# GENERAL ASSEMBLY OF NORTH CAROLINA

# Session 2015

# Legislative Actuarial Note Health Benefits

**BILL NUMBER:** Senate Bill 44 (First Edition)

**SHORT TITLE:** Include Jones County in State Health Plan.

**SPONSOR(S):** Senator Brown

**SYSTEM OR PROGRAM AFFECTED:** State Health Plan for Teachers and State Employees (Plan).

**FUNDS AFFECTED:** State General Fund, State Highway Fund, other State employer receipts; premium payments for dependents of active employees and retired employees of State agencies and universities, local public schools and local community colleges; premium payments for coverages selected by eligible former employees; premium payments for coverages selected by firefighters, rescue squad workers, members of the National Guard, and certain authorized local governments.

**BILL SUMMARY:** The First Edition allows Jones County to enroll its employees and dependents in the Plan under the following conditions:

- The County must enter into a memorandum of understanding with the Plan at least 60 days prior to joining.
- The County and enrolling employees must meet the federal requirements to participate in a governmental plan.
- The County shall determine the eligibility of its employees and their dependents and what portion of premiums the employees will pay.
- The total premiums paid to the Plan will be the same as the fully contributory premiums for State employees.
- The Plan may charge 1.5% interest per month for late payment of premiums.

**EFFECTIVE DATE:** July 1, 2015

#### **ESTIMATED IMPACT ON STATE:**

The Segal Company estimates the following net financial impact on the Plan due to adding Jones County:

Fiscal Year:	FY 2015-16	FY 2016-17	FY 2017-18
Net Financial Impact:	\$330,000	\$356,000	\$381,000

The Segal Company based its estimates on Jones County's existing demographics, premiums, and plan design and a 150% assumption for adverse selection, i.e. that local governments will typically seek to join the Plan when their costs are anticipated to increase.

Hartman & Associates estimates that the net financial impact on the Plan due to adding Jones County will range from a slight gain to a net cost of \$85,000 per year. Hartman & Associates noted that current premiums indicate a somewhat higher cost group, but that the demographic mix of the group is slightly favorable compared to the Plan.

#### Other Comments on Impact

The additional cost impact of the bill would be expected to impact total premium growth by less than two hundredths of a percent (0.02%). Because the bill does not provide coverage to retirees of Jones County, it does not impact the State's liability for Other Post-Employment Benefits (OPEB).

**ASSUMPTIONS AND METHODOLOGY:** The actuarial analyses used by each respective consulting actuary are on file with the Fiscal Research Division. Copies of each respective consulting actuary's analysis, including assumptions, are also attached to the original copy of this Legislative Actuarial note.

<u>Data Submitted by Jones County</u>: The Segal Company and Hartman & Associates based their respective analyses in part on a Distribution of Participants schedule submitted by the County. The schedule below reflects the age and sex demographic data for employees and dependents of the County. Complete claims experience data is typically not available for an employer of this size. However, the County did note that the total premiums for its current coverage range from \$566 per month for employee-only coverage to \$2,049 for family coverage and provided details on the benefits in its current program, which include:

- Co-pays of \$20 for primary care providers (preventive care is free) and \$40 for specialists
- In-network deductibles of \$2,000 for individual coverage and \$4,000 for family coverage
- 20% coinsurance for most in-network inpatient and outpatient services after the deductible
- Prescription drug co-pays for a 30-day supply of \$4 for generics and \$30 for preferred brand drugs

#### **Summary Information and Data about the Plan**

The Plan administers health benefit coverage for active employees from employing units of State agencies and departments, universities, local public schools, and local community colleges. Eligible retired employees of authorized employing units may also access health benefit coverage under the Plan. Eligible dependents of active and retired employees are authorized to participate in the Plan provided they meet certain requirements. Employees and retired employees of selected local governments and charter schools may also participate in the Plan under certain conditions. Members of fire, rescue squads, and the National Guard may also obtain coverage under the Plan provided they meet certain eligibility criteria.

The State finances the Plan on a self-funded basis and administers benefit coverage under a Preferred Provider Option (PPO) arrangement, with the exception of many Medicare-eligible retirees who are in fully-insured Medicare Advantage plans. The Plan's receipts are derived through premium contributions, investment earnings and other receipts. Premiums for health benefit coverage are paid by (1) employing agencies for active employees, (2) the Retiree Health Benefit Fund for retired employees, and (3) employees and retirees who participate in a plan with a non-zero premium or who elect dependent coverage. Starting in 2014, benefit and premium changes are typically effective at January 1. The Plan's PPO benefit design includes three alternative benefit levels listed below:

- 1) The "Traditional" 70/30 plan that offers higher out-of pocket requirements in return for lower employee and retiree premiums without needing to complete wellness activities,
- 2) The "Enhanced" 80/20 plan that offers lower out-of-pocket requirements with higher employee and retiree premiums, which can be lowered by completing wellness activities, and
- 3) The Consumer-Directed Health Plan (CDHP) that applies deductibles and co-insurance to all services and offers lower employee and retiree premiums if one completes wellness activities

Medicare-eligible retirees are offered three alternative plans:

- 1) The "Traditional" 70/30 plan as coverage secondary to Medicare for medical services plus a pharmacy benefit plan,
- 2) "Base" Medicare Advantage Prescription Drug Plans (MA-PDPs) from a choice of two carriers, Humana or United Healthcare, that are actuarially equivalent to the "Enhanced" 80/20 Plan and apply in-network out-of-pocket requirements at out-of-network providers
- 3) "Enhanced" MA-PDPs, identical to the "Base" MA-PDPs, except with lower co-pays and higher retiree premiums

The following tables provide a summary of the most common monthly premium rates for the Plan in 2015:

The employer share of premiums for retirees is paid from the Retiree Health Benefit Fund. During FY 2014-15, employers contribute 5.49% of active employee payroll into the Fund. Total contributions for the year are projected to be approximately \$848 million.

<sup>\*</sup> Members receive credits for each activity. We have shown all or none for simplicity.

#### **Financial Condition**

**Projected Results for CY 2015 and CY 2016** – The following summarizes projected financial results for 2015 and 2016, based on financial experience through December, 2014 and enrollments for January, 2015. The projection assumes a 7.0% annual claims growth trend for medical claims, an 8.5% trend for pharmacy claims, benefit provisions and member-paid premiums as currently adopted by the Board, and assumed premium increases in 2016 based on the Board's recommendation.

	(\$ millions)

Administration and Claims-Processing Expenses	\$234.1	\$237.8		
Total	\$3,165.5	\$3,320.6		
Net Operating Income (Loss)	(\$151.7)	(\$239.4)		

Of the premiums paid in CY 2015, an estimated \$2.0 billion is derived from General Fund sources and an estimated \$0.1 billion is derived from Highway Fund sources.

#### **Other Information**

Additional assumptions include Medicare benefit "carve-outs," cost containment strategies including prior approval for certain medical services, utilization of the "Blue Options" provider network, case and disease management for selected medical conditions, mental health case management, coordination of benefits with other payers, a prescription drug benefit manager with manufacturer rebates from formularies, fraud detection, and other authorized actions by the State Treasurer, Executive Administrator, and Board of Trustees to manage the Plan to maintain and improve the Plan's operation and financial condition where possible. Medical claim costs are expected to increase at a rate of 7.0% annually and pharmacy claim costs are expected to increase at a rate of 8.5% annually according to assumptions adopted by the Board of Trustees. The active population is projected to decline by 1% per year and the retired population is projected to increase by 1% per year.
