BILL SUMMARY: Senate Bill 15 would allow State-owned property to be moved from one county water and sewer district to another, but only if the State acquired the property from the county.

The proposed committee substitute would increase the maximum annual per diem that a water and sewer authority member may receive from \$2,000 to \$4,000.

ASSUMPTIONS AND METHODOLOGY: The proposed committee substitute increases the annual maximum per diem amount from \$2,000 to \$4,000 for each water and sewer authority member. Assuming a total of twelve water and sewer authorities affected by the bill and an average number of seven members per authority, the bill would have a total impact of \$168,000 annually. This estimate assumes that each member receives the maximum per diem amount each year.
