will manage and coordinate the care for the Patient
29		Population, outside of the PCMHs, pending waiver approval where
30		appropriate for this transformation by the Center for Medicare & Medicaid Services.
31 32	(A)	
32 33	(4)	Plan Administrators. – The Plan Administrators[not defined, not clear who picks them or how they are regulated] for the Patient Population will
33 34		implement the administration of the primary care centric purchasing strategy
34 35		and incentive-driven plan design designated in Section 4 of this act for its
35 36		beneficiaries.
50		

S

 (5) Licensed Commercial Health Insurers (LCHIs). – LCHIs will offer insurance plans based on the primary care centric purchasing strategy and incentive-driven plan design designated in Section 4 of this act to individuals and groups. One or more Commercial Health Insurers will be designated to offer this plan to newly eligible North Carolina Medicaid beneficiaries, pending waiver approval for this transformation by the Center for Medicare & Medicaid Services. In all other aspects, these newly eligible Medicaid beneficiaries will be treated the same as the Patient Population. (6) Cooperation between ARPLOs and LME/MCOs. – ARPLOs are authorized under this act to work in collaboration with the LME/MCOs to serve the appropriate Patient Population. As such: a. ARPLOs may coordinate care offered by employed or independent providers under mutually agreeable terms. Notwithstanding the foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. b. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural area may be awarded a contract to cover a rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. (8) Participant choice of plans offering customized benefit packages that appeal to and meet the varied health needs of participants. (9) NC Health Score [same question as above] will provide performance measures and programs to maximize their opportunities for self-improvement. (10) Mechanisms to identify recipients who may benefit from other services and programs to maximize their opportunities for self-improvement. (10) Primary Care Medical Home Agreement (Agreement). – A contract betweem a programs to maximize duer order		General Assemb	ly of North Carolina	Session 2015
 incentive-driven plan design designated in Section 4 of this act to individuals and groups. One or more Commercial Health Insurers will be designated to offer this plan to newly eligible North Carolina Medicaid beneficiaries, pending waiver approval for this transformation by the Center for Medicare & Medicaid Services. In all other aspects, these newly eligible Medicaid beneficiaries will be treated the same as the Patient Population. (6) Cooperation between ARPLOs and LME/MCOs. – ARPLOs are authorized under this act to work in collaboration with the LME/MCOs to serve the appropriate Patient Population. As such: ARPLOs may coordinate care offered by employed or independent providers under mutually agreeable terms. Notwithstanding the foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. B. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural area may be awarded a contract to cover a nurban area that is contingent upon continued coverage in the rural area. (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. (8) Participant choice of plans offering customized benefit packages that appeal to and meet the varied health needs of participants. (9) NC Health Score [not defined – what is this and who operates it] shall establish metrics to provide incentives and encourage personal accountability for beneficiarie's participation in their own health outcomes. (10) Mechanisms to identify recipients who may benefit from other services and programs to maximize their opportunities for self-improvement. (21) NC Health Score [same question as above] will provide performance measures and metrics to hold providers acountable for quality		(5)		
 and groups. One or more Commercial Health Insurers will be designated to offer this plan to newly eligible North Carolina Medicaid beneficiaries, pending waiver approval for this transformation by the Center for Medicaid beneficiaries will be treated the same as the Patient Population. (6) Cooperation between ARPLOs and LME/MCOs. – ARPLOs are authorized under this act to work in collaboration with the LME/MCOs to serve the appropriate Patient Population. As such: a. ARPLOS may coordinate care offered by employed or independent providers under mutually agreeable terms. Notwithstanding the foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. b. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of peripients. (8) Participant choice of plans offering customized benefit packages that appeal to and meet the varied health needs of participants. (9) NC Health Score [not defined – what is this and who operates it] shall establish metrics to provide incentives and encourage personal accountability for beneficiaries' participation in their own health outcomes. (10) Mechanisms to identify recipients who may benefit from other services and programs to maximize their opportunities for self-improvement. (11) NC Health Score [not defined – what is this and who operates it] shall establish metrics to hold providers accountable for quality outcomes. 5 offer this plan to newly eligible North Carolina Medicaid beneficiaries, pending waiver approval for this transformation by the Center for Medicare & Medicaid Services. In all other aspects, these newly eligible Medicaid beneficiaries will be treated the same as the Patient Population. 9 (6) Cooperation between ARPLOs and LME/MCOs. – ARPLOs are authorized under this act to work in collaboration with the LME/MCOs to serve the appropriate Patient Population. As such: a. ARPLOS may coordinate care offered by employed or independent providers under mutually agreeable terms. Notwithstanding the foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. b. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural area may be avarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. (8) Participant choice of plans offering customized benefit packages that appeal to and meet the varied health needs of participants. (9) NC Health Score [not defined – what is this and who operates it] shall establish metrics to provide ricentives and encourage personal accountability for beneficiaries' participation in their own health outcomes. (10) Mechanisms to identify recipients who may benefit from other services and programs to maximize their opportunities for self-improvement. (11) NC Health Score [same question as above] w			1 0 0	
6 pending waiver approval for this transformation by the Center for Medicare & Medicaid Services. In all other aspects, these newly eligible Medicaid beneficiaries will be treated the same as the Patient Population. 9 (6) Cooperation between ARPLOs and LME/MCOs. – ARPLOs are authorized under this act to work in collaboration with the LME/MCOs to serve the appropriate Patient Population. As such: 11 a. ARPLOs may coordinate care offered by employed or independent providers under mutually agreeable terms. Notwithstanding the foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. 17 b. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural areas may operate with one plan. 20 c. ARPLOs that contract to cover a rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. 23 (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. 25 (8) Participant choice of plans offering customized benefit packages that appeal to and meet the varied health needs of participants. 27 (9) NC Health Score [some queestion as above] will provide performance measures and metrics to provide incentives and encourage personal accountability for beneficiaries' participation in their own health outcomes. 30 (10) Mechanisms to ide			•	-
 & Medicaid Services. In all other aspects, these newly eligible Medicaid beneficiaries will be treated the same as the Patient Population. (6) Cooperation between ARPLOs and LME/MCOs. – ARPLOs are authorized under this act to work in collaboration with the LME/MCOs to serve the appropriate Patient Population. As such: a. ARPLOs may coordinate care offered by employed or independent providers under mutually agreeable terms. Notwithstanding the foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. b. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural areas may operate with one plan. c. ARPLOs that contract to cover a rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. (9) NC Health Score [not defined – what is this and who operates it] shall establish metrics to provide incentives and encourage personal accountability for beneficiaries' participation in their own health outcomes. (10) Mechanisms to identify recipients who may benefit from other services and programs to maximize their opportunities for self-improvement. (11) NC Health Score [same question as above] will provide performance measures and metrics to hold providers accountable for quality outcomes. SECTION 3. Definitions. – As used in this act, the following definitions apply: that is licensed, registered, or otherwise authorized to provide Primary Care Services in this State under North Carolina laws. Primary Care Provider includes an individual or other legal entity. (2) Primary Care Medical Home (Agreement). – A contract between 				
 beneficiaries will be treated the same as the Patient Population. (6) Cooperation between ARPLOs and LME/MCOs. – ARPLOs are authorized under this act to work in collaboration with the LME/MCOs to serve the appropriate Patient Population. As such: ARPLOs may coordinate care offered by employed or independent providers under mutually agreeable terms. Notwithstanding the foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural areas may operate with one plan. C. ARPLOs that contract to cover a rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. (8) Participant choice of plans offering customized benefit packages that appeal to and meet the varied health needs of participants. (9) NC Health Score [not defined – what is this and who operates it] shall establish metrics to provide incentives and encourage personal accountability for beneficiaries' participation in their own health outcomes. (10) Mechanisms to identify recipients who may benefit from other services and programs to maximize their opportunities for self-improvement. (11) NC Health Score [same question as above] will provide performance measures and metrics to hold providers accountable for quality outcomes. SECTION 3. Definitions. – As used in this act, the following definitions apply: that is licensed, registered, or otherwise authorized to provide Primary Care Services in this State under North Carolina laws. Primary Care Provider includes an individual or other legal entity. (2) Primary Care Medical Home Agreement (Agreement). – A contract between <td></td><td></td><td></td><td></td>				
10 under this act to work in collaboration with the LME/MCOs to serve the appropriate Patient Population. As such: 12 a. ARPLOs may coordinate care offered by employed or independent providers under mutually agreeable terms. Notwithstanding the foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. 17 b. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural area may be awarded a contract to cover a rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. 20 c. ARPLOs that contract to cover a rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. 23 (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. 24 genetic blans offering customized benefit packages that appeal to and meet the varied health needs of participants. 27 (9) NC Health Score [not defined – what is this and who operates it] shall establish metrics to provide incentives and encourage personal accountability for beneficiaries' participation in their own health outcomes. 30 (10) Mechanisms to identify recipients who may benefit from other services and programs to maximize their opportunities for self-improvement. 32 (11) NC Health Score [same question as above] will provide performance measures and metrics to hold provide	8			
11 appropriate Patient Population. As such: 12 a. ARPLOs may coordinate care offered by employed or independent providers under mutually agreeable terms. Notwithstanding the foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. 16 region. 17 b. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. 20 c. ARPLOs that contract to cover a rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. 23 (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. 24 and meet the varied health needs of participants. (9) 27 (9) NC Health Score [not defined – what is this and who operates it] shall establish metrics to provide incentives and encourage personal accountability for beneficiaries' participation in their own health outcomes. 30 (10) Mechanisms to identify recipients who may benefit from other services and programs to maximize their opportunities for self-improvement. 31 programs to maximize their opportunities for self-improvement. 32 (10) Mechanisms. – As used in this act, the following	9	(6)	Cooperation between ARPLOs and LME/MCOs ARPLO	Os are authorized
12 a. ARPLOs may coordinate care offered by employed or independent providers under mutually agreeable terms. Notwithstanding the foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. 15 ability to contract with another ARPLO offering services in the same region. 17 b. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural areas may operate with one plan. 20 c. ARPLOs that contract to cover a rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. 23 (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. 24 8 Participant choice of plans offering customized benefit packages that appeal to and meet the varied health needs of participants. 27 (9) NC Health Score [not defined – what is this and who operates it] shall establish metrics to provide incentives and encourage personal accountability for beneficiaries' participation in their own health outcomes. 30 (10) Mechanisms to identify recipients who may benefit from other services and programs to maximize their opportunities for self-improvement. 32 (11) NC Health Score [same question as above] will provide performance measures and metrics to hold providers accountable for quality outcomes. 34 S	10		under this act to work in collaboration with the LME/MC	COs to serve the
 providers under mutually agreeable terms. Notwithstanding the foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural area may operate with one plan. c. ARPLOs that contract to cover a rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. (8) Participant choice of plans offering customized benefit packages that appeal to and meet the varied health needs of participants. (9) NC Health Score [not defined – what is this and who operates it] shall establish metrics to provide incentives and encourage personal accountability for beneficiaries' participation in their own health outcomes. (10) Mechanisms to identify recipients who may benefit from other services and programs to maximize their opportunities for self-improvement. (11) NC Health Score [same question as above] will provide performance measures and metrics to hold providers accountable for quality outcomes. SECTION 3. Definitions. – As used in this act, the following definitions apply: (1) Primary Care Medical Home (PCMH). – An individual or other legal entity that is licensed, registered, or otherwise authorized to provide Primary Care Services in this State under North Carolina laws. Primary Care Provider includes an individual or other legal entity. (2) Primary Care Medical Home Agreement (Agreement). – A contract between 	11		appropriate Patient Population. As such:	
14 foregoing, no ARPLO may interfere with an independent provider's ability to contract with another ARPLO offering services in the same region. 15 ability to contract with another ARPLO offering services in the same region. 17 b. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural areas may operate with one plan. 20 c. ARPLOs that contract to cover a rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. 23 (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. 24 areas, and clinical risk profiles of participants. 25 (8) Participant choice of plans offering customized benefit packages that appeal to and meet the varied health needs of participants. 27 (9) NC Health Score [not defined – what is this and who operates it] shall establish metrics to provide incentives and encourage personal accountability for beneficiaries' participation in their own health outcomes. 30 (10) Mechanisms to identify recipients who may benefit from other services and programs to maximize their opportunities for self-improvement. 31 SECTION 3. Definitions. – As used in this act, the following definitions apply: 33 11) Primary Care Medical Home (PCMH). – An individual or other legal entity that is licensed, registered, or otherwise authorized to	12		a. ARPLOs may coordinate care offered by employed	d or independent
 ability to contract with another ARPLO offering services in the same region. If multiple plans cannot be established for a rural area, then, as allowed by 42 C.F.R. 438.52, those rural areas may operate with one plan. c. ARPLOs that contract to cover a rural area may be awarded a contract to cover an urban area that is contingent upon continued coverage in the rural area. (7) Risk adjusted capitated rates based on eligibility categories, geographic areas, and clinical risk profiles of recipients. 		assessment, diagnosis, and treatment for the purpose o	-
		or the detection and management of disease or injury w	on the competence
	CECT	and training of the Primary Care Provider.	
TT		ION 4. Development of Detailed Plan. – The Depar	
		(DHHS) shall develop, with stakeholder input, a detaile	
		the goals listed in Section 1 of this act and includes the	•
		is act. The plan shall provide for strategic changes to t	ne Patient Populatio
and		the following:	1117 .
	(1)	Proposed waivers where appropriate, including Section	
		State Plan Amendments (SPAs) as may be necessar	
		secure federal financial participation in the Medicaid re	form required by th
	(2)	act.	anta ta tha Canan
	(2)	Proposed legislation making the necessary amendm	
		Statutes to enact the recommended changes to the sy	stem of governance
	(2)	structure, and financing. An estimate of the amount of State and federal funds ne	and any to implement
	(3)	the changes. The estimate should indicate costs	• 1
		implementation and the total cost of full implementation	1.
	(4)	An estimate of the amount of long-term savings in State the changes. The estimate should show savings expect	-
		implementation and the total amount of savings	-
		implementation on an annual basis.	1
	(5)	The details of the two-year risk phase-in for the provid	er-led capitated plar
		in the appropriate Patient Population.	1 1
	(6)	The regions defined by DHHS/Department of Me	edical Benefits, an
		population or provider thresholds used in defining reg	ions, and the number
		of expected plans per region and how many are expect	ed to be provider-le
		and nonprovider-led.	
	(7)	Any populations or diseases for which specialty plans n	nay be established.
	(8)	Mechanisms for measuring the State's progress towa	rds the reform goa
		listed in Section 1 of this act.	
	(9)	In consultation with Community Care of North Ca	arolina (CCNC), th
		quality metrics for evaluating provider and health plan s	
	(10)	Strategies for ensuring fair negotiations among	provider led plan
		nonprovider-led plans, providers, and the DHHS.	
	(11)	A recommendation of any existing State contracts that	could be effected b
		this act.	
	(12)	Methods to ensure that DHHS will (i) enter inter	
		advantageous to the State and (ii) properly manage	the contracts to hol
		contractors accountable.	

	General Assemb	ly of North Carolina	Session 2015
1	(13)	A strategy for program integrity, including how NC H	Health Score [not
2		defined] and the health plans will work together to ensure	=
3		are spent appropriately.	
4	(14)	A robust information technology infrastructure design, in	cluding strategies
5	· · ·	to (i) transfer existing data and resources at DHHS, (ii) mo	
6		of health plans, and (iii) provide information to and receive	-
7		service providers.	
8	(15)	Plans to interact with other State agencies in areas such a	s communications
9		with the Centers for Medicare & Medicaid Services	
10		becoming the single State entity, eligibility determinations	
11		Medicaid-related costs to the Medicaid program, the inter	
12		Medicaid program with other State information technol	ogy systems, and
13		other issues that will require coordination with other State	agencies.
14	SECT	TION 5. Report of Detailed Plan. – By April 15, 2015, DH	HS shall report to
15	the General Ass	embly [suggest a more specific entity to report to, like	e HHS Oversight
16	Committee or Fi	scal Research - reports to the GA aren't owned or monitor	ed by anyone and
17	fall through the c	cracks] its strategic plan for the Medicaid reform required u	under Section 4 of
18	this act. If a deta	iled plan cannot reasonably be completed by April 15, 201	5, DHHS shall (i)
19	inform the report	recipients by March 15 that the April 15 report will be a p	rogress report and
20	(ii) provide by A	pril 15 an update on the progress toward completing a plan	and report on the
21	portions of the pl	an that have been completed. Such a report or update shall b	be submitted to the
22	Joint Legislative	Oversight Committee on Medical Benefits and the Fiscal Res	search Division.
23	SECT	CION 6. Semiannual Report. – Beginning September 1, 20)15, and every six
24	months thereafter	er until a final report on September 1, 2020, the L	OHHS and other
25		hall report to the General Assembly [same issue as above	
26	progress toward	completing transformation in the Patient Population. Report	rts shall be due to
27	-	ive Oversight Committee on Medical Benefits.	
28		TION 7. Maintain Funding Mechanisms. – In developing	
29		of this act, the Department shall work with the Centers	
30		es (CMS) to attempt to preserve existing levels of funding	00
31	-	c funding streams, such as assessments, to the extent that the	
32	· 1	d. This work with CMS shall be facilitated by the Departm	
33		Division of Medical Assistance. If such Medicaid-specific	0
34		rrently implemented, then DHHS shall advise the General	• -
35		f the modifications necessary to maintain as much revenue	-
36		edicaid reform. If such Medicaid specific funding streams ca	
37	-	orm process or if revenue would decrease, then DHHS	
38		he cost estimates for Medicaid reform. Additionally, such	U
39		ed so that any supplemental payments to providers are more	closely aligned to
40		outcomes and achieving overall Medicaid goals.	
41		TION 8. Chapter 120 of the General Statues is amende	ed by adding the

1	addition, G.S. 120-19.1 through G.S. 120-19.4 shall apply to the proceedings of the Committee
2	as if it were a joint committee of the General Assembly.
3	"§ 120-209.4. Reports to Committee.
4	Whenever the DHHS is required by law to report to the General Assembly or to any of its
5	permanent, study, or oversight committees or subcommittees on matters affecting the
)	Department, the Department shall transmit a copy of the report to the cochairs of the Joint
	Legislative Oversight Committee on Primary Care."
	SECTION 9. G.S. 120-208.1(a)(2)b. is repealed.
	SECTION 10. G.S. 120-208.1(a)(1) reads as rewritten:
	"§ 120-208.1. Purpose and powers of Committee.
	(a) The Joint Legislative Oversight Committee on Health and Human Services shall
	examine, on a continuing basis, the systemwide issues affecting the development, budgeting,
	financing, administration, and delivery of health and human services, including issues relating
	to the governance, accountability, and quality of health and human services delivered to
	individuals and families in this State. The Committee shall make ongoing recommendations to
	the General Assembly on ways to improve the quality and delivery of services and to maintain
	a high level of effectiveness and efficiency in system administration at the State and local
	levels. In conducting its examination, the Committee shall do all of the following:
	(1) Study the budgets, programs, and policies of each Division within the
	Department of Health and Human Services, listed in subdivision (2) of this
	subsection to determine ways in which the General Assembly may
	encourage improvement in the budgeting and delivery of health and human
	services provided to North Carolinians;"
	SECTION 11. Notwithstanding any other provision of law, any reports by the
	Department of Health and Human Services or the Division of Medical Assistance related to
	Medicaid due during the 2014-2015 fiscal year shall be made to the Joint Legislative Oversight
	Committee on Primary Care.
	SECTION 12. Consolidate LME/MCO Regions. – The Department of Health and
	Human Services shall manage the consolidation of LME/MCOs to no more than six, and no
	less than four, regional entities effective January 1, 2017.
	To ensure a smooth transition and consolidation with minimal disruption to services, the
	DHHS shall designate the surviving entity for each region by October 1, 2015. DHHS shall
	take the following data into consideration in making the determination of surviving entity:
	(1) Length of time LME/MCOs have operated the Medicaid 1915 (b)(c) Waiver;
	 (1) Defigit of the Division have operated the methods and 1916 (0)(c) wherein (2) Performance under the Waiver;
	(3) Number of counties served; and
	(4) Prior history of successful mergers and consolidations with special
	consideration given for mergers and consolidations that have occurred since
	the LME/MCO implemented the Waiver.
	The Department shall provide ongoing monitoring of the process to ensure that the
	deadlines are met.
	SECTION 13. Sections 10 and 11 become effective September 1, 2015. Except as
	otherwise provided, this act is effective when it becomes law.
	such the provided, this act is checute when it becomes haw.
