## GENERAL ASSEMBLY OF NORTH CAROLINA SESSION 2021

Η

<b>H.B. 828</b>
May 4, 2021
HOUSE PRINCIPAL CLERK

D

## HOUSE BILL DRH30371-MH-21

Short Title:	The Pollinator Protection Act.	(Public)
Sponsors:	Representative Harrison.	
Referred to:		

1	A BILL TO BE ENTITLED					
2	AN ACT TO ENACT THE POLLINATOR PROTECTION ACT OF 2021.					
3	Whereas, pollination services, including by honeybees and numerous other					
4	pollinators, are a vital part of agricultural production in North Carolina; and					
5	Whereas, one-third of food produced in North America depends on pollination by					
6	honeybees, including nearly 95 varieties of fruits and other foods of high nutritional value to all					
7	of North Carolina's citizens; and					
8	Whereas, over the past several years, documented incidents of colony collapse					
9	disorder and excessive honeybee mortality have been at a record high, with some beekeepers					
10	losing large portions of their operations and suffering reduced production of their valuable honey;					
11	and					
12	Whereas, the State has undertaken numerous projects to improve pollinator health,					
13	including the North Carolina Department of Transportation Wildflower Program to increase					
14	pollinator habitats, establish pollinator habitats on Department of Agriculture and Consumer					
15	Services research stations, and support bees through the Department of Agriculture and					
16	Consumer Services Apiary Program; and					
17	Whereas, scientists have linked the use of systemic neonicotinoid insecticides to the					
18	rapid decline of honeybees and other pollinators and to the deterioration of pollinator health; and					
19	Whereas, neonicotinoid insecticides are systemic insecticides that are absorbed into					
20	treated plants and distributed throughout their vascular systems, which can render a plant,					
21	including the roots, leaves, stems, flowers, nectar, pollen, and guttation fluid, toxic to insects;					
22	and					
23	Whereas, neonicotinoid insecticides cause sublethal effects, including impaired					
24	foraging and feeding behavior, disorientation, weakened immunity, delayed larval development,					
25	and increased susceptibility to viruses, diseases, and parasites; and numerous studies have also					
26	demonstrated acute, lethal effects from the application of these toxins; and					
27	Whereas, bumblebees, beneficial insects of all kinds, and whole food chains of					
28	aquatic invertebrates, insects, birds, bats, and other pollinators in North Carolina are at risk from					
29	environmental contamination by highly persistent neonicotinoids; and					
30	Whereas, scientists have also found that the use of neonicotinoids in seed treatment					
31	is harmful to birds; Now, therefore,					
32	The General Assembly of North Carolina enacts: <b>SECTION 1</b> (a) $C \leq 142$ 460(25a) is recadified as $C \leq 142$ 460(25b)					
33 34	<b>SECTION 1.(a)</b> G.S. 143-460(25a) is recodified as G.S. 143-460(25b). <b>SECTION 1.(b)</b> G.S. 143-460 is amended by adding a new subdivision to read:					
34	SECTION 1.(D) G.S. 145-400 is amended by adding a new subdivision to read:					

	General Assemb	ly Of I	North Carolina	Session 2021		
	"(25a)	The te	erm "neonicotinoid pesticide" mea	ns any pesticide containing a chemical		
				chemicals, including, but not limited		
			e following:	<u></u>		
		<u>a.</u>	Imidacloprid.			
		<u>b.</u>	Nithiazine.			
		<u>c.</u>	Acetamiprid.			
		<u>d.</u>	Clothianidin.			
			Dinotefuran.			
		<u>e.</u> <u>f.</u>	Thiacloprid.			
		<u>1.</u> g.	Thiamethoxam.			
		<u>g.</u> h.		1 by the Board as belonging to the		
		<u>11.</u>	neonicotinoid class of chemicals			
		That				
			± ±	acts used to mitigate fleas, mites, ticks,		
				o the health of a domesticated animal,		
		-		ate lice or bedbugs, or any product		
				ctural Pest Control Act (Article 4C of		
	<b>GEOT</b>		ter 106 of the General Statutes)."	11. 11		
				by adding a new subdivision to read:		
	" <u>(7)</u>		=	ers of the public at retail, unless the		
				use pesticide under this Article and		
	regulations adopted under the authority of this Article."					
				by adding a new subdivision to read:		
	" <u>(8)</u>			esticide, unless the person is any of the		
		follow				
		<u>a.</u>		inder Part 4 of this Article, or a person		
			•	ision of a pesticide applicator licensed		
			under Part 4 of this Article.			
		<u>b.</u>		der the direct supervision of a farmer,		
				agricultural purposes as defined in		
			-	op production and production of		
			livestock, poultry, equine, or no			
		<u>c.</u>	<b>v</b> 1	icide in the practice of veterinary		
			medicine."			
				assistance and input of the Pesticide		
	•		1	assessments undertaken by the United		
				rt of the Registration Reviews for the		
	1			thoxam, acetamiprid, and dinotefuran		
	and report on any legislative or regulatory changes necessary to protect pollinators within the					
	State, taking into account findings and any recommendations of the US EPA risk assessment.					
	The Board shall forward its report and recommendations for statutory and regulatory changes to					
	the Commissioner and the Environmental Review Commission within six months of the US					
	EPA's completion of the final pollinator risk assessments for neonicotinoid pesticides.					
	SECTION 4. The Pesticide Board shall study whether the State should have the					
authority to regulate the use and sale of seeds treated with systemic insecticides, including						
whether the State should require that untreated seeds and seeds treated at lower insecticide						
	application rates be available in the market. In conducting this study, the Board shall consider					
	the efficacy of seed treatment rates, scouting techniques, pest pressures, economic thresholds,					
			•	Board deems appropriate. The Board		
		shall submit the results of the study, including any legislative recommendations, to the				
	Environmental Re	eview (	Commission no later than Novemb	ber 1, 2021.		

1 **SECTION 5.** Sections 1 and 2 of this act become effective October 1, 2021. The 2 remainder of this act is effective when it becomes law.
