## **General Assembly Of North Carolina**

1 (f) Except as provided otherwise in this Article, the procedure for revocation, suspension, 2 denial, limitations of the license, or other disciplinary, remedial, or rehabilitative actions shall be 3 in accordance with the provisions of Chapter 150B of the General Statutes. The Board is required to provide the opportunity for a hearing under Chapter 150B of the General Statutes to any 4 5 applicant whose license is denied or to whom licensure is offered subject to any restrictions, 6 probation, disciplinary action, remediation, or other conditions or limitations or to any licensee 7 before revoking, suspending, or restricting a license or imposing any other disciplinary action or 8 remediation. If the applicant or licensee waives the opportunity for a hearing, the Board's denial, 9 revocation, suspension, or other proposed action becomes final without a hearing having been 10 conducted. Notwithstanding the foregoing, no applicant or licensee is entitled to a hearing for 11 failure to pass an examination. 12 (g) In any proceeding, record of hearing, complaint, notice of charges, or decision before the Board, the Board may withhold from public disclosure the identity of any clients or patients 13 14 who have not consented to the public disclosure of behavior analysis services having been 15 provided by the licensee or applicant. The Board may close a hearing to the public and receive in executive session evidence involving or concerning the treatment of or delivery of behavior 16 17 analysis services to a client or a patient who has not consented to the public disclosure of 18 treatment or services as may be necessary for the protection and rights of the patient or client of 19 the accused applicant or licensee and the full presentation of relevant evidence. All records, 20 papers, and other documents containing information collected and compiled by or on behalf of 21 the Board, as a result of investigations, inquiries, or interviews conducted in connection with 22 licensing or disciplinary matters, will not be considered public records as defined in G.S. 132-1. 23 However, any notice or statement of charges, notice of hearing, or decision against or to any 24 licensee or applicant shall be a public record notwithstanding that it may contain information 25 collected and compiled as a result of an investigation, inquiry, or hearing except that identifying 26 information concerning the treatment or delivery of services to a patient or client who has not 27 consented to the public disclosure of treatment or services shall be deleted. If any record, paper, 28 or other document containing information collected and compiled by or on behalf of the Board 29 is received and admitted in evidence in any hearing before the Board, it shall be a public record, subject to any deletions of identifying information concerning the treatment or delivery of 30 31 behavior analysis services to a patient or client who has not consented to the public disclosure of 32 treatment or services. 33 A license issued under this Article is suspended automatically by operation of law (h) 34 after failure to renew a license for a period of more than 60 days after the renewal date. The 35 Board may reinstate a license suspended under this subsection upon payment of a fee as specified 36 in G.S. 90-726.13 and may require that the applicant file a new application, furnish references, 37 update credentials, or submit to examination for reinstatement. Notwithstanding any provision to 38 the contrary, the Board retains full jurisdiction to investigate alleged violations of this Article by 39 any individual whose license is suspended under this subsection, and, upon proof of any violation 40 of this Article by any individual, the Board may take disciplinary action as authorized by this 41 section. 42 An individual whose license has been denied or revoked may reapply to the Board for (i) 43 licensure after the passage of one calendar year from the date of the denial or revocation. 44 A licensee may voluntarily relinquish a license at any time with the consent of the (i) 45 Board. The Board may delay or refuse granting consent as necessary in order to investigate any 46 pending complaint, allegation, or issue regarding violation of any provision of this Article by the 47 licensee. Notwithstanding any provision to the contrary, the Board retains full jurisdiction to 48 investigate alleged violations of this Article by any individual whose license is relinquished under 49 this subsection, and, upon proof of any violation of this Article by any individual, the Board may 50 take disciplinary action as authorized by this section. The Board may adopt rules to interpret and implement the provisions of this section. 51 (k)
