- (20) Failing to cooperate with or to respond promptly, completely, and honestly to the Board, to credentialing committees, institutional review boards, professional standards review organizations, or ethics committees of professional behavior analyst associations, hospitals, or other health care organizations or educational institutions, when those organizations or entities have jurisdiction.
- (21) Refusing to appear before the Board after having been ordered to do so in writing by the chair.
- (b) Upon proof that an applicant or licensee under this Article has engaged in any of the prohibited actions specified in subsection (a) of this section, the Board may, in lieu of denial, suspension, or revocation, do all of the following:
 - (1) <u>Issue a formal reprimand or formally censure the applicant or licensee.</u>
 - (2) Place the applicant or licensee on probation with appropriate conditions as the Board may deem advisable.
 - (3) Require examination, remediation, or rehabilitation for the applicant or licensee, including care, counseling, or treatment by a professional or professionals designated or approved by the Board, the expense of which shall be paid by the applicant or licensee.
 - (4) Require supervision for the services provided by the applicant or licensee by a licensee designated or approved by the Board, the expense of which shall be paid by the applicant or licensee.
 - (5) Limit or circumscribe the practice of behavior analysis provided by the applicant or licensee with respect to the extent, nature, or location of the services provided, as the Board deems advisable.
 - (6) Impose conditions of probation or restrictions upon continued practice at the conclusion of a period of suspension or as requirements for the restoration of a revoked or suspended license.
- (c) In lieu of or in connection with any disciplinary proceedings or investigation, the Board may enter into a consent order relative to the discipline, supervision, probation, remediation, rehabilitation, or practice limitation of a licensee or applicant for a license.
- (d) The Board may assess costs of disciplinary action against an applicant or licensee found to be in violation of this Article.
- (e) When considering whether an applicant or licensee is physically or mentally capable of practicing behavior analysis with reasonable skill and safety with patients or clients, the Board may petition a court of competent jurisdiction to order the applicant or licensee to submit to a psychological evaluation by a psychologist to determine psychological status or a physical evaluation by a physician to determine physical condition, or both, upon a showing of probable cause to the Board that the applicant or licensee is not capable of practicing behavior analysis with reasonable skill and safety with patients or clients. The psychologist or physician that conducts an evaluation of the applicant or licensee shall be designated by the court of competent jurisdiction. The Board shall be responsible for the expenses of evaluations ordered under this subsection. If the applicant or licensee raises the issue of mental or physical competence or appeals a decision regarding mental or physical competence, the applicant or licensee shall be permitted to obtain an evaluation at the applicant's or licensee's expense. If the Board suspects the objectivity or adequacy of the evaluation, the Board may compel an evaluation by its designated practitioners at its own expense.
- (f) Except as provided otherwise in this Article, the procedure for revocation, suspension, denial, limitations of the license, or other disciplinary, remedial, or rehabilitative actions shall be in accordance with the provisions of Chapter 150B of the General Statutes. The Board is required to provide the opportunity for a hearing under Chapter 150B of the General Statutes to any applicant whose license is denied or to whom licensure is offered subject to any restrictions,

probation, disciplinary action, remediation, or other conditions or limitations or to any licensee before revoking, suspending, or restricting a license or imposing any other disciplinary action or remediation. If the applicant or licensee waives the opportunity for a hearing, the Board's denial, revocation, suspension, or other proposed action becomes final without a hearing having been conducted. Notwithstanding the foregoing, no applicant or licensee is entitled to a hearing for failure to pass an examination.

- In any proceeding, record of hearing, complaint, notice of charges, or decision before (g) the Board, the Board may withhold from public disclosure the identity of any clients or patients who have not consented to the public disclosure of behavior analysis services having been provided by the licensee or applicant. The Board may close a hearing to the public and receive in executive session evidence involving or concerning the treatment of or delivery of behavior analysis services to a client or a patient who has not consented to the public disclosure of treatment or services as may be necessary for the protection and rights of the patient or client of the accused applicant or licensee and the full presentation of relevant evidence. All records, papers, and other documents containing information collected and compiled by or on behalf of the Board, as a result of investigations, inquiries, or interviews conducted in connection with licensing or disciplinary matters will not be considered public records as defined in G.S. 132-1. However, any notice or statement of charges, notice of hearing, or decision against or to any licensee or applicant, shall be a public record notwithstanding that it may contain information collected and compiled as a result of an investigation, inquiry, or hearing except that identifying information concerning the treatment or delivery of services to a patient or client who has not consented to the public disclosure of treatment or services shall be deleted. If any record, paper, or other document containing information collected and compiled by or on behalf of the Board is received and admitted in evidence in any hearing before the Board, it shall be a public record, subject to any deletions of identifying information concerning the treatment or delivery of behavior analysis services to a patient or client who has not consented to the public disclosure of treatment or services.
- (h) A license issued under this Article is suspended automatically by operation of law after failure to renew a license for a period of more than 60 days after the renewal date. The Board may reinstate a license suspended under this subsection upon payment of a fee as specified in G.S. 90-726.13, and may require that the applicant file a new application, furnish references, update credentials, or submit to examination for reinstatement. Notwithstanding any provision to the contrary, the Board retains full jurisdiction to investigate alleged violations of this Article by any individual whose license is suspended under this subsection, and, upon proof of any violation of this Article by any individual, the Board may take disciplinary action as authorized by this section.
- (i) An individual whose license has been denied or revoked may reapply to the Board for licensure after the passage of one calendar year from the date of the denial or revocation.
- (j) A licensee may voluntarily relinquish a license at any time with the consent of the Board. The Board may delay or refuse granting consent as necessary in order to investigate any pending complaint, allegation, or issue regarding violation of any provision of this Article by the licensee. Notwithstanding any provision to the contrary, the Board retains full jurisdiction to investigate alleged violations of this Article by any individual whose license is relinquished under this subsection, and, upon proof of any violation of this Article by any individual, the Board may take disciplinary action as authorized by this section.

 - "§ 90-726.14. Criminal history record checks of applicants for licensure.
 - (a) All applicants for licensure shall consent to a criminal history record check. Refusal to consent to a criminal history record check may constitute grounds for the Board to deny licensure to an applicant. The Board shall be responsible for providing to the North Carolina Department of Justice the applicant's fingerprints to be checked, a form signed by the applicant consenting to the criminal history record check and the use of fingerprints and other identifying information required by the State or National Repositories, and any additional information required by the Department of Justice. The Board shall keep all information obtained in accordance with this section confidential.

The Board shall collect any fees required by the Department of Justice and shall remit the fees to the Department of Justice for expenses associated with conducting the criminal history record check.

 - (3) The age of the individual at the time of conviction.
 - (4) The circumstances surrounding the commission of the crime, if known.
 - (5) The nexus between the criminal conduct of the individual and the job duties of the position to be filled.
 - (6) The applicant's prison, jail, probation, parole, rehabilitation, and employment records since the date the crime was committed.
 - (d) If, after reviewing the factors, the Board determines that any of the grounds to deny licensure exist, the Board may deny licensure of the applicant. The Board may disclose to the applicant information contained in the criminal history record that is relevant to the denial if disclosure of the information is permitted by applicable State and federal law. The Board shall not provide a copy of the criminal history to the applicant. The applicant shall have the right to appear before the Board to appeal the Board's decision. An appearance before the full Board shall constitute an exhaustion of administrative remedies in accordance with Chapter 150B of the General Statutes.
 - (e) The Board, its officers, and employees, acting in good faith and in compliance with this section, shall be immune from civil liability for denying licensure to an applicant based on information provided in the applicant's criminal history record.
