

Part 5. Additional Powers During States of Emergency.

§ 166A-19.30. Additional powers of the Governor during state of emergency.

(a) In addition to any other powers conferred upon the Governor by law, during a gubernatorially or legislatively declared state of emergency, the Governor shall have the following powers:

- (1) To utilize all available State resources as reasonably necessary to cope with an emergency, including the transfer and direction of personnel or functions of State agencies or units thereof for the purpose of performing or facilitating emergency services.
- (2) To take such action and give such directions to State and local law enforcement officers and agencies as may be reasonable and necessary for the purpose of securing compliance with the provisions of this Article and with the orders, rules, and regulations made pursuant thereto.
- (3) To take steps to assure that measures, including the installation of public utilities, are taken when necessary to qualify for temporary housing assistance from the federal government when that assistance is required to protect the public health, welfare, and safety.
- (4) Subject to the provisions of the State Constitution to relieve any public official having administrative responsibilities under this Article of such responsibilities for willful failure to obey an order, rule, or regulation adopted pursuant to this Article.
- (5) Through issuance of an executive order to waive requirements for an environmental document or permit issued under Articles 1, 4, and 7 of Chapter 113A of the General Statutes for the repair, protection, safety enhancement, or replacement of a component of the State highway system that provides the sole road access to an incorporated municipality or an unincorporated inhabited area bordering the Atlantic Ocean or any coastal sound where bridge or road conditions as a result of the events leading to the declaration of the state of emergency pose a substantial risk to public health, safety, or welfare. The executive order shall list the duration of the waiver and the activities to which the waiver applies. For purposes of this subdivision, "coastal sound" shall have the definition set forth in G.S. 113A-103, and "replacement" shall not be interpreted to exclude a replacement that increases size or capacity or that is located in a different location than the component that is replaced.

(b) During a gubernatorially or legislatively declared state of emergency, with the concurrence of the Council of State, the Governor has the following powers:

- (1) To direct and compel the evacuation of all or part of the population from any stricken or threatened area within the State, to prescribe routes, modes of transportation, and destinations in connection with evacuation; and to control ingress and egress of an emergency area, the movement of persons within the area, and the occupancy of premises therein.
- (2) To establish a system of economic controls over all resources, materials, and services to include food, clothing, shelter, fuel, rents, and wages, including the administration and enforcement of any rationing, price freezing, or similar federal order or regulation.
- (3) To regulate and control the flow of vehicular and pedestrian traffic, the congregation of persons in public places or buildings, lights and noises of all

kinds, and the maintenance, extension, and operation of public utility and transportation services and facilities.

- (4) To waive a provision of any regulation or ordinance of a State agency or a political subdivision which restricts the immediate relief of human suffering.
- (5) To perform and exercise such other functions, powers, and duties as are necessary to promote and secure the safety and protection of the civilian population.
- (6) To appoint or remove an executive head of any State agency or institution, the executive head of which is regularly selected by a State board or commission.
 - a. Such an acting executive head will serve during the following:
 1. The physical or mental incapacity of the regular office holder, as determined by the Governor after such inquiry as the Governor deems appropriate.
 2. The continued absence of the regular holder of the office.
 3. A vacancy in the office pending selection of a new executive head.
 - b. An acting executive head of a State agency or institution appointed in accordance with this subdivision may perform any act and exercise any power which a regularly selected holder of such office could lawfully perform and exercise.
 - c. All powers granted to an acting executive head of a State agency or institution under this section shall expire immediately:
 1. Upon the termination of the incapacity as determined by the Governor of the officer in whose stead the Governor acts;
 2. Upon the return of the officer in whose stead the Governor acts; or
 3. Upon the selection and qualification of a person to serve for the unexpired term, or the selection of an acting executive head of the agency or institution by the board or commission authorized to make such selection, and the person's qualification.
- (7) To procure, by purchase, condemnation, seizure, or by other means to construct, lease, transport, store, maintain, renovate, or distribute materials and facilities for emergency management without regard to the limitation of any existing law.

(c) In addition to any other powers conferred upon the Governor by law, during a gubernatorially or legislatively declared state of emergency, if the Governor determines that local control of the emergency is insufficient to assure adequate protection for lives and property because (i) needed control cannot be imposed locally because local authorities responsible for preservation of the public peace have not enacted appropriate ordinances or issued appropriate declarations as authorized by G.S. 166A-19.31; (ii) local authorities have not taken implementing steps under such ordinances or declarations, if enacted or declared, for effectual control of the emergency that has arisen; (iii) the area in which the emergency exists has spread across local jurisdictional boundaries, and the legal control measures of the jurisdictions are conflicting or uncoordinated to the extent that efforts to protect life and property are, or unquestionably will be, severely hampered; or (iv) the scale of the emergency is so great that it exceeds the capability of local authorities to cope with it, the Governor has the following powers:

- (1) To impose by declaration prohibitions and restrictions in the emergency area. These prohibitions and restrictions may, in the Governor's discretion, as appropriate to deal with the emergency, impose any of the types of prohibitions and restrictions enumerated in G.S. 166A-19.31(b), and may amend or rescind any prohibitions and restrictions imposed by local authorities. Prohibitions and restrictions imposed pursuant to this subdivision shall take effect in accordance with the provisions of G.S. 166A-19.31(d) and shall expire upon the earliest occurrence of either of the following: (i) the prohibition or restriction is terminated by the Governor or (ii) the state of emergency is terminated.
- (2) Give to all participating State and local agencies and officers such directions as may be necessary to assure coordination among them. These directions may include the designation of the officer or agency responsible for directing and controlling the participation of all public agencies and officers in the emergency. The Governor may make this designation in any manner which, in the Governor's discretion, seems most likely to be effective. Any law enforcement officer participating in the control of a state of emergency in which the Governor is exercising control under this section shall have the same power and authority as a sheriff throughout the territory to which the law enforcement officer is assigned.

(d) Violation. – Any person who violates any provision of a declaration or executive order issued pursuant to this section shall be guilty of a Class 2 misdemeanor in accordance with G.S. 14-288.20A.
