

NORTH CAROLINA GENERAL ASSEMBLY

Session 2017

Legislative Actuarial Note

Health Benefits

Short Title: FAIR 2018.-AB
Bill Number: House Bill 1056 (First Edition)
Sponsor(s): Representatives Collins, McNeill, Ross, and Dulin

SUMMARY TABLE

ACTUARIAL IMPACT OF H.B. 1056, V.1 (\$ in thousands)

	<u>FY 2018-19</u>	<u>FY 2019-20</u>	<u>FY 2020-21</u>	<u>FY 2021-22</u>	<u>FY 2022-23</u>
State Impact					
State Health Plan Net Loss	(150)	(150)	(150)	(150)	(150)
NET STATE IMPACT	(150)	(150)	(150)	(150)	(150)

The State Health Plan’s Net Loss is projected to decrease by the amount shown above, increasing the cash reserves of the Plan. Any improvement in Plan financials does not directly translate to a reduction in State appropriations in the short-run, but is likely to reduce appropriations in the long-run.

ACTUARIAL IMPACT SUMMARY

Sections 2, 3, 4, 5, and 8 have potential actuarial impacts on the State Health Plan (Plan).

Section 2: Requires employing units to garnish an employee’s wages for any amounts owed to the Plan under certain conditions. The Segal Company, the consulting actuary for the Plan, and Hartman & Associates, the consulting actuary for the General Assembly, both estimate that this change will result in additional revenue to the Plan of roughly \$30,000 per year.

Section 3: Allows the Plan to pursue alternative judicial remedies to recover amounts received by a member from a liable third party. Both actuaries estimate that this section will have negligible financial impact on the Plan.

Section 4: Allows the Plan to intercept credit card receipts from providers and employing units to recover amounts owed to the Plan. The Segal Company estimates this section will increase revenue to the Plan by roughly \$120,000 per year. Hartman & Associates estimates this section will increase revenue to the Plan by roughly \$75,000 per year.

Section 5: Enhances the Plan's ability to place liens on real property owned by individuals who owe funds to the Plan. Both actuaries estimate that this section will have negligible financial impact on the Plan.

Section 8: Restricts settlement agreements between an employing unit and an employee involving health benefits provided through the Plan. Both actuaries estimate that this section will have no or negligible financial impact on the Plan.

ASSUMPTIONS AND METHODOLOGY

The actuarial analyses used by each respective consulting actuary are on file with the Fiscal Research Division. Copies of each respective consulting actuary's analysis, including assumptions, are also attached to the original copy of this Legislative Actuarial note.

Additional Information Provided by the Plan

Plan staff supplied data on the total amount of provider debt they have been unable to recover in the past 6 years, as well as active member debt in the past 5 years at employing units that do not cooperate with wage garnishment requests.

Summary Information and Data about the State Health Plan (Plan)

The Plan administers health benefit coverage for active employees from employing units of State agencies and departments, universities, local public schools, and local community colleges. Eligible retired employees of authorized employing units may also access health benefit coverage under the Plan. Eligible dependents of active and retired employees are authorized to participate in the Plan provided they meet certain requirements. Employees and retired employees of selected local governments and charter schools may also participate in the Plan under certain conditions.

The State finances the Plan on a self-funded basis and administers benefit coverage under a Preferred Provider Option (PPO) arrangement, with the exception of many Medicare-eligible retirees who are in fully-insured Medicare Advantage plans. The Plan's receipts are derived through premium contributions, investment earnings and other receipts. Premiums for health benefit coverage are paid by (1) employing agencies for active employees, (2) the Retiree Health Benefit Fund for retired employees, and (3) employees and retirees who participate in a plan with a non-zero premium or who elect dependent coverage. Benefit and premium changes are typically effective at January 1. The Plan's PPO benefit design includes two alternative benefit levels listed below:

- 1) The 70/30 Plan that offers higher out-of-pocket requirements in return for lower employee and retiree premiums, and
- 2) The 80/20 Plan that offers lower out-of-pocket requirements with higher employee and retiree premiums.

Medicare-eligible retirees are offered three alternative plans:

- 1) The 70/30 Plan as coverage secondary to Medicare for medical services plus a pharmacy benefit plan,
- 2) "Base" Medicare Advantage Prescription Drug Plan (MA-PDP) from United Healthcare, that is actuarially equivalent to the 80/20 Plan and applies in-network out-of-pocket requirements at out-of-network providers
- 3) "Enhanced" MA-PDP, identical to the "Base" MA-PDP, except with lower co-pays and higher retiree premiums

The following tables provide a summary of the most common monthly premium rates for the Plan in 2018:

Active Employees and Non-Medicare Retirees (if Fully Subsidized)

	Employer Share	Employee/Retiree Share	
		Complete Tobacco Attestation	Do Not Complete Attestation
70/30 Plan	\$499	\$25 *	\$85 *
80/20 Plan	\$499	\$50	\$110

* \$0 for Non-Medicare Retirees

Medicare Retirees (if Fully Subsidized)

Medicare Advantage Plans

	Employer Share	Employee/Retiree Share
MA-PDP Base Plan	\$387	\$0
MA-PDP Enhanced Plan	\$387	\$66

Alternate Plan

	Employer Share	Employee/Retiree Share
Traditional 70/30 Plan	\$387	\$0

Dependents (paid by employee/retiree in addition to premiums above)

	All Dependents are Non-Medicare		One or More Medicare Dependents		
	70/30 Plan	80/20 Plan	MA-PDP Base	MA-PDP Enhanced	70/30 Plan
Employee/Retiree + Children	\$193	\$255	\$124	\$190	\$155
Employee/Retiree + Spouse	\$565	\$650	\$124	\$190	\$425
Employee/Retiree + Family	\$573	\$670	\$248	\$380	\$444

The employer share of premiums for retirees is paid from the Retiree Health Benefit Fund. During FY 2017-18, employers contribute 6.05% of active employee payroll into the Fund. Total contributions for the year are projected to be approximately \$1,058 million.

Financial Condition

Projected Results for CY 2018 and CY 2019 – The following summarizes projected financial results for 2018 and 2019, based on financial experience through December 2017. The projection assumes a 7.0% annual claims growth trend for medical claims, an 8.5% trend for pharmacy claims, benefit provisions and member-paid premiums as currently adopted by the Board, and 4% employer premium increases in 2019.

	(\$ millions)	
	Projected CY 2018	Projected CY 2019
Beginning Cash Balance	\$1,009.9	\$966.1
Receipts:		
Net Premium Collections	\$3,553.8	\$3,694.8
Medicare Subsidies	\$10.4	\$9.5
Investment Earnings	\$8.2	\$8.4
Total	\$3,572.4	\$3,712.6
Disbursements:		
Net Medical Claim Payment Expenses	\$2,482.6	\$2,549.4
Net Pharmacy Claim Payment Expenses	\$699.9	\$733.8
Medicare Advantage Premiums	\$227.3	\$253.1
Administration and Claims-Processing Expenses	\$206.6	\$199.7

Total	\$3,616.3	\$3,736.0
Net Operating Income (Loss)	(\$43.9)	(\$23.4)

Of the premiums paid in CY 2018, an estimated \$2.3 billion is derived from General Fund sources and an estimated \$0.1 billion is derived from Highway Fund sources.

Other Information

Additional assumptions include Medicare benefit “carve-outs,” cost containment strategies including prior approval for certain medical services, utilization of the "Blue Options" provider network, case and disease management for selected medical conditions, mental health case management, coordination of benefits with other payers, a prescription drug benefit manager with manufacturer rebates from formularies, fraud detection, and other authorized actions by the State Treasurer, Executive Administrator, and Board of Trustees to manage the Plan to maintain and improve the Plan's operation and financial condition where possible. Medical claim costs are expected to increase at a rate of 7.0% annually and pharmacy claim costs are expected to increase at a rate of 8.5% annually according to assumptions adopted by the Board of Trustees. The active population is projected to remain unchanged, the pre-Medicare retiree population is projected to decrease by 1% per year and the Medicare-eligible retiree population is projected to increase by 3% per year.

Enrollment as of January 1, 2018

LEGISLATIVE ACTUARIAL NOTE – PURPOSE AND LIMITATIONS

This document is an official actuarial analysis prepared pursuant to Chapter 120 of the General Statutes and rules adopted by the Senate and House of Representatives. The estimates in this analysis are based on the data, assumptions, and methodology described above. This document only addresses sections of the bill that have projected direct actuarial impacts on State employee health benefit programs and does not address sections that have no projected actuarial impacts.

CONTACT INFORMATION

Questions on this analysis should be directed to the Fiscal Research Division at (919) 733-4910.
