6 **SECTION 1.1.** This act shall be known as "The Hurricane Florence Emergency
7 Response Act."
8

9 **PART II. LEGISLATIVE FINDINGS**

10
11 **DAMAGE CAUSED BY HURRICANE FLORENCE**

12 **SECTION 2.1.(a)** The General Assembly finds that Hurricane Florence was one of
13 the strongest storms to form in the Atlantic Ocean in the history of North Carolina, reaching wind
14 speeds of up to 140 miles an hour and covering 500 miles; making landfall on September 14,
15 2018; causing heavy rainfall, record flooding, high storm surge, and dozens of deaths in the State
16 as of the date of this act; and necessitating the declaration of a State of Emergency for the State
17 by the Governor and a Major Disaster Declaration by the President of the United States for
18 multiple counties in the State.

19 **SECTION 2.1.(b)** The General Assembly finds that as a result of Hurricane Florence
20 the following has occurred:

- 21 (1) Central and southeastern North Carolina suffered significant damage to public
22 and private property.
23 (2) Essential utility services and systems and other critical infrastructure have
24 been seriously disrupted.
25 (3) Over 880,000 people have lost power, thousands of people have been
26 displaced from their homes, and 1,600 roads have been closed.

- 1 (4) Riverine flooding began at the start of Hurricane Florence, and the effects
2 continue to be felt across the State. Several large rivers reached and exceeded
3 major flooding levels.
- 4 (5) As of the date of this act, twenty-eight of the State's counties have been
5 declared a major disaster by the President of the United States under the
6 Stafford Act (P.L. 93-288), with others requested and pending approval.
- 7 (6) North Carolinians have lost their lives, their loved ones, their homes, their
8 communities, their schools and houses of worship, their life savings, their
9 businesses and places of employment, their possessions, their pets, and their
10 ways of life.
- 11 (7) Entire towns throughout eastern North Carolina were flooded to the rooftops
12 as the record storm surge combined with water levels of rivers and streams
13 crested at flood-stage heights far beyond those ever seen before in this State.
- 14 (8) Thirty-four states assisted North Carolina in addressing the devastation caused
15 by Hurricane Florence.
- 16 (9) Thousands of emergency responders, National Guard members, and other
17 volunteers worked to respond and assist disaster areas during and after the
18 time the storm made landfall.
- 19 (10) Swift action by the General Assembly is necessary to provide relief to and
20 facilitate recovery efforts for the citizens of North Carolina devastated from
21 the Hurricane.
- 22 (11) Assessments from the damages resulting from Hurricane Florence are
23 ongoing, and Public Assistance projects are in planning stages to repair
24 facilities and roads, remove debris, and otherwise effectuate cleanup and
25 repair.
- 26 (12) Further assistance by the General Assembly will be needed on behalf of the
27 people and local governments who have suffered damage to public buildings,
28 roads, wastewater treatment plants, and other critical infrastructure.
- 29

44 encumbrance, or disbursed shall remain available to implement the provisions of this act and
