The Commission shall request comment from sports wagering operators on all such requests. After giving due consideration to all comments received, the Commission shall, upon a demonstration of good cause from the requestor that such type, form, or category of sports wagering is likely to undermine the integrity or perceived integrity of such body or sporting events of such body, grant the request. The Commission shall respond to a request concerning a particular event before the start of the event, or if it is not feasible to respond before the start of the event, no later than seven days after the request is made. If the Commission determines that the requestor is more likely than not to prevail in successfully demonstrating good cause for its request, the Commission may provisionally grant the request of the sports governing body until the Commission makes a final determination as to whether the requestor has demonstrated good cause. Absent such a provisional grant by the Commission, sports wagering operators may continue to offer sports

wagering on sporting events that are the subject of such a request during the pendency of the Commission's consideration of the applicable request.

- (b) The Commission and interactive sports wagering operators shall cooperate with investigations conducted by sports governing bodies or law enforcement agencies, including using commercially reasonable efforts to provide or facilitate the provision of sports wagering information. All disclosures under this section are subject to an interactive sports wagering operator's obligations to comply with all federal, State, and local laws and regulations, including those relating to privacy and personally identifiable information.

- (d) A sports governing body may notify the Commission that it desires interactive sports wagering operators to use official league data to settle tier two sports wagers on sporting events of such sports governing body. Such notification shall be made in the form and manner as the Commission may require. The Commission shall notify each interactive sports wagering operator of a sports governing body's notification within five days of the Commission's receipt of such notification. If a sports governing body does not so notify the Commission, an interactive sports wagering operator is not required to use official league data for determining the results of tier two sports wagers on sporting events of such sports governing body.
- (e) Within 60 days of the Commission notifying each interactive sports wagering operator of such a sports governing body notification to the Commission, or such longer period as may be agreed between the sports governing body and the applicable interactive sports wagering operator, interactive sports wagering operators shall use only official league data to determine the results of tier two sports wagers on sporting events of that sports governing body, unless any of the following apply:
 - (1) The sports governing body or its designee cannot provide a feed of official league data to determine the results of a particular type of tier two sports wager, in which case interactive sports wagering operators are not required to use official league data for determining the results of the applicable tier two sports wager until such time as such a data feed becomes available from the sports governing body on commercially reasonable terms and conditions.
 - An interactive sports wagering operator can demonstrate to the Commission that the sports governing body or its designee will not provide a feed of official league data to the interactive sports wagering operator on commercially reasonable terms and conditions.
 - (3) The sports governing body or its designee does not obtain a license from the Commission to provide official league data to interactive sports wagering operators to determine the results of tier two sports wagers, if and to the extent required by law.
- (f) During the pendency of the Commission's determination as to whether a sports governing body or its designee will provide a feed of official league data on commercially reasonable terms, an interactive sports wagering operator is not required to use official league data for determining the results of tier two sports wagers. The Commission's determination shall be made within 60 days of the interactive sports wagering operator notifying the Commission that it desires to demonstrate that the sports governing body or its designees will not provide a feed of official league data to the sports wagering operator on commercially reasonable terms. The following is a non-exclusive list of factors the Commission may consider in evaluating

- (1) The extent to which interactive sports wagering operators have purchased the same or similar official league data on the same or similar terms, particularly in jurisdictions where such purchase was not required by law, or was required by law, but only if offered on commercially reasonable terms.
- (2) The nature and quantity of the official league data, including its speed, accuracy, reliability, and overall quality, as compared to comparable non-official data.

The interactive sports wagering operator making such a report shall also simultaneously report such information to the relevant sports governing body.
