|              | April 22, 2019                          |          |

| 1        |   | A BILL TO BE ENTITLED  |  |  |  |  |
|----------|---|--|--|--|--|--|
| 2        | AN ACT TO STUDY CRIMINAL JUSTICE DATA COLLECTION. |  |  |  |  |  |
| 3        | The General Assembly of North Carolina enacts:    |  |  |  |  |  |
| 4        | SECT  | TION 1. The Department of Information Technology, Government Data  |  |  |  |  |
| 5        | Analytics Center                                  | , and the Administrative Office of the Courts shall conduct a statewide study to                                 |  |  |  |  |
| 6        | identify the crimi                                | nal justice data elements currently collected and maintained by jails, courts, and                               |  |  |  |  |
| 7        | prisons. The pur                                  | pose of the study is to (i) identify gaps in data and accessibility of data for                                  |  |  |  |  |
| 8        | research purpose                                  | s and for use by judicial officials and other stakeholders and (ii) to identify                                  |  |  |  |  |
| 9        | solutions for imp                                 | roving availability and accessibility of data to inform public policy through an                                 |  |  |  |  |
| 10       | integrated tool or                                | c other system. In conducting this study, the Department may seek input from                                     |  |  |  |  |
| 11       |   | detention facility administrators, the University of North Carolina at Chapel Hill                               |  |  |  |  |
| 12       | School of Gove                                    | rnment, the North Carolina Sentencing and Policy Commission, the North   |  |  |  |  |
| 13       |   | 'Association, organizations concerned with criminal justice data, and any other                                  |  |  |  |  |
| 14       |   | Departments deem appropriate.  |  |  |  |  |
| 15       | SECT  | <b>TION 2.</b> The study shall examine at least all of the following issues:                                     |  |  |  |  |
| 16       | (1)   | The data elements currently being collected by each local and regional   |  |  |  |  |
| 17       |   | detention facility with regard to each individual admitted to jail and each                                      |  |  |  |  |
| 18       |   | facility's operation (e.g., admissions, population, revenue, costs), and the                                     |  |  |  |  |
| 19       |   | current system for collecting, recording, maintaining, and searching these data                                  |  |  |  |  |
| 20       |   | elements.  |  |  |  |  |
| 21       | (2)   | The data elements currently being collected by the courts with regard to   |  |  |  |  |
| 22       |   | individuals who have been charged with infractions or criminal offenses,   |  |  |  |  |
| 23       |   | including magistrates' records and information from the courtroom clerk such                                     |  |  |  |  |
| 24       |   | as continuances, appearances, and failures to appear, and the current system                                     |  |  |  |  |
| 25       |   | for collecting, recording, maintaining, and searching these data elements.                                       |  |  |  |  |
| 26       | (3)   | The data elements needed for policymakers to understand the criminal justice                                     |  |  |  |  |
| 27       |   | system, including the demographics, reasons for involvement, and outcomes  |  |  |  |  |
| 28       | (A)   | for individuals involved in the system at the county and statewide levels.                                       |  |  |  |  |
| 29       | (4)   | Any gaps in data elements and whether any data elements that are currently                                       |  |  |  |  |
| 30<br>31 |   | collected are inaccessible or made difficult to access or study because of                                       |  |  |  |  |
| 31       |   | certain aspects of data management and data entry, and specific actions to                                       |  |  |  |  |
| 32<br>33 |   | address those barriers to accessing and using data elements that are currently                                   |  |  |  |  |
| 33<br>34 |   | collected such as standardization of data entry, use of unique identifiers, and                                  |  |  |  |  |
| 34<br>35 | (5)   | avoiding overwriting of data elements.<br>Steps that would be necessary to create a statewide program to collect |  |  |  |  |
| 35<br>36 | (5)   | county-level criminal justice data to inform policymakers and other  |  |  |  |  |
| 50       |   | county-rever criminal justice data to inform policymakers and other  |  |  |  |  |
