GENERAL ASSEMBLY OF NORTH CAROLINA SESSION 2015

H.B. 805
Apr 14, 2015
HOUSE PRINCIPAL CLERK
D

H

HOUSE DRH40386-MM-30 (02/10)

Short Title: Measurability Assessments.	(Public)
Sponsors: Representatives Blackwell and Avila (Primary Sponsors).	
Referred to:	
A BILL TO BE ENTITLED	
	OF STATE
PROGRAMS.	
The General Assembly of North Carolina enacts:	
SECTION 1. The North Carolina General Statutes are amended by ac	lding a new
Chapter to read:	
" <u>Chapter 143E.</u>	
"The North Carolina Measurability Assessment Act of 2015.	
" <u>§ 143E-1. Title.</u> This Chapter shall be known and may be cited as the "North Carolina M	[aagurahility
Assessment Act of 2015."	<u>leasuraomity</u>
"§ 143E-2. Request for measurability assessment.	
The General Assembly may require a measurability assessment of any proposed	1 or existing
State program to determine whether the program is or will be capable of reporting performance	
and return on investment.	
"§ 143E-3. Definition of measurability assessment.	
(a) A measurability assessment is an independent evaluation conducted of	on a new or
existing State program.	
(b) A measurability assessment must include or determine all of the following	
(1) Whether and to what degree the program is unique and does not	duplicate or
negate results of another public or private program or enterprise.	
(2) The local, regional, or statewide problems or needs that the	program is
intended to address.	1 (" 11
(3) Whether there is a program design portrayed by a logic model as	
the Logic Model Development Guide by the W.K. Kellogg	Foundation,
including an evaluation of that logic model. Whether there is evidence that the program produces results at	tributabla ta
(4) Whether there is evidence that the program produces results attempted the program to remedy the problem or need.	<u>.110utable to</u>
a. For a proposed program, whether the evidence step	ms from a
formative evaluation of proposed activities through a field	
a valid and reliable instrument or method to measure changes in a	
randomized control group that was not subjected to the	
activities to changes in a randomized group that did	
proposed activities.	

1 For an existing program asserting existence of evidence, whether the 2 evidence stemmed from a post-program summative evaluation using 3 an experimental or quasi-experimental research design. 4 For both proposed and existing programs, if the evidence had been 5 subjected to alternative interpretations and peer review. 6 The capacity of the administering entity to expand the program based upon <u>(5)</u> 7 existing evidence or results. 8 How the program proposes to engage in strategic planning. (6) 9 How the program proposes to measure performance, including measurement (7) 10 of: 11 Total costs of program services with costs separately reported for <u>a.</u> each activity associated with each service. 12 13 Outputs or counts of units of services and for individual activities <u>b.</u> 14 associated with each service. 15 Costs per unit of service and for individual activities associated with <u>c.</u> 16 each service. 17 Outcomes or results attributable to each program service including <u>d.</u> results upon completion of program service; results still evident one, 18 19 two, and three years after completion; ultimate or permanent results; 20 and when and how permanent results will be determined by the 21 program. 22 Customer or client satisfaction with program services. <u>e.</u> 23 Statewide impacts of program outcomes as evidenced by census data <u>f.</u> 24 or other statewide data. 25 Performance compared to standards and what standards the program g. 26 intends to use. 27 How the program will continuously improve quality of program services and (8) 28 consistency with the strategic plan. 29 Whether the administering entity has conducted an assessment to identify <u>(9)</u> 30 financial and legal risks to the entity or the State and has plans for 31 minimizing risk exposure. 32 Whether the program conducts five-year forecasts of annual recurring costs <u>(10)</u> 33 and sources of funding for each year. 34 (11)Whether the program proposes to share costs with primary beneficiaries 35 through a fee-for-service, co-payment, or tuition basis and the extent to which any expected cost-sharing is or will be means-tested and by what 36 37 method. 38 <u>(12)</u> How program staffing requirements are determined and an evaluation of 39 those requirements. 40 Whether the program has or proposes to have a financial accounting system <u>(13)</u> capable of accounting for all assets, liabilities, receipts, and disbursements. 41 42 Whether the program is or will be postaudited and if there are any potential (14)43 impediments to audits or evaluations by the State Auditor, agency internal 44 auditors, or the Program Evaluation Division of the General Assembly. 45 The assessor must submit a written report containing the results of the measurability 46

assessment to the Office of State Budget and Management (OSBM) at a time and in a format required by OSBM.

"§ 143E-4. Administration of Measurability Assessment Process.

OSBM must use a competitive process to prequalify independent measurability (a) assessors. The assessors will be independent contractors compensated through a uniform fee system established by OSBM, and there will be no guarantee that any prequalified assessor will

- receive assessment assignments. OSBM shall not assign an assessor to a measurability 1 assessment if the assessor has been employed by or contracted with the entity within five years preceding the assessment.
 - OSBM shall establish standards for assessor qualifications, independence, and for conducting and reporting measurability assessments. Individuals who do not meet the qualifications may not be used to conduct measurability assessments.
 - Whenever a measurability assessment is required, OSBM shall select the assessor and require the agency or institution to reimburse OSBM for the assessor's costs and for a share of OSBM costs for administering the measurability assessment program."

SECTION 2. This act becomes effective October 1, 2015.
